New York, Oct 25th 1893

Dear General Howard

Since I saw you last night I have received the following enclosures which are pertinent to the subject of our conversation and which explain themselves

The letter from the bank gives the date when note and Mortgage are due. The letter from Mr Deleber who is the President of the Board of Aldermen of Dade City and the prime mover which brought about the conditional donation of two sections to our Company now lapsed is in reply to a letter of mine wherein I asked him to show courtesy as well as to land to parties who contemplated buying land and enable me to place the promised Colony there by having the donation renewed through influence of Mayor and City of Dade City

While the mortgage has a longer period to run than I anticipated yet the bills long overdue or so pressing as well as my own need that something must be done very soon. The repeal of Sherman bill while I am not in favor of it without a Bimetallie clause will act favorably on Capital and investment and if you can do work it among your friends some of mine may feel more

the investment in which you own both the mortgage and the land should be made by the bank

While the mortgage has a larger price than
than I anticipated for the lot and as to
paying as well as my own needs that I am

found it better to take a smaller one with
an equal amount of interest and of the same

Mr: Irsch:

Dear Sir:

I am much pleased to hear that there is a possibility of your doing something with the lands in this locality belonging to your company, and you can rest assured that I will give you all the aid I can. I think you will find the country around here has improved some since you were prospecting through here, and your friends will find that phosphate and other industries will thrive in this country, by the way, we have had a survey of another railroad through this section to Tampa.

Hoping good results from the visit of these parties, believe me yours, &c.

The pastors of Tarrytown, where I live, would be very glad indeed if you could give us a Sunday evening there for a big union meeting; a good Gospel address. The town needs stirring up and we all believe that your words would be blessed to that end. We should hope to make the meeting evangelistic and would probably want to follow it with an after meeting. Could you arrange to come up with us? Perhaps we could get Mr. Elbert B. Monroe to preside and make it a layman's service. This would be pleasant and I believe it would do very much good. Kindly let me know what you think and if possible give me a date now.

My dear General Howard;

The pastor of our little church at White Oaks, New Mexico, Rev. A. A. Hurd, has recently had occasion to spend a Sunday at Fort Stanton, and not only found the soldiers without religious opportunities, but has become so interested in them that he wants to do something for them if possible. Out of this interest has come the suggestion and desire to secure an appointment as Chaplain in the Army. In this matter, he writes me that he has the cordial support of Dr. Newman of Washington, of our present Superintendent in New Mexico, and our former Superintendent, Rev. E. L. Hood, in that field. I do not know Mr. Hurd personally, but from all that I can learn of him, he is an excellent man, of true Christian spirit, and is devoted to the work of the Gospel ministry. It is his sense of the needs of the garrison at Fort Stanton isolated from all Christian privileges, that has led him to seek this position. He has been pastor of our church for some two years and has done good work in that very difficult mining camp town. He has asked if he could have the favor of your influence

My Dear General:- The letter of Mr. Herrman concerning the needs of Sandy Hook, which you kindly forwarded, led me to address some inquiries to him in reference to that field. His reply to these inquiries was forwarded to Sup. Jones of Philadelphia, in whose district Sandy Hook lies. You will find in the enclosed letter, Dr. Jones' view of the case at Sandy Hook As yet I do not fully agree with his verdict and need more light. I shall suggest to him the duty of visiting the field and making up his decision from observation of the facts. Mr. Herrman's reply to my queries shows that there is no possibility of organizing a church on the ground and plainly says that the enterprise should be a union mission. I regret that Dr. Jones did not return Mr. H's reply and I will ask him to forward it to you direct. It may be that our superintendent is right but the whole case needs further investigation and we will see that this is done.

I regret I did not meet you when you called but I have your note contents of which are noted. I cannot do any more than I now for Company with Cash advances at least not for six weeks to come and the bills that must be settled outside Mortgage will not admit of further delay even if I must wait for my Cash advances badly as I need them. I would suggest this to your mind to take the whole plot of 5100 acres @ \$1 per acre more it no doubt would bring if put up at auction if immediate relief is vouchsafed thereby the \$3400 Mortgage could stand until maturity when your fund could take it up or renew partially. If this cannot be done then things must take their natural course good or bad as fate decrees. I could procure a renewal of the two sections adjacent for Company and give portion of this to actual settlers gratis for sellment under the provision of the grant and thus help settlement land which we must sell and

Gen. O. O. Howard,

GOVERNOR'S ISLAND, N. Y. Harbor.

My Dear General:

I enclose to you herewith a letter from Miss Mary J. Pierson, asking for a pass to Governor's Island. I don't know the rules under which such passes are granted, and for that reason simply forward her letter to you.

Miss Pierson is a young lady who has been for some years engaged in teaching in the Public Schools here, and during the Summer in helping the work in St. John's Guild. She is one of the wisest and most efficient persons in that service I ever knew, and I can strongly commend her to you on every ground.

Yours very truly,
