Dear General.

Your kind note duly at hand. I would, indeed, like to have a talk with you, and if you will let me know when you can make it convenient to see me either in the city or on Governor's Island, I will be prompt to take advantage of it.

We have opened an office in the Stewart building Room 260, initiatory to a regular institute. I am in charge for treatment of patients by the "Garten" system, which has the invaluable advantage of not requiring asylum confinement, that is a man can be treated while going about his usual avocations.

Very Sincerely,

C. P. Rankin,

Dear General.

Your kind note duly  
received. I would indeed like  
to have a talk with you, and  
if you will let me know when  
you can make it convenient to  
see me either in the city or on  
Governor's Island, I will be happy  
to take advantage of it.

We have opened an  
office in the Stewart Building,  
Room 200, immediately to a regular  
institute. I am in charge for  
treatment of patients of the "Winter"  
system, which has the remarkable  
advantage of not requiring any  
confinement, that is a man can  
be treated while going about his  
usual avocations.

Dear Sir:

The matter that you miss at the end of slip 54 we call our "mark off." You read it in slip proof, but in arranging the pages there is generally more on a slip than will make up even, and we cut off the surplus and retain it until we have more slip proofs to make up in pages. You will find the missing portion of slip 54 at the beginning of your next lot of page proofs (page 221).

Respected Sir:

Enclosed you will find circular of our school, which is now entering its third year, we desire aid to carry on this work, having alone and unaided worked it to its present position, with opposition on the one hand and poverty sickness and death on the other but by God's grace we are still battling with ignorance.

We are in the midst of hundreds of young men and women who are too poor to leave home to acquire an education. Perhaps you have forgotten me but I hold yet a recommendation from you, which I received while at Howard University. from 1872 till 1877.

Would not the American M. Society aid us in this? Am an elder in the 2<sup>nd</sup> Presbyterian church at this place. Rev J. H. Binger, Pastor.

My dear General

I am glad to hear  
by a pleasant note from  
Lieut Woodruff - you  
have not melted away with  
the heat.

Even we have felt  
it. And anything that  
had a chilling effect has  
been welcome -

But that you have not  
deigned to send me a  
few lines of your arrival  
and Lizzie's safe return

With the dear ones, I think is just  
perfectly horrid—!

And now you will never know the heaps  
of nice things I could have told you;  
but that including where Mrs A. is  
I am going to write Lizzie. Soon as I  
think she will have time to read it  
This is purely official. Pray don't forget  
to thank Lieut. McDermott for his  
note to me— He will not care for or  
expect a reply— Ever so much love to Lizzie  
and the children— And a small piece  
for yourself Ever sincerely yours

**PROFESSOR ROBERT PECK.**

This Popular Hebrew-Christian Scholar  
Delivers a Powerful Sermon.

Dr. Robert Peck, better known as "the converted Jew," occupied the pulpit of the United Presbyterian church yesterday afternoon. He drew a very large and intelligent audience. The subject was "Duties of the Christians toward the Jews." The doctor took the view that Christianity was a great deal to Judaism, and that few Christians really care for the conversion of Jews, besides those who have been converted from the latter faith. He held the view also that Judaism was independent and pure, that the Jews had been persecuted far more by Protestants than by Catholics, and that Christianity, inasmuch as it owes its origin to converted Jews, owes a debt of gratitude to the Jews which it can only pay by bringing the gospel of Christ to them. The inconsistency of Christians does the cause of Christ harm.

Dr. Peck succeeded in establishing himself in the good opinion of his auditors. He is a scholarly and eloquent speaker, and with a vast fund of knowledge, acquired by a broad and careful research, he couples the charm of a sparkling originality.

Aug. 2<sup>nd</sup> 1892

Dear General Howard:-

For some time I have felt a great desire to send you a few lines and inform you, that Israel's Jehovah is still my Lord, even Jesus, Messiah, blessed forevermore. Since 1890 many things transpired in my Christian life, yet, like in 1874, when you led that Prayer-meeting in San Francisco, at which I actually experienced a change of heart, I cling close to Jesus and when in sickness or trials I find that a little talk with Jesus, makes

it right, all right, for God understands.  
While my physical body is weak, my  
spiritual body improves day by  
day. I am getting lower down, at  
the feet of Jesus, day by day, and  
the Lord lifts me up. - I am on  
the road for Jesus, lecturing  
preaching and visiting my  
Jewish brethren. - With pleasure  
I see your name in connection  
with one or more Xian works.  
Am glad that you are the President  
of the American Home Missi-  
onary Society. Well, God bless you  
ever. Next to God & Jesus I love  
you my Xian life. I say to you:  
General, live live long, live  
to multiply Xian power,  
influence, live forever.

...ing and forever blest.

I am praying for you and three  
other twice a week and trust  
that you will remember poor  
Peck your spiritual saw once  
in a while. -

I enclose an extract from one of  
the Providence papers. I wish  
people would stop puffing me  
up. General the old Jew dies  
hard, yet "My sins are all  
taken away". Glory to Jesus.

With friend love to you and Mrs.  
Howard, and in hopes that you  
have not forgotten me, I am

Sincerely yours in Jehovah

Dear Father,

We are all very well & I may say very busy again. Paddock & Co. are now putting on the market the entirely new hammock chair of which I enclose circular. Guy wants one for his front porch. Perhaps other officers would like to one. We sell them at \$2.00 each. They are the most comfortable and the <sup>most</sup> easily adjusted things of the kind ever put on the market.

I am getting along very slowly with "my book". The first chapter is done but as it is written in lead pencil I don't feel proud of it. According to the time spent on the first chapter it will take me nearly a year to finish the book. At that rate it ought to bring ten thousand dollars to fully compensate me. When can I show you what I have done?

Gen. O. O. Howard,

Governor's Island, New York,

Dear Brother:

I wish to consult you with reference to the business of  
*International Navigation Co*  
Messrs. ~~Oelricks & Co., 2~~ Bowling Green, New York. They are the  
*Linsan & Red Star Line*  
general agents of the ~~North German Lloyd Steamship Co.~~, as we under-  
stand it. The agents in this city are *(H. Claussenius & Co.)* As I  
understand it, it was this line that were to favor me with a ticket  
to Europe on greatly reduced rate, and it was on one of their ships  
that sister Lizzie took passage in going over, and I suppose in  
returning. Now partly as a matter of business and partly in re-  
turn for their courtesy, I would be very glad to advertise the  
line in our paper. We are often receiving inquiries as to the  
best line, and in fact as to any line for passage to Europe and  
Particularly to Germany. Our paper is taken in every state in  
the Union, but more largely in the north-western states, where  
there are many who have come from the Fatherland, and members of  
their families are returning more or less. Only last week we had  
a letter of inquiry as to the best route, etc. I would like to  
serve our own subscribers by advertising a route of which I could  
answer questions, and of which I knew something, at the same time  
if they will give us an advertisement for a few months, I would be  
willing to insert it in consideration of their past courtesy, as I

have indicated. At the same time it would be a test of the value of our paper to them in their business, and afterwards, if they saw fit, we might make a contract with them for further advertising for pay, as they pay other advertising mediums. But this latter would be an after consideration.

It is asking a good deal of a busy man like you to look up this matter for us, but knowing your relation to the steamship company, I thought you could do it as no one could. I would like for them to give you simply a copy of one of their regular advertisements, and after, to make changes as to time, etc., from time to time, so that our readers would be accurately informed. This advertisement would not be any expense to them, say, for three months.

We carried one advertisement, a copy of which was inserted during part of last year, but have none now running in the paper.

Very affectionately brother  
*H. T. Howard*  
 perfectly

P. S. I will enclose the letter of Alexander & Green, which was to be returned to you. I have not yet heard whether they would want to go on with the case, depending on what they would get out of it for their fees. I think they are correct in their suspicions that Phelps has used the money of the old man. But Phelps evidently had property, for I have confirmed the impression that he owns the Property in Chicago, and that he has set for a price on them \$40000 each. They will probably sell for \$300.00 readily.

Howard G. G. A.

At the same time it would be a loss of the value  
of our paper to them in their business, and afterwards, if they saw  
it, we might make a contract with them for further advertising  
for pay, as they pay other advertising mediums. But this latter  
would be an after consideration

are interested in his preaching. His wife is a lovely woman & great singer, & Howard went into her Sunday School class alone last Sunday. He has never before been willing to go into a class without Beovie. He says Mrs. Smiley "sings lovely".

I have hesitated about going to join this congregation, for we had helped start the Presbyterian Church here, & James could not just now help build another Church. But the mission work seems necessary and I can see how my presence will help them in several ways. I do not think perhaps it will to take letter from the Portland Church, as our stay here is supposed to be only a temporary one. James must have a residence in the State of Oregon, if he remains in business in Portland.

Beovie & May declare they will

never join any but the Cong. Church, but they are too young yet to know or understand the differences of belief etc. If they should be sincere in their wish to join this Church here or the one in Portland, I should not care to have them wait any longer than necessary to gain the requisite instruction <sup>as</sup> to what such a step means. So in that case they could join here even if I did not, & then take letters when we go to Portland. They have a little friend who is much younger & has joined the Presbyterian Church. But her actions & behavior in Church alone seem to me evidence that she does not know what it means. She is but seven yrs. old. Grace & Jeanie & Howard even behave better Sundays.. Dear General.

Because of my living out of town I did not receive your note until too late to keep the appointment you so kindly made me this morning. I was unable to find out on the pier anything about the boat and the time-table mentioned in your letter was not inclosed. If you could appoint a time a day in advance, I will not again fail to take advantage of it.

Very Respectfully

Dear Sir,

The new survey of the East Side canal throws it far enough east to clear your land entirely. I inclose a map showing approximately the new line.

A deed of right of way is not therefore necessary from you.

Also all your land will be capable of irrigation, it can all be included in the water right. I inclose a form filled out to suit the new conditions.

As the present application is only a formal subscription to the water right and not a paper of record, your personal signature is quite sufficient. The permanent papers will follow in due course.

Will you kindly sign and return it to me at your earliest convenience. As soon as all the subscriptions promised are in hand duly signed, the work will begin, which we expect will be within a fortnight. Your prompt reply will therefore expedite the matter.

Very truly yours,

L. C. McFee

Major-General O.O. Howard,

Governor's Island, N.Y. City.

Dear Sir,--The Fiftieth Anniversary of the Order of the Sons of Temperance is to be celebrated in this city the 29th of September. Representatives of the Order from the various States in the Union and from the Dominion of Canada, and perhaps from Great Britain, will be present on that occasion.

It is proposed to hire an iron steamboat on Saturday, Oct. 1st, and tender an excursion to the distinguished visitors from abroad, to sail up the North River. It is desired if possible, to land at West Point, for a short time. Can you tell me how we can secure permission to land? I shall feel under deep obligations to you if you can help me out in this matter.

Very truly yours,

Dear Gen. Howard:-

Dear Sir:-

From time to time we desire to report to Investors regarding their interests at GRAND DALLEs.

A gratifying conference of Investors from Cleveland and Akron, Ohio; Saginaw, Mich.; Chicago, Rochester and Buffalo, was held last week at our Buffalo office. The report of Dr. Vandenberg of Buffalo, who had just returned from GRAND DALLEs, proved to be of great interest and importance. One result of his visit is the formation of a Glass Works Co., which plans to begin operations not later than Jan. 1", '93, in order to supply the Coast trade for next year. Dr. V. went into a very thorough examination of the material, the present sources of supplying the markets, and the demand. His investigation shows the field clear for profitable returns from this growing industry. Other like industries will follow as fast as they can be handled.

It was unanimously agreed at this conference that the time had come to establish a Newspaper at the new town. This will be done within the next 90 days at the latest.

A Syndicate was there formed to purchase and control a tract of between 8000 and 9000 acres adjacent to GRAND DALLEs, so that the whole bend of the River between the rapids above and the foothills below GRAND DALLEs is <sup>now</sup> in our control.

We have finally gained possession of the Shoe Factory by due process of law so that it may be used to the advantage of the enterprise.

The Pacific Corset Co. is in successful operation and having encouraging <sup>de-</sup> ~~com~~mand for its goods.

Other minor improvements are under way and in prospect of which you will be advised more fully as soon as we have our Paper running.

On the whole prospects are very bright for the building of a very important inland City. We wish Investors to understand the affairs of the new town and to feel assured that they have a good investment, none better to be found in the country. Only do not be nervous and uneasy. We wish you to see the advantages of our site and the resources tributary so that you may have absolute confidence in the building of GRAND DALLES, and not embarrass its promoters by your fears and anxiety. To much haste and ~~urgency~~ <sup>urgency</sup> will cripple rather than help us in our great work of building a city.

All taxes on Grand Dalles Plat have been paid this year by the Company.

We are not selling Improvement Stock, we think it too valuable to sell unless at a high <sup>m</sup>pre<sub>m</sub>ium. We would rather retire all of this Stock, but we have not the money to spare to buy it back. You might like to trade it for Grand Dalles Lots at favorable prices.

CONFIDENTIAL REPORT.

INVESTIGATIONS OFTEN REQUIRE VISITS AND LETTERS TO PERSONS WIDELY SEPARATED, CAUSING MUCH DELAY

NEW YORK, Aug. 4, 1892

May. Genl. O. V. Howard  
Governor's Island

Dear Sir

Referring to Mrs. Angustia Rogers, 58 yrs. old, widow, 32 Cottage Place, three children Harry 24 yrs, Joseph, 15, (at Huntington L.I. with friends) Ida 12, I beg to report that she occupies two furnished rooms, for which she pays \$3 per week. It is very difficult to obtain any information, as she positively refuses to give previous addresses.

She states that five years ago, she owned and occupied a house in Brooklyn, that she sold it and lost the money in a store, that she then decided to take up a claim in Arkansas, expecting that her son would follow her, but he did not and learning that he was ill in New York she sold her things and returned here.

Mrs. Rogers shows two passes from Washington to New York, given on "account of charity" and she states that an express company has forwarded to her, free of charges, a box which has been held at Baltimore for expenses. She states also that she has written to Mr. Jay Gould for passes from Little Rock Ark. to the station nearest her home.

We have been unable to learn anything of her in Brooklyn and as yet have heard nothing from Arkansas. A letter sent to this latter place has been returned, there being no such office as the one given. Mrs. Rogers says the name has been changed and we have written again.

Her neighbors consider her a mystery. We are told that her older son drives a truck although she stated at first that he was employed on the L.I. Rail Road. He is not known to the company. He is said to have come home twice very much intoxicated. Mrs. Rogers has notified us that she has decided to remain in the city and that she desires no aid from any society. Should we hear from Arkansas, we will report to you again. Regretting the meagreness of this report.

Yours truly

Dear General Howard.

If possible come up  
here next Wednesday. Dr. H. Gordon has  
set apart some of Thursday morning  
to present the Grand Army Mission.  
You could do us lots of good and  
get money too. I will pay expenses of  
your trip and you would be my guest.  
Then you would get filled up with  
the spirit. The train leaves the  
Grand Central Depot (New Haven Ct.)  
at 10 A.M. Buy your ticket for  
South Haven and I will meet you and  
drive you over here. It is a bold thing to  
ask of one in your position, but it is the  
dear Lord's work. Sincerely,
