When you are not busy  
read this please.

Two years since I left  
the west to find this  
small endowment for  
an Academy which  
means so much to the  
northwest in Home Mission  
work. - I have had to  
work in a quiet way  
not having funds to  
move as I would like  
I would willingly

die for the salvation of  
Prayer School Academy  
but would rather live  
to see it stand and  
return to work in it.

If it is obliged to close  
its doors it means a  
tremendous loss not  
alone to the Congl. Church  
but to Christ's cause.

So then any one whom  
you meet coming under  
your influence who might  
be induced to help us.

I have wanted to see  
Mr. Hatch of N. C. as also  
Mr. Benedict of Montclair  
New Jersey. Mr. Benedict  
has a daughter under

bad circumstances last sum-  
mer - by drowning in Lake  
George. He might be induced  
to have this Academy  
renamed for a memorial  
to his daughter for the  
endowment of \$2000.

Several gentlemen are  
interested here in Philadelphia

If I was not so hindered  
in funds. I should have  
seen many of these but  
as a good soldier I have  
tried to earn my living  
in the wilderness and  
must give my attention  
entirely to that unless  
some friend is raised  
up. I pray you let  
your prayers ascend to

Gm. O. O. Howard

Dear Sir -

In looking over  
the old catalogues of the Yarmouth  
Academy we find  
your name enrolled as a  
student in 1846.

Last year a meeting of  
the former pupils of the  
school in this immediate  
vicinity was held at the  
close of the school year in  
June, and an Alumni  
Association formed.

This year '94, the Academy  
celebrates its eightieth anni-  
versary, being founded in  
1814, and it is hoped that  
a large number of the old

4

pupils of the school may  
assemble and hold a Reunion.

The graduation of the  
class of '94 will occur June 6,  
and it is proposed that the  
Alumni Reunion should  
take place Thurs. June 7.

The committee who have  
the matter in charge would  
esteem it a great honor and  
pleasure, if we might  
welcome you here on that  
occasion, and if you would  
consent to give an address  
before the Alumni.

If more convenient for you  
the occasion could take place  
a week earlier or later as  
you might prefer.

If possible for you to come  
I can assure you of a  
warm welcome not only  
from the present and  
former pupils of the school.

but from all our loving  
people.

Will you kindly consider  
the matter and let us  
know at your earliest  
convenience your decision  
in regard to it.

Hoping for a favorable  
reply, I remain

Very Sincerely

Dear General:-

We desire to arrange with you to ride over the most interesting part of Sherman's March to the sea for the purpose of getting material for a short series of articles to appear in the newspapers we represent. These articles, say three in number, should tell what is most interesting in your reminiscences of the march; they should describe the battle fields as they look to-day, the people that live on and near them, etc.

These articles would be worth about \$100. each to us; they should contain about five thousand words each. Some one should accompany you with a camera. Please let us know if you can undertake the enterprise, and if so, when.

very sincerely yours,

We regret very much

President Cleveland, as  
well as getting in the

it advisable to forward my

will know best, and I don't  
want to be persistent. I also  
know of what a fine

Dear Sir,

Your favor of the 8 inst. concerning lecture by Gen. Howard was duly received.

Our people are very enthusiastic in the matter, yet as the expense will be rather more than we anticipated, we wish to have a curtain

... tier of tickets  
guaranteed before  
making a definite  
arrangement. There  
seems to be little doubt  
however about the success  
of the plan.

How long could the  
date we suggested, the  
19<sup>th</sup> of April, be left  
open? We can probably  
determine in a few days  
just what can be done.

We have no first

the General could be  
entertained at one of our

pleasant homes if he  
desired. We are only  
about a half hour's ride  
from Boston and a

10 o'clock p. m. which  
makes it very convenient  
to return to the city.

Hoping we shall be

Dear General, Allow me to  
congratulate you heartily on account  
of the high honor conferred  
upon you by the French Go-  
vernment.

What I read in the  
papers with regard to this, remin-  
ded me that I had intended,  
since a long time, to send you  
a letter written during civil war  
times and which came into my  
possession at Newport, Vt.  
by way of a second hand book.  
I have kept it ever since  
as a precious little bit of human

nature, as exhibited by a young lady's letter.

Rev. F. E. Butler of the Congl. Church, here, tells me that you intend to go over to Europe this year. How much I wish I could afford the expense of taking my family over there, so that my wife might have the satisfaction of seeing her parents again, while they live. She seems to pine away here, and I regret it the more that her talent as an artist if known in the right place would secure in a very short time enough funds to take her there. If you go to Switzerland please do not fail to visit the Campagne Richemont, ~~near~~ St. Léger, near Vevey, Vaud. My wife's parents would be delighted and I believe

you would not regret to have made their acquaintance.

Rev. Dr. Newman of Washington has spent a few weeks there with his family.

With regard to church work, I have decided to go to France as soon as our means permit.

For the present I continue to teach languages and when a call comes for church work in English or French I will lose no time in "accepting." In the meantime, if by some means or plans, through my friends, it can be made possible for me to go France for French Home Mission work, (not the ~~Mc~~ ~~Call~~ Mission.) we will go, when the sum of \$ 800 is reached, for traveling expenses and first year's salary or support.

Dear brother Tom:-

I wrote to you some six months ago, and feel quite uneasy about you, as not a line has reached me since your letter last June. I now repeat to you that matters and things are getting worse every day. You will be astonished to hear that your friends of the female denomination are dropping off every day- yes, dropping off too, as willing victims into the arms of the ruthless invaders. Just think of it ! Mollie, the unconquerable who used to parade that large Beaugard breast-pin, and who used to sing "My Maryland, my Maryland" with so much pathos, was married some four months ago to a Federal with but one bar on his shoulder. Sallie, who used to sleep with the "Bonnie Blue Flag" under her pillow, who looked daggers and pistols at the invaders who would not speak to her school-mates N. and C., because they received and treated Federal officers with due politeness, she is gone too; yes married to a Federal officer with two bars. Sue, the historical one, who carried the glittering stiletto in her belt, who was going to imitate Charlotte Corday, and assassinate somebody for her country's sake, she too, has gone the way of all flesh, and married an officer with that detestable eagle on his shoulder, and now pull out your handkerchief, and prepare for the worst, my poor brother Tom. Your old sweetheart, Anna, the one to whom you dedicated your sweetest verses, and whose melodious voice so often mingled with yours in days of yore; who defied both generals and the whole 15th Army Corps, and who was sent first South, then North, but upon whose rebellious temperament no climaterial change could have the least influence, she, too, has hauled down the stars and bars, and is about to surrender at discretion. I should not have believed this, but to convince myself, I passed her house the other night with a gentleman who protected me during your absence, on purpose to find out the state of her political sentiment from her musical programme. Take it like a man, Tom; for I must tell you that I heard very distinctly the words of "Rally around the Flag Boys" and "The Union Forever", sung in her best style with a glorious tenor voice mingling with it. Poor brother Tom! You know I considered her always the Gibraltar of the South, and now, when she surrenders, I must think that the confederacy has gone up. You had better come home immediately, and look to your interests in that quarter, as perhaps it may not be too late yet to produce a favorable change in your suit. Tell the boys down in Dixie, if they do not return soon, they will not find a single girl or widow below conscript age in these parts, as the watch-word now seems to be "Sauve Qui Peut", which means Marry who you can. My principles are still unchanged, and I am ~~as~~ as true to the South as ever. We have a Captain boarding with us merely by way of protection, who appears to be rather a clever fellow for a Federal. He takes a sly glance at me at the table sometimes; but of course I do not return it. You know me too well for that. Let me hear from you soon, and believe me ever

Your loving sister,  
Marie.

P.S. Do you think it would be a violation of my Southern principles to take an occasional ride with the Captain? He has such a nice horse and buggy. You know there can be no possible harm in that.

P. S. II. That impertinent fellow actually squeezed my hand as he helped me out of the buggy this evening. We had such a delightful ride. I want you to come home and protect me, Tom, as I dont like to live this way much longer.

P. S. III. If ever I should marry a Yankee ( but you know me too well for that ), I would do it merely as the humble instrument to avenge the wrongs of my oppressed Country. Little peace should he find by day or night, thorns should be of Holofernes, and my dry-goods bills as long as the internal revenue law.

P. S. IV. Come home, brother Tom, take the amnesty oath for two months or thereabouts. I want to tell you a secret! On due consideration, I have come to the determination to make a martyr of myself. Yes - brother Tom - I am going to marry the Captain on \*\*\*\*\*patriotic principles.

Genl. O. O. Howard,

Dear General,

Will you help me?

I am making a fight for a  
position, but fight under a  
disadvantage, inasmuch as  
I do not know whom I am  
attacking, but make my war-  
fare through an intermediary.  
There is a position of Capt. of  
reformatory institution going  
a-begging. Negotiations are  
in the hands of a firm of  
lawyers, Strong, Harmon and  
Mathewson, of 45 William St.  
New York. The position is one  
I would like very much for

The first thing I noticed  
 when I stepped out  
 of the car was the  
 smell of fresh air.  
 It was a relief after  
 being stuck in traffic  
 for so long. The sun  
 was shining brightly  
 and the birds were  
 chirping happily.  
 I took a deep breath  
 and felt a sense of  
 freedom. The world  
 seemed so much  
 brighter and more  
 alive than it had  
 been in the car.  
 I walked towards  
 the park and saw  
 children playing  
 happily. They were  
 laughing and running  
 around. I smiled  
 and felt a sense of  
 joy. The world was  
 truly beautiful.  
 I had found a  
 moment of peace  
 and happiness.  
 It was exactly what  
 I needed.

myself, but that consideration,  
is secondary to my desire  
to see my friend Mrs.  
Lathrop (whom perhaps you  
will remember visited with  
me at Governor's Island),  
in a position so entirely  
suited to her abilities and  
character as matron of said  
Institution, the same being  
required filled by a member  
of Supt's family. As the  
two positions, sink or swim  
together, and Superintendency  
is the point of attack  
it is necessary that every  
effort be made to carry that  
point. I believe that in my  
work as a physician and  
in these later years of exper-  
ience amongst the far down-  
fallen ones I have gained  
a sympathy for helpless ones

*[Faint, illegible handwriting on aged paper]*

without which no man is fitted to undertake so grave responsibility.

I fully understand what such responsibility is and do not aspire to the position without an earnest purpose to meet all its obligations faithfully. Unless such were the case I would not ask of you an endorsement which must needs carry honor with it in coming from one so true & faithful to his principles. If you can, & will endorse me for this work I will truly appreciate it. The gentleman to address is Theron G. Strong and if you would do so as promptly as possible it may not be too late to go before the board. Very Respectfully,

Dear General:

I have been trying to stir  
up a little news so as to  
make a letter worth receiving  
but had to give up the idea.

The boat left for Washington  
yesterday with Col. Fildrick  
that is it is supposed he left  
for he has not returned here.

He is expected to return tonight

or tomorrow morning.

Genl Breek is not on the sick report but think it would probably be better for him if he were as then he would remain in the house and get well. Col Barr has taken charge of his department again as Capt Lyons resignation has been accepted.

Now here is a little news Genl Tompkins has been wearing his uniform for the last few days so I went over to ask him all about it this morning and he says he has to wear them out

before September so is doing the best he knows.

The new Hop Room is about completed and some say it looks very well re. but of course these "obstructionists" must keep quiet one in a while even if it does come hard so I am silent.

Just that you are having a pleasant trip and enjoying all the sights. If it does not become too warm you will have a fine time. Hope that all the party are in good spirits and health (I put in spirits hope

Dear General:-

Your prompt acceptance to lecture before the public school children of Brooklyn in the All Souls Course is received and greatly appreciated.

I will communicate with you later, in referencetto date etc. Will you kindly send me a photograph or engraving of yourself and if not too much trouble, a very brief outline--merely the subdivisions--of your lecture. Our purpose is to send to each scholar a circuylar stating who the lecturers are, (with a small cut of each General), and what subjects will be treated of in each lecture, so that the students may acquire as much knowledge as possible, in advance, of the battles that will be described and of the Generals whom they will have the pleasure of seeing and hearing.

Your subject the "Campaign Of General McDowell including Bull Run" is very satisfactory indeed.

Very Truly Yours.

Dear Sir:

Mr. Stearns has told me that although your time is so occupied you could not prepare an article for the Review of Reviews apropos of the appearance of the great work "Temperance in All Lands"; touching upon the progress and status of the temperance movement in the broad sense, yet you would be willing to talk to some representative of our periodical for an interview, to appear possibly in our next number. Your acceptance of the presidency of the National Temperance Society is well known, and your prominent identification with temperance work has ~~also~~ been well understood for many years. The temperance question is assuming a great many new phases, and I think it would be of interest to our very wide circle of readers to know what the outlook is from your point of view. In Massachusetts they are apparently with a good deal of seriousness considering the adoption of ~~an~~ Americanized form of the Gothenburg system. In South Carolina Governor Tillman has been displaying an unmistakable sincerity in behalf of his pet measure of state control and sale, for the sake of doing away with the open saloon. In Maine, the ninetieth anniversary of Neal Dow has led to glances backward upon the working success of the Maine Law and to glances forward as to its probable future. In Iowa, the probability seems to be very strong that the complete prohibitory system now existing cannot be maintained and that some clear modification of it will be adopted. Mr. Gould's article in the Forum calls attention to the formation of a large committee which proposes to make a new study of the temperance question. Mr. Stead in his recent visit to this country offended many good temperance people by remarks to the effect that they were too remote from the life of the people to appreciate the real position of the saloon, and to understand the <sup>part it plays</sup> ~~opportunity~~ it places in the social life of the masses quite apart from the indulgence in alcoholic drinks. The state of New York is about to hold a constitutional convention, and the

temperance question or some phases of it must of necessity come prominently before that body. Sir William Harcourt and Lord Rosebery have just stated in England that they had no intention whatever to abandon the advanced position that the Liberal party had taken upon the temperance question in the Newcastle programme, that position being, as I remember it, an acceptance of the plan of local option and a great reduction of the number of licensed public houses. The discussion rages all along the line in a great number of American communities and in all parts of the Old World. In accepting the presidency of the National Temperance Society I am sure you must have given more or less re-examination to the ground upon which you were standing, and that you took this action deliberately because you saw in the temperance reform a great field for present-day action.

I have thus in the foregoing statement covered in a hasty way some of the topics upon which I should ask you questions if I were to be accorded an interview with you for our magazine. Will it be possible for you to make an appointment for Wednesday, Thursday, or Friday of this week?

With great respect,

Very truly yours,
