My Dear General:

Under date of Dec.
27 last you kindly prom-
ised me a recommendation
for appointment as A.2M. or
Capt. and C.S., U.S.A. I am
after whichever place first
offers a vacancy.

You said that you
would furnish it "about the
time of my application for any
office under the Govt.," and as I
expect my case will be presented
to the President as soon after
4th March as possible, I should
be much obliged to you if

you will send it now.

Mr. Harter, who has my case in charge, contemplates a trip abroad soon, which is one reason for my haste.

I should much like, with your permission, to make you acquainted with Mr. Harter some time when you are here. He is just such a man as you would like. He made an admirable address last night at St. Mark's Lutheran Church, on the future of the Lutheran Church, and is as great a force morally as he is politically.

I am, General, with warm remembrance of your great kindness

Yours sincerely

NORTHERN PACIFIC RAILROAD COMPANY.

PRESIDENT'S OFFICE, 35 Wall Street,

NEW YORK, February 19th, 1893.

TO THE STOCKHOLDERS OF THE

NORTHERN PACIFIC RAILROAD COMPANY :

My attention has been called to the following circular, extracts of which have appeared in the newspapers, signed by three members of the committee of five :—

NEW YORK, February 18th, 1893.

To the Stockholders of the NORTHERN PACIFIC RAILROAD COMPANY :

The accompanying report has been ready for distribution for several days, but the committee have not been able to issue it owing to the delay of the Northern Pacific Company in furnishing a list of stockholders. This list was asked for previous to January 1, and its speedy preparation was promised by the Secretary. Later, however, the Company attempted to make, as a condition for furnishing the list, the right of its officers to revise the report and to issue a reply simultaneously with its publication. This demand the committee naturally refused, and then the Company agreed to furnish the names. The delay is due to this action.

During the time which has elapsed since the completion of the Report, the Directors have made public a plan, subject to the approval of the stockholders, for liquidating a great part of the floating debt through the sale of the stock of the St. Paul and Northern Pacific Railroad. While the Committee realize that it is a delicate matter to interfere with the action of the Board in this respect, and while they hesitate to oppose a movement which is favored by the Directors in whose ability and integrity they have confidence, they feel, nevertheless, that such an important proceeding should not be taken just now without great deliberation and the assurance that a change is to be made in the financial policy which has proved to be so injurious to the Company.

In the first place it is not by any means clear that it is a wise step, except in case of extreme necessity, for the Northern Pacific Company to part with its St. Paul and Northern Pacific stock. It has been the unanimous opinion of its directors for years that the latter road should be under the complete and undisputed control of the Northern Pacific, and one of the objects of the issue of consolidated bonds was the possession of this stock. Yet no sooner has it been acquired than a scheme is contrived for its disposal. Granting all that may be said in favor of the plan, and assuming that it will be hedged about with many safeguards, it cannot be denied that other things being equal it will be for the interest of the Northern Pacific to retain this stock in its Treasury. Furthermore, it is not evident that the necessities of the case require such action at this time. With the exception of \$650,000 all of the floating debt is borrowed on time loans, none of which mature before the latter part of July and the bulk of them in September. Consequently it cannot be claimed that undue haste is justifiable.

Again, the sale of this stock will take from the Northern Pacific treasury its most important remaining asset. It will also set free the bonds which are now pledged for the floating debt and leave them at the disposal of the present financial management. There is no reason to believe that they will not be used, as others have been, to promote schemes which will involve loss to the Northern Pacific Company.

In other words, by this sale the present management can continue their previous course and incur fresh liabilities, so that at the expiration of their term of office they can turn over to their successors a road with an embarrassed treasury and weighed down with additional unprofitable leases. We believe that a careful reading of the enclosed report will convince stockholders that the record of the present managers is not such as to justify an extension, much less an increase of confidence. At the same time we are aware of the danger of giving them just reason for saying that their efforts on behalf of the Company have been unwisely hampered. Therefore, for the purpose of gaining an expression of opinion from the stockholders as to the existing state of affairs, and to acquire authority by which suitable guarantees of conservative action hereafter can be demanded from the Board, the committee have decided to ask the stockholders to sign the enclosed proxy and return it to either of the undersigned.

HENRY CLEWS,

15 Broad Street, New York.

BRAYTON IVES,

120 Broadway, New York.

JAY COOKE, JR.,

122 South 4th Street, Phila., Pa.

It appears that this circular has been sent out with copies of the report to the stockholders, signed by the same parties.

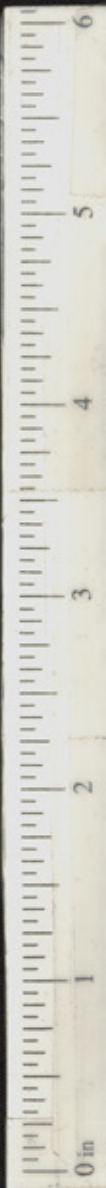

The contents of this circular will, I feel sure, defeat its object without any specific refutation or reply from the Company.

As the circular is made the occasion, however, for the request for proxies in favor of the three signers, I deem it my duty, as President of the Company, to recommend to all the stockholders not to act until they have received a statement of the reasons for offering at this time to the stockholders the Company's holdings of the St. Paul and Northern Pacific Railway Company stock, and until the Board of Directors shall have had an opportunity to expose the astonishing mistakes in facts and figures which the committee has made. These mistakes might have been avoided if the committee had accepted the Board's invitation to verify these facts and figures before publication.

ARMORY OF THE OLD GUARD

New York, Feb. 20th 1893.

The Old Guard of the City of New York, acknowledges with sincere appreciation the many evidences of friendship and sympathy which followed so promptly upon the announcement of the serious loss that had befallen the Battalion in the death on Monday, February 13th 1893, of its beloved Commander

Major George Washington McLean,

who for a period exceeding a quarter of a century had so faithfully guided its military and social destinies.

In the great bereavement that has come to us, our fellow soldiers by their considerate remembrance have lessened the keenness of our sorrow, and taught us that our loss was to be regarded as public and general rather than as personal, and that our Major had many appreciative friends outside of his own military household.

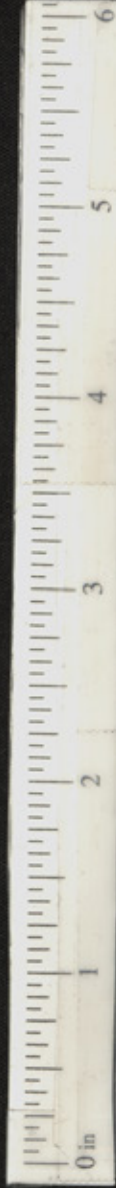

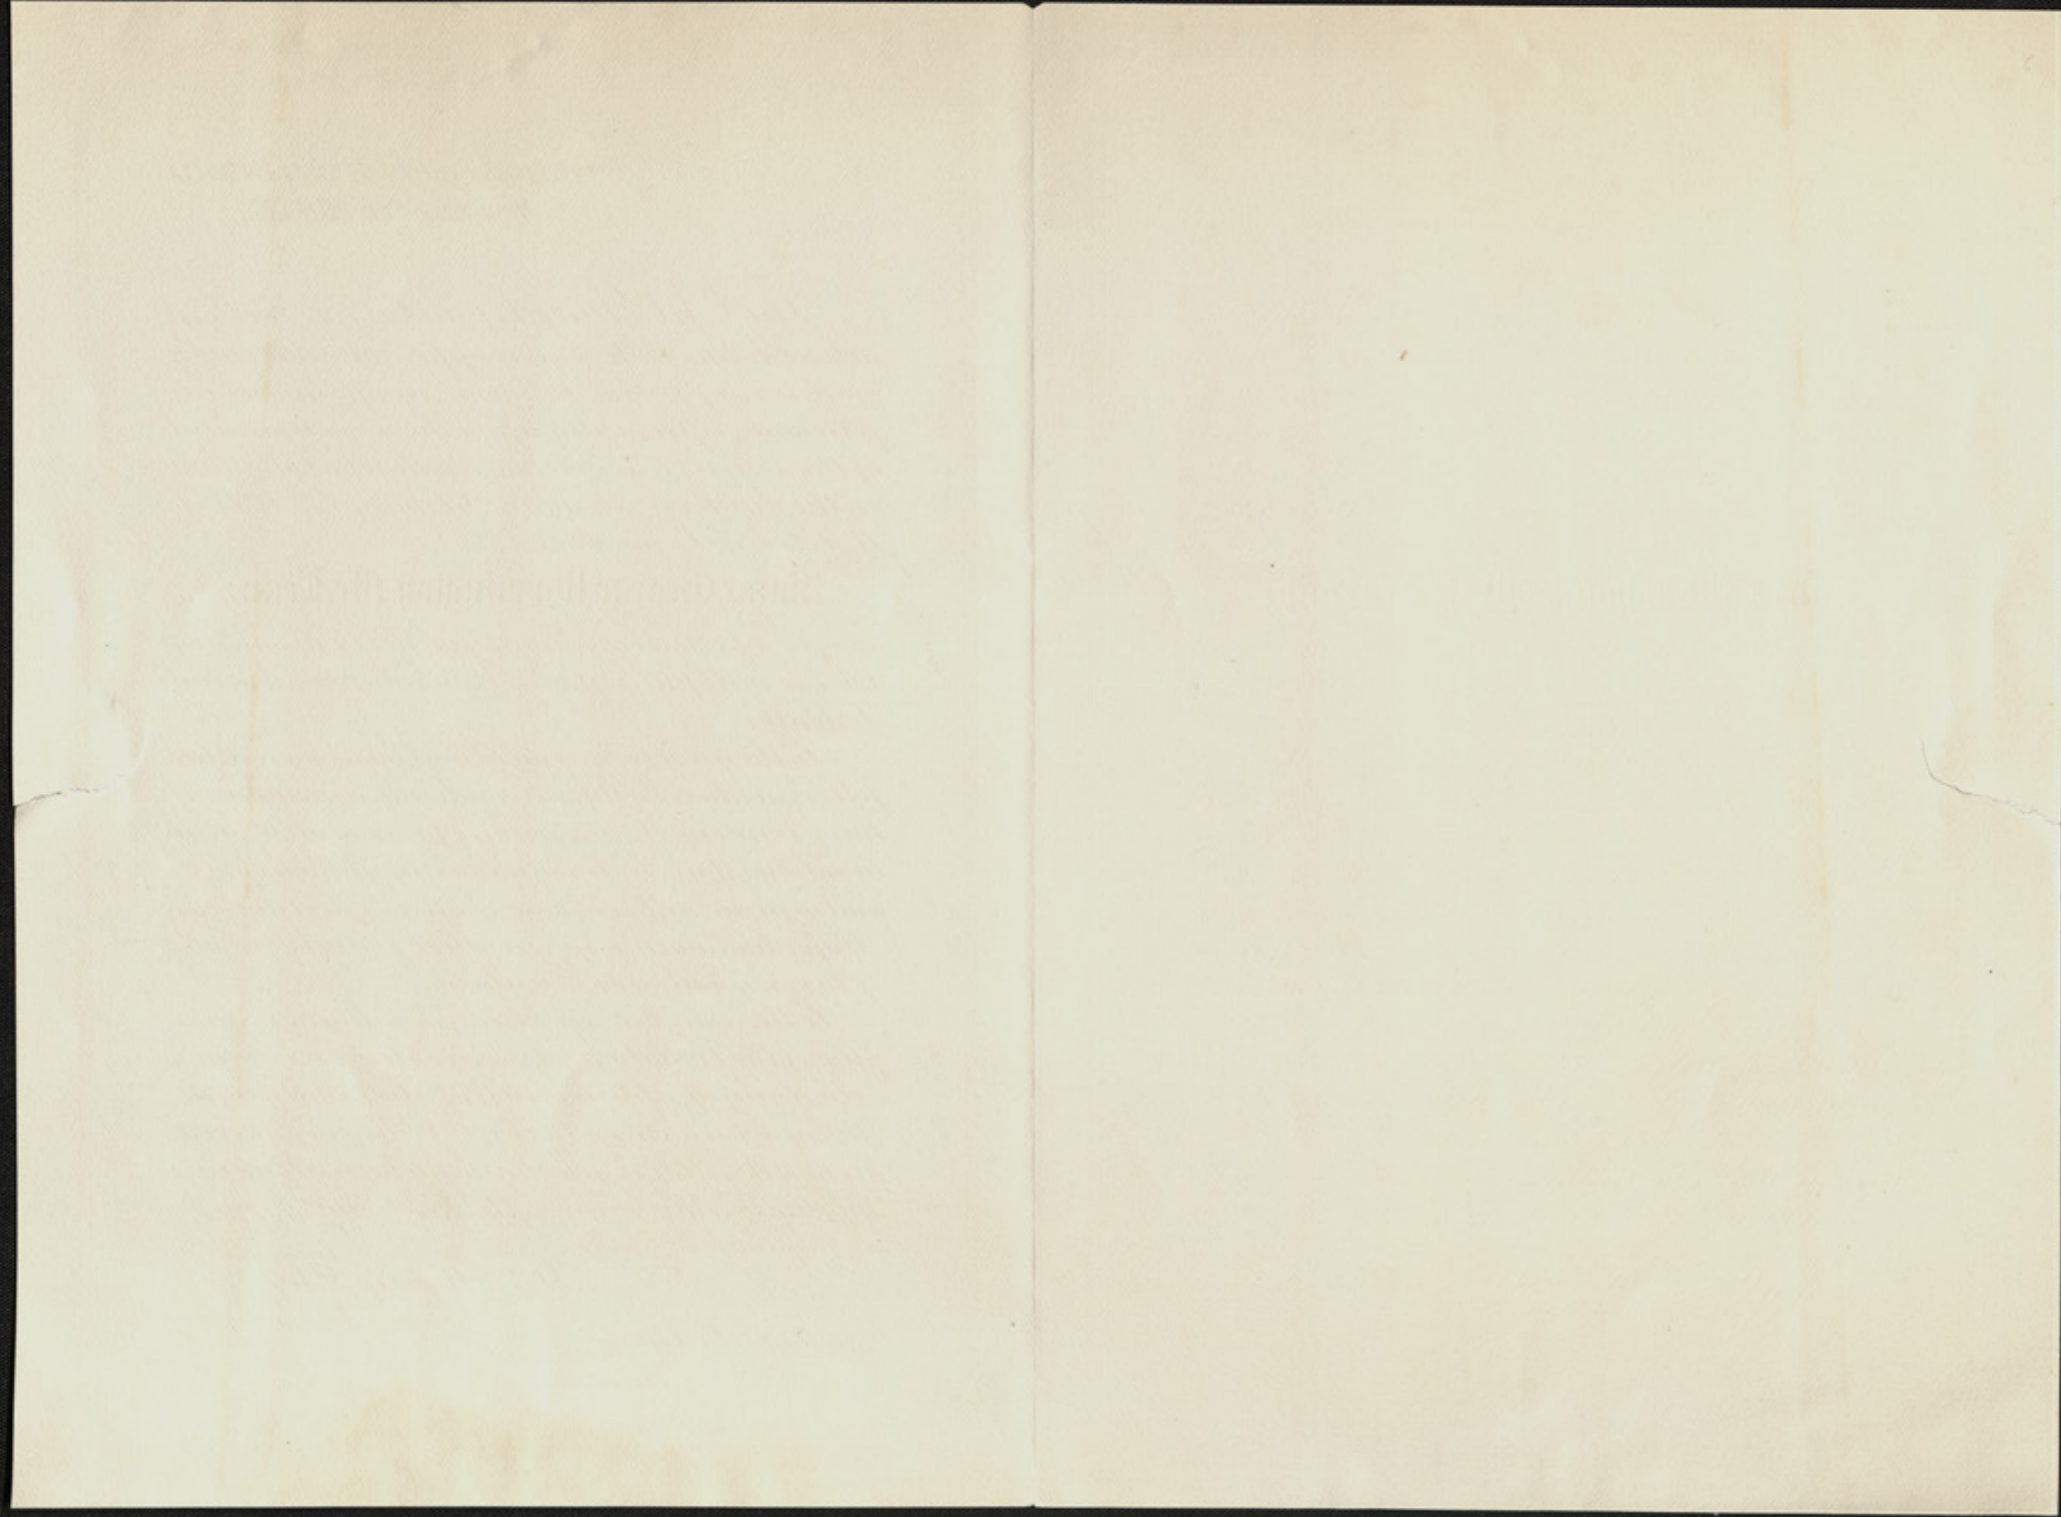

To these and to our kindred military organizations the Battalion wishes to extend its thanks with grateful appreciation of the kindly sympathy which came to it in its days of sorrow from all sides, a sympathy which alone can supply the silver lining to our cloud of grief.

Dear Sir:

Sometime ago I read that you was conducting a Mission School to rescue and save the perishing, and that ^{financial} assistance would be acceptable. At the time I read it I wanted very much to forward aid of that kind, but was not able. I could not send a large amount now, as I am a salaried man and my salary is small, yet I will try and send something if it is needed. My wife was once a teacher in a Mission School in Brooklyn, and so we feel interested in the work. We are Congregationalists, and have the name of being active members in our little Church.

If such papers as the Nice Spring or New York Witness would be of any service I would gladly send them also, I have a great many Christian Heralds which are at your service.

We have in all between eleven and twelve hundred students in attendance and of these eighty or ninety per cent are Christians. From one to two hundred students are converted at the University each year. I am very anxious to secure a successor to Professor Leavell who is a thoroughly Christian man and a good officer, competent for instruction and a person of many qualities. Well, we know that and I say, on that account I have to give an account of myself. That I labored hard in Providence I need not to assure you, so much, that I returned to New York BROKE-DOWN. The winter was a very hard one on poor me and it still keeps up. Here I met your and my old friend the Rev. Dr. W. Justin Harsha, now paster of the second Col.

Dutch Reformed Church, 269 Lenox Avenue formerly of Omaha, Neb. with whom I am well acquainted from there, having been General Sec., of the Omaha Y.M.C.A. while he was the pastor of the first Presbyterian Church. We always speak of you when we meet. Well, I made application for a position with the North American Review, 3, East 14th. street, N.Y. City, and they wrote me to come down which I did. Then they wanted my references and amongst others I gave the name of my spiritual father General O. O. Howard., Dr/ Harsha, the well-known Philadelphia Quakers, Elkinton Brothers, and others. They wrote me to come down again and having past through the fiery furnace of poverty and illness and family afflictions this winter, I was compelled to pawn a little article to take the cars down. - They were pleased with my references, and was told, that one was from you,

for which I desire to thank you. One man had handed me the contract to sign and when he took me into the office of the HEAD-MAN, a Mr. EATON, that good man said: "Mr. Peck, we like your references but we cant use a lame man to travel for us." I assured him, that I was an old TRAVELER, you know, a WANDERING JEW, yet I could not succeed, and you can imagine that my poor heart is almost broken for I am so much in need of employment the sooner the better, for, I am frank to state, that work or help must come speedily. Now then, my dear General, do you have enough influence with the North American Review to tell them, that I can travel with my crutch? I am sure that you are well acquainted with the Editor LLOYD BRYCE OR PERHAPS WITH THE PUBLISHER MR. MUNROE? I am almost distracted with grief over the news received from them today. Will you try and intercede for the "LAME JEW" once more for Jesus' sake? SINCERELY,

Robert Peck

My dear General:

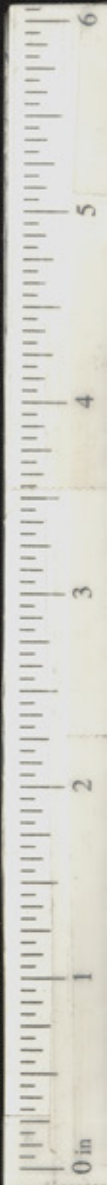

Yours of the 20th received. It is not, in my opinion, within the range of possibilities to pass a pension bill for Gen. Chamberlain at this late day in the session. The business is crowding tremendously. One objection would prevent its consideration in the House, and with the present feeling there in relation to pensions you know as well as I that there would be fifty objections. I will tell Hawley and Hale what you say and read them your letter; but I think I will not undertake any such task as this. I would rather clean out the Augean stables.

Very truly,
