Gen. J. J. Howard  
Governor's Island, N.Y.

Dear Sir;

I must ask pardon for  
addressing you thus, as I am  
personally a stranger; but  
I trust that the subject of  
this letter will be of interest  
sufficient to command itself  
to your consideration.

A grave & unlooked-for  
emergency has led to the occu-  
pation of a portion of Sandy  
Hook, as a waiting-place for  
large numbers of arriving pas-  
sengers. Cut off from friends,  
& in "durance vile", the time  
must hang heavily upon them,  
& the surroundings be none  
of the most cheerful. It is  
due to them that all proper  
& practicable alleviation &

advantage be supplied them at such a juncture. To-day - Sabbath - my thoughts have dwelt particularly upon the need, and the opportunity, both unusual, for some religious influences & privileges for them.

The necessary isolation of the detained passengers will, I suppose, of course prevent any visiting of them by ministers or "Christian workers", who would gladly go to hold services &c., did the case admit of it. The only thing possible seems to be to procure & transmit a weekly supply of religious papers &c. I have been a good deal engaged in such work, part privately & part in connexion with the "Army Aid Association", - of whose work for our army posts you are of course well informed. My object in thus writing

you is to inquire what steps it may be practicable to take in this direction. Some person on the spot must needs be found, who would take interest enough to receive such material, & be in some way a center, or a medium, for its proper disposal. Among the officers & employees of the U.S., who are, or are to be, in charge of this detention camp, - who is there to whom application could be made?

I presume that the "Army Aid Assoc<sup>n</sup>" could arrange for transmission of the material; & I would myself be responsible for procuring some for next Sabbath, & starting a work that I believe would be heartily seconded & sustained, so long as the need continues.

It seems as though the opportunity should not be lost

Hon. Leland Stanford,

My dear Sir:

Mr. Frank V. Brooks

who has just graduated from the  
Military Academy at Peekskill has  
some thought of studying for  
awhile in your university. He is  
a worthy young man, has been a  
cadet-Lieutenant and has shown  
great quickness of apprehension, and  
proficiency in all his studies, I  
hope you will speak a kind

word to him <sup>and</sup> commend him  
to the President of the university,  
that he may set out with all  
the chances in favor of his success  
in mastering your academic  
instruction. He has a professional  
life in view.

With kind remembrances <sup>and</sup>  
best wishes for you <sup>and</sup> yours, I

Major - Gen. U.S. Army.

had a very pleasant visit, to  
John as I fancy they will  
be coming back about the  
time you receive this. I  
have written mother at the Gov.  
A life of water drinking, eating  
meals and walking is too uneventful  
to give items of much interest  
for letters. The children are  
very well and happy. Marie  
is a most thoughtful & considerate  
travelling companion & so all  
goes as well as possible.

I will however be very glad  
to be back in America. I  
hope you are not working too nervously.

your letter that I remained  
that so long. Love

Dear father:

Your letter and Harry's in  
the same envelope dated Aug. 31<sup>st</sup>  
came today. I regret that things are  
not going better for General Ruggles  
and that I am not on hand to  
assist with your annual report.

If General J. G. W. ever sent you such  
a book as he claims, it must have  
been an old public document  
and I thought it came from the  
Military Service Institute, & returned  
it there. I will look it up when  
I get back.

Tonight completes the third week  
of our stay here. Jeanie has just  
had another bilious attack but her  
doctor thinks the recurrence of attacks  
during the taking of the water  
not unnatural. She has however  
kept up her water and resumed her

evening today. I am of course  
very well. The children took  
lunch today at another house,  
called the Theresa Villa with  
two children of Mr. & Mrs. Schenck  
of New York whom we have  
met here. They enjoyed their  
outing very much and came  
back invited again for tomorrow.

They want to make the most  
of their time as there nearly  
made acquaintances have for  
Vienna on Wednesday morning.

We will probably have here  
a week from now or within  
a few days of it, and after  
a short visit at Neuenburg,  
Stuttgart, and Strasburg, go by

ostend to London. The cholera  
seems now to be stationary in  
the original place & I think  
we can go through on that  
less without danger or inconvenience  
on account of pneumonitis and  
quarantine. So all letters  
after the receipt of this should  
be addressed "Care of Union Bank  
of London, Banking House Branch,  
London. W.C. Eng." I will write to  
Paris to have any mail already  
sent there reforwarded to London.  
McDonald's brave exploit was telegraphed  
to Europe & I saw it in the Paris  
edition of the Herald. I congratulate  
him on his success in saving  
the war. I hope mother and

My Dear General Howard.

I am sorry to  
intrude on you so  
soon again; but my  
comfort and happiness  
is just now very largely  
in your hands and  
if I take the purely  
official course I may

then, as action is  
not often reversed in

I do very much

how to stay, and  
I want him as

him. In addition  
to the reasons I have  
hitherto urged, I have  
other very pressing  
reasons that I do  
not wish to name  
but which concern  
no one in this command.

But one thing  
I must say now -  
I am very, very  
short handed; having  
but one officer with  
each of the three foot

I wish to get through

My Dear Colonel:-

Our arrangements seem to be about perfected. There must be no possible work left undone, and I again find it necessary to call upon my friends for a little assistance. To you I assign the pleasing duty of calling upon Gen. Howard as soon after receiving this as possible, reminding him of his promise to us and that we have advertised him all over the country to be with us. Say to him also that we want him to wear his complete uniform and to be at the Willard Hotel on the morning of September 20th at 9 o'clock. If he will send me his address in Washington, I will see that Comrade Bell and a detachment of the Staff escort him from his quarters to our quarters. I also have assurances that Gen. Swayne will be with us. Of course he will ride in a carriage. I have no responses from Gen. Butterfield, Gen. Greene nor Gen. Barlow. I very much regret this, but I do not know what more I can do. All of the other prominent generals have responded and will be present unless detained by sickness.

Wishing you a very pleasant week at Washington, I am,

I think I have not written you since you wrote about the World's Fair resolution at G. A. R. All we want is a simple resolution commending the action of Congress in maintaining the great American institution of the Sabbath. I did not know Gov. Beaver's address, and so I could not send anything to him. If you cannot go to Washington, please write him and ask him to introduce such a resolution. Will you not?

Kitty wrote to Lizzie, I believe, and asked that she and the children visit us either in going or returning. She wrote to them at Governor's Island. I do not know exactly the route they take. I should think, however, if on the Michigan Central, as you state, that they would come much nearer to Chicago than Detroit, which is a whole day's journey. I will look up the route. My dear Sir:

I write to invite you to  
lecture, next January, before our Poughkeepsie

which has presented a course of lectures every  
winter for over forty years. -

We have an audience of some 1200

students in the schools here. The course  
will be a good one. I have thus far engaged  
Merrit Halestead, Moss Coit Tyler, Rev. T. F. Mungen,  
R. G. Horr & Kate Field. - We are not rich - We  
purpose to keep our admission fees low, - & we make  
no money. - but we should be glad to pay you  
\$50. for the lecture, & to add \$10. for your expenses  
up to Poughkeepsie. - There are a great many here  
who would be delighted to see you & make your  
acquaintance, & I wish to make this a very  
urgent invitation. - Our open dates are Jan. 13.  
& Jan. 20. - Will you not kindly consider the  
matter, & write me at your early convenience?

Very truly yours
