Dear Sir,

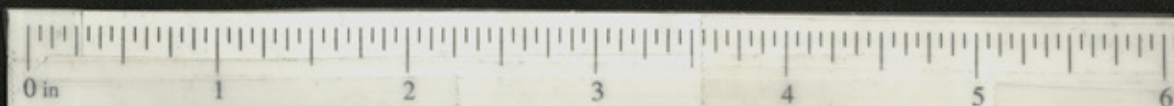

Will you oblige me with the opportunity to lay before you, in a brief interview, a proposed plan in relation to Congregational Mission Work and Church Extension in the cities of New York and Brooklyn, and secure your opinion in regard thereto?

The Reverend Doctors Storrs, Lyman, McLeod, Virgin, Behrends, Roberts, Lyman Abbott, the Rev. R. J. Kent, Gen. O. O. Howard, and other influential ministers and laymen in our Congregational churches, have expressed much interest in it and have given it a general approval. I am referred to yourself by one or other of these gentlemen.

An inopportune call is always unfortunate, however deserving the occasion of it may be. A day and hour on the enclosed postal card will be esteemed a great favor.

Very respectfully yours,

W. J. Storrs.

Dear Sir,

Will you please let me have the opportunity to say  
before you, in a brief interview, a proposed plan in relation to  
Congregational Mission Work and Church Extension in the cities of  
New York and Brooklyn, and secure your opinion in regard thereto?  
The Reverend Doctors Roberts, James, Ireland, Virginia, De-  
cember, Roberts, James Ireland, the Rev. R. A. Kent, Don. O. C. Har-  
old, and other influential ministers and laymen in our Congrega-  
tional churches, have expressed much interest in it and have given  
it a general approval. I am referred to yourself by one or other  
of these gentlemen.

An important call is being extended, however, de-  
serving the attention of all our people. A day and hour on the subject  
cannot only be obtained a great favor.

Very respectfully yours,

### A Proposed Plan.

1. A Church Extension Congregational organization for the cities of New York and Brooklyn and the vicinity.
2. Its relation to the National societies to be independent, organically, but auxiliary to and in harmony with the work of each, whether of Church building, Mission, or Sunday school work.
3. Its basis, the individual Congregational Christian, of whatever Congregational church, who will contribute \$10. per year to the work, as a condition of membership, or \$100. for life membership. Persons not members of Congregational churches to be honorary members on like payment. Persons contributing \$500. at one time to be enrolled as patrons.

It is believed that the Lord's money, after all pleas for work on the national basis have been presented and answered, is yet to be obtained for local needs. These needs exist. For proof the writer of the accompanying letter will be glad to state the cases within his knowledge at this time.

Can one thousand persons be found who will contribute \$10. per year for such work, making a fund of \$10,000.?

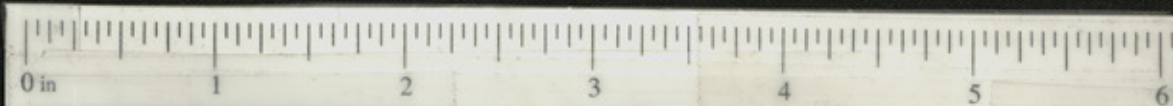

The Rev. Dr. Storrs has pledged \$100. as a beginning. The Rev. Dr. Lyman has done the same, and several have promised contributions without stating amount.

4. The Management to be in the hands of those interested and contributing.

Proposed that there be twenty-three, or twenty-seven, directors, from the two cities in a fair proportion, to be elected at the annual meeting, and to go out of office in rotation. These directors to elect a president, vice-president, secretary, and treasurer, and to employ, if need be, a superintendent of the work.

The directors to appoint sub-committees from their number on each enterprise asking consideration, or which may be brought to their attention by the superintendent. This method has been so successful in Chicago for some years past.

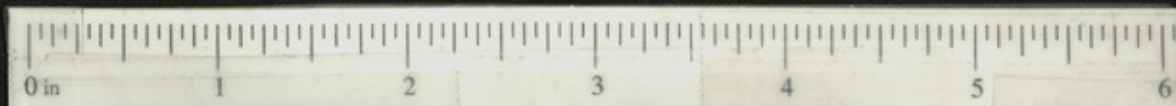

5. The aggressive work of this nature now progressing in other cities, received the warm commendation of the able pastor of the Tompkins Avenue Church at a public meeting in that church in May last.
6. The foregoing plan, in part or whole is regarded with favor, by the gentlemen named in the accompanying letter. Portions of it are suggested by one or other of them.

Forster, M. S.

NEW YORK, October 1st, 1892.

My Dear General Howard;

On Sunday, October 9th, there are to be religious services in various parts of New York in commemoration of the discovery of America. We would like to hold such a service in the National Prohibition Park Auditorium, on Staten Island, at 3:15 P.M., and would like to have you deliver the address for the occasion. Could you not give us an address on Queen Isabella, using some of the material which you have prepared for your book, in such a way as would be suitable for Sunday afternoon?

The Park cannot afford to pay you much for this, but would be willing to give you \$25.00.

If you can do this, be so kind as to telegraph immediately upon receipt of this to Mr. C. L. Haskell, Prohibition Park, Staten Island. The telegraph office is at West New Brighton, but they always forward by telephone messages to Mr. Haskell.

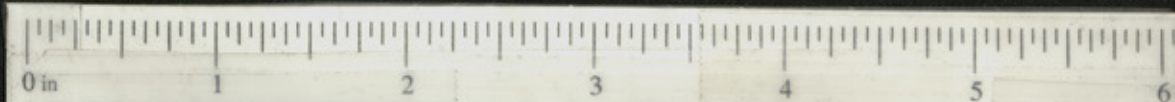

Hoping that you will be able to comply with this request, I remain

Dear Sir

I take the liberty of addressing you on a matter that the Department President of Mass W. R. C. has already written you about.

By the sentence of Herbert Lincoln Kellen,

We feel his sentence is a very light one, and would thank yourself, and the other officers having the trial in charge, for the leniency shown in the case, but the man's mother, who is a worthy member of the Woman's Relief Corps, has an invalid, and mildly insane husband, whose service during the War of the Rebellion, has brought all this suffering and misfortune upon his family.

This mother now comes to us, asking us to plead with you, that this son of hers, may be allowed to serve his sentence at Governors Island, or elsewhere nearer Boston, than is

Fall River.

My Dear Sir:- Your welcome favor of sept. 30, enclosing photo, is received. Many thanks. Your letter itself is the very address we want for the November number and I shall take the liberty of inserting it with very little change of form.

One hour before your letter arrived I secured a photo from Sarony, and now I am embarrassed with riches. Both are good but which is the better for our use is hard to say. We will leave the question to the artist who prepares the cards.

Again with warmest thanks for your kindness, I remain,

The Objects OF THIS PROPOSED COMPANY ARE: To interest all people in better roads throughout the country, and better streets and sidewalks in cities large and small.

To give all who are interested an opportunity to participate in the profits of the immense amount of road making and paving to be done during the next ten years.

To have an agent in each city in the United States, and through him bid (in competition with other bidders) on the proposed road making, paving, etc.

To reduce the cost of road making, paving and maintenance to a minimum and to a degree of perfection surpassing all other countries in the world.

To encourage operations in smaller cities and country districts, and especially in localities where the cost is great and the population small.

To create a condition of roadways that will enable the farmer to ride to town in all kinds of weather with more ease and increased speed, and at the same time enable the busy city dweller to ride farther, more frequently and quickly into the rural districts.

To counteract in another way the congregating of the masses in the larger cities by giving employment to the unemployed laboring classes during the construction of the contemplated works, to say nothing of the subsequent maintenance.

To render more serviceable to the business man and traveler, the citizen and farmer, that practical invention (which is growing in public favor and rapidly becoming indispensable)—the bicycle.

To give all vocations an opportunity to stimulate a work that will directly and indirectly return great value.

San Diego, Cal. Oct 3, 1892

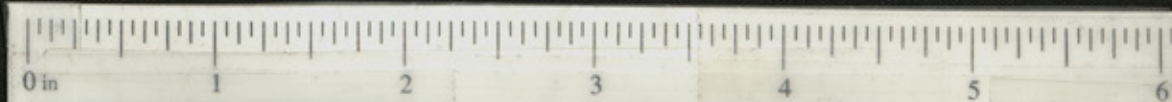

(Dictated.)

Learning that you are the owner of certain real estate situated in this San Diego county, which is subject to city, State and county taxes, we beg leave to call your attention to the fact that we are making a specialty of looking after and caring for property for non-residents. Our clientage is quite large, and paying particular attention to the management of property owned by persons residing at a distance, we solicit your business also. The laws of California in regard to assessing property and collecting taxes are not generally understood; for this and numerous other reasons they should have a resident agent here. City taxes are assessed and collected by one set of officers, and the State and county by another, and at different times. Many have paid one tax, thinking that covered all, and the property has been sold for the other tax. During the years 1886, '87 and '88, property owners were very careless in regard to paying taxes, and a large amount of property was sold. Since then a large amount of property has been and is still being sold for taxes. Some of this has been sold to the city and to the State, which can be readily redeemed. A large amount, however, has been sold to private individuals, and in many cases tax deeds have been issued. In other cases the holders of tax sale certificates are entitled to deeds now, and can get them by applying to the proper officer. Your property may be included in the list. Our advice to all non-resident property owners is to have a search made and see exactly how their holdings in this county stand. We have had a large experience in this line, and if you authorize us to do so we will undertake to make a careful search and render you a report, for which we will charge you a fee of from three to five dollars. If you desire to sell your property at the present low prices, let us know and we will do our best to find a buyer for you.

We refer by permission to the Bank of Commerce of this city, and will give other references if desired.

Yours, very truly,

My dear General

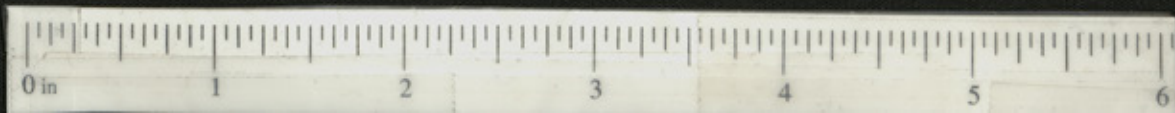

Your letter just recd.

We have postponed the Republican  
meeting, ending the action of Congress  
relative to the closing of the sale  
of the Watts Train on Sunday,

until Oct 16 (Sat.) 7:30 P.M.

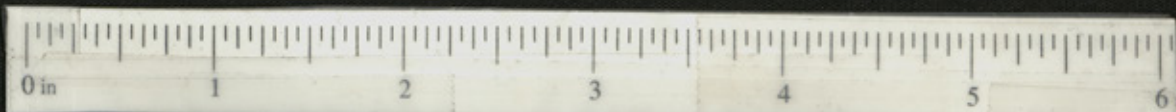

Can you be with us then, your  
presence will be a great power  
we only ask you to talk 15 minutes  
or come if you can. I shall  
be delighted to entertain you at  
my house - Truly yours

My dear father:-

Your letter of October first I received yesterday.

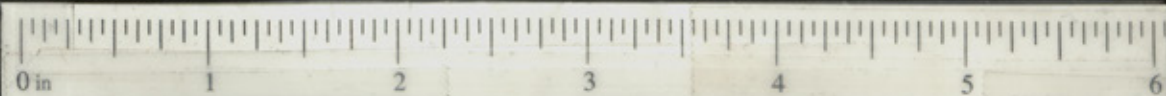

It contained the three checks, total \$161. also the railroad pass.

So, you got my answer to your telegram and will sail Oct. 15th.

We are sorry to have you go, but if you feel as if you must then go soon, return quick and bring Adelheid with you. As I telegraphed you we will remain here to see John settled in his new quarters i.e. mother and I, for Bessie has agreed to visit friends in Chicago the 15th after which she will stay a short time with Nellie Kröss in St. Louis. John stills hopes to be ordered to the Opening of the Worlds Fair, but he would have to be temporarily transferred to another company as neither of these companies <sup>here</sup> is to be ordered.

I will give Bessie \$50. for her trip and retain the \$100. for our expenses. We will write Jamie if we need more. Mamma says for him to keep our house till we return, which will <sup>be</sup> soon after Nov first, in time to welcome Guy and family on their landing Nov. 15th. Dont forget to leave your R.R. pass <sup>some</sup> where for me. John and Bessie got safely back from their lake trip and had a fine time though <sup>he</sup> was sea sick for the first time I guess in his life.

I am glad to report that I gain steadily and all see that I am getting fat. The doctor here has explained to me the benefit to the spine

of sitting in a cold water bath every night, jumping immediately after into bed. It has been successful with me and I think strengthened my whole nervous system. I feel better, do more and am so brown hands and face, that you would be surprised.

Your remarks on having a place for everything amused us all, for John's house-mate is a West Pointer and his rooms and desk are a sight to see. It made mother groan when we first came. John is a regular woman in comparison to him in that respect.

Last evening we had a young English lady in and we spent the time in playing Halma. On Saturday I spent the day on a picnic in the woods with her and her Sunday School class and enjoyed being out of doors all the day. We gathered large bunches of autumn leaves.

The weather is today clear and pretty cool. We have had some frost. I have written this letter on a Smith Premier Type-writer. I like it better in many respects to the kind you use. This is my second trial so excuse mistakes. Write us about the details of your proposed trip. All join in much love. How is Capt. Gray?

Affectionately your son

P.S. I enclose for Jamie a clipping to prove what I said to him; that the compulsory insurance law in Germany was nothing but another tax on the people.

General O. O. Howard:

Sir:

Can we not make an arrangement with you for another series of articles? We should very much like to have such a series, and as you know, stand ready to pay a fair price for them. We need not tell you that nowhere will you find a larger or more appreciative audience than among the readers of The National Tribune.

Dear brother:--

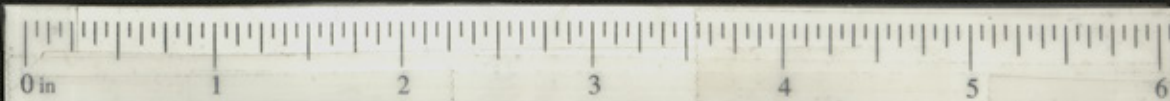

I have not heard yet whether you are going to attend the Conference at Lake Mohonk. I hope you will do so and should like to have you return with me to the Dedication of the World's Fair Buildings. Can you not do so? I will have a complimentary invitation for you to be present. Possibly you might already have received one.

Now, one other matter: owing to the unexpected absence of the both Western Passenger Agent of the Hudson River and Lake Shore R.R., I am lacking transportation from Buffalo to Poughkeepsie. If you can spare it, and it is otherwise practicable, would you send me your ticket as you did last year? I should leave here next Monday morning and arrive in Mohonk on Tuesday night. You would, I suppose, use your West Shore ticket in getting there, as it would be more direct for you, and <sup>you would</sup> ~~should~~ not, I suppose, be needing it at that time. However, you may have other uses for it, and if so, you will not hesitate to say so. Please telegraph me if I can depend upon it to be here not later than Monday morning.

Affectionately yours,

P.S.--One other particular of the plan for the Dedication would be to have Lizzie meet you here if she could.

P.S. Since writing the above I  
have received your letter in  
which you say you are going  
again 15<sup>th</sup> week in to  
Cam that evening. I will try to  
come here so as to spend Sunday  
with you, if I can get the  
tickets - So I beg to say -

Your kindly & sweet reply to the Committee's letter regarding the Praise & Ratification meeting at the "Auditorium", Friday evening next at hand this a.m. & I am sure will give as great pleasure to the thousands who will hear it, as it has to our Committee.

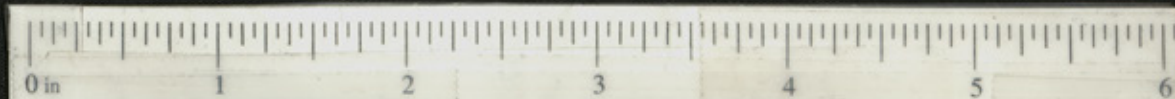

Inasmuch as you dubbed me as Rev in addressing me, let me say I am but a private in the army of Our Lord.

I was a Confederate Soldier, General, from Louisiana, & lost my right arm at the battle of Shiloh. Subsequently going on the staff of Lt Genl (Bishop) Lock, & serving til the close of the War. I greet you then as a comrade, & not only are we united in love for our common Country and in purpose to maintain her honor & glory, & the Faith & traditions of our Fathers, but we are one, too, as Soldiers in the Army of The Lord, and in the purpose to maintain the honor of His day, & the right of our fellows in the same as His gift to man.

With high esteem

Very truly Yrs

General O. O. Howard

Dear friend!

Since seeing  
you on Sunday last, I have felt so aggrieved  
for fear <sup>that</sup> I have hurt your feelings  
in refusing to keep the class; but if  
you will see me, unfortunate one, I can  
explain my reasons for doing so, and I  
do not ~~at all~~ want you to condemn me, until  
you know the truth.

If you would be kind enough to allow  
me an interview, kindly let me know  
when or where it will suit your conveni-  
ence, for I would be delighted to see  
you before you go away to Spain.  
I thank you from the depths of my heart  
for all past favors and am not now  
grateful for all you have done.

And until my eyes close in death, shall I  
forget all your kindness and goodness.  
I met a lady & she told me, that this is the  
time of the year to register for a position &  
I went to the G. W. E. A. 7 E. 15th St. Miss Lacy  
the Secretary wanted a recommendation, I  
told her that Gen. P. O. Howard would  
call in person to supply that.

If there is anything that I can do that  
would please you, nothing in all the  
world would please me better than pro-  
ving myself grateful in doing what would  
honor a Christian.

Please, dear friend, oblige me by not men-  
tioning my name to any one in Church, except  
Mr. Meierholz, it would make me happier  
if you would kindly grant me this favor.  
With highest regards and best wishes,  
I remain

Yours true & sincere but unhappy  
friend Mattie R. McQueen.
