Major General O. O. Howard;

Dear Sir.

I am requested by the officers of the Bklyn Union to ask if you can make a twenty minutes address at the executive committee meeting to be held Saturday evening June 18th. The subject of floating societies of C. E. is shortly to be presented by the Chaplain of the Navy. Their needs & possibilities are principally what we desire to know of. The thought has occurred to us in Bklyn that it might be wise to pursue a similar course at the various military posts in the vicinity. We should esteem it a great pleasure & privilege if you would consent to speak to us on this subject. I might say that these meetings are attended by the picked workmen from the 83 Societies, represented in the Union. Anticipating your reply, I am

Sir Yours very respectfully A. V. Heely

Gen. O. O. Howard,

My dear Sir,

It is with deep regret we note your inability to be present with us. We had earnestly hoped from the tenor of your first letter, that you could be with us July 10th. It certainly would have been a great pleasure and honor to have had you. Our beautiful "Switzerland" with its Swithback and grand scenery, we felt, would be a part payment at least, for the trip, to say nothing of the good we anticipated you would do our Great Captain's cause. We had a glorious meeting yesterday. Meeting room crowded. Our Y.A.P. boys are exceedingly disappointed. But we

The Association of American Branch Churches, which was organized in 1882, has since that time been growing and prospering. It is now one of the largest and most influential organizations of its kind in the United States. I am sure that your visit to the Association will be a most profitable one, and that you will be able to do much good for the cause of the Branch Churches. I am, Sir, very respectfully,

Sir:

I have the honor to call your attention to the enclosed letter, and to ask if you will send me a few words commendatory of a comprehensive exhibit of improved roads and road making machinery at the Exposition.

No class in the community understands the need of good roads better than Army officers. Thirty years ago if there had been a good road from Washington to Richmond, thousands of lives and millions of dollars

might have been saved.

Whatever you may say
in favor of the exhibit,
I wish to incorporate in
a memorial which is
being prepared for presentation
to Congress.

Very Respectfully,
Your obedient servant.

By reading the

The Christian Herald were very
helpful to us in cashing the

as estimated, \$5,000 of the old

for their families) The proprietor of
this paper says he would greatly
appreciate a few words of approval
of his work in that direction from
you. I therefore ask, if you have no
objection that you send him
a short letter of commendation
through me, if agreeable, & oblige.
