Dear Sir,-

I see from a list of prominent policy holders of the HARTFORD LIFE AND ANNUITY INSURANCE COMPANY that you have $10,000 insurance in that company. I have been appointed State Agent for the company, and would appreciate a letter from you as to your opinion of the company. You are aware that the more policy holders the company gets, the larger the dividend from the Safety Fund to the persistent members. A letter from you will greatly assist me in developing Texas for the company.

The company expects this year to complete the Safety Fund, and then all Safety Fund fees of $10. per thousand paid in by each member, will be divided up in Jan. and July, and given to the members as a dividend, who are entitled according to the terms of the contract, to participate in this dividend. The company has accumulated in 13 years nearly ONE MILLION Dollars, and if they do as well in the next 13 years, policy holders will receive ONE MILLION Dollars in dividends in the next 13 years, together with the interest on the one million dollars Safety Fund completed. Hoping that you will comply with my request, I am.

Yours truly,

W. H. Patterson

Gentlemen, I am
Governor's Island, N.Y.

Dear Sir:

In response to your letter of the 25th ultimo, I am pleased to inform you of the recent
visit to the site of the proposed new steamship terminal. I find that the land near
the present Tennessee Avenue and Georgia Terrace is most suitable for the purpose.

Yours truly,

My dear Sir,

At the request of Dr. Bradford of Montclair, you were good enough to give me a letter to Genl. Brooke earlier in the year, concerning my son who was examined in Omaha in March. You may have observed that the Commanding General recommended that certain applicants be permitted to take their final examinations at Ft. Leavenworth although the preliminary Board did not so recommend—seen after recovering.

I should feel under many obligations if you would kindly give me a line of introduction to General Schofield that I may present my son's case for his consideration.

He had been detailed as schoolmaster and it interrupted his field duties...
so that he was not fully up to the mark in that particular—but in all others, my understanding is that he excelled. He at once asked to be relieved—was promoted by his captain and the six months intervening service besides all he had before—I feel confident—with his aptitude and earnest desire for a military career—would find him fully prepared for the final examination.

I do not want to press the matter unduly, but would gladly avoid another year in the ranks if consistent with the good of the service. He accepted the situation bravely and set about another years' work with excellent spirit but I would much like that his case should be reconsidered if the circumstances warrant.

It is the only consideration I have ever sought from the government for my own and two brothers' service during the entire civil war—and if the urgent did I not feel that the finely equipped for the work for most her Anderson.

Jersey City, June 14, 1873,

Major-General G. Howard,

Dear Sir: I very much wish to give to my Company of the 8th Brigade, numbering from 60 to 70 young men, the advantage and pleasure of a visit to Governor's Island, probably on a Saturday.

Would you be good enough to favor me with a reply to this, to tell me whether there is any drill of the soldiers in that day and at what hour, and whether my Company might have the privilege of addressing the Governor and our other visitors?
Dear Mr. Jones,

The purpose of this letter is to request your assistance in the upcoming months. I am in need of advice and encouragement as I proceed with my work. I would greatly appreciate it if you could take a moment to consider this request. I am confident that your wisdom and guidance will be invaluable.

Thank you in advance for your willingness to assist me. I look forward to your response.

Sincerely,

Though one of the largest, this has not been a single officer tried or even placed in arrest during the whole period of my incumbency the Command is now free and has been kept free by enlistments at the port for more than five years. Destitutions are exceedingly rare and the terms of enlistment 12 years that Col. Miller remitted one the other day that ordering one everything must I would furnish more. I mention these circumstances simply to bring before your mind the principles I have characterized by administrative. My Command hoping that it will encourage you to make your letter as strong.

Dear General Howard:

I am now the Senior Lieutenant Colonel in the artillery and in the ordinary course of promotions will be a Colonel in about one year, but the recent appointment of Lieutenant Colonel Turning Surgeon General, seems to indicate that the President will not be governed by the necessity in the appointment of General Officers. I therefore propose to present my name for his consideration when
necessary, it will be necessary to receive a letter from you.

I shall estimate the service of your great assistance and hope you will never be able to furnish me the letter of which we spoke in our recent communications.

You have known me throughout my entire service and for the past five years I have commanded under you the largest and most important artillery posts in the army. With what success you know from several personal inspections and from the reports of your inspectors and others.

The increased importance given to this command by reason of the artillery schools and by the increased training of the officers and men of the command will have been accomplished in a manner that has given me a most gratifying result.

Two new establishments have been accomplished in a manner that has been most gratifying.

Dear Sir,

I would respectfully ask for an interview with you in behalf of a young recruit stationed in your district.

My duties of the position I hold with this company, makes it almost impossible to get away during the week, having only Sundays to myself.

I view of this would you consider it proper, and would you grant me an audience on that day.

I would like to see you next Sunday or any subsequent one that you would name, and at any hour to suit your convenience. If you cannot see me on a Sunday I will endeavor to come on a week day.

Please reply in enclosed envelope and greatly oblige. Yours very respectfully,

Dear Edward:

I had a note from this old Mrs. Rogers and her daughter. She wrote she was 16 years old and gave the money and sent them up to the C.O.S. who report as enclosed. They told her the older son had committed his hand as a trustee and was out of the house. That the younger son had run away and gone, they suppose to the West. The head person was an anxious boy, and really was their supporter. What to do with the case I do not know.

This Rogers cannot articulate on account of paralysis, and the little girl has to do the talking.

The best thing to do I suppose is to send them out of the city and back to where they came from. The demands are for the are something frightful. The C.O.S. inform that they should not trust. I am to have them act as he thinks best, and let the C.O.S. act.

Why will such people come to New York?

Please let me hear from you.

Dear Sir:-

Referring to Mrs. Augusta Rogers, 19 Macdougal Street, who desires to return to Arkansas, I beg to state that you referred her to us July 28th, 1892 and we reported to Gen'l Howard August 4th, 1892.

She has a homestead at Arkansas and claims that she sold her stock to come to New York to nurse her oldest son, 24 years old, then sick. We are now told by the daughter, twelve years old, that Mrs. Rogers had a stroke of paralysis in December and is unable to articulate. At that time her brother was driving a truck and earning good wages but he is now six weeks out of work. A younger brother (15) was earning $4 a week; this boy has now left home and is believed to have gone to Chicago.

They bought some furniture from the landlord for $47.00 but have thus far only paid $15. and the owner refuses to permit them to move it or to allow them anything for what they have paid. They are living in a room at $2.50 per week and can secure another for $1.50 but owing to the difficulty about the furniture cannot move.

She shows two Rail Road passes to Washington, good until December 1893, but needs transportation to Arkansas. We have corroborated the story of the purchase of the furniture.

Mrs. Rogers shows letters from the post master at Butterfield Arkansas, giving information of her home and urging her to return.

Do you care to assist in this direction?

Yours very truly,

Dear Sir:—

Referring to Mr. A. R. Blaney, 16 Madison Street, and his request to Mr. H. H. Blaney, 126 East 22nd Street, for a week's leave of absence from his position of Assistant Secretary to the Board of Directors, I am glad to be able to say that your request is granted.

He has been a valuable employee of the company and the loss of his services will be felt. We hope that he will return to us as soon as possible.

Yours very truly,

Regretter.
