Major Gen. O. O. Howard

Dear Sir,

This will introduce to you my older son, Mr. Horatio
Roop Reed, who desires an interview with you in regard to a possible appointment to West Point.

My appointment, as a member of the N. Y. Conference, has been changed from Bedford St. Methodist Episcopal Church to Trinity Church in this city.

Will you kindly lend your influence to assist him in securing the coveted appointment?

Your very respectfully,

Geo. J. Reed.
My dear brother:

The date you mention, the seventh of June, to go to Leds, will accommodate me; indeed, any date, that will be most convenient for those at a distance, I will make convenient. As soon as it is decided, I would like to know, as to inform several relatives and friends who have desire to know.

Several matters have suggested themselves to my mind in connection with going there, which no doubt have occurred to you, but I will venture to mention them. There being no accommodations for changes in town, it will be necessary to fix upon an hour for the services, that will allow friends to come and return the same day.
will it not? 

Friends from Farmington have expressed a wish to be there. There is only one train on which they could come, and leaves about three o'clock P.M. There is a morning train from Portland and one leaves Sebasco for Portland about four o'clock P.M. All this you know probably better than I. What minister had you thought of having? When would it be necessary for the casket to be taken there? If the day before, would it be taken to the church? Or is every, very heavy—must it be taken to Sebasco in the metallic coffin? If it is taken before it is unsealed, can it be done there? Must an undertaker go with it? These are questions I should ask you were you here. It is not necessary to answer them, only I wanted to mention them, but possibly some of them should not have occurred to you.
The services are to be held among old friends. It seems to me that the less formality we have the better. If the sons and brothers could be the singers or pall bearers or both, it would seem to me appropriate and pleasant. Old friends would be glad to render any service possible. I am sure. Mr. Templeton was expected yesterday but has not come yet.

I hope you and yours are all well and happy. What news from your wife and children abroad?

Dear Sir,

I have the honor to acknowledge receipt of your esteemed favor of 3d. and am very grateful for the same.

I had inferred that the Badge of the 7th Corps was your selection and that its form, had reference to the Trinity. I could conceive of no other reason why the 7th Corps should have a triangle for its Badge.

May 5, 1892.

Dear General:

I have the honor to acknowledge the receipt of your letter addressed to me, as well as one addressed to the Secretary of War, which previous to his departure from the city he delivered to me, with instructions to see the Secretary of the Treasury and use his name in furtherance of your desires regarding the landing slip at the Barge Office. I called at the Treasury Department this afternoon and was informed that Assistant Secretary Spaulding was now in New York for the purpose of investigating matters in relation to this very question, and, therefore, I have just telegraphed to you that fact, suggesting that you confer with Assistant Secretary Spaulding.

On the 23rd of March last Assistant Secretary Crounse made a long report in this matter, and in conclusion recommended action which he stated would meet your wishes. No further action will be taken by the Treasury Department until the return of Assistant Secretary Spaulding, which will probably be in a day or two, and I will then call to present again your requests as endorsed by the Secretary of War.

My dear Brother:--

Your kind letter of April 29th., enclosing one to Mr. Paine and relating to the expense of Rowland's sickness, &c. is received; also, your telegram with reference to the date of burial at Leeds. I do not see but that the 7th. would do as well for me as any. I should need to go on to Boston and spend Sunday and so meet you there, I think. I am afraid no other member of my family can well go, though Kitty had hoped to do so, but the wedding of Ella Gilmore on the 14th. of June, which Nina is to attend, will I fear, keep Kitty too busy to admit of her going East. It is possible that wedding may make it desirable for Dell to have some other date, though he could return to Denver in season after the 7th.

Now as to the expense: I can better talk the matter all over with you than try to write much about it. My salary is not equal to my constant and regular expenses, so that it makes it difficult for me to attempt to pay anything not absolutely my duty to pay. What is my duty to pay must crowd out other expenses, even including ordinary benevolence and church contributions, if necessary. My thought was, that as there was $1,000.00, as I understand, of life insurance that was taken for David, Otis & Frank, and as they are young men, and that fund really belonged to the estate, it could
properly be used by them, if they saw fit, to help out in the burial expenses. Helen wrote me, also, that David had proposed that this money should not be taken by the boys, but should be used for necessary expenses. So, also, there is something like $3,000 worth of the Starr notes, and one-quarter of this from Mother's estate would go to Rowland's estate. This, when it matures and is available, might, also, be set apart in that way, so that in either event there would be no subtraction from what Helen has in hand and really is depending upon. However, she is of course in straiten circumstances, the best we can do, and I desire greatly to do anything that I properly can to relieve her. I am in correspondence with reference to place of matron for a school, which she thought she would like and where she could have her two children with her.

I could easily explain to you that it would not be proper for me in any haste, or mere impulse of kindness, to say that I would pay even 1-3 of the $616.00; at the same time, it does not seem fair and just that you should pay the whole.

It is possible I may conclude to come on and spend the Sunday at Governor's Island, and then go to Maine with you. Meanwhile, I would be glad to have any further suggestions that you may make.

Affectionately yours,

My dear sir,

The first Sunday succeeding Independence Day has been set apart by our Association as G.A.R. Day, and on that day a special effort is put forth to reach and influence G.A.R. men. This year it falls on Sunday July 9th, and we want to make it a day long to be remembered by our veterans. We realize that to get them out to the services of the day, we must have a strong man. While thinking over possible speakers, your name flashed into our mind, as both a man strong in the affections of army men, and strong in the great Captain of the Host. We know it is asking much, yet after prayerful consideration and
Young Men's Christian Association.

March Chump, Pa., 1897

As this hand seems to point to you, we have taken this liberty. We are justly proud of our old veterans, and long to see, now for Christ, many who are as yet not enrolled in this grand army. From our beautiful Switzerland came Col's Jas. Miller and Eli J. Corner, and the 81st Penna. was largely up from March Chump. Some of the boys still reside here and say it would give them great pleasure to greet their old commander. A warm invitation, with the assurance of a hearty welcome and a pleasant time, in his name we extend you.

Praying that our Great Leader may open the way for your coming, if it is His will,

I am
Sincerely Yours,
Geo. M. Rynick.
Dear Sir,

I am writing to express my gratitude for the kind words you have said about me. I feel honored and privileged to have been recognized for my contributions to the Association.

I have always been passionate about serving others and making a positive impact. Your support has given me the motivation to continue working hard and dedicating my time to the cause.

Thank you once again for your encouragement. I look forward to continuing our work together.

Sincerely,

My Dear Gen. Howard:

My valued friend, Mr. Frederick R. Coudert, to whom this whole City is under recent obligations, has a daughter who was married three or four weeks ago to Lieut. Bellinger of the 5th Cavalry, who has been stationed in some capacity at West Point. The young people, expecting to remain at the Academy, had furnished a house and were preparing to settle down, when, just as happened to me under like circumstances, many years ago, the Lieutenant is suddenly ordered to his regiment. The bride's parents are of course distressed, and her mother very keenly so. Mr. Coudert applies to me for any help that I can render, and I write to ask you whether it is a matter which pertains to the Secretary of War, or to the General of the Army, and whether there is anything which you can do to help us in the premises. Kindly reply immediately, and obliges,

Yours very truly,

To Governor's Island, N.Y.

My Dear Gen. Howard,

I am addressing this letter to you, General of the Army, as the commander of the Department in the city of New York. It has come to my attention that you have been stationed in the city for some time. My position as the head of the Academy has required me to be in the city during the past few weeks. I write to you to ask a favor.

I have been planning to settle down in the city, but due to the circumstances, I am unable to do so. The prices of property are exorbitant, and I am unable to afford a house that would be suitable for my needs. My current accommodation is not suitable for my family and myself.

I am writing to ask for your assistance in finding a suitable house for my family. I have been in contact with several real estate agents, but none of them have been able to find a suitable property.

I am aware that you are a busy man, and I am grateful for any help you can provide. I look forward to hearing from you soon.

Yours very truly,

Mr. Secretary of Agriculture:

I am informed by the Governor of California that a number of the citizens of that State are of the opinion that a threat of invasion is imminent.

I believe that the Federal Department of War should be informed regarding this situation immediately.

It is probable that a number of vessels from the east coast of the United States may arrive at certain ports in the Pacific region at a time when the citizens of California are in a state of anxiety.

I am therefore requesting you to inform the appropriate authority of this situation and to take the necessary action to ensure the safety of the citizens of California.

My dear General Howard:

I send cheque for $25. in payment for the second article. But I should like, if you are willing, to have some changes and additions made. Wouldn't it be best to make the whole article about "Divided Families in War Time" stories of families, some members of which were on one side and some on the other. The first part of the article would naturally come to such a paper. I should like to have the subject treated so that it could not possibly give offence even to Southerners who may not yet have possibly become entirely reconciled. I should think it would be wise to use the first part of the article as a starting point, then give other incidents similar in nature, so that the whole article would be consistent and upon one theme. All of the matter that you have here is interesting, but it does not seem to hang together.

I am sure you will have no trouble in reconstructing the article as I have suggested. No doubt you can do it immediately.

I am exceedingly obliged to you for the card of introduction to Miss Sherman, which I shall present to-day. Also for the trouble you are taking to help me obtain illustrations for the first article.

Very truly yours,
May 6, 1959

My dear General Howard:

I rang telephone for 8:30. I am prepared for the second ensuing. But I would like, if you are willing, to have some advice any suggestion made. Wouldn't it be best to make the whole article about "Main Issues in New Times" a review of some articles and articles written by me or some of the authors. The third part of the article won't necessarily come to much as before. I don't think I have the interest received on that if you can't possibly give a lecture on two or three articles which may not have previously become entirely recognized. I don't think it would do me to use the third part of the article as a paragraph. But then give other things similar in nature, so that the whole special would be complete, and nor one theme. All of the matter that you have here is interesting, but it does not seem to me together.

I am sure you will have no trouble in recopying the article as I have suggested it immediately.

I am extremely sorry for you for the news. Also introduction to Miss Stevenson. Which I will please to carry. Also for the troubles you are taking to help me obtain information for the fifth article.

Very truly yours,
