My dear General Howard:

The case of Hubbard against Webster Co. will probably be tried sometime during the first half of February. As we are counting on you for a witness, if you should be called away about that time, please let me know so that I can have the case adjourned.

We will not want to put in evidence any of your letters to Hubbard Bros. We would like to see however Hubbard's letters to you relating to the change of title page, say from Feb. 20th to Nov. 20th. Could you send them to me and let me see them - I only want those relating to the question of authorship and change of title page; copies will do just as well.

When you come to the trial, I would also like you to bring the letter prospective you have as it may be useful.

When I learn more exactly the date of the trial I will let you know. I will also serve you with a subpoena so that if for any official reason you should be prevented from attending, I can obtain an adjournment.

With many regards for enlisting as much annoyance, I must, very respectfully, 

Yours, 

P. T. Sherman
My dear General Howard:

I think we can come to a better understanding if you will glance over your article once more, which I return herewith, putting yourself in the position of an ordinary reader of our paper. The first seven pages are all right and would make an excellent article. But you must see that the last four pages have only the remotest connection with the subject, and are simply a tribute to a personal friend, which, in our judgment, is entirely out of place in an article of this character.

You see I imitate your own frankness, and I hope you will be disposed to return the article minus the pages to which we object. It will be much more effective and will impress much more favorably our many readers. We have no disposition to squelch Dr. Upham or any of your personal friends; and we fail to see how our suggested disposition of the article would do it.

With sincere respect,

Yours very truly,

H. A. Bridgman

I am very sorry to receive such a letter, as I had expected you to write me the news of my appointment. However, I understand that you may have had some difficulties in finding time. I hope you will take the time to consider the situation carefully.

You see I realize that your own happiness is the most important. I hope you will be able to make the best of the situation. If you need any help, please do not hesitate to ask. I am here for you.

Dear Sir & Thos,
I want to thank you most heartily for your kind favor of the 5th last in regard to the P.T. Books of lecture. It is just what is needed to aid in the sale of the book contemplated. I have copied it & sent to the P.T. Temple chapter of Auburn N.Y. who will secure a publisher & have charge of its work through the ones. I am sure she will be delighted & will try & secure the first copy & have it sent to you as evidence of my appreciation of your kindness. I expect to go to location w. about two weeks & spend 10 days with Capt. Cook in preparing the book for the press. He is so
speedily needed, that only through an intimate friend this matter can I say all that I should like to of the work he has done for the Indians. Eternity only can reveal the grandeur of the work. If we could secure just such a man or wife for each tribe of Indians in one or two generations, this would be evangelized and civilized and become good, faithful citizens and no longer wards of the nation.

Again thanking you in behalf of Mr. Cooke Mrs. Martin and myself for the help you have rendered. I am dear Sir
Your very grateful in Christ

Meeting Mr. T. K. Burns who is now our Sheriff as I came from the AO, I said, did you not know Don Howard? "Yes, well," he replied, as though he may remember one if you tell him that there are some in the State prison in the march I rode up before the battle his staff with a pig on his shoulder. I asked where did you get that pig? "Born below here." Did you pay for it? Tell that person I am much yourSoldiers everywhere.

I know you will be pleased to learn that my family matters are happily adjusted. I hope soon to return and take up my residence in New York. I was obliged to come to Paris for a few months this winter in order to finish my lecture. I also am account of the Students' Association, a work that is doing great good & I hope to the Students' life in Paris. — I shall hope to see much of you when I get back. Would like you to call of Mrs. Anderson 6 East 38 st. She is a noble woman & very much interested in hospital work as present. My dear General:

Many years have elapsed since I had the pleasure of a talk with you. Your influence still remains in Washington, although you have been absent from it so long. I read of you occasionally in the papers and am glad to see you are still engaged in the great work of serving the Lord. I send you a copy of my mammoth edition of Shakespeare and hope you will, when you look at it, think of one who was benefited, when a boy, by your kind words and good example.

Dear Gen. Howard:—

You will be glad to know that the Lord is blessing the Union meetings here in Waterford; all the churches unite except the Episcopal nearly 100 professed conversion last Sunday. The ministers are very cordial and work beautifully.

Pray for us. May the Lord bless you in all your labors, is the prayer of your brother in Christ.

E.P. Hammond.
Dear Father:

I have made application for a position in the Armour Institute. I sent the application to Rev. Dr. F. W. Hemans, President of the Institute. I think that it is an opportunity to apply such talents, education, and Christian character as I possess, where I could promote results of more value to others than to myself than where I am now engaged.

I would not like to have an income less than $3000 per year, if the Institute desires me; because that is less than I now receive directly or indirectly, because of my present position. However, I think that a fixed income...
would be of value to me. Certainly the excellent opportunities I have had for study and travel should have fitted me for a useful position in the American Institute. I have tried to benefit by my opportunities, so kindly offered me by you & Grandmother. Indeed, my knowledge is of a practical & scientific nature combined.

This is what, it seems to me, would be of value in keeping alive up the Institute. If you desire you can write Dr. Bremser concerning my having told you of my application - also concerning the character of Adelaida & myself - & my practice of giving undivided attention to the work in hand. Mourning yours,

Dear Sir:

The editor of this representative trade journal, which numbers among its readers a large majority of the twenty-five thousand retail jewelers of the United States, begs the honor of a short contribution from you to a symposium entitled "The First Watches of Eminent Americans", in which the respective writers will describe their FIRST WATCH - its kind and style, how they came by it, their satisfaction or other emotion in the sense of its possession, or any phase of the subject which may present itself to the mind of individual writers.

The idea has been so cordially encouraged by the few distinguished gentlemen to whom it has been already outlined by the editor as to warrant the expectation of publishing a most interesting collection of experiences from the acknowledged leaders in contemporary politics, literature, science and art, and to encourage the hope that you might be willing to add to the pleasure which will be derived therefrom by your appreciative fellow citizens comprised in the jewelry trade of the United States.
NEW YORK,

It is the intention to append to each contribution a finely engraved portrait and autograph of the writer thereof, and the editor would therefore further solicit a photograph, with accompanying autograph, from which to make the engraving.

Hoping to be favored with your kind co-operation, we are,

GRAND ARMY OF THE REPUBLIC.  
Santa Fe, N. M., January 10th, 1895.

General A. C. Howard.

Dear Sir:

A few days ago I was shown a newspaper slip, taken from the New York Sun, bearing date, May 15th, 1895, which contained a letter over your signature, in which, among other things is stated that J. B. Elkins, late Secretary of War, at the age of 16 years, raised a company, and in one or more encounters, fought in defense of the union.

Take it for granted that you had no personal knowledge of the facts as stated; the source of your information I am ignorant of; I may be mistaken, but presume, that your letter was based upon statements made to you by the party embellished in your letter; so that as it may, I cannot permit such statement, made with a signature so honorable, and illustrious as your name has become in the history of this country, to go before the present generation, and down to posterity without a protest against such a falsifying of history; for a true statement of facts. I herewith enclose an article published in the Chicago
Carleton Post No. 3, Department of New Mexico.
GRAND ARMY OF THE REPUBLIC.

Santa Fe, N. M., Sept. 19th 1892:
In support of the statements made in that article, I am prepared to furnish you with the names of respectable persons, who have a personal knowledge of the facts, and whose testimony will fully sustain every allegation therein.

I would be wrong of history to record as a hero and a patriot, one who in heart was a traitor to his country, whose acts were those of a coward, who, in the hours of danger, deserted father, brother and friend.

Yours Respectfully,
Francis Dorns

Dear Gent.

I thank you sincerely for your kindness in sending me the programme of the meeting at which you were kind enough to consent to speak. I feel greatly honored to have been requested to address such a large and important audience as this. It is a great pleasure to me to be associated with such a noble and patriotic body as the Knights of Labor.

The programme is a very fine one and I am sure that it will be a great success. I have prepared a little sketch of the program which I trust will be of some interest to you.

I wish to express my profound gratitude for your kindness and for the honor which you have done me.

Faithfully yours,

Dear General Howard:

Please accept my most sincere thanks for your letter to the Secretary, which I should have acknowledged at once, but have delayed it from day to day thinking that I should be able to couple my acknowledgments with the announcement of my transfer. As that has not occurred yet, owing probably to a lack of vacancies, I now write to express my gratitude.

Faithfully yours,

Dear Gen. Howard,

The students in the American College for Girls at Constantinople, Turkey, have a Missionary Society which meets once a month. Their topic for Feb 5th is "Work among Soldiers." Miss Isabel F. Dorr, a professor in the college, made the request for information such as I may be able to give. I have really been very ill and I turn to you feeling sure that you will gladly do what lies...
Believe me, I wish the heart of your father strength. The letter you have been delayed and now there is not much time in which to reach your God.

Any published documents will be gladly paid for. A letter from yourself with some idea of the work you do. The work that is being done would be most gratefully received. I would love to learn of any assistance you can give. If I can be of any assistance to you, I shall be most happy.

With sincere regards,
