Fisters Island, New York,
March, 1893.

Dear Sir:

We enclose you with the accompanying descriptive circular an annual pass on our Steamboat line, from New London, Connecticut, to Fishers Island. We trust that you may find occasion to use the pass.

It is our desire to interest you in the development of Fishers Island, and we shall take pleasure in extending any courtesy in our power to you in case you find it convenient to visit the Island.

Yours truly,

E. M. & W. FERGUSON.

Dear Sir,

My apology for addressing you upon the suggestion contained in the enclosed letter, received this morning from your brother Charles W. Howard (a dear friend & family connection). I am well aware that, in September last, I presented a letter of introduction to you from your brother, so that I had the pleasure of spending with you at your residence. You were good enough at that time to furnish me with a note to Capt. Davis, which eventually obtained for me an interview with Mr. W. Wells within the past few weeks the San Domingo Improvement Co. has come into existence having for its object the acquisition of certain properties in San Domingo. The name of Mr. W. Wells is associated with this new enterprise, as also that of Mr. Charles W. Wells. In this latter gentleman, who is, I believe, the Vice President of the Co., I have addressed several letters with the intention of bringing myself to his notice as a person fitted by special experience or qualifications to assist in the management or development of the company. Now, I understand very well that very little attention will be accorded my self-introduction, unless I can make interest in support of my application; for that reason I asked your brother Charles to call upon Mr. Wells, who was last Saturday in Chicago.

I will leave the matter just here, merely remarking that, if it be in your power or convenient to intervene in my behalf, it would be esteemed a great favor—a favor, however, I am well aware I have no right to expect, except through the kind suggestion of your brother.

Yours respectfully,
F. E. Foster

I applied to the Bible Society of New York
for a supply of small Bibles & Testaments to
use in Christian Endeavor work at
Jefferson Barracks. I want to give them
to good men, young men, - those who are
deserving. I could use profitably 25 or 30
per month. My request was endorsed by
Adjt. Holtz. If you can speak a word
for us I will be much obliged, and any
thing you can get for the most help to send
will be appreciated. And if at any time you
can speak a word for the cause by any of
the Officers to get them to take hold, I will be
obliged. They are very polite & kind, but we
cannot get them to attend often

Yours Most Respectfully

My dear Friend:-

This is the best I can do with the stenographer's notes concerning your address. It is painful to see so excellent a thing mutilated. But I am hoping with the help of the gentlemen who made the addresses to secure enough of a photograph of what was said to form, together with the letters, what would be a pleasant pamphlet record and memorial of the occasion.

Hoping you can return me the address in a form much nearer that of its original utterance, believe me,

Very sincerely yours,

General Howard,

Dear Sir:—Your very kind letter of Feb'y 25th was received, and has been sent on to our Manager. It is very good, indeed, and we thank you for your kindness in sending it. We are very well to have it addressed to my name.
To both join in sending
kind regards.

Dear Uncle Otis:

Papa leaves for the South to-night, and has asked me to write you in regard to the Y. M. C. A. meeting, to which the enclosed correspondence refers.

His impression is, that the call is not one which you ought to put before the many duties, which fill your time.

The meeting is, as you see by Mr. Messer's letter, not under the direct supervision of the Y. M. C. A.

With love to all, I am

Your affectionate nephew,

My Dear Sir:-

Enclosed is a letter from my brother, referred to me, with endorsement, you will see.

This does not appear to be a Y. M. C. A. plan, but something of a particular pastor, Mr. Martin of Grace Church.

Please inform me if you can, whether the movement is something endorsed by the Y. M. C. A., and for which they are responsible. In any event I doubt if my brother could come at that time, but this letter certainly does not present it as a strong call of duty on his part.

Please return the letter with your answer, and oblige,

Very truly yours,

C. H. Howard.

Dear Sir:

Mr. F. H. Revell has referred your letter to me for information, in reply, will state, that the Association is not responsible for the service in Mr. Martin's church. He mentioned to me the fact that he was arranging for a series of popular services during the World's Fair and that he was to give one day up to the Association work. I told him that we would be very glad of course to have him do this, as it would be of benefit to us. We shall be helped in many ways by an address by General Howard at that church, which is one of the largest in the city, but we wish it understood that the meeting is not under the auspices of the Association.

Dear Sir:—

Will you kindly advise me whether, in the “Memorial to Congress on Road Exhibit at World’s Columbian Exposition”, you made use of the following language:

“That good roads, in good condition, are always of great value in “a military point of view is plain enough; for any section of active “operations the prompt transportation of material and the moving of an “army would demand it.”

Enclosed please find stamped envelope for reply, which I hope to receive at your early convenience.

Dear Sir:

Our Anniversary is to be held March 26th. We wish that you could come up and give us an address at that time. We need your help and feel that you could do for us what no one else could.

It will be a mixed audience of our representative people; will be held in our hall, which seats 800 people, and we assure you that there will be a crowded house. If, however, you would prefer to address an equal number of young men in a Gospel Service we will have just as hearty a welcome for you on the following Sunday, April 2nd. Trusting that it will be possible for you to be with us, we remain,

Very truly yours,

Willard Smith
My dear General,

My dear Sir,

Since seeing you I have been giving considerable attention to preparation for the trial and I am more and more convinced that I have not only justice & equity on my side but that I have a very good case in law.

I find however that the other side evidently nervous about this case have engaged additional counsel, quite eminent counsel, and I assume that they are anticipating a long and bitter fight.

I am negotiating for the assistance of the best legal talent so as to make sure...
Against my weakish aversion to that condition but a thought occurred to me which I will act upon before closing that engagement.

It is this - perhaps you have not appreciated the unexpected unfortunate turn of events that caused this trouble. Might I be pleased to mediate between us in this matter.

I have no love of lawsuits, but the enterprise on my part I believe was entirely honorable and honorably conducted. I was represented by Webster & Co as truthful, dishonorable, and engaged in perpetrating a fraud upon the people. My business was being seriously injured by false representations. I was forced to stop it to adopt the only course open to do it. I am firmly of the belief that I can secure in the
Award of damages some considerable amount to make good the loss I sustained by their wrong doing still before assuming larger outlay for high legal talent I concluded to lay this matter before you in confidence I ask you to write me what you think of it.
If I could have a letter from you on Monday and you were pleased to make this effort I would like to see you on Tuesday and more fully inform you in regard to the facts and before you have an interview with the other side I feel that you can in all
March 17, 95

Good Conscience assure that neither of us sought or expected any such conflict of interests. And that after it occurred I did all that could consist, if asked of me honorably and promptly, the only question being whether your view (under that) regarding authorship or mine was correct. I am honest in my opinion that I was correct. While on the other hand Webster also indulges in falsehood, suppression of the truth and did it in order to injure our book in order to advance the sale of their own.

Assure of your kind consideration, hoping for an early reply as time is so short, believe me,

Most Sincerely Yours
