Gen. O. O. Howard,

Dear Sir:

Bearing in mind the fact that you manifested a lively interest in the HANDBOOK OF NEW-YORK CITY during the time of its preparation, and that you gave me valuable assistance in correcting the manuscript for the same, I fancy that you may be interested to know that the HANDBOOK has just been published, and is now ready for sale. It makes a very sumptuous and beautiful volume, with the finest group of half-tone engravings,—over 800 in number,—that has ever been made.

I enclose an order-blank, which I should be very glad to have you fill out and return to me, with as many dollars as you think you may require copies of the book.

Yours truly,

Moses King
Dear Mr. G. Hennessy,

Per 8: New York,

Please let me know if you have received a

reply to any of the notes that you mentioned

in your letter to the New York City authorities

regarding the preparation and distribution of

the pamphlets. I am still interested in the

hardback and have been kept informed and

interested in the necessity for the same. I

think that you may go

into the matter further. If you have any

information, please send it to me.

I appreciate the effort and assistance you

have given on my behalf, and I am grateful

for your assistance.

Yours truly,
TO SPECIALISTS ON STANDARD DICTIONARY.

Dear Sir:--

At the request of a number of Specialists we send to each a duplicate set of the full Galley-proofs of Standard Dictionary—one to be retained by him for reference, and the other to be corrected and returned. You will find that your phraseology has been changed in some instances, and in some cases your definitions condensed, so as to make them conform to our rules and to our space-limitations. Kindly review them all as soon as possible and return them to us with your corrections, so that our printers may not be delayed.

If there are words included that should be omitted, or words omitted that should be included, do not fail to correct accordingly. Please bear in mind that this is the last time that the Specialists see the definitions before they are printed. In every case put your initials on each proof after correcting it. This will indicate that in your judgment the proofs are ready for the printers.

Each Specialist is to concern himself with only those words and definitions that belong to his special department. Any suggestion or criticism, however, touching any other part of the work that may occur to him may be written on margin of set of galleys returned, and these notes will be carefully considered.

As the number of Specialists is very large and the entire proof-reading machinery for the Dictionary most complicated, we are compelled to ask each helper to return proofs within three days from receipt. If not returned within this time we shall take for granted that they are satisfactory. We are under the necessity of pushing the printing of the work with the greatest energy consistent with accuracy.

Yours most respectfully,

FUNK & WAGNALLS COMPANY.

Dear Sir:

Kindly send me a copy of your annual report in which you condemn the effects of the canteen system of retailing milk daily in post offices.

Dear Sir:—

Through a clerical error on the part of one of our employees, a printed letter in imitation of a typewritten letter was enclosed in the envelope with proofs sent you. This letter may have been mistaken by your postmaster for a typewritten letter, thereby causing additional postage. If this has been so in your case, please keep an account of such postage, or of any postage you may have to pay because of proofs and letters pertaining to the Dictionary, and when the work is finished be so kind as to include in your account your bill for postage.

Dear Papa and Monsieur Lebrun,

L'autre jour nous avons été à Chicago, et nous avons passé une journée agréable. Nous avons visité de nombreux hôtels.

Je regrette que vous ne soyez pas venu avec nous. Je suis certain que vous auriez aimé participer à ces activités. Nous avons visité la Foire du Commerce, où nous avons eu l'occasion de voir de nombreux produits de divers pays.

Je vous envoie mes salutations les plus affectueuses.

Mon cher Charles,

Mes deux lettres de votre date ont été reçues.

Madame, de votre nouvelle, j'ai appris que vous êtes à St. Malo.

Je suis allé à Antibes près de Nice et j'ai rencontré plusieurs amis y avoir vécu. Je vous enverrai une lettre plus tard.

La semaine dernière, je suis parti en voyage pour Paris.

J'ai écrit à Mme. L...r... qui m'a répondu.

Je suis donc à Paris. Il fait un temps magnifique.

Je vous enverrai des nouvelles quand je serai en Angleterre.

J'ai reçu une lettre de votre femme. Je vous enverrai une autre bientôt.

Je suis très occupé actuellement.

Je vous embrasse amicalement.

My Dear General:

Everything is moving along smoothly. Nothing having occurred of particular importance. Had a very pleasant time while in Chicago. Met Miss Bennett at one of the "Dales" and of the works called to see her. She seemed to be having a very pleasant time indeed and seemed to think Chicago was not such a bad place to be. I think she would have liked you express your opinion.

Yours sincerely,

Dear Schofield.

You's Schofield, Muriel, Bronco, and Cleo were all in Chicago during the celebration and were in the procession. They had good times and were hand marshaled. I have not attempted to give any description of it, but I think they must have won.

There are many satisfied, but there are some to be saved. I hope you are enjoying your visit and finding plenty of material but there it seems to me that you should take a little pleasure out of your visit and not do all work. The Middletown boys left and Dr. Hoff is here. Captain Barnet and family returned about a week ago and the Captain seems very much improved indeed. A letter came from Mary yesterday saying he expected to be back about the 15th. Captain Rollins sailed yesterday for Ireland and will be away for about two months. Then now one piece of news "General Tappan thinks we are going to have a Democratic President." You see they have talked so much politics to me that I am at present undecided as to whether all the republican men have left the country or not.

Your house is closed at present.

It gives me very much pleasure, indeed, to be able to extend my hearty congratulations and best wishes upon the 2nd anniversary of the birth of my distinguished fellow countryman.

God bless and grant that you enjoy many more useful and happy years in a land you love and have served so well.

With many pleasant returns of the day, every good wish for your welfare and kindest regards. Believe me,

Yours sincerely,

George Geisel.

Major General O.O. Howard,

Dear Sir: - I have in connection with my Church an admirable little Military Company of 60 or more boys of 15 years and over, of whom 40 or more are pretty well equipped. They have drilled diligently for six months, are very enthusiastic and present a good appearance. For their interest and profit I have for some time hoped to ask of you the privilege of marching them over to Governor's Island some Saturday afternoon.

My dear General Howard:

I greatly desire to have you deliver a lecture before our student body and such citizens of Syracuse as may wish to attend it (and they will be many) on the subject of the United States Army, its organization, duties and heroism, including in the lecture as much of your personal experience in war time as you may.

While here we also desire that you should deliver a talk to our students on the subject of personal religious life.

Please let me know if you will come at all, and what compensation you desire, and when it would best suit you to come. I have only suggested this topic; any other which you might prefer would be equally acceptable.

Dear Gene:—I send you by this day's mail copy of the "Ohio Soldier," so you may see how the orderly who was with you in front of Atlanta, near the skirmish line, the day your horse was shot, "now looks." I was a member of the 11th Light O. Vol. Cavalry Co. — McPherson's escort. With best wishes,

My dear General Howard,

If you are interested in knowing whether I reached my journey and without a mishap, I am sure the least I can do after all your kindness to me in to write.

He had a very pleasant drive in Gibraltar and steamed back to the Teldie, resplendent with its many lights. I must say that I preferred terra firma, though.

He was in the same company, sentiment from Milan to Zurich.
with a lady, a very delightful travelling companion, who knew Mr. and Mrs. Mykiss. I never found out her name however, she was vastly entertained by Mr. and Mrs. Delisle, who were certainly very apparently a amusingly bridegroom.

Prof. Yetter met me at the train and I have found a pleasant home among kind and thoughtful people, and one deep in my work at the University and in the mysteries of German grammar and idioms.

I hope your trip has been a success; the time must seem very short now that it is drawing to a close, but I congratulate you on...
