Mr O. O Howard,

Dear Sir, in looking
over my Paper to day, I see you
are soon to be retired, & I feel
sorry, for the sake of the army,
which is my pride, my Father
having been in the army, & several
of his brothers, & their Father, served
under Napoleon 1st, & I in the N.G.
N.Y. there are two names connected
with our late war, that I have
respect, for their war service, & since
& the only way I (being a poor man)
have of showing my respect, was
by naming our Baby boy born two
weeks last Friday, Howard Logan, hoping
the character of both may show in him
if God will that he should live to be
a man.

I Remain Yours in Respect

may come - cured most
effectually! His wife and
child are with her parents
here - for a time - and until
Clint proves himself.

God be thanked for the
"Keley Cure" and the possi-
bility of the abandonment
thro' it, of the terrible
curse of intemperance!

Dr. and I have visited
the Fair once - and I was
agreeably surprised at its
proportions and beauty.

I wish you and yours may
be able to come and see
it! Can't you come to
some of the Congresses

Dear General:

San Francisco is
lovely and suits me! How
can I ever thank you
for all you have done
for me! My dear hus-
band and I are very
pleasantly situated in
a new building at 916
Market St. our living
room adjoining his
offices. We go out for
our meals and enjoy
them - and are happy.

I had a pleasant little visit with Maamma at Los Angeles. But found her very sorrowful! My poor, unfortunate brother has become addicted to drink and for several months has hardly drawn a sober breath. That accounts for all business worries about which Maamma wrote me - and of which I spoke to you. The Oil and Gasoline business which he established and which Mother is now running - has nearly gone to pieces under his lack of proper

management. Mother is several thousand dollars in debt - on his account and my heart has been filled with woe over her terrible burdens. I was providentially led there just at that time - as I not only helped Maamma more and carried her "over a hill" in that way - but I brought Clint north with me - keeping him until on his way to Los Gatos. to the Keeley Institute - where he now is and from which place I sincerely trust and pray he

you in the multitudinous
lines of work you have
upon your heart and
hands! and may your
life be spared many years
for further accomplish-
ment of the great good
wherein you have al-
ready blessed and helped
many sorrowing and needy.

Please remember me very
kindly to Mrs. Howard - to
Harry, Jessie and Bert.

Accept much love -

From yours sincerely -

in April and May?

The good people of
California are to hold
a Religious Congress which
I think you would enjoy
among the rest.

Doubtless you have already
heard of it.

Our Church is - and
has been wonderfully bless-
ed spiritually - and I have
never seen a better spirit
existing among the mem-
bers - and in the work
of the church - That at
present.

Dr. Brown
is a good man and is

doing a good work.

Mr. Rae - formerly with Dr. McLean's church in Oakland - is Supt. of the Sunday School - and every thing is moving along very well indeed.

There are many unemployed here and some suffering - but people's hearts have been opened accordingly and much is being done for the relief of the poor. I am just merging into work again and now have ample time to devote to any good work that may

come to hand.

Mrs. Kate Hart - one of our church members - whose son Frank used to be conspicuous in the Y. M. C. A., spoke of you the other day and said she had sent you papers containing the news of his sad and dreadful death. Have you received them? Do write to her! She wants a kindly word in her sore affliction - He was so good a son, and so noble a man! I pray God's blessing may rest upon

Dear Sir:-

I send you March number of the "Advocate."

I expect to leave Monday noon for the South. Rev. Dr. Gregg of LaFayette Avenue Presbyterian Church asked if you could speak in his Church about the last Sunday in March, but I presume by what you said to me, that you would not be in this part of the country. Could you speak for him if arrangements could be made some Sunday night in April? I do not know what his arrangements are, but it was his own desire that our Society should be presented from his pulpit, and they will give a collection to our work.

I should like to hear from you on this matter. Can you let me know about when you will be in Florida? My address after Monday morning will be Jacksonville, although I expect to be down at Winter Park and the centre of the State a week or two.

Yours very truly,

My dear friends

Your kind letter
with check was received yes-
terday and I now write to
thank you for your kindness.
It was certainly a great present
to me. For I have a hard
time, my husband is well in
his work, but work seems to
be at a stand still here, and
we have been all the
week with just as little to
eat as it was possible for
people to live on and
very few sticks of wood and
the terrible snow on
the ground I am trying to

be contented and cheerful but it is harder thing to do, I hope. God will bless you and yours and never let you know the hard times I see; Give my love to Mrs A and receive a great portion of love and gratitude for your self

From your grateful
friend
Annie P. Mayhew,
