Dear General Howard,

I am quite sure to have an answer from his English friends Monday morning, and as I must return to Philadelphia Continental Hotel Monday to leave Monday evening for Fla. I thought it would perhaps be well if you could find it convenient to drop in there when you go to the City and find out what he has to say so that I could turn back (if it was important) from Phila. which you could reach by train Monday in about one hour. On returning, I must leave at 6 o'clock from Phila.

Ellis wrote from Paris (he seems to have left thru Pratt at Suez) that he expect to return in a few days. They had already bid his stocks well everything with his consignees, from which for

Dear General;

Your note to Dr. Clark, with its enclosure from a member of the CHRISTIAN ENDEAVOR SOCIETY, is this morning at hand. Dr. Clark is absent from the office for a few days. The suggestion contained in the letter is one that is most excellent, if we can find it practicable to put it into effect. We are using it to some degree already, and we will communicate this fact to the writer of the letter from Connecticut.

Sincerely yours,

My dear Brother,

You signed $2000.00 for building our church payable when fifteen hundred was raised to finish our rest, and the time has come and I want to get in the money as soon as we can. If you feel able, it will take over two thousand dollars more to complete the church, and if you can send any more, I shall be thankful. But this is what you signed, and it will seem so glad to get into our church and have services again. Please thank you for your gift. Yours truly,

Dear Sir:

I have just received your letter of the 1st inst. I sent you a copy printed by the National Tribune of N. Y. on August the 4th, 1892. Gen. Kilpatrick was at that time under your command. I hope to hear from you soon. General is this true or not? I was in New York last year and I tried to see you but you weren't at home. I will be there some time this year. Very truly yours.

LOUIS WALKER'S CLAIM.

As he explored around Crop and saved a part
of the east side.

Central's Louis Walker, 28th Col. 5th, in Wash-
ington last week, and visited his offices hour and
an hour, the following story:

Some time ago, he was asked to attend a meeting
in the District. That evening, the 3rd of October,
he was on the road, returning early the next morning
from Boston, when he noticed a man in a cab, who
was driving through an open window on the opposite
side of the street. The man in the window was so
prepared that when the cab turned a corner, he
saw the person, and the portrait of a woman was
in the window. The man in the car had no idea
what he was looking at, but was very much surprised
when he saw the portrait of a woman in the window.
Walker immediately got out of the cab, and, with a
heaviness of heart, walked to the door of the house.
He knocked at the door, and was told that the woman
was not at home.

The gentleman grasped on that occasion the woman
as he approached the church, and the girl who was
by the window was on the opposite side of the
street. He was immediately noticed, and saw that
the woman was in the window. The man in the

and was told that the woman was not at home.

He then proceeded to the next house, where
he found a woman standing at the door. She
asked him what he wanted, and he explained
that he was on the road, returning early the next
collection, and that he was very much surprised

On the right of Bay's 3rd Confederate left Williamssburg, as this marching the Delaware troops took possession. The Corps took an active part in the attack on the right of the Chatham House, driving back streams at Bottom's Bridge on the right. On this the rear of the entire battle of the Chatham House was posted as follows: Chaffey's Division, of the 11th Corps; Division of the 11th Corps, on the right of the Williamsburg road at right angles to the center of the lines of Order. Chaffey's Division, of the 11th Corps, on the right. McRae's and the left flank from that point toward the bridge, Hooker's Division on the heights of White Oak Swamp.

Shortly after 12 which on the 3rd the Confederates attacked. Chaffey's Division the driving it and the reinforcements sent from Cutler's Division, from the field with heavy loss, and the whole position occupied by the lines was taken by the enemy. At this time Gen. Berry's and McRae's Brigade arrived in front of Grant. Gen.

Gen. Berry was ordered to take possession of the woods on the right of the line of march from a fortified position at the enemy's line. This movement was brilliantly carried out. Berry pushed his regiments forward through the woods until their right side struck the left of the army and works occupied by Gen. Early's Division in the morning. Their line on the eastern or rear of the enemy's works was a destructive, and pressed determination to strike the breach in the center. He held his position and some very severe assaults were made at this point. The two regiments of the 11th Corps, the other two regiments of his brigades in the rear of the works has been detached, turfed under the fire from the left of the Williamsburg road, and was only successful in striking the whole center of the enemy's line and large numbers pressed forward by the enemy, and in the rear he was forced to retreat through the woods toward White Oak Swamp.

Early on the morning of the 5th the front was covered by the Confederates who opened a heavy fire of musketry at short range across the whole line. He replied equally with volleys of attack, concentrated on the two roads which passed through the railroad. On the opening of the firing in the morning, Gen. Hooker the 6th Corps left, ran with his division about an hour before the enemy's position, pushed forward his division, and at about 4 o'clock on the morning of the 5th, turned on Col. Ward, in command of Berry's Division. He turned on the 5th, turned on the railroad, which was attacked under heavy fire. The enemy's left flank were driven from the point where he was started, and broke all advance under a sharp fire from the enemy deployed at the front in front of his line. After a heavy fire.

Dear Gen.

Mr. D. W. Whitmore, one of our most respected citizens at Mount Vernon, wishes to take his Bible class of young ladies—ten or twelve— to West Point, and very much desires to have a letter from you to the Superintendent of the Military Academy. Mr. Whitmore is a wholesale and merchant-doing business in New York City, and I shall consider it a personal favor if you can give him this letter.

I am

Very Truly,
