My dear General;

I found Macdonald in Chicago and we came on spending one day at St Paul en route. We had a pleasant visit and drive with General Merritt and Dr. King's his A. D. C. will probably join us here to go on our hunt. It is snowing & blowing & splendid duck weather so we hope to make some good bags of game. We are going out into Camp about 20 miles away from the settlements & get some good fresh air and lots of exercise. I wish you might be with us as I think it would do you good. My Dear Bro:-

I am pastor of the Congrega-  
tional Church in this city — organized  
in June 1892. I came here as pastor  
in October last. We have built a little  
church. neat & attractive — accommodating  
nearly 300 & now desire to dedicate it  
to the worship and service of God.

Our church is the only representative of Con-  
gregationalism in this city: We desire  
therefore to make the dedication service one  
in which prominent members of the de-  
nomination can assist. It will be a  
great help not only to the denomination  
but to the cause of Christ and to our  
work as a church to have your presence  
and assistance. In the name of the  
Church I invite you to be present at that  
service & address us. Beside yourself  
Dr. Stimson of New York and Dr. Behrends  
of Brooklyn have been invited making  
three addresses in all. The date of  
the service will be Monday October 16th  
— in the evening. If you cannot be present  
that evening & will name some date near  
that if possible we will change our ar-  
rangements so that you can be with  
us — Please give me an early answer

My dear Sir:-  
 I am glad of the progress  
 of the church in this city - especially  
 in June 1872. I have been a little  
 in October last. The new building is

 glad to see you have been so active  
 in the work and service of God.  
 Our church is the only representative of  
 Protestantism in this city. We desire  
 therefore to make the best service we  
 in which prominent members of the  
 community can assist. There is a  
 great need of help to the church  
 but to the cause of Christ and to our  
 help as a church to have your presence

 church I invite you to be present at the

 service will be Monday October 1st

has been moved to the adjacent lot &  
fitted up as a parsonage. We are in

My dear General:

I have heard the desire expressed on several occasions - that you would become a member of the Society of the "Sons of the Revolution", and I am sure it would gratify our 1335 members in the New-York Society if you were enrolled among them. In the hope that you will favourably consider the matter I have requested the Asst. Secretary to send you the requirements. It may be that you have never given the subject attention and do not know whether you are eligible.

If so - and you will privately send me your pedigree - it will afford me pleasure to ascertain

the facts. I fancy you will find that one or more of your four great grandfathers, did good service in the times that tried men's souls. In my library I have very valuable records and - as before remarked, would consider it a pleasure to make any necessary examination.

The unveiling, by the "Sons of the Revolution", on Evacuation Day, (Nov. 25) in the City Hall Park of the beautiful bronze statue to Captain Nathan Hale of the regular Continental Line of the Revolution, will be a great event.

André was given a monument in Westminster Abbey but the site of Hale's martyrdom for his Country has never yet been recognized.

Dear General Howard,

Since leaving you it has occurred to me that in view of your making addresses or lectures in Chicago that you might do the following to advantage and at the same time enunciate sound political doctrine which will put you in the right position at least before the German American Scandinavian American Citizen viz The Republican party suffered defeat in the West because the Harrier wing remained. <sup>Public</sup> I do not think I do not think the principal one was that no American school below the rank of a college should teach any language except English this abolished the teaching of German and Scandinavian heretofore practiced in large communities of their nationalities but particularly hurted the sensibilities of this class of citizen unexpectantly because it is an indisputable fact that children of foreign parents no matter how hard pressed by family influences would abandon the language of their parents for the vernacular I find this also the case in France and Italy where children of German or other nationalities would speak the local language in preference

to their language of their parents in other words  
the young adapt themselves to their surroundings  
and always have a preference for the Country of their  
birth whether that be Kautchakka or the United  
States. if the country and the people are great or  
have a history then the young are still more  
patriotic as long as their fellow native born  
citizens do not assail or ridicule the country  
language of their parents. If this is done whether  
from necessity or voluntarily as in the case of the  
Republican party great and silent resentment  
results and the Republican party in the West was  
defeated on State as well as National issues  
mainly for that reason alone. Now while it  
will not do to charge the Republican party  
with this (or they would resent it) yet if you  
made mention of the fact that it is proper and  
natural for foreign Parents to desire that  
their Children should speak their language adopt  
some of their customs yet it was a fact that these  
same Children became as patriotic Americans as their

the year 1848. It is a fact that the  
and also have a preference for the County of their

from receipt or payment as in the case of the  
Republican party great and violent excitement  
resulted and the Republican party in the year 1848

Dear General Howard

When I walk abroad and  
think on this great problem and  
all it means for the future of  
the nation, my spirits get very low.

A grand despair comes over me.

And why? Education will fail  
of happy results so long as a  
man is deprived of that right  
so dear to the American, a  
personal interest and pride  
in the making of laws.

And just so long as it is stuffed,  
in the reasons what they may,  
a certain something must be  
wanting in the character.

Of the roots has been as false  
to our trust. To maintain the  
right, after giving them, was her  
first duty, even before education,  
for that would be a natural  
sequence in the majority of  
cases. Our education has  
been hampered by this way.  
Freedom and thousands who  
might have stood out beautifully  
and attained a degree of man-  
hood, great discouragement.  
I may be all wrong, but I fear  
I have wrestled with this  
doubt that it

has made me naturally averse  
and critical of those who  
claimed to be friends of this  
wretched people. Those ~~189~~

Dear Sir:-

The enclosed letter is a copy of one signed recently by Dr. Charles F. Deems, the pastor of the Church of the Strangers, and the President of the American Institute of Christian Philosophy. Dr. Deems is very anxious to see the Institute upon a solid foundation, that the great work to which he has given so many years may remain after he has laid it down.

Your have already shown a practical interest in the Institute by subscribing to the Endowment Fund. If you see your way clear to become the founder of a Lectureship to bear your own name or that of a friend, I shall be glad to explain the matter more fully, or you may send your check to the treasurer, Mr. William Harmon Brown, #54 Exchange Place, New York. If \$1,000 is too great a sum to ask, you may be willing to contribute \$500. and join Mr. Vanderbilt and Mr. Morgan, the two honored Patrons of the Institute. It is but fair to add that I receive no commission for securing subscriptions.

Very respectfully,

John B. Devins,

Dear Friend:-

The American Institute of Christian Philosophy is on a firmer basis to-day than ever before; the principles for which it stands need stronger defence than at any previous period of our history as a Nation. Much aggressive work had already been done and more must be done in the immediate future. We have some 600 members, a prosperous magazine, "CHRISTIAN THOUGHT", and an Endowment Fund of \$15,000, carefully invested. If this Fund could be doubled within a year, the future of the Institute would be assured.

We need:

Six lectureships, of \$1,000 each,	-	-	-	-	\$6,000
Six patrons to give \$500 each,	-	-	-	-	3,000
Sixty Endowment members to give \$100 each,	-	-	-	-	6,000
					<u>\$15,000</u>

The Rev. John B. Devins, the Corresponding Secretary of the Institute, is authorized by me to receive subscriptions for the Fund.

Very sincerely,

Charles F. Deems.
