Gen. A. W. Howard: My Dear Sir:

I am a Methodist preacher, and a Presiding Elder of the Brooklyn District of the New York East Conference. I desire to consult you regarding a young man in whom I am deeply interested, and whose friends think he ought to enlist in the army. If I come to Governor's Island, will it be possible for me to see you at some hour Thursday or Friday of next week? A personal interview of 10 minutes would enable me to state a case that I hesitate to write about, and to get the needed advice.

Yours most truly,
Chas. T. Wing

Dear Sir:

I wrote to your Monday the 15th and the next day received a letter from my son Manfred saying that he was going to leave Plattsburgh Monday night 15th but did not know where he was going but said he would let me know as soon as he found out. I haven’t heard a word from him since and got

my means hence I did not hear and was afraid that something might have happened. Mrs. Hatch telegraphed to Plattsburgh yesterday to find out where he was taken to and receive an answer that he went to David’s Island. I was intended to come down there today but being very stormy and feeling miserable thought I would write to you instead. And unless I have some word of encouragement from you or from some other source I shall come down Monday. It seems that I must have the end that the four boy must be released. I pray God that those who have rule and authority will take it into conside-ration that this poor boy was only a thoughtless child when he enlisted. And it seems to me that it would be my cruel and unjust for him to be punished. I hope and pray and it seems to me that it must be so, that this poor boy will be pardoned for this freak. Please pray and plead for him and his broken heart.

My dear General:—

I congratulate you on your speech last evening. I think it was a meeting that will do a great deal of good to the Cause and to our Society. I shall have a full shorthand account of it in the next "Advocate."

When do you sail for Florida? I did not get the date last evening.
We are talking of an "Educational" conference to be held some time the last of February, perhaps Saturday afternoon, inviting the teachers of the Schools of New York City and the Board of Education, together with the friends, of educating in Public Schools and the Sabbath Schools, and have some one prepare to present a paper and followed by discussion, if you can be here to preside on such occasion. Would like to consult with you about it but want to get the thought before you before you leave for the South.

Please let me know what day you sail, and when you will return, and we will govern ourselves accordingly.

Yours very truly,

Sirs,

You are entitled to a reply.

The war has not been invited for any reason to exist. Please explain why we cannot be understood and the terms agreed upon by us. Our meetings have mostly been held without an express and no fees have been charged for attendance. It is wholly

My Dear Sir:-

Your article on "Young Men in the Public Service" just received. It is in good order and satisfactory in all respects. I fear that some of our newspapers patrons may drop out the statistics but that is for them to see to. The article will appear in the newspapers of Saturday, March 3rd.

It is our practice in common with other syndicates to pay for articles at time of publication. If this is not satisfactory let me know.

Yours sincerely,

Dear Sir:

I enclose you another pair of my patent cork sole shoes and I trust these will be more satisfactory to you than the others and that the fit will be all right although of course there is a good deal of luck in fitting a pair without measuring these goods yourself. However we are pleased to make these for you and trust that they will prove all that we hope for. In case they do not fit should be very glad to try again. Please accept them with my best wishes.

Dear Sir:

Your favor of the 13th inst. came duly to hand. Our Mr. Wagnalls wrote you a letter yesterday explaining why it will not be necessary for you to see the writer at the present time, inasmuch as the manuscript of your book is in the hands of our reader, and consultation regarding the illustrations will be of little avail without the manuscript actually at hand. When the same has been returned to us we will notify you, and arrange for an interview.

Trusting that this may be satisfactory, we remain

Dear C. E. Howard

My dear Brother!

We are very desirous of having you come in and see and give a talk to the children in the House of Industry now numbering over four hundred. Could you make it convenient to come to our service - one needy from morning - (Sunday afternoon) 28th inst. I have a service...

and in great demand specially on the Sabbath,

— but I do hope you will be able to respond to our invitation. I have been the master of a larger school for about 30 years — and last year gave up my charge — to be associated with my long time friend Mr. Barnard in this good work among the children.
Present at the opening of the Mission at the Church at Coast Sunday evening and was there again on Thursday giving out fields of "John 11:12" a helping hand. The Holy Spirit was present in force. I intend to go there quite frequently hoping to receive a favorable appeal concerning the 26th in.* I remain my dear brother.

[Handwritten text]

I enclose you a card of a man I have known for one or two years. He has been preaching at our mission school or chapel of the Phillips Presbyterian Church, corner of Madison Av. and 73rd Street, and he is now lecturing throughout the country, giving a very popular lecture on Asia Minor and Turkey. I heard one of his lectures at our own church last winter and learned more of the associations and surroundings of the life of St. Paul than I had known before. This man was born at Antioch and gives a real description of its situation. There is much I would like to tell you which would be of interest, but I cannot give you an idea of how much information he can give in a lecture.

He wants to get a young man into the United States Army. One he knew at Antioch years ago and who has come to this country and found this pastor. He wants to get something to do, and the Rev. Mr. Fillian thinks he would make a good soldier, and asked me if I knew of any way he could get in the army. I told him I would write you and see if there was any opportunity to enlist him or if there were any objections to his obtaining a position as soldier in the U.S. Army.

He is twenty-four years old, said to be healthy, good weight and was one year in the Turkish army.

Will you have the kindness to advise me whether it would be possible for him to get in the army, and if so, where he would have to go to enlist and when. Mr. Fillian says he is very intelligent and bright and thinks that if he had an opportunity he would prove himself worthy of a better position than a mere soldier.

I presume you do not know me by name, but I have met you a number of times and you know me by sight. You will remember me by one thing, you were present at a Loyal Legion dinner when I recited the Sleeping Sentinel. I would be pleased to hear from you by return.
nail, for Mr. William says he is too poor to keep this young man much longer and he finds it impossible to get him anything to do on account of the stringency of the times just now.

I suppose you need a deal of money, haven't you, and I have known you for some time and have not had a letter from you for a long time. I am sorry to hear of your illness and to hear you are down and out.

Gen. O. O. Howard.

Jan. 24th

Replying to your letter that giving you my views of the war and the present state of affairs.

I am yours truly.
