General Commanding,

Governor's Island, City,

Dear Sir:—

I am exceedingly desirous of obtaining statistics regarding the prevalence of rupture in this country with a view of publishing same at a later date in the form of a medical journal article and also in my forthcoming book. If there are any figures at your command regarding the examination of recruits &c. that would be of service in this matter I should esteem it a personal favor if you would be kind enough to forward same to me or let me know where same can be obtained.

Very Sincerely Yours,

H.H. Kane
Dear Mr. H.

I am writing to request a return of the order sent to me on the 10th of October. I never received any of the material ordered, and as a result, I am unable to complete my task.

I apologize for the inconvenience caused, and I would appreciate it if you could arrange for a replacement as soon as possible.

Thank you for your understanding.

Very truly yours,

SIR: O. C. Howard

Dear Sir. I have been attending Mr. John Jacques' mission in the Church at 141 One hundred and forty one Chrystie St. He is doing a good work there. He could do a much better work if he had a place of his own in the same neighborhood. The place he now has is only open three nights a week. What he wants is a place that he can have open every night in a week. The neighborhood is a very bad one. He has a good deal to put up with there. There is at least forty houses of a bad reputation in the vicinity. One can hardly
from along the street without being insulted. I feel very deeply the need of the Gospel being preached in that place. Enclosed you will find one of Mr. Jaeger's cards. Hoping I will hear from you soon, I will close.

Yours Respectfully,

I see by the morning Star that you are to be in the city during the G. A. R. Encampment. I am looking forward with great pleasure having you with us at an organ meeting of the boys and girls in the Congregational Church on the 25th at 3 o’clock.

It is well advices that you are to be with us at this meeting.

I trust you will have a grand time during your stay in our beautiful city.

You are graciously invited to meet us.

I am,

Yours truly,

Mrs. Alfred Wood.
Dear Sir:

At the request of our Board of Directors I write you this time to ascertain if you can meet with us some week day, the exact date to be given you later, which date will probably be within two or three weeks, and deliver an address on Y. M. C. A. work at our annual anniversary. We delay the time of holding this anniversary for a few days in order to have a Y. M. C. A. day of it throughout. In the afternoon we shall have the exercises of laying the corner stone of our new building which we are erecting. We have a speaker to give us the address for the service of laying the stone and if you could be with us in the evening to deliver the anniversary address, we are sure the right spirit could be brought to bear upon our community.

We expect several Y. M. C. A. workers here at the time and desire to make it all in our power possible. We shall be pleased to give you entertainment and our President, Mr. Harmon, whom you undoubtedly know well as he is on the state Board, will be pleased to have you make your stay here with him. Kindly advise at once.

Sincerely,

D. N. Bartlett, Gen. Sec'y
My Dear Sir,

At the request of our Board of Directors, I write you this letter to acquaint you that we have decided to merge with an American company that has expressed a desire to do so. This move will be beneficial to both companies in the long run.

We believe that this merger will provide us with the opportunity to expand our operations and to bring new resources to the table. We are confident that this move will be mutually beneficial and we look forward to working closely with you.

Please let me know if you have any questions or concerns. We would be happy to discuss these matters further.

Yours sincerely,

Dear General Howard,

I have just received yours of the 13th. We are glad to know that you intend to continue your "blow-out" to Washington at this place. It will give us much pleasure to have you stay with us while you are here. It would give us much pleasure to have Mr. Macdonald with us also, but Mrs. Rams, my
adjacent desires to have them with them. Which I know he will find very agreeable.

If you were willing to telegraph me the day and the boat or train by which you will come I will meet you upon arrival with necessary transportation.

Very respectfully yours,

Rural T. Frank

Major General O. O. Howard:  
Governor Island  
New York:

Honored Sir: Twice in my life I have had the pleasure of meeting you, once at Doane College, Crete, Nebraska, and a second time at the World's Y. M. C. A. Conference held in Berlin 1884.

It has been suddenly announced that you are engaged upon a life the biography of General and President Zachary Taylor. I am engaged upon an historical work relating to Wisconsin. In the course of that work I have had an interview and some correspondence with Mr. Judge Joseph H. Mills of Lancaster, Wisconsin. He was tốt...
the family of Col. Taylor while the latter
was stationed at Fort Crawford (Prairie
der Chien), Wisconsin. A letter from the
venerable judge (which I doubt not he
would be willing to write) might be
some service to you.

Another person who, I think, has per-
sonal recollections of Col. Taylor in Wis-
consin is General George A. Jones of Lu-
querque, New Mexico, a classmate and fellow
student for a time of the late Jefferson
Davis, and a warm personal friend of
that gentleman. His四处 regarded for Mr.
Davis is so decided that he would find
it difficult, I judge, to comprehend how
any reasonable person could know Mr.
Davis and not like him. Accordingly I
do not know how much weight is to be
given to his emphatic statement that Col.
Taylor did not dislike Davis. The reason
given by Gen. Jones is Taylors opposition to
the marriage of second daughter to lieutent.
Davis is plain the father thought that two
soldiers in the family were enough. The
other daughter was married to some
one in the military service.
Write to make also a suggestion and an inquiry on my own account. The inquiry is a very simple one. Do you know the specific date of Taylor's repulse in August, 1814? When he was going to capture the Mississippi to try to recover Fort Shelby?

Here is the suggestion. I believe that Black Hawk was in command of the Indians on that occasion. Have you any story, if I may ask, regarding this matter?

Volume 10, page 198 of the Wisconsin Historical Collections contains the express testimony of Capt. Thomas J. Anderson, of the British army, then practically in command of Fort Meigs (as Fort Shelby was called after its surrender to the British) that he sent a one-pound sword and some ammunition for the famous Black Hawk, who, with his warriors, was at the place of rendezvous at the confluence of the Rock and Mississippi Rivers.

Other witness statements had led me to the conclusion mentioned above even before I had any part of the Capt. Anderson's memoirs.
Fate.

Believing that this is to some extent a matter of interest to us both, I remain
very sincerely yours,
John A. Davidson.

Enclose my card. Also an addressed envelope.

Dear Gen.,

Your letter of 13th did not reach me until last evening. I wrote Sammi a postal from Committee room, letting him to Come. We are always only too glad to entertain any of your family. I am anticipating great pleasure not back in meeting once more yourself and others of my Commanders and Army Associates. Should the weather be fine, the parade will be a grand affair. The City will join Concord with hunting, and the various Corps emblems are everywhere seen. The dinner of our Women here dampens our ardor some. Mrs. Col Eaton is dead, and was buried here Wednesday last, she at Ashburnham, Mass.

Sincerely,

G.W. Balloch

Please accept congratulations upon the recovery of your precious book, together with thanks for your most generous remembrance of Kate.

I wrote her immediately and she will thank you in person. It was certainly a very magnificent piece and she and Mrs. Water...
fully appreciate it as a beautiful thought of them.

Dear General Howard:

The "Wandering Jew" sends you his greetings, praying that the old fiery soldier still remembers the name California Jew. Same time ago I sent you a report of my Xian work etc., to which you sent me a reply of three lines only, but the three lines were a word. The Master is blessing my efforts. Be encouraged and tell a little. I report conversions of two ladies and one man. Several inquiries. Last night I had to mention you in conversation with my converts in California. You will never be forgotten by me. But bless you. Hurrah! For Jesus! Send me a few healing words.

Dear Sir:

Your favor of September 16 is at hand. I am sorry that you do not feel able to undertake at present the article we were very anxious you should prepare. There is, however, a saving clause, in my mind, in the hope expressed by you that in this case something fresher and better than any now before the reading public may be prepared; and it is in the carrying out of that very idea that we have asked something from your pen. May I have the privilege of calling upon you some afternoon next week, for the purpose of explaining more fully the purpose in view, and confering with you upon the possibility of your reconsidering your determination, provided you have several months leeway in the preparation of the article? We are really anxious to secure your co-operation in this matter, and I believe that I can suggest a chapter to you that would be a matter of pleasure to you in the mere labor of preparation.

Hoping for a favorable response, I remain

a clipping bureau.

O.P.T.
THE BUREAU OF PRESS CLIPPINGS

was organized under its present management in 1877, since which time it has steadily grown in size and usefulness.

Every paper of any importance published in the world is read at its several offices, and from these papers is clipped every item of designated interest to clients. At New York all Eastern papers are read and clipped. At Chicago the entire West is covered, and the Southern papers are handled at Washington. The foreign reading is done at London and Paris.

The several offices handle from 3,000 to 5,000 papers each day, clipping therefrom about 25,000 items. To do this over one hundred clerks are employed.

From this statement will be gathered the size and scope of the Bureau.

At Washington the Bureau is now serving every one of the Government Departments, it having proven its ability to keep them thoroughly and cheaply informed as to the sentiment of the press of the World.

At Chicago the Bureau serves the World's Columbian Exposition, furnishing from 10,000 to 15,000 items a month. This order was taken after a thorough test of the efficiency of the Bureau as compared to that of any other system.

This Bureau does more business than all other Bureaus combined.

Please note fairness of terms on order blank attached.
