Gent. O. Howard,
My dear brother —

I have been waiting for plans to mature before writing to you. I had become tired of writing upon uncertainties — Mrs. Jones has written that she will prefer the place for the time being, has decided to go, so that even thus far my duties are over there — there is a little cottage very near in the position which I can have for $75. a year — It looks from as this I should take that to go to Boston for my goods and settle here for the present, as soon as possible — I can live more as much more cheaply than I can.
I am very well, thank you, and I hope to hear from you soon. I have been busy lately, working on a project at the library. I believe this project will be beneficial to our community. I hope to see you soon and discuss our plans for the future.

Dear General Howard:

In reply to your letter of July 14th, respecting Major Darling, of course I have no objection to the Major having any reasonable delay in reporting for duty with his new regiment, but I think it would be better to let the orders take their regular course, instead of permitting him to remain on duty with his old regiment after the receipt of his new orders.

Yours very truly,

Knowing the interest you feel in old soldiers, I have taken the liberty of sending you some copies of the "Canteen," a paper edited by a comrade of the Reg. U.S.A. and 9th B.T., and respectfully ask your influence in its favor, leaving it to you to determine as to how your influence can be shown.

With the highest regard I remain your obedient servant,

My Dear General Howard

The order is out for Lieut. Colonel Wildrick to report to Headquarters Dept. of the East, I assignment. May I ask, as a great favor, to have Major Egan back here? I need his services very much for drill and other duties. I do not wish, for many reasons to have
Lieut. Colonel Wildsick,
here, under any circumstances. But I do need Major Egan.
To day with my three
foot batteries I have
but three officers, all told,
and one of these, Captain
Van Ness is under orders
to leave and when he
goes I will have but
two officers. Van Ness
has much to do in the
way of packing up and
arrangements to make so
that I will have his
services a few days.
I never was so badly
off for officers. Major Egan

will be of the greatest
assistance to me.

Please excuse my
writing unofficially about
this matter, but I am in
great distress for want
of officers.

I have written to
Fort Monroe for a copy of
that order treating of the
transposition of an English
day to our shores.

Very Faithfully and Respectfully
 yours,

James I. Leighton
Col. 1st U. S. Art.

P.S. Perhaps Carr will
die soon.

Dear General Howard,

In addition to the 2 sections donated to our Company, I have secured the ultimate lots of 80 acres to the East of the Town of "Jenning", for locating either Winter Ranches or factories, which will follow industrial pursuits. In condition that our Company will resell the lots under $50 a piece, the original owner will lease Krause and Swans to do likewise, and we have 4 years to locate at least 16 families there, which is an easy matter. Our town is thus colonized to the West to which we look.

Sincerely yours,

the same development in that direction as towards the east which brings the 4 acre pace and lake of Fleming right in the center of the town and add to 6000 worth of town lots to the past of the Company as well.

I saw Governor Fleming in Washington where he is trying to push the Indian War claim through the House. Thanks for the Mallon interested if possible will come to N.Y. with Agricultural Congress which I would like to take if I could better with you as the much would enter for Washington and tell their bill passes Congress with similar delay with any

Gen. O. O. Howard,

Governor Island, N. Y.

Dear Sir:

Having graduated from the 
Rensselaer University last month in 
Civil Engineering, I desire to ob-
tain a position in that line, 
if feasible in the west—Wash-
ington State. As you were for a 
member of years stationed out 
there, I thought you might be 
able to help me, especially as I 
desire to get with some contractor 
and you might know some one, 
whose father doing government work, 
as I understand there is consid-
erable to be done for the Army. 
I think I can safely to you as 
an old friend of my father to help 
me. Hence I have written to
Prof. Mansfield Marvin, who is at the head of the Civil Department at Selings, asked him to write to you direct, as he objects to giving letters in any other manner. I hope it will be a letter which you can endorse, & if you see no use for it, will kindly return to me.

I am also trying through Senator Allen of Washington State—knowing him through Mrs. H. A. B. Bates, who is his sister-in-law & whose you doubtless remember, as the lady who did so much to obtain my mother's pension.

At present I am employed here on the P.W. & B. R. R., but the situation is not permanent, being for two months at the outside.

Hoping this will receive your favorable consideration,

Yours very respectfully,

Geo. W. B. Abmsmisson.
Armstrong Y. C. M.

To whom it may concern,

I am pleased to write and to introduce myself to you. I have always been a great admirer of your work and have been eager to meet you in person.

I am currently working on a project related to renewable energy and I believe that my expertise in the field could be beneficial to your organization. I have attached my resume for your review.

I am available for an interview at your convenience and I look forward to the opportunity to discuss my qualifications with you.

Sincerely,

P.S. I have enclosed a copy of my references for your review.

Dear Sir:

Mr. Phelps did not call upon us yesterday as requested, to give us his final conclusion with reference to paying Mr. Russell the money due him.

When we interviewed him before his behavior led us to suspect that he had used the money himself, and it seems to us that if Mr. Russell does not take some proceedings against him, that he will lose his money.

We await your instructions before doing anything further in the matter.

Yours respectfully,

Dear Sir,

I have been requested by Mr. F. E. B. Asmussen, a graduate of our class of this year, to write you regarding his qualifications and ability. I can testify that he has well and faithfully performed his duties as a student, and has left behind him a good record for industry and class rank. Anything you can do to assist him in securing a position will be much appreciated by him.

Yours truly,

Mansfield Merriman.

Dear Sir:

I take the liberty to enclose a petition made in my favor and signed by General J. J. Stilwell and officers of Fort Ringgold. If you deem it convenient, please sign and return by which you will confer upon me the greatest possible favor.

I have held the position of acting Mexican Consul at this point for the past five months and having recently been relieved I desire to secure some testimonial to take with me to the City of Mexico in order to secure if possible...
an appointment elsewhere.

If you are willing to give me your support, please place your signature at the head of this list.

Hoping you will pardon me this intrusion upon your valuable time.

I have the honor to be
Your obedient servant.
