General O. O. Howard,
Governor's Island,
New York City.

Dear Sir:-

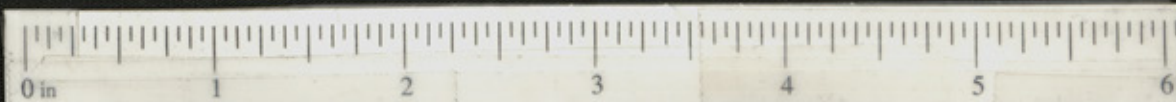

The trial of the suits brought by Mrs. McCruden against Mrs. McQueen will be adjourned, so that it will not be necessary for the witnesses to be present in Court on Tuesday next. We will give you ample notice of the adjourned date, and think it important for Mrs. McQueen's interests that you be present when the trial occurs, if you can arrange to do so.

Mrs. McQueen states to us that your son proposes to arrange for the attendance of a witness from Newark, to testify as to the date when she left Newark and came to New York. It will be important to fix this date, as one of the suits is for eight weeks board, at eight dollars per week, while Mrs. McQueen states that she was at Mrs. McCruden's less than five weeks in all.

If you should happen to be in the vicinity of this office some time next week, we would be glad of an opportunity to speak with you about the matter, and the advisability of making a counter attack, based upon the plaintiff's libelous letter to Mrs. McQueen.

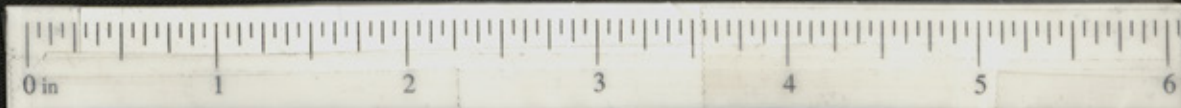

Yours respectfully,

Alexander Green

Dear Sir:-

Permit me to call your attention to the fact, that at the meeting of the Board of Trustees for Howard University to be held in this city, on the 30th inst. to fill the vacancy caused by the death of the late Bishop John M. Brown, the friends of the University will present the name of Ex. U. S. Senator B. K. Bruce, formerly of Mississippi but now a resident of this city, to fill the vacancy.

The high character of the Senator; his acknowledged ability and his long connection with Institutions of learning and his

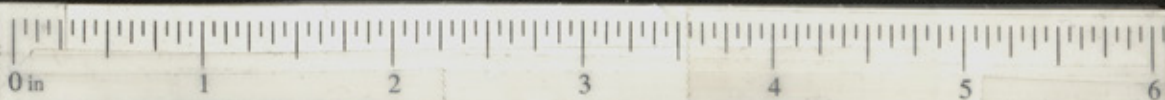

well known interest in the higher education of the colored people eminently fit him for this important trust. Besides, his large acquaintance with public men acquired while a member of the U. S. Senate and since, will do much towards furthering the material interest of the University in securing a larger appropriation from the Government. His well known popularity with the members of both Houses justifies the friends of the Institution in their belief that he can do more in this line than anyone else.

I trust you will give this matter your careful consideration and that you may find it in your power to lend your aid in the accomplishment of the matter referred to. I am sir with great respect,

Yours truly
Geo. C. Smith.

Delay in replying to your letter of 1st inst, has been occasioned by reason of my frequent absences.

I regretted exceedingly my inability to join you for the Gettysburg trip, a regret which has been intensified by the accounts I have heard of the trip since. I met General Merrill yesterday, who was quite enthusiastic about it.

Dear Mr. Treat:

I have just received your letter in due course -
You tell me therein that Genl.
Howard has just decided
who will accompany him to
New Bedford, but I write to
make the following proposition &
I trust if it should be accepted.

I propose to offer a horse and
equipment to the aide who may
accompany him to ride in
the procession, as one of the
Mounted Aides to the Marshall
of the day, provided such a
course should be expected and
according to military etiquette.

The arrangement is that General
 Arnold should ride in a
 Parade, and at the close of
 the procession receive the
 salute — His visit may be
 short his ride with him
 and if this is so, will you
 kindly inform me — I do
 not that all should go right,
 and you will excuse me
 for these very frank inquiries;
 which I hope you will as frankly
 answer —

An ever anxious and obliged one,

Yours sincerely,

Howard University,

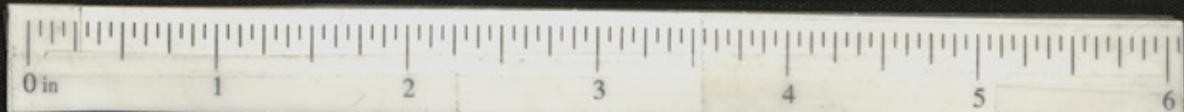

Washington, D. C., May 15th 1893

My dear Gen. Howard:

I am sorry you thought
there was truth enough in the states-
ments sent you to answer them.
It gives them a dignity, of which
they are not worthy; it gives the
young men a standing, which they
do not deserve.

1. They knew the character
of the charges from the begin-
ning: & were three times be-
fore the United Faculty, & had
the largest liberty of utterance.

2. Six of them (of the original
seven) have confessed their false

2
statements. I had three series of
evidence against them. 1. What
came from students in the ^{grad.} ~~univ.~~
city. 2. What came from the ^{grad.} ~~univ.~~
board they visited, where their
names were familiar as in
the class-room. 3. What came
from the records of the
Frederman's Hospital, where they
had been treated for venereal
disease.

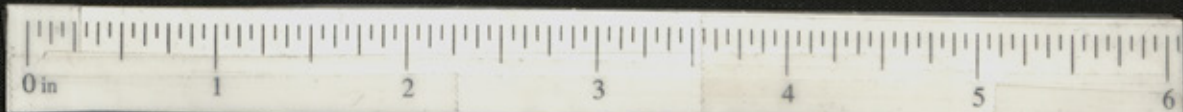

3. They have inaugurated a
protracted suit against the
University, which their counsel
finally met down, when he found
it was going against them. They
never had any case; & they have
made an expense of \$100.

4. So far as I know, the

Students here have had so much confidence in the
school, that they have not thought of opposing the
law at the financial standing; nor, although engaged as
I am & again, have they thought of an efficient
meeting. The discipline of the University never
was better: & I am grateful to the noble band
of men, who have so unflinchingly stood by me.

Very truly,

Mr Dear Sir,

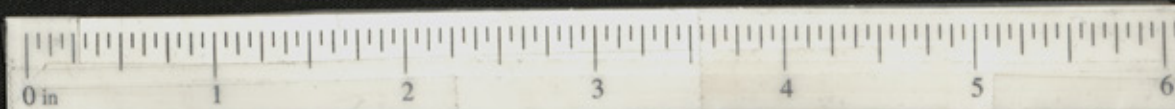

I appreciate very much, your kind letter of April 20th, and your good words, believing, as I do, that they mean all that they say. I shall cherish them with great satisfaction.

I have meanwhile written inquiring in regard to your San Diego Lots, viz: Sec. 36 T.S., 11 S., Range 11 E. S.B.M.

The report from a responsible firm in San Diego is that "this land is in the midst of the Desert near Southern end of Salt Lake and is not worth much". Of course this refers to its present market value. If that country should ever be reclaimed and irrigated, it would become very valuable, but at present the statement above given, covers its immediate value.

Dear General Howard.

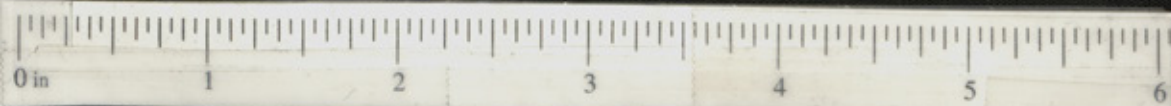

I sent Dr. Abbott to say. He says that Plymouth people can not do anything for the Hebrews or a church or an individual, except in case a popular movement was made, they would come up with five hundred dollars at the end. He is willing that I shall visit his people, but he will not give me their names. He said the only thing to do was for General Howard to call few friends and send them and sail the thing, then it would go. It is much rather than

539

pick on some other horse than
 upon my own. Indeed, I do not
 know what to do. Had I a good
 endorsement from you that I
 could see, and the names of
 about a hundred persons whom
 I could visit, I would start-
 out. It seems to me that I can
 not allow that cheer to be
 told. I would gladly come to
 see you if thereby I would do
 any good. If you will favor
 me with a reply and this office
 I will be very thankful to you. I
 am sorry to bother you, but I
 know you are busy, and yet
 it seems now that if the church
 is saved at all you must be
 the means of doing it.
