Dear Sir,

My apology for addressing ^{you} must be the suggestion contained in the enclosed letter, received this morning from your brother Charles H. Howard (a dear friend & family connection.) You will possibly remember that, in September last, I presented a letter of introduction to you from your brother, & that I had the pleasure of lunching with you at your residence. You were good enough at that time to furnish me with a note to Capt Davis, which eventually obtained for me an interview with Mr. Warner Miller. Within the past few weeks the San Domingo Improvement Co. has sprung into existence, having for its object the acquisition of certain privileges in San Domingo. The name of Mr. Warner Miller is associated with this new enterprise, as also that of Mr. Charles W. Wells. To this latter gentleman, who is, I believe, the Vice President of the Co., I have addressed several letters, with the intention of bringing myself to his notice as a person fitted by special experience & qualifications to assist in the management & development of the company. Now, I understand very well that very little attention will be accorded my self-introduction, unless I can make interest in support of my application; & for that reason I asked your brother Charles to call upon Mr. Wells, who was last Saturday in Chicago. I will leave the matter just here, merely remarking that, if it be in your power or convenient to intervene in my behalf, it would be esteemed a great favor - a favor, however, I am well aware I have no excuse to expect, except through the kind suggestion of your brother.

New York. Dear Sir

I applied to the Bible Secy of New York
for a supply of small Bibles & Testaments to
use in Christian Endeavour work at
Jefferson Barracks. I want to give them
to good men, young & old, - those who are
deserving. I could use probably 25, or 30
per month. My request was endorsed by
Adjt. Foltz. If you can speak a word
for us I will be much obliged, and any
thing you can get the Tract Secy to send
will be appreciated. And if at any time you
can speak a word for the cause to any of
the Officers to get them to take hold, I will be
obliged. They are very polite & kind, but we
cannot get them to attend often

Yours Most Respectfully

My dear Friend:-

This is the best I can do with the stenographer's notes concerning your address. It is painful to see so excellent a thing mutilated. But I am hoping with the help of the gentlemen who made the addresses to secure enough of a photograph of what was said to form, together with the letters, what would be a pleasant pamphlet record and memorial of the occasion.

Hoping you can return me the address in a form much nearer that of its original utterance, believe me,

Very sincerely yours,

Dear Uncle Otis:-

Papa leaves for the South to-night, and has asked me to write you in regard to the Y. M. C. A. meeting, to which the enclosed correspondence refers.

His impression is, that the call is not one which you ought to put before the many duties, which fill your time.

The meeting is, as you see by Mr. Messer's letter, not under the direct supervision of the Y. M. C. A.

My Dear Sir:-

Enclosed is a letter from my brother, referred to me,
with endorsement, you will see.

This does not appear to be a Y. M. C. A. plan, but something of
a particular pastor, Mr. Martin of Grace Church.

Please inform me if you can, whether the movement is something
endorsed by the Y. M. C. A., and for which they are responsible.
In any event I doubt if my brother could come at that time, but this
letter certainly does not present it as a strong call of duty on his
part.

Please return the letter with your answer, and oblige,

Very truly yours,

C. H. Howard.

Mr. F. H. Revell has referred your letter to me for information, in reply, will state, that the Association is not responsible for the service in Mr. Martin's church. He mentioned to me the fact that he was arranging for a series of popular services during the World's Fair and that he was to give one day up to the Association work. I told him that we would be very glad of course to have him do this, as it would be of benefit to us. We shall be helped in many ways by an address by General Howard at that church, which is one of the largest in the city, but we wish it understood that the meeting is not under the auspices of the Association.

My Dear Sir,

Since seeing you I have been giving considerable attention to preparation for the trial and I am more & more convinced that I have not only justice & Equity on my side but that I have a very good case in law.

I find however that the other side evidently nervous about this case have engaged additional & quite eminent counsel and I assume that they are anticipating a long and bitter fight.

I am negotiating for the assistance of the best legal talent so as to make sure

against my weakness in
that direction but a thought
occurred to me which I will
act upon before closing that
Engagement

It is this. - Perhaps Gen
Howard appreciating the
unexpected & unfortunate turn
of events that caused this
trouble might be pleased
to mediate between us in
this matter.

I have no love of law-
suits. but the Enterprise on
my part I believe was entirely
honorable & honorably conducted

I was represented by Webster
& Co as untruthful, dishonorably
& engaged in perpetrating a fraud
upon the people & my business
was being seriously injured
by false representations.

I was forced to stop
it & adopted the only course
open to do it.

I am firmly of the belief
