Maj. Gen. C. O. Howard -

My dear Sir,

I send you by this mail a copy of my book called "The Galvani Gun." I was in the ranks of Co. D, 35th Ill. Volu. Inf. under your command. Many an old soldier has taken the same step with myself in matters political. Being correspondence between yourself and Dr. Funk encouraged me to present you with my compliments. This pamphlet. -If the New York
Christian Advocate (with Supplement of May 27th) is available. You will learn more concerning what I am—my office to say I have been useful as officer and citizen and made great effort to be of service in every good work and work.

With ever pleasant memories of the high privilege of practically disinterested service—ever reaching the heart—striving against the sin of obedience I found it a war in which there was no discharge and so I keep on the front line against the most significant foe. The Pan River. Very truly yours,

J. Williams

Major Genl. O.O. Howard,
U.S. Army,

Sir:—

The widow of Thomas A. Lander, formerly employed, I understand, by you as a scout, is seeking to secure a pension for herself, and to complete a pension claim applied for by her late husband. He left no papers showing his military service, and, though he personally informed me that he had made application for pension some months before he died, as a member of a Pennsylvania regiment, under the recent law, he never gave me his service.

The widow is destitute of support save from her friends and herself by labor, and if you have any knowledge of the service rendered by this man in the army, I would thank you for such information as you can furnish.

Respectfully,

Major General Oliver O. Howard,
U. S. A.,
Governor's Island,
New York.

Dear Sir:

In behalf of the Grand Army Posts of New Bedford, numbering about 500 men, I have the honor to inquire if, and on what terms, it will be possible to engage you as Orator for our services of Memorial Day of next year, 1893, our engagements for this year having been made.

The City of New Bedford makes us a moderate annual appropriation from which all the expenses of Memorial Day are paid.

Our custom is to pay the travelling expenses of the Orator we may engage and a moderate remuneration which we feel would be inadequate, unless reinforced by other considerations such as the day and what it represents. There is no need to say what an honor we should esteem it to have you address us, and I hope that you will signify your willingness to comply with our request, and on such terms as we can afford. I had the pleasure of meeting you at West Point at my son's graduation 10 years ago, and quite recently at Governor's Island.

Awaiting your reply,

I am,

Very respectfully yours,

Dear Father,

Here we are in the North Sea, and hope to be in Hamburg by noon on Monday. We shall stay there over the night and leave on Tuesday morning. We shall stay there over the night and then sail to Gottingen. We have had a very smooth voyage, it was only a high wind when we were off the Banks of Newfoundland. Notwithstanding the fine weather we were all much less seaworthy. Jamie & Edith are in about 2 days and you will find the first whale meat.

And the weather wasn't off a

on, but a better sort.
I suppose by this time you have safely returned from your trip. Familiar experts to see Mother Haly, Rene and Leda. Yoldung has had great luck on these blemishes. She was the only lady on board and everyone is getting spoiled here. She said, "Grandpa's cake!" for the main course. They read a book in the evening, up to bed. James had them beautiful ears of tea all the way, while dinner was Nettie. Shall mail this to Flensburg. Will you kindly send my mask to me now? Greeting on your address Ische Fan Paskein Beden. Bihlgare Wothingen.
Give my love to Jennie, Nanny, Harry, Alice, and the others. Tell Jennie I'll come early in the season to Appleton.

I fear you can not reach the cabin. The North Star rocks so pretty, might a telegraph pencil do not half orders.

Yanni & Willeyard send their best love to you all.

Your loving daughter

Major General O. O. Howard,
Commanding Department of the East,
Governor's Island, N. Y. Harbor.

Dear General:

It has been decided that Major Throckmorton shall retain his present quarters while under suspension. Hence, it will, presumably, be necessary for a Captain to command the post. It is considered important that the Post Commander be some officer wholly disconnected with the late proceedings and free from prejudice in respect to the case.

It is also important that the necessary change be ordered from Headquarters of the Department, and not from Washington.

Please take such action as seems expedient, and inform me.

Very respectfully,

Dear Governor:

I am writing to request that we increase the state's transportation budget. It has been suggested that this will improve the infrastructure and reduce the number of accidents on our roads. However, I believe that it is necessary to allocate more funds to this area. It is also important that the funds are used efficiently.

Please consider this request and inform me of your decision.

Sincerely,

My Dear General Howard:

Some of our very radical papers have got the idea that I sought to force a Republican nomination in the Prohibition Convention in seeking to have you accept the nomination. This was not my intention. My hope was that you would see your way to the leaving of the Republican party and entering the Prohibition party prior to your nomination, as did General Fisk. Did you not understand me to mean this? I am sorry to trouble you further in this matter, but be so kind as to write me touching this one point.

I most earnestly hope and pray that all opponents of the liquor traffic may in some way join forces; and I believe that God will show you the way to lead them, if not now, later.

Yours with great respect,

P.H. W. [Signature]
Dear General Howard:

I am writing to express my serious concern regarding the recent developments in the region. I have received reports of increased tensions and unrest in the area, which I believe require immediate attention.

I am particularly concerned about the recent actions of the local authorities. It seems that they are not acting in the best interests of the community, and I am afraid that this could lead to further instability.

I hope that you will take immediate action to address these issues. I believe that the military presence is necessary to maintain peace and order.

Please let me know if there is anything I can do to assist in this situation.

Yours sincerely,
Navy Department,

Dear General Howard:

Your letter of the 8th instant, regarding the return to Mexico of our trophies, by a vessel of war, has been received.

Should the proposed law pass Congress, this Department will have pleasure in rendering any assistance in its power.

Mrs. Guel Howard,

In seeing a notice in the papers that you are writing a life of Gen. Taylor, I take the liberty of calling your attention to two daguerreotypes (photographs not being made as that time) of the President, taken by me at the White House the day after the inauguration, which you propose publishing and should make a portrait of him. I have no hesitation in saying I have the best and most pleasing likeness of him ever taken of him as far as my knowledge extends.
If you should wish to confer with me on the subject, please address

My dear General:

I am now at liberty, thence time I asked you for a letter from any of my friends from appointed as major and used advocate, to grant my request: but I wrote me a letter so generously recognizing my services that I asked for permission...
to file it at The Woodley.

Therefore I have not been eligible under the rule forbidding the appointment of Lieutenants to the grade of major over the heads of the captains in the army. This time, by regrettful permission, I had notified my disability in this respect, and as the President has now been pleased to add my name to the Senate for the Office named, and I am engaged in the very pleasant task of returning edging the congratulations of my friends, I feel

that my most sincere thanks are due you also. May I be always gladly rest under a grateful sense of resting obligation to you.

Very sincerely yours,
