

Rev. H. Evans Darby, S. L. D.  
will come in July, I think to  
America, to attend the Peace  
Congress in Chicago - Charles  
will see him there of course,  
but it would be a great  
gratification if you could  
meet him, before he goes to  
Chicago - He has never been  
in America and Rowland was  
planning to entertain him  
all of the time he was  
our vicinity - Rowland had  
his home with them both  
times he went to London -  
Of course I do not know whether  
he will come by way of N. Y  
but if I can let you know  
will you endeavor to meet  
him? I wouldn't ask it  
of you if he were not so  
dear friend of Rowland's -

my hand is stiff yet -  
enough so to serve us  
m. excuse for poor  
penmanship - I  
wish you were not  
so busy a man! I  
do not like to ask  
you to write, but  
I do so want to know  
about the cemetery -  
Love to all  
affly  
Howard Selwin

Dear brother Otis:-  
It seems to me  
the time now to do what  
we to do at the cemetery  
heads. I feel utterly at a  
loss how to begin - Is Mr.  
Cathrop the man to consult?  
Will it be best to get the  
names in Lewiston? Have  
you thought of any inscription  
appropriate for it?  
Any thoughts you may have  
concerning it, if you will

I hope to go to Leeds very  
soon. Rowlie wants very  
much to drive down there  
and if we can go in it  
without too much expense,  
that is the way we shall  
go.

Ellie is now out of school.  
She has studied hard and

She has one music pupil  
engaged and will get  
more if possible.

I have not succeeded in  
getting anything for Rowlie to

to. He must be ~~happy~~ about

Mr. Paul Roundell and wife from

Worcester left here this morning - they  
stayed with us during the evening in  
view of the Normal School. One of their  
daughters graduated. It was a great plea-  
sure to have them here because Roundell  
thought so highly of them. Mr. Roundell  
spoke of the first time Roundell preached  
in Worcester - you were with him and  
preached half the day -

Dear General Howard

I have received your T/D saying  
you have heard nothing from his  
English friend for which I am obliged  
I find there will be some difficulty  
to induce the Government (in spite of the  
promises of the Comptroller) to  
extend the 81.000 acres to the boundary  
Land and the people and officials  
here think I have a great bargain  
However I think if it is divided  
in quarter or third which would  
make only 28 - 10000 acres to  
be divided in solid blocks as much  
as possible out of the 30000 acres  
then the Government would probably make  
this conception although the Contract  
requires a full release at that  
price Fletcher is fixing up the  
15,000 acre Land matter for Company

Gen. C. C. Howard.

Sir:

I rec'd your letter of the 15<sup>th</sup> inst. I requested Gen. Sherman's son to look for this dispatch among his father's papers, he could not find it—

What had Gen. G. W. Smith (Confed) to do with this. Gen. Hardee who commanded that Department, his headquarters at Savannah telegraphed this order for Wheeler up to Macon. Lieut. Charles Crisp carried this dispatch, the last Speaker of Congress.

When we went into camp on the 23<sup>rd</sup> of November near Cross Key. I saw Gen. Sherman standing on the road. If he rode back 15 miles that night or the next morning I don't know Gen. Kilpatrick & Wheeler's Cavalry must have rode over him.

If they called it the Army of Georgia. I beg pardon. The Battle of Griswoldville was on the 21<sup>st</sup> of November. How to get my reward for this I guess I'll have to ask the Southern People.

President Abraham Lincoln set the negroes free. Louis Walker though his lucky deed, kept them free. Colored people think of Abraham & us.

Sherman

Yours.

Dear Sir,

I am just in receipt of information of the appointment of a new agent for the Fort Hall Indian in Idaho. You will perhaps recall the fact that the Conn. Indian Assn<sup>n</sup> has for years been engaged in mission and educational work on that reservation, - and you will doubtless agree with

me that the success of such  
an effort - depends a good  
deal upon the character  
of the Agent. Can you  
tell me anything about  
the new Agent, Capt. John  
P. San Orsdale, 9<sup>th</sup> Infantry?

I hope he is a Christian  
gentleman, and that he  
knows something about  
Indians, and will be in  
sympathy with our work.

My Friend:-

Your heart tells you that I  
appreciated your sending me the copy  
of your letter to the Commissioner  
and also his reply wh. I return  
as requested - with thanks -

I could not write you last week  
I hadn't the courage to do so &  
haven't much more today for I  
have been so hurt by Mr. Murphy  
the 1<sup>st</sup> Depy Commr. of Pensions  
that I cannot get over it -

The greatest insult that he could

offer me he has, by the transfer  
of my desk from the Chief Clerk's  
room - when I have been for the  
past nine years - I am confident  
the Commissioner knows nothing of  
this and I cannot tell him until  
I can think and talk of it without  
choking - Did you ever when a  
child have a bunch in yr. throat  
when you tried to choke a cat? I've  
never outgrown mine -

My friends in office are all in-  
dignant at the outrage and urge  
me to make a statement to the  
Commissioner - but the poor fellow  
is full of work & worry for the ex-  
Chiefs of Divisions in his Bureau  
who urge his influence with the

Secretary for their re-appointment  
as clerk, after he (the Secy.) has  
asked & accepted their resignations -  
The Commr's appeals have thus far  
been successful -

After awhile I will ask an inter-  
view and if he grants it and looks  
into the matter, I am confident he  
will do me justice -

I am certainly proud of my  
record in the Pension Bureau and  
nothing would please me more than  
to have it reviewed by the Commr.  
except my re-installment in the  
Chief Clerk's room - The new Chief  
Clerk has been there but a few days -  
the former Chief has a clerkship -  
It is a shame when I have so

Dear General:-

It appeals to one's heart to receive a letter so full of generous, kind and friendly feeling as yours of the 17th. Large business affairs on Wall Street are very much like army campaigns. We lose in some and make in others. My work for the last two years has been very much like the two years work of the Army of the Potomac,--no success to speak of, many losses, but the troops have been hardened and drilled in the mean time. I have lost heavily but not sufficiently to seriously effect my standing. It is almost worth losing to have called out such a sincere and loving response from an old army friend. I assure you that such words as you express are highly appreciated, and if I can ever say a word for you, when seriously pressed, that may lighten your burdens, I hope I may be inspired in some way to understand the situation and come to your assistance. I hope you and your family are in good health, and that you may have a pleasant Summer.

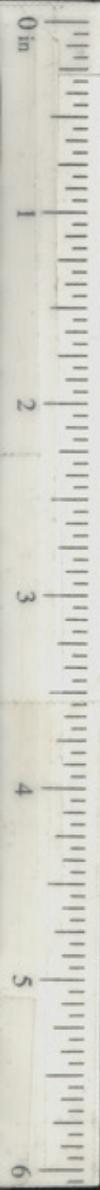

Yours very sincerely,

to send to the Engineer's representative,

If you think best to advise him in regard

Dear Sir,

My dear Sir, I have the honor to acknowledge the receipt of your letter of the 10th inst.

in relation to the above.

I have the pleasure to inform you that the same has been forwarded to the proper authorities for their consideration. I am, Sir, very respectfully,  
Your obedient servant,  
J. B. [Name]

You could find time to write  
her a few lines I know it would  
cheer her up wonderfully al-  
though she is a good patient  
and speaks in the highest  
terms of the attention and  
service she receives. Besides  
the resident physicians she is  
visited every morning by Dr Lyman  
who has charge of her case. She  
has the most faithful attention  
by trained nurses day and  
night. I hope and pray she  
may come along all right but  
she is a very sick woman and  
has some ugly symptoms I  
do not like. Patients do not  
die of rheumatism as a rule  
but the disease is prone to com-  
plications which may involve  
great danger to life.

I write you, General, because  
she has spoken of you several  
times for she regards you with  
the affection for a father -

Mr. C. L. Howard  
Garrison's Island

My dear Sir

Not being able  
to go out to Garrison's  
Island to see you and  
knowing that you might  
not be able to find time  
for an interview - I  
therefore thought to  
write you what I wish

to say regarding our  
work at Crystal St.  
Which with my circle  
of King's Daughters are  
so much entrusted  
in but have been some-  
what hindered in the  
past winter by lack  
of proper notice and a  
few minor annoyances  
and by the small  
attendance, the most  
of the time at the Kinder-  
garten, owing mainly  
to the lack of some one  
to visit the parents of the  
Children and impress  
upon them the importance  
of sending their little  
ones regularly and

in June may try to make the  
parents see the benefit that their  
children must derive from this  
attendance. Our young folks need  
about as much as they could but  
it needs some helpers and more  
is proposed to do the visiting in the  
night or about Chingchee & not  
with Miss Hayes so nobody and  
willing to visit the parents and me  
with her to in order to keep in  
touch with them. Then the atten-  
dance at the kindergarten arranged

by Mrs. or Miss ... we felt that  
the money had by us was not  
being well invested the which  
it is our desire to do, make some  
dollar bring its return. When so much  
money is needed for this work of  
humanity, we wish to gather in  
our kind-garten money which that  
we can make more for and we  
would gladly carry in other which  
needed for the Camp meeting  
had we a larger bank account,  
but with more money our efforts

AM

would yet be handi-  
capped by the lack  
of effort shown upon  
that part of the Con-  
gregational Society whose  
mission this is, as  
far as our personal  
efforts are concerned  
I cannot make the  
members of the circle  
see that their duty  
lies in the giving, be-  
aided if their time goes  
to the sewing class that  
it was my desire to  
try and instruct, but

few of the members  
have <sup>yet</sup> taken up the  
work, and owing to the  
irregularity of such  
members I cannot  
rely for a renewal  
of our efforts in this  
class next winter, ~~but~~  
we hope to carry it  
on, however much tho'  
the members of the  
circle are lacking in  
the desire to personally  
take up the mission  
work, they all, with me  
accord have made and  
willing to exert them-  
selves in trying to raise  
money necessary to  
the increasing of our

kindergarten MR next year and  
just that more. We are anxious to try  
and maintain a kitchen garden  
class as well. We're miled for  
great benefit to the young girls of  
the neighborhood and church. It  
is the next step and of equal im-  
portance with the kindergarten,  
stomping down a MR ched not to  
carry on at the Mission under  
the present surroundings nor with-  
out the active aid of the Mission  
rather the opposite to which it  
belongs. Do not think that it be-  
gins for a moment, my dear Journal  
and strong personal efforts in what  
I trust Missions help the Congrega-  
tional Society nor this Mission  
has no right to ask for much  
at Mr. Gibson's hands, the Congre-  
gational Church, among its my-  
riads of demands, must get recog-  
nize the necessity of placing  
Missions strong and influential. The  
trick is, a true good to be in gear  
as is this Mission and so shall

needed in its present location, when the Society shall have built upon the valuable foundation that they have acquired a good substantial place Mission House, with large light, airy rooms for the people whom they wish to benefit and have provided a number of earnest and good laborers for this work that they are now undertaking, the harvest

must be a fruitful one, If any one stands ready to build a Missions House for the Camp Mission, the building of it will be the first step towards the work needed at Christie Street, I have spoken my feelings in this matter to my dear General the which I trust you will pardon, but I feel most earnestly in the matter, when I see what a field the Camp Mission presents for good and

positive work, and much as  
I respect the efforts already  
put forth by the good and re-  
gation of the mission, it is yet  
a part of another kind that is  
needed here - to have teachers.

I am sorry to have trou-  
bled at such a length - but the nature of  
true and trusting that you will  
not think me to have been  
wilfully interfering or overzeal-  
ous in this communication  
believe me to be

de, —A prominent official of the *United States and* whose name is known and honored in all parts of our country—in writing to the editor of the FARM, FIELD AND FIRESIDE with reference to the decision of Chief Justice Fuller and his two associates to open the Fair, pithily says: "Sorry that fr Fuller went back on his early teaching. Sabbath desecration and stealing used to be condemned." This is a brief and concise sentence showing how the act of the Directory, supported now by the Court of Appeals, is regarded by many good citizens. To take the appropriation and not meet its conditions is equivalent to stealing. To be sure, the Directory passed a vote to return the souvenir money, but that was to be after all other debts were paid. The debt to the bondholders was contracted after the appropriation was made and the souvenir coin fund was part of the security for these bonds. No one believes there is any probability that the souvenir coin money will be paid back to the Government. If it shall be, the bondholders will be defrauded; if not, then the Government (and the people of the United States as being behind the Government) will be defrauded. So, is it too severe to couple theft and desecration of the Sabbath together in this statement? In fact, President Higginbotham and Director Lyman J. Gage and other Directors who voted for this course of repudiation have done a dishonest thing such as they would not have dreamed of doing in their private business. Thousands of persons who on general grounds favored an open Fair on Sunday, condemn this disobedience of law and disregard of honor and common honesty.

Dear Brother:

I return Col. Lotzbe's letter which was very agreeable reading for me. Glad you liked my Independent article. You ought to take the Independent - Write them an article - send to Dr. Ward & ask him to deduct price of one year's subscription when he sends the honorarium. If you row it regularly you would write often for it & get good pay. I wrote an account of our Philadelphia bouquet & the Gettysburg Trip for the Chicago Record for which they sent me \$25. I took your words about Mel Fuller for a text - See enclosed. Kitty is asking when you & Siegie are owing to the Fair? Of course we

Expect you - others, are inquiring. Cousin  
Fanny Merrick has been at our house  
for a week - since the wedding of her  
Cousin Stephen Merrick at Massfield  
Ohio (Miss Harter) - She expects in a  
few days to join a party to visit the  
Fair. We have been down with her  
two days. I have only visited the  
Fair three times, as yet. It is  
a busy season & money matters go hard at  
this office as at most places of business.

Affectionately
