Gen. O. O. Howard,

Govenors Island, N. Y.

Dear Mr. Howard,-

Perhaps you will remember receiving a number of letters from me regarding our Sunday Afternoon Song Service for men, which has been sustained with a great deal of success for the last three years.

Last seasons work was especially successful: the average attendance being 777, with a very large number of requests for prayers, resulting in 98 young men uniting with the churches of our City. During the past years we have been laboring under the disadvantage of being obliged to remove from church to church with this service; but our building which is now in process of erection will be completed in the early part of November, and among its features will be a large audience hall capable of accommodating the young men who desire to assemble at our Sunday services.

Thus far this year quite a number of prominent gentlemen have signified their willingness to assist us; but we take the liberty of writing you again to ascertain if it will not be possible for you to spend a Sabbath with us at almost any date which you might select; we know you have many calls on your time, but we also

O. O. H. 2.

fully believe that your coming to Trenton would be the means of doing much good to the young men of our community; the service to which we refer is held at four o'clock Sabbath afternoons; the address is always on evangelistic or Biblical lines; the music is made a special feature, and the young men are reached and saved in large numbers through the efforts put forth. May we not then ask you to arrange matters to be with us for a Sabbath; we are so near New York City that little time need be consumed in traveling; and we will try to make your stay here just as pleasant to yourself as possible.

It would please us especially if you could arrange to be with us on Sunday September the 4th, which is the date for the opening Song Service for the season of 1892 and '93. This service will be held in the Taylor Opera House, which is the largest public hall in the city. We could promise you an audience of fully 2000 young men; and we know that you are considerable interested in mission work in New York City and hate to take the time away from that on Sundays, but we would gladly give you \$25.00 in aid of that work beside paying your expenses.

With this mail we send you a few papers which will give you some idea as to the services held last year, and the plans which have already been laid for the coming season. Hoping that you will see the way clear to accept our invitation, I remain,

Yours sincerely,

(Dict. E. D. S.)

Sir:

Your introduction to the Hon. Freeborn S. Smith, resulted in my engagement with that gentleman, ^{as} to tend to his ware-
rooms 664 & 666 Fulton st. Brooklyn and I hasten to inform you of this and say my most sincerest thanks in writing, which I intend to repeat verbally later on.

"If it was not for the recommenda-
tion of Maj. Gen. Howard, I would
not speak two words to you," said
Mr Smith, as you see, I owe this employ-
ment solely to you.

I am to hold now to Mr Smith

to your introduction, which you so
nivalcreek gave to a stranger, merely
on Gen. Tridballs certificate.

The

The obstacle of employment over-
come, I have another petition, which,
if you could grant it, would bring
my affairs into good regular working order.

My money here is now all spent and
done the grocer some £15.-. In Russia
I left some encashments amounting to
a £200.-, which were due 3 weeks ago..
Instead of the money, I had a letter in-
forming me that only £50 had come
in and that they would wait with the
remittance, until all the money comes
in.. I replied at once to send over the
smallest amount, but my letter was
off here on the 26th inst, so that I cannot
expect the remittance before a month, as
it takes 14 days to Russia & 14 back.. -

But now I owe the grocer £15.-
and rent is due on 1st of Aug. £14.- and I
have not the money to cover these ne-
cessities.. - The salary from Mr. Smith

will

will be sufficient to feed my family,
(wife & 6 children) but for this extra
I must look to my own means -

When I get more acquainted with
the business, Mr. Smith told me,
he will gradually increase my
salary, but for the beginning, I
must begin also with the lowest
salary.. - To this I readily agreed!

If you could assist me with
a loan of £30.. I would latest in
a month repay this amount and
call than again personally at
your residence, to say what
I would like to say in addition.

Mr. Smith I do not like to address
you ~~for relief~~, because he would likely
feel angry to be bothered with this
affair and it would be likely of
bad influence on my future career
with him.. -

Dear Sir:-

We have had a converence with Mr. Edward S. Clinch, who acts as attorney for Mr. William Phelps in connection with Mr. Russell's claim against him.

Mr. Clinch informs us that he is thoroughly familiar with the facts out of which the claim arises, and is also informed as to the whereabouts of the money. This he claims Mr. Phelps loaned, together with some of his (Phelps') own money to some party whose name he will not disclose, to be used in the business of such party. The character of the business he is unwilling to state. He says, however, that both he and Mr. Phelps consider the money perfectly safe. He further stated that Mr. Phelps had some property in Chicago which he might be inclined to sell in order to pay Mr. Russell himself, upon Mr. Russell's transferring his interest in the fund which Mr. Phelps now has in hand.

Will you kindly inform us whether or not you wish us to take any further action in the matter, and oblige

bright, thoroughly conscientious, noble, manly
boy, he is neat in his personal appearance,
prompt and reliable in his attention to
orders, and I have been told he has always
proved himself faithful to my duties as
assigned him. He is ambitious and indus-
trious - he has a quiet, respectful, pleasant
manner - he is a very worthy boy -
He is now two-thirds ill through worry
and anxiety as to how we are to pay
for a shelter and get honest food during
the months of adjournment. We are both
so helpless - without help we can do nothing.
I beg for your compassion - and help -

Your favor of this date duly received; and we take very great pleasure in arranging for you to be with us on Sunday September 4th. We feel deeply greatful to you for your kind efforts in our behalf, and fully believe that your comming among us will be the source of much good to our Association. We know it requires the putting aside of many duties on your part, and consequently, are all the more greatful for your kind assistance..

If you would kindly send us the topic you would like to have us announce, and also, whether you prefer to be entertained in a private family or in a hotel, it would aid us considerably in completing our arrangements.
