Gen. O. O. Howard,

Governor's Island, N.Y.

Dear Sir:--

We beg to hand you herewith the prospectus of a new high-class illustrated monthly magazine.

You are familiar with the growth of sentiment favorable to the establishment of a literary and educational periodical which should, more than any now in the field, arouse and develop in the minds and hearts of the young, love of learning, love of law and love of country.

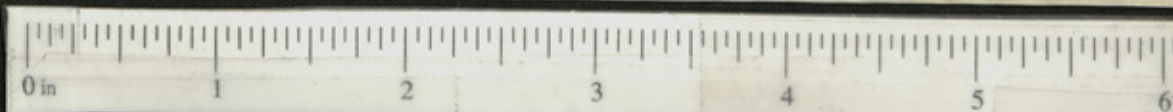

Such an undertaking is difficult under the most favorable circumstances, and before entering upon so trying a task, the most sanguine and hopeful would feel much assured by a few kindly expressions of interest and favor from men of experience and high standing who are, in an important measure, the creators of public sentiment and on whom largely waits the advance of thought and improvement.

Will you not kindly express your feelings relative to the noble work we have undertaken? By so doing you will greatly oblige and encourage us and sensibly aid a cause dear to the heart of every true American.

Yours with great respect,

AMERICAN YOUNG PEOPLE.

Dear General Howard:--

We are to celebrate our anniversary exercises on a Sunday morning in January, the third, fourth, or fifth, probably the last.

We have a new plan this time which involves the securing of ten or twelve of our most prominent churches for Sunday morning, the time when our most influential people can be reached ~~in behalf~~ of the Association.

We feel that for so an important a service as this we must secure the very best men who are interested in our work, and have decided to pay them \$50 each. Not that that will represent the value of their services, but will be simply a recognition of our appreciation of the sacrifice of time, strength, and perhaps income, that they will make in order to accept our invitation.

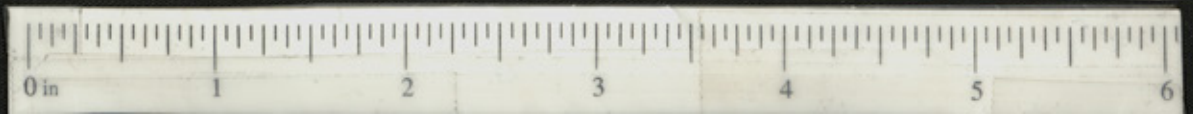

We would like to have you as ~~one~~ of the speakers. We are proceeding cautiously, and are not securing any more churches that we have speakers for, ~~or~~ any more speakers that we have

churches for them to speak in. President Merrill E. Gates, of Amherst College, has consented to speak in the First Presbyterian Church; the Rev. Dr. Cuyler will speak in one of the churches; and we have secured the Lafayette Avenue Presbyterian Church. In thinking over the churches that we would like to secure, I thought it best, first of all, to write to you and learn whether you could come on one of the Sundays mentioned, and if so, which of the churches in the City you would prefer to speak in. Of course this information concerning your preference would be for my personal use only.

Will you kindly let me hear from you at your earliest convenience as we wish to make our arrangements as far in advance as possible so as not to conflict with possible other engagements of the churches of speakers.

My Dear Friend & Bro.

Hon Sir. Allow me the privilege and honor to welcome you home. I have watched for the report of your safe arrival. I should have gone down to the Island to greet you, but I thought you would be so tired after your long journey and that your family would have the first claim to your attention. So I decided to kindly greet you in the name of my beloved Lord and your land by means of the pen "peace be unto you" -

I must say that I am delighted at your safe arrival to our loved shores and your home.

Gen. O. O. Howard,  
Dear Brother:

I know you are very busy but perhaps you can do what I suggest without much trouble and perchance under God it may do much good.

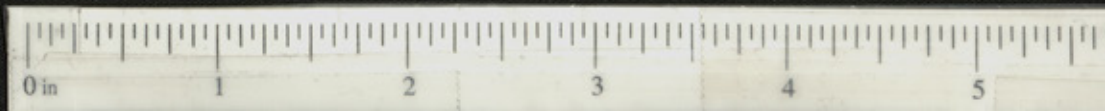

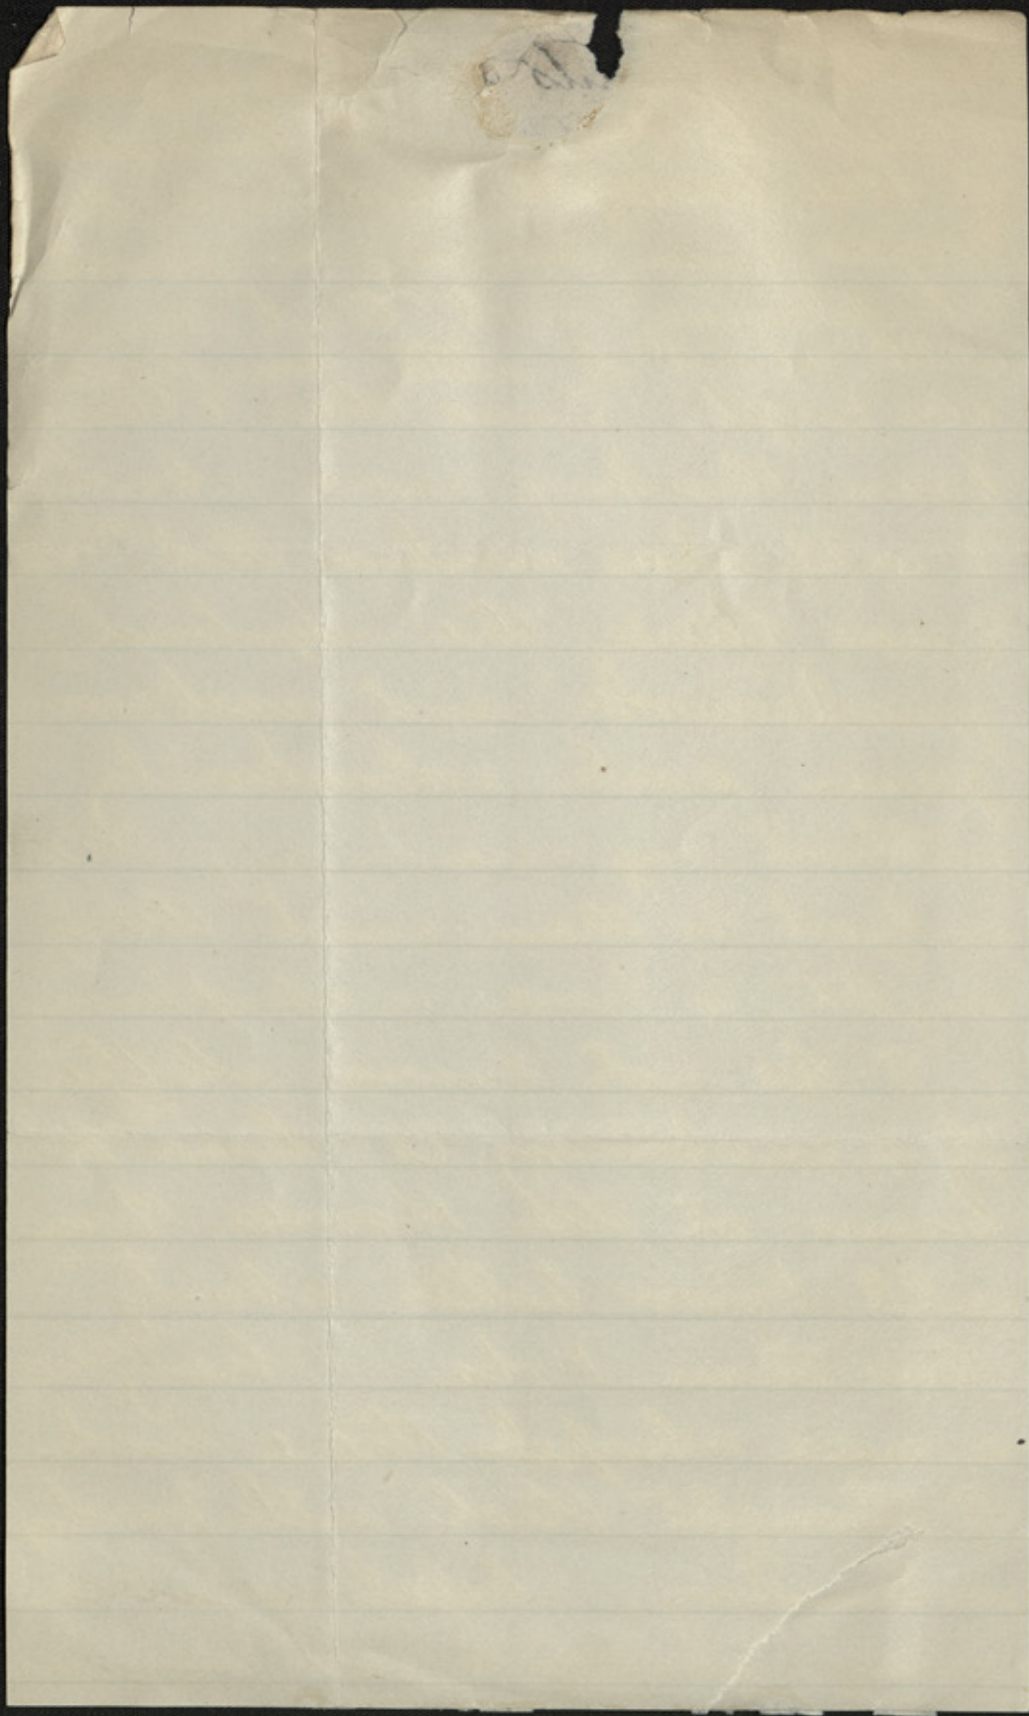

In September last I visited the Soldiers' and Sailors' Home at Bath N.Y. The commandant and Gen Slocum who was there at that time asked the visitors to suggest any

improvement it might  
occur to them. I thought  
of the benefits that might  
arise from having a good  
chaplain, and had some  
talk about it with Gen Rogers  
the Supt. Since then I have  
been thinking more about it.  
I will also mention that <sup>while</sup>  
I was there, the adjutant,  
quartermaster and asst sur-  
geon each voluntarily  
without my mentioning the  
subject to them said they  
ought to have a chaplain.

I do not know whether  
it is customary to have <sup>chap-</sup>lains  
at the Homes. You  
will know better about  
this than I do. They <sup>have</sup>  
a nice chapel there and  
I thought that with preaching  
on Sunday, chapel service  
every morning and minis-

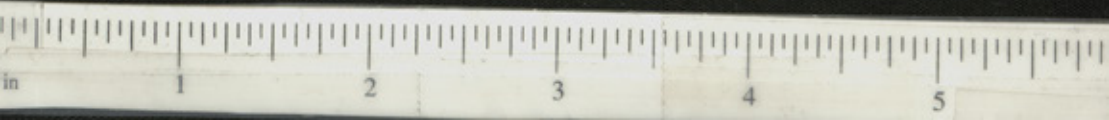

trations to of 800 to 1000  
men such a adjunet only  
have enough to do.

Of course now they have  
meeting each Lord's day  
by the local clergy, but if  
I heard correctly this <sup>costs</sup>  
more than the salary of  
a good chaplain and a  
tax upon the clergymen  
there that they would  
willingly surrender.

What I wish to suggest is this,  
I suppose you see the presi-  
dent Gen. Slocum often and  
could mention the subject  
to him or could drop him  
a line. The trustees meet  
in February. Probably you  
would have more influ-  
ence in the matter with him  
than anyone else.

Dear Sir and Cousin, I would not write again. I'm sorry how fully your time must be occupied, especially as your son sent me letters of introduction to Gen. Wheaton and Dandy, but I think you could assist me by writing direct to these Generals, asking them to give me a trial when first vacancy occurs. There is none at present.

I am in very embarrassing circumstances, among strangers, and very anxious to get a foothold. I sold out my business a year ago in the north and what with traveling and doctors am about out of funds and must get work soon.

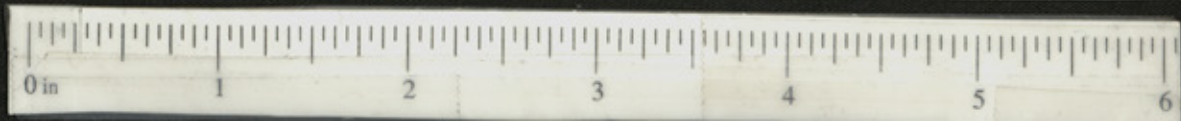

I think you would assist me a great deal by writing. All I ask is to be given a trial - long enough to become familiar with my merits.

Dear Sir:

At the time of the news of the disaster to the "S.S. Spree" the writer received from one of your company's circulars. Now that you have safely arrived home and have had an opportunity to get rested and collected, I beg leave to address you, and perhaps it may result in good for both of us I am a retired ship master, and since the Oregon was sunk off Pine Island, have been at work trying to persuade some Steamship Line to be established with Unsinkable Ships - have the "Spree" been fitted with our design of ship. You could not have had your mind racked by the feeling that the ship was going out for under you. I know what that feeling is, as I was at one time Chief officer of a large ship which capsized in the middle of the Atlantic, in a gale which had been blowing for 10 days - but thanks be to God, we were saved, if there is anything that brings a man to his sober thoughtful mind it is a ship wreck as it usually takes so many down at once -

Now I wish to lay before you a few business facts, and beg to ask that you will look them over, and if you can think of some one who will keep me yet these

Company on this fact, I need be only to happy to reimburse  
 you for the service. What we need is someone who can  
 rise from a syndicate and put a line of ships, any which  
 will be safe, the present system of Bulkheads is all wrong  
 & no ship can be expected to float when you reduce her  
 displacement, to an amount equal to difference between her  
 displacement at load line & her danger or sinking point of  
 displacement - it is against the laws of nature to expect it -  
 this I can explain to any one -

Bvt. Brigadier General, U. S. A.

WAR DEPARTMENT,  
ADJUTANT GENERAL'S OFFICE,  
WASHINGTON,

Dec 17<sup>th</sup> 92

My dear General

I drop you this  
note by way of a first-report  
and let me express first my  
heartily-coming congratulations to  
you on your escape from  
the dangers of the sea, your  
preservation seems to be  
another instance of the  
wisdom of "putting your  
trust in God and keeping  
your powder dry."

As my quarters on  
the island will not be

ready for occupation before  
about the 1<sup>st</sup> of Feby, and as  
I have a job in hand with  
Col. Hall of revising the  
Regulations I have arranged  
the following plan with-  
the approbation of the authorities  
here and I hope it will  
also be agreeable to you,

I will take quarters in  
N.Y. City - about the 28<sup>th</sup> inst  
Keeping my station here and  
Col. Hall and myself will  
pitch into the Regulations  
work together (we have been  
working on it a fortnight) and  
I hope in the month while

my quarters are being fixed  
up we can accomplish a  
good deal and we want if  
we can to complete the work  
by June - when my quarters  
on the Island are ready I  
will go over and refresh  
myself for duty, from that  
time of course I can  
take only a fourth of the  
day for regulations.

I am much delighted  
at the prospect of joining  
my duties with - you, I only  
hope you feel half as  
much pleased about  
it - as I do.
