Dear Sir and Brother--

We are all anxious to know in connection with our forthcoming Home Missionary anniversary at Omaha, if we are to have the pleasure of your presence there as presiding officer. We all hope most earnestly that it will be consistent for you to come. I need not say that you will receive a warm welcome at Omaha and in Nebraska.

I hope that the demands upon the Army of the United States will not be so severe as to keep you at your post so that you cannot come.

Dear Gen. Howard:--

At an interview which I had with Col. Bryant on Tuesday he stated that there were three plans any one of which might be followed. The first was, as he put it, that I might assume all responsibility in reference to the John Jaeger work as engaged in at 136 Christie St.; the second, that matters should go on just as they are, you acting as superintendent and Col. Bryant as assistant superintendent, John as missionary and I as treasurer; the third, that I might do as I had declared myself ready to do, surrender the lease to you and retire from my connection with the enterprise. I replied without any hesitation, to these plans, that if things were to go on as they were now there was machinery enough without me and I would gladly surrender the lease to Col. Bryant or any one else and if brother John was willing to go on as at present I would retire from the matter, feeling glad to have had any little part in the development of brother John's work.

I heard nothing more from Col. Bryant in the matter but brother John called to see me in the afternoon of that day and told me that he should resign from the Tract Society and withdraw from present connections. I endeavored to show him that in case he did so, he must trust the Lord entirely and no one else and I distinctly showed him that I had nothing but prayer and faith to give him but such as I had I would give him. conversations with me, spoken of his desire to do so because of the many complications besetting his path in the present connection.

I believe that he is fully impressed with the fact that he must, as he says, step out on the promises of Christ and in view of his past life and the great usefulness which the Lord has vouchsafed unto him, I am humbled and cannot say anything against it. I shall be willing to do all I can, under these circumstances, for brother John's work. I have no guarantee from anybody or institution to offer him. For many reasons I shall offer our people at Montclair the opportunity of becoming more and more intimately acquainted with brother John's work, for their own sake as well as for his. I do not know what the outcome will be and I am not concerned. I just as thoroughly believe that the Lord will provide for brother John in his work as I believe he will provide for me, as he has done all the days of my life.

It seems to be a wonderful providence that up to this moment all the wants of the Mission have been supplied and there is money in bank for every bill. I have no doubt that the Lord may test us individually and as brother John knows, there is no guarantee of a salary, but he is willing to leave it all with God. Such confidence cannot go unrewarded, it seems to me.

I write you thus fully to give you the entire state of the case, from my standpoint. Souls are being saved every night. As to their church connection brother John tells them they may go where they please so long as they go where the spirit of God is, for there alone is liberty.

In closing, let me ask your prayers for this work and believe me that you have my sincere prayer in faith, for every good work to which you may put your hand in the name and for the sake of our Lord Jesus Christ.

My dear Sir:-

Enclosed I send circular regarding the conference which is to take place on the 21st of next month. You will notice that in addition to the usual conference of the colored people, that we are to have a meeting, on the following day, of the workers among the colored people in the South, which I feel quite sure is going to result in much practical good to the cause of Negro education. I very much wish that you could see your way clear to visit one or both of these meetings, as your presence would give us great encouragement.

THE
Third Tuskegee Negro Conference,

TO BE HELD IN THE

BLACK BELT OF ALABAMA.

allm

The Negro Conference held at Tuskegee, Alabama, the last two years, under the auspices of the Tuskegee Normal and Industrial Institute, Tuskegee, Alabama, have proved so helpful and instructive in showing the masses of colored people how to lift themselves up in their industrial, educational, moral and religious life, and have created so much general interest throughout the country, that it has been decided to hold another session of this Conference, Wednesday, Feb. 21, 1894.

The aim will be, as in the two previous years, to bring together for a quiet Conference, not the politicians, but the representatives of the common, hard-working farmers and mechanics—the bone and sinew of the Negro race—and ministers and teachers.

Two objects will be kept in view—1st, to find out from the people *themselves*, the facts as to their condition and get their ideas as to the remedies for present evils—2nd, to get information as to how the young men and women now being educated, can best use their education in helping the masses.

At the last Conference there were nearly 800 representatives present and a large number gave encouraging evidence of how, as a result of the previous meetings, homes had been secured, school houses built, school terms extended and the moral life of the people bettered.

In view of the economy which the people have been forced to practice during the last two years, owing to poor crops and low prices of cotton, this Conference will present an excellent medium through which to teach permanent economy and thrift,

It is planned to devote a portion of the session of this Conference to a Women's Conference.

On Thursday, Feb. 22d, the day following the Conference, there will be a meeting of the officers and teachers of the colored schools in the South, who may be at the Conference, for the purpose of comparing views and taking advantage of lessons that may have been gotten from the Conference the previous day.

It is believed that such a meeting of the workers for the elevation of the Negro, held in the black belt, with the lessons and impressions of the direct contact with the masses of colored people the previous day fresh before them, can only result in much practical good to the cause of Negro education.

Aside from the work to be done in the South in an educational and moral sense, there can be no permanent prosperity till the whole industrial system (especially the "Mortgage system") is revolutionized and put on a right basis, and there can be no better way to bring about the desired result than through such organizations as this Negro Conference.

Further information about the Conference may be had from BOOKER T. WASHINGTON, Principal, Tuskegee Institute.

The Negro Conference held at Tuskegee, Alabama, the 12th and 13th of August, 1934, was a landmark event in the history of the Negro people. It was the first time since the Civil War that a large number of Negroes from all over the South gathered together to discuss their common problems and to plan for their future. The conference was held at Tuskegee, Alabama, because of its central location and its long history of service to the Negro people. The conference was held in the month of August, because of the pleasant weather and the fact that it was the best time to hold a conference of this kind. Gen. O. O. Howard,

Governor's Island, N. Y.

Dear Gen. Howard:--

The time has come for me to let you know that I can no longer go on in connection with the American Tract Society and Camp Memorial Church, in the Mission work over which you have been superintendent. I have felt for a long time as though the Lord would lead me out in some way, I knew not how. I have prayed that I might be lead out and now the time seems to have arrived. I fully realize that I am trusting the Lord Jesus Christ entirely in this matter and am throwing up what is a certainty, a salary of \$60. a month from the Tract Society; but there are many reasons why it should go on no longer and I think you are aware of most of them.

In letting you know of my purpose in this matter I want to express to you my hearty thanks for the spirit in which you have always helped me and for the christian love you have constantly shown towards me and it grieves me very much to do anything which may seem to be contrary to your thought and purpose. But as you are led of God I believe you will more and more see the wisdom of the step I now take. I hope to be still in warm christian fellowship with you as our work progresses side by side.

I have informed Col. Bryant of my intention and sent him a letter and have also sent one to Dr. Rice. My resignation from the Tract Society is to date from the first of February.

And now, dear General, may God bless you and keep you and constantly fill you with His spirit, that you may be even more useful in the future than you have been in the past.

My dear father:

You must think it strange that you have not received a letter from me, but knowing you were to be in one place but a short time I was afraid the letter wouldn't reach you.

Last night your telegram to Gen. Breck was shown to us that you would stay another week, so I decided to write. This morning I told Gen Breck that you ^{had} only one engagement, on Feb 11th, and that was not of much important as it was to meet Mr Thatcher Sect. Y M C A at his house and Mr Treat had said in his letter to him fixing the date, that you would endeavor to be present. Just as you left a telegram came from Rev Mr Dixon asking you to speak at noon-day meeting YMCA Brooklyn today. I answered that you were absent. Then a letter came accepting your terms to speak in Malden Mass. at your own terms (\$100 and expenses) and fixing the date March 1st. I answered that I would reserve the date on your engagement book and you would communicate with them on your return. Also you would no doubt approve my action. Mr McAfee wired in reply to your telegram about Jan payment that Land was in hands of an Indian Company could send interest but would like to deferr collecting principal for a short time". I wired him to "Forward all interest due on \$4400 and collect principal 1800 as soon as possible" I then wrote him confirming the despatch and giving him the amount of interest due and urging him to collect the payment now due. All are very well here. The Saturday you left we all attended a reception at one of Bessie's friends in town and brought ^{home} for over Sunday, Miss Susie Thompson. The girls, with Frank, made a jolly party and we had a pleasant and musical time. The young ladies left for Wilmington on Monday where I am going tomorrow to stay at Mrs Bancroft 's and attend a party there. The fog kept Bessie and me from going to Brooklyn

Dear Sir:--

There will be a hearing before the committees of the Legislature to which our charters were referred, on Wednesday, Jan. 31, at 10.30 A.M. I should like very much to have you come to this hearing, as it is the most important one, although there will be another Thursday morning; if you cannot come Wednesday, please come Thursday, if you can. If you cannot come either day, will you please name some day in the middle of the following week when you can come, at my expense, and go before the Committee, with Col. G. A. Bruce, Hon. F. Breed, and Prof. F. S. Pearson, who is consulting engineer of the Crimmins' Broadway, Jersey City, Newark and Orange Syndicate. The Legislature does not meet on Saturdays.

Very respectfully yours,

Major General O. O. Howard,

Wear Riv. -

I enclose copy
in accordance as per your
request of 17th inst. In reference to
article returned, I infer, after
reading what you say about the
edition described, that the principal
objection with the article is that your
modesty has caused you to suppress,
in the description, the heroic character
of the expedition and the magnitude

18

of its perils. I think on re-reading
it, you will agree with me, that
there is little in your recital to
indicate the perilous nature of
the enterprise.

Nothing could be more convincing to doubters than a reproduction of the thrilling addresses, editorials, legislative reports, and liquor dealers' manifestoes that characterized the great Maine law fight in New York State, in 1853-5. The appeals and arguments which such men as Horace Greeley, Henry Ward Beecher, Henry W. Raymond, John P. Hale, with Dr. Tyng and others met the arguments against Prohibition then, and twice carried New York State for the Maine law, are thrilling in their intensity and fit into the fight to-day as though spoken and written but yesterday. Forgotten facts of great interest and historical importance will be developed in this series.

V. GENERAL HOWARD'S REMINISCENCES.

Major-General O. O. Howard, commanding the Department of the East, U. S. Army, will contribute a series of six articles, recalling incidents of striking heroism (especially moral heroism) in army life. General Howard is an accomplished writer as well as brave commander. His sketches will be a treat.

Gen. O. O. Howard,

Dear Sir: We are holding
meetings for men in the Academy
of Music, and reach from 50
to 60 men each Sunday.

Your name has been suggested
to our committee as a possible
speaker for one of our meetings.

We shall be glad to
pay your traveling expenses
and entertain you, if you can
come and speak for us some
Sunday. Will you kindly
state what date would
be convenient for you to
come between Feb. 11th, and
Apr. 1st. This is a grand
opportunity to reach a body of
men. Kindly let me
hear from you at

Congregational Church Extension Society

of New York City and Brooklyn.

New York, January 27th, 1894.

My dear Sir:

At the meeting held on the evening of the 25th inst., at the Church of the Pilgrims, an adjournment was had to Monday, the 29th inst., at 4 P. M. at No. 72 Wall Street, New York City, to comply with a legal requirement of which each member has received notice.

For the information of those who may not have been present at the meeting of the 25th, it may be stated that a committee of three was appointed to nominate twenty-seven directors with instructions to place themselves among the number, and to report at the Monday meeting.

This is a meeting of the Society therefore, not of the directors as such, who will meet ten days later to elect officers and attend to other business.

Dr. Storrs, while willing to serve as a director, declines to act as president for more than one year. This is said in order to correct a possible misapprehension caused by newspaper reports.

Suggestions as to the more frequent meeting of the directors, and the change of the day from Monday to Thursday, will also be considered.

It has been found impossible to prepare special copies of the annual report in order to send before Monday next to those directors who were not present at the meeting of the 25th. It is in the printer's hands.

A quorum of fifteen is necessary at the Monday meeting. Pray be present, if you can.

Respectfully yours,

W. T. Storrs

Sir:-

I wrote you some two weeks ago in relation to an Educational Conference to be held about the last week in this month. I perhaps you had started on your Florida trip, and do not yet as you have returned.

In looking about to see who should open the Conference, we felt that Dr. Cuyler is just the man to open with an address of perhaps twenty minutes on the Educational phases of the Union in Public Schools, Sunday Schools, and among the people, perhaps have a paper of fifteen minutes on about the same line Miss Julia Colman, who is thoroughly familiar with the whole subject. Can you preside at such a meeting, perhaps Tuesday, February 20th or Friday the 23rd at half past three in the afternoon.

I shall be glad to hear from you as soon as convenient, very much desire to get away South for a few weeks.

Dear Sir:-

63

I wrote you some two weeks ago in relation to an Educational Conference to be held about the last week in this month. I think perhaps you had started on your Florida trip, and do not know yet as you have returned.

In looking about to see who would open the Conference, I have just met Mr. Gayler in just the way to open with an address of twenty minutes on the Educational phases of the Session in Public Schools, Sunday Schools, and among the people, and perhaps have a paper of fifteen minutes on about the same line by Miss Julia Colman, who is thoroughly familiar with the whole subject. Can you preside at such a meeting, perhaps Tuesday, February 20th or Friday the 23rd at half past three in the afternoon. I shall be glad to hear from you as soon as convenient.

As I very much desire to get away South for a few weeks.

Yours very truly,
