Dear Brother Howard,

I proposed last night to give you a copy of Uphan's Travels, but found the book belonged to his wife, Phoebe, who was related to me and I beg to back-out & only make a loan.

The other book, herewith, I matchless, you may have read. If you have it in your library, return it any time & I will forward its equal if possible.

My wife, it seems, was feeling badly sometime before we parted last even, which she desires me to state as apology for not asking you to come & see us at our home 159 W 78th St. She meant also to get the location of the Chrystie St Mission. Praying a good trip for yourself & loved ones, I beg to remain Yours in Kind S. S. Swain

Gentlemen:-

In answer to our agent's letter, dated San Francisco, January 31st, your agent in Bakersfield, Mr. W. E. DEACON, wrote as follows:

* Gents:-

* Yours of the 31st of January received this morning, and contents noted. I have been away from the office for several days hence the delay in answering you. I have notified the Company at Mount Vernon, Ind., to forward the interest on the full amount to General Howard at once, and they will do so. I gave them his address as furnished by you, and I have made sales of their lands here just recently, on which we will receive enough money in the next 60 days to pay the balance of the first half of the principal, and get all this business arranged in a short time.

Very truly,

The interest above referred to is in amounts
as follows:-

Balance of first payment,

\$ 1911.63, - 1 year at 7 % \$ 133.81

2nd note, \$ 2550, 1 year at 7 % 178.50

Total interest due \$ 312.31

This amount your agent says he notified you to forward to me.
I have received no communication from you, and these payments
are several months past due, therefore I am anxious to know
what the trouble is.

I notified your agent that I would wait a short time for
the balance of the first payment, due last January, if he
would send on the interest. This he promised to do, hence my
writing you regarding the matter.

Dear Cousin Otis

Please accept many thanks for your very interesting book, giving account of Sir Peter Joseph, which it will give us very great pleasure to read. I received it last evening by express.

It seemed very lonely yesterday after you had left, we enjoyed your visit so much, and regretted that it must be so brief. I trust you may be able to visit us again some time and bring your dear wife with you, remaining longer. I think I have not seen Lizzie since we were in Washington and attended Gen. Grant's inaugural twenty five years ago. It will give us much pleasure to receive visits from your children when they can make it convenient. I have seen so little of them since they were quite young it is hard to realize they are all grown men and women, with children of their own.

Mr. Selbot joins me in kind love to your family, and trusting that you will have a safe and pleasant journey to Florida &c. believe me as ever,

Affectionately Yours
Cousin Sarah.

My dear General Howard:-

I am very glad that you have accepted the position of President of the National Temperance Society. I have promised to speak at the annual meeting, when I shall hope to meet you. I should be very glad to have any suggestions from you as to the line which it is best to pursue. As you are perhaps aware, we are trying very hard in this ^{state} ~~city~~ to secure local option, which I think is the line for effective work at the present.

It is truly amazing, I find myself virulently abused by those who claim to be the apostles of temperance hereabout. I am sometimes at a loss to know whether the defects of these our friends are intellectual or moral. I hope you are more fortunate than myself, and escape these attacks.

I do not know who publishes your "Life of ^{Gen} Taylor"; if you will request your publishers to send us a copy, we shall see that it is adequately noticed. I shall be very glad to see your estimate of him as a man and as a general.

With sincere regard,

Truly yours,

Dear Sir

I send herewith the description of the Company's land as far as I am able. Mr. Troch has probably completed the information by giving the exact description of the Manatee land with sections &c & amount leased to Colonists. He alone can supply this - that town of Fleming has always been a Chinese puzzle to me.

I called at Mr Troch's office before 5 today, but it was closed,

247

The last time I was in the office all the papers of the Company had been taken away or locked up. I will send you whatever further information I can get from Mr. Iroch, as I suppose you will know where to reach the General.

I don't know why Mr. Iroch objected to the meeting held on the 5th Feb, except that he expected opposition on my part. He adjourned it for 30 days - that would be 7 March. He fixed no hour - but 5 o'clock is presumably the time. I shall be on hand to tell him that I shall agree to Mr. Wilson as Receiver, or anyone chosen by the General. It is an adjourned Stakeholders meeting & there may be voting, so it would be well perhaps if the General left a proxy - a simple letter will do. authorizing a person to vote in his place. I will advise you if there is any change.

Yours truly
H. R. Ellis

I shall be highly honored and delighted with your concurring opinion and beg your authority to quote, any reply you may make, in an argument I desire very soon to submit to the Senate.

Perhaps long after I have passed away, the record of my case may be of value to the Army and Navy as determining great principles plainly involved in it: that the power of Court Martialing an officer should never be used to gratify the ends of private malice, and that the happiness, welfare, honor and fame of a faithful officer should never be put in peril without careful and thorough preliminary consideration, and that his cause should never be judged before it is fully understood.

With sincerest esteem,

Truly your friend,

J. Madison Cutts

Dear General Howard.

I enclose you copy of a letter which I trust will interest you. Knowing that Judge F. J. Dickman would become Chief Justice of the great State of Ohio on the 9th of July '94, I wrote him a few days in advance a letter of congratulation. The reference to Attorney Gen. Olney in his reply is explained by stating that I in my letter referred to the fact that he - the Atty Gen - and the present Chief Justice of the United States had all been the friends of my early manhood, and all had reached the highest honors of the Law, while I the only one of the four to abandon his ^{profession} to serve his country, in its hours of great peril, as a Soldier, was now seeking a tardy act of justice.

I have no doubt that as Judge Dickman only became Chief Justice on the 9th and his letter is dated the next day, that it is his first judicial or semi-judicial opinion rendered as Chief Justice, and I have equally no doubt that his opinion will be concurred in by the Chief Justice of the United States, by the entire ^{Body} and Supreme Court - by the Attorney General and the ^{Bar} of the

entire country.

I enclose you an earlier opinion of Major Genl August V. Kautz who is a recognized authority on the Laws, Usages and Customs of the Service. He was Chief Cavalry Army of the James. I submitted to him the entire ^{Record}. Both of us being personally unknown to each other.

In my argument before the House Com: 52^d Congress, I said:

A bill differing in some particulars from that passed by the House, Fifty-first Congress, is now before you.

I am thus compelled to renew the argument previously made, with some additions rendered necessary by very important additional evidence, by the fact that since the expiration of the Fifty-first Congress I have for the first time been able to fully examine certain courts-martial records, and have very recently been furnished with officially certified copies which I cheerfully and most gladly hold at the service of the committee.

From the report of the committee on the bill to restore to the rank of Major-General August V. Kautz, passed by the House of Representatives, February 22, 1891.

In concluding my argument, I spoke as follows:

Mr. Chairman, I have strictly endeavored to confine myself in my argument to the recital of facts, which I have endeavored to accompany with proper and, as I trust and believe, unimpeachable, unanswerable, and conclusive evidence.

In passing upon the bill before you it is within your power to decide that the general tenor of my existence, both in the Army and in civil life, shall be weighed and considered, and thus weighed is found to be patriotic, self-sacrificing, and full of honorable efforts. You can decide without doing violence to truth and justice, and on the weight of overwhelming evidence, that my services to my country were conspicuous,

long-continued, and distinguished, rising fully to the dignity and very high honor of entitling me to the gratitude of the nation.

It will not strain your authority to decide that a debt of national gratitude is not obliterated or forgotten because the benefactor meets with disaster or misfortune, with sickness and sorrow, still less when he falls a victim and a sacrifice to malice.

You can forever silence the tongue of slander, confuse and confound assassins of character, while, in great degree, near the close of his life, restoring to a soldier his peace of mind and happiness, giving back to him his sword and his commission, surrendered only under circumstances of great distress and under an entire and most cruel misapprehension, and enabling him, by granting the relief he asks, to respond to the cares and still remaining duties of life, which now, by reason of honorable wounds received in battle, creating a total disability, overtax his strength and powers of endurance.

Measuring sedately every word I say, I deliberately declare that if, after my death, any surviving friend, taking note of my departure, shall wish to be my eulogist, let him not say only that I earned the gratitude of my country on many battlefields, but let him examine the full official

I myself insisted that the records of the Courts Martial should be published as a separate supplemental report, thus making my entire record - part of the public records of my country - open to the inspection and criticism of every one.

I send you that supplemental report as part of the Congressional Record - under frank as a public document. And now dear General will you at the earliest possible moment write me how far you concur in the enclosed opinions, to which I would like to add those of the Chairman of the Sub-Committee which heard my case in the 51st Congress.

[From Gen. Edwin S. Osborne, chairman of the subcommittee House Committee on Military Affairs, which unanimously reported the bill in the Fifty-first Congress.]

MY DEAR COLONEL: I became much interested in your case early in the Fifty-first Congress, and was sadly disappointed that the case was so long delayed in the Senate as to prevent justice being rendered in some slight degree to you by that Congress.

I have read the brief of your argument with much satisfaction and sincerely hope the deserved result for good so long delayed may be shortly reached, and the great injury done you after these long years of sorrow and suffering may be forgotten and that your future may be rich with many blessings.

Your services to the country on the battle field were grand and glorious and you deserve that reward your splendid efforts demand.

The circumstances surrounding your resignation from the Army were fully understood by the Military Committee of the Fifty-first Congress, and it never was regarded in the slightest degree as an objection to granting the relief you so justly are entitled to receive.

Congress should restore you to all the rights and honors you certainly were entitled to before these sad experiences, though bad men overtook your career, and surely the wounds that carried you down on that hard day, 18th June, 1864, in the front at Petersburg, should not be forgotten.

You deserve well of your country, and it will be small return for periled life to give you the brevet rank of brigadier-general and place you upon the retired list as captain.

I sincerely trust that justice may be permitted for yourself and your children.

I am, dear colonel, with kind regards, your obedient servant,

Gentlemen of the committee, take the case and upon full consideration, make such a decision as your consciences shall approve and dictate. Pass the bill entire as it has been introduced, or amend it as your sense of honor and justice shall dictate, but halt nor hesitate short of full justice, and do not deny to me an honorable measure of fame resting on its only true and enduring foundations—conscientious adherence at all times and in all places to what I believed to be right and self-sacrificing devotion to the best interests of my country, so far as God gave me the power to judge correctly, and a patriotic love of my entire country.

Respectfully submitted.

The following was the conclusion of the
Committee as found by them and reported to the House.

The committee have fully considered the courts-martial records and all the circumstances of great distress, anxiety, misapprehension, and entire misunderstanding which led to and attended this officer's resignation from the service after the machinery of courts-martial had been put in motion by bad and malicious men for their own purposes of revenge totally disconnected from the good of the service, and during the exciting period of reconstruction, when this officer at a culminating period of honorable usefulness was faithfully and intelligently exercising all his powers and faculties for the welfare and best interests of his country in an important and difficult command with the most beneficent results.

The committee concur fully with the surviving members of the New Orleans court-martial, which, at the time, unknown to this officer, unanimously recommended not mitigation, but the entire, absolute, and unqualified remission of their gravest sentence, as now expressed by Maj. Gen. Beckwith, the president of that court, that "this most valuable officer should be restored to the service, where he rightfully belongs," and only regret that in accordance with all the recent precedents in cases of retirement this can only be done by placing him on the retired list with the rank of captain, that being his actual rank at the date of his resignation, to date from the passage of this act, and without back pay, although in 1866, under then-existing law, and two years before his resignation, he had the undoubted right to be retired as field officer, the rank of his command when wounded.

The committee, again referring to all the evidence set forth in the report of the Fifty-first Congress and contained in the argument of the case, which is made an appendix to this report, submit the accompanying amended bill:

My dear Madison:

I have received your very kind letter of the 8th inst. It is to be earnestly wished by every lover of justice and admirer of noble and patriotic service for our country in its darkest hour, that this Congress will not end without passing the bill pending for your relief. It is not necessary to repeat what I have several times written you, that upon a careful review of the evidence at the Courts Martial in your case, and with reliable information as to the causes that unjustly inspired the proceedings, you should, in my opinions, have all and more than you ask at the hands of Congress.

I am gratified by your kind expressions in reference to myself. It is true you left the profession of the law, of which you would have become an ornament had you continued in the struggle (which is the lot of all who woo the jealous mistress) yet, no one can find fault with your having made the sacrifice for the sake of your country.

Until I received your last letter, I did not know that Attorney-General Olney was your classmate at Brown. He is a strong man/ the right man in the right place/ and a credit to Mr. Cleveland's Administration.

With my earnest wishes, and I will say prayers, for your success in the matter which must now fill so large a space in your mind, and heart, and soul, I am ever, and sincerely,

Your friend,

Dear Sir:

Not until now have I been able to read the reports of the House Mil: Com: of the 52nd Congress. which enables me to answer the interrogatories of your letter of the 30th of December 1892.

The customs and usages of service were violated in allowing you to be continued in the performance of important duties after an alleged offense for which you were subsequently tried as shown in the proceedings of the Cincinnati Court Martial of 1863 in your case.

The Praman Court Martial case does not show any treatment of enlisted men by you that could not reasonably have been excused by the circumstances and the practice of the service at that time.

The Peterson Court Martial and the recommendation of the members show that they regarded you as a gallant and chivalrous officer seeking to protect the country under your command against what you had reason to believe the dishonest schemes of Peterson.

I concur fully in the findings of the committees, and do not see how Congress can justly fail, except by default - to grant your petition. Trusting when I shall have the opportunity of meeting you in person that you will be in the enjoyment of your just dues with your name again upon the Army list.

Yours very Respectfully,

August V. Kantz

Gen. O. O. Howard:

My dear General:

Your letter of the 27th ult, with enclosure from your son is rec'd.

I am much obliged for the favor his selection implies, but you will readily perceive that an author who does honest work could not be pleased to have it parodied for any purpose. "Hot Plowshares" is to me at least, something more than a fictitious narrative. It is a history, wrought out with infinite pains, of the thought of a great section of the American people. As such, it is true in every detail. I should feel just as bad to see it parodied as an artist would to have his picture used as an advertisement. What he says about increasing the sale may possibly be true--I am by no means certain that he is correct however, in this deduction- but no conceivable advantage of that sort could compensate me for the pain I should suffer from the course he proposes.

You will readily understand that I greatly regret this feeling in the present instance, as nothing would give me greater pleasure than to oblige the son of one I so highly esteem.

Sincerely yours,

My dear Sir,

I have carefully read the report which
you sent me and think that you have
made a very strong case. I do not
know anything of the great majority of
facts presented and discussed and have
now ascertained them for the first time,
but concerning you I know this
much: — I became acquainted

with you at the Cambridge Law
School in 1859 & '60. You were a very
clever student and established a
reputation for application and
ability. I next saw you in the
Wilderness on the 7th of May 1864, when
you were with your Regiment, and from
that date to the 18th day of June when
you were severely wounded in front
of Petersburg Va. I saw you very
frequently as I was continuously an
active member of the Brigade in
which you were serving. On
June 18th I commanded that
Brigade, and recollect most
distinctly the circumstances under
which you received your wound.
In that terrible
Campaign from May 5th until

Petersburg was reached, you bore
yourself most gallantly and won the
admiration and respect of all with
whom you were associated. For
your services in that Campaign
alone your Country is greatly
indebted, and I shall be very
glad to see you suitably
rewarded.

Very truly yours,

E. S. Otis

Dear General Howard, my esteem
and regard for you is so great that
I take peculiar pleasure in
thinking to deserve your friendship
by proving it unwarrantable and undeserved
without merit. — Sincerely yours

Dear Gen. Howard,
I wrote to Gen. Edwin C.
Mason 3rd regt. last week
as a personal friend, as well
as brother officer of my dear
husband Lt. John Scott, late
1st regt. for advice as to my
making application to President
Cleveland for an appointment
to West Point for my oldest
son, John, who will be 16 in
April. I received an answer
from him today enclosing a
letter to Mr Cleveland as to
my husband's record as an
officer. He was in the service
from '61 to close of the war, into
regular service to the time of his
death Nov 10th 1864 and

Clay U. S. A. as Commandant at State College here,
and his sister. Miss Clay have later quite a fancy
to him, and although the latter he has attended
State College the last two years. Miss Clay was
to see me last week, her brothers, had seen in
A. & A. Regulate, where President Cleveland and
made his appointments to some of Army or Navy Officers,
and they thought best for me to write to the Officers
in my husband's old Regt. - when it Clay would
his endorsement, of the faculty and President
of State College. as to John's standing as a
student, (and he is a good student) see that the
papers were handed President Cleveland by a
friend of mine in Congress. He would be so

advising me to write to Genl
Leslie, and Col Lee Russay or
old Officers of the 40th Inftry.
and any other officers, well known
names. I thought would take
an interest in us. I remember
when you were in Command
Dept of the Platte. at Omaha,
the 40th Inftry stationed at Fort
Omaha. Mr Scott had been
home on sick leave. when at
Omaha en route to Fort
Robinson, you with Col Mason
and others advised his returning
to Ky - instead of joining his
company. not thinking him well
enough. always conscientious in the
discharge of his duty. he went
on to Fort Robinson. the future chance
he was not able.

John has always from a
little fellow been anxious to
go to the front. Lieut Charles

My dear General,-

Your letter with enclosures came promptly to hand, for which please accept my thanks.

The Comments made by the ISRAELITE on the very letter addressed by you to Dr. Wise--a copy of which you sent me--is what aroused my indignation, and prompted me not alone to write to you, but to address a letter to Dr. Wise in which I criticized him very severely for permitting any of his writers to so shamefully abuse the privileges of his columns. I am sure that my indignation in this matter is shared by a large number of his readers, and I trust that his journal may never again be guilty of such conduct.

I read the article you sent me with much interest and am in hearty accord with the spirit it manifests. I shall ever be glad to be favored with any published efforts ^{from} of your pen, which, I am sure, are always well worth the reading.

It occurred to me immediately after I had sent you "Rome's Challenge" and "Our Answer", that I should have asked you to read it prayerfully. But I thought it was unnecessary, as you would read it in no other way. I did think that when you would discover that the change of the Sabbath was nowhere made in either the Old or the New

Testament, in short that the Bible says that the law is truth ^{that you would regard it} & read Ps 119: 89, 131, 172. Why the Sabbath will be carried into the new earth. Read Ps 66;

23. The Angels do his commandments Ps 103: 20.

The Sabbath commemorated Creation - & not the resurrection. The seventh day was the only day our dear Lord ever honored with a name (Sabbath). He set it apart at creation, and reminded us of it when He said "Remember" Ex 20: 8. He wrote it with his own finger (Can we cast aside his writing?) on the enclaving stone.

General O. O. Howard,

My dear friend;

I was glad to receive a letter from you upon my arrival here last Friday the 2^d inst.

Now that I have recovered from my surprise at the contents of your letter, I somehow cannot keep back the tears as I realize how much you are in the dark. I am so unwilling that one of your large heart and earnest purpose should be behind in understanding prophecy, now in process of fulfillment. Is there any study so wonderful and so important, as the careful, prayerful, diligent study of the word of God? The psalmist said Ps 119: 105. Thy word is a lamp to my feet and a

light to my path. But if one does not
walk in the light then darkness comes.

Oh if you could only believe that this
little humble, remnant people ^{why} prize the
precious truths of Gods holy word, and who
study it by night and by day have learned
to have clearer vision, and know what is
just before us & what we have to pass through.

Perhaps instead of giving you Great con-
troversary, you would have preferred to
have received "Thoughts on Daniel and
Revelation" If so let me know and I will
make the exchange.

You cannot but be filled with joy to know
that the word explains itself to the care-
ful student of the word, and that Dan.
and Rev. are unsealed now in the time
of the end, & that our own Country, the beloved
America is plainly shown in Rev.

Every moment of my time is occupied
in this Bible institute, but I shall be at
liberty next Monday the 12th inst.

Can you mention some time in the day
and some place where I can meet you
with one of our people.

If I know you at all, I must believe that
you are willing to meet the humble ones,
who take the Bible, and the Bible only as a guide.

Oh, won't you listen to the humblest one of your
class, twenty years ago - and know that there are
precious truths of the Bible to be revealed just now.

Do you not recall the cruel sufferings of
50,000,000 of Gods people during the dark ages,
as described in sacred, and profane history,
at the hands of the Roman Catholics

Read Heb. 11:37. Is it not wisest to read what
God says about usurping his authority as they have done.
2 Thes 2:3-10.

Do you know that the seven last plagues will be
sent on those who worship the beast, his image,
or receive his mark? Don't you desire to know
what this mark is so as to avoid receiving it?

Do you not believe that Martin Luther
was led by the Lord to study the Bible, - and
to show that its teachings are justification
by faith and not by works?

The fact that the mass of people are keeping another day - does not hinder the potency of the Word of God - which will endure forever.
Read 1 Oct 1: 23, 25. Isa 55:11 Do you for a moment imagine that a people will be translated without dying, as the remnant people must be, without their coming back to the purity and simplicity of the Word? No - on the contrary - Rev 12:17 - and Rev 14:12 The Word of God is here clear and decisive. It clearly indicates as I have not shown you - that the whole world as well as our own country will by their legalizing Sunday keeping thus uniting Church & State - (as was done in the dark ages) trample on the Sabbath of the Lord. And God's remnant, command-ment keeping people will obey God rather than men. Peter said "We ought to obey God rather than men". The Acts of the Apos-

they will be lived over again in the sufferings
of Gods people who owe their first allegiance to
God.

But light upon the sabbath
is not the only light given us. There is
light in many detail points and the
beauty of the word is that it never
contradicts itself. It is a lamp, a constant

lamp, a light, a glowing light to the people
of God.

While some even ministers,
will be pulling the word to pieces accept-
ing a part, & rejecting a part, others will
treasure the entire word of God. Satan
in tempting Christ - drew from him these
precious words "Man shall not live by
bread alone, but by every word that
proceedeth from the mouth of God."

My right hand is painful - being
disabled by a sprain - I beg that you
will excuse the pencil writing.

I trust that you can designate
an hour next Monday when you can
see me and one of our people.

How can we obtain the praises?

I hope you will be interested in perus-
ing "Christ & the Sabbath" which I enclose
