Major Genl. O. O. Howard U.S. A.
Governors Island

Dear Sir:

Permit me to hand you one of our papers entitled "The Steamship" which treats upon the subject of establishing an "Unsinkable Line of Steamships!" and also to say that I have come over from Boston to see what can be done, in the way of enlisting Capital to join with us in starting the same.

I take the liberty of writing you as we have already had some correspondence on the subject! if you remember soon after your arrival home, from your attempted voyage on the S.S. "Spree"

I did not really comprehend before arriving in New York how much

408

of an entertainment and celebration
the Columbus anniversary, was to be
but find that the coming week
will be largely taken up that way.

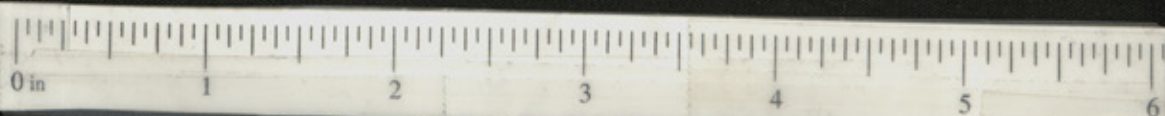

I have looked forward to the time
when I should come with the hope that
I should meet you, and still hope that
it may be my pleasure, as I know no
other ^{in N.Y.} who has had the thrilling experience
of having a foundering ship under them
(excepting myself) and it would be at least
a satisfaction to compare notes; how terribly
those on board of the "Naronic" must have
felt! the ordeal is something no one can
realize without the experience, and
now my dear Sir, if it should meet
your pleasure, and you will kindly
inform me, when and where I can
call on you, I would be much
pleased to do, with kind regards
I am

Yours very respectfully,
