General O. O. Howard
United States Army

Dear General

In his interesting paper in the Pall Mall Magazine for April, upon the decline and fall of Napoleon, General Viscount Wolseley of the British Army, has this to say of especial interest to us as Americans, in protest of the theory of the British optimist based upon the results achieved in our own Civil war with volunteer troops:

"The military system of every great European power at this moment rises in evidence to protest against the theory of the British optimist on this subject, because in the Confederate war of 1861-65 great armies were quickly raised, that fought well against armies similarly constituted and equally undisciplined and untrained, it is often urged by men who know nothing of war that in case of invasion we could in like manner put hundreds of thousands of men in the field who would be fit to meet the regular troops of the invader. You might just as well hope to win the Derby with an imperfectly trained horse."
The position of General Wolseley of course gives such an expression on his part great weight. As atypical American soldier of the Army as well as conversant with our volunteers of the war, the Journal would esteem itself under deep obligation to yourself if you would kindly favor it with a reply expressing your views on this matter --whether it behooves this nation, in the light of modern developments in the science of warfare, to change the established policy of a small military contingent, sufficient merely to police our frontier and garrison the more important of our coast defences, and to establish in its stead a large standing army upon the European basis as to efficiency and discipline; or whether we may safely continue, as in the past, to rely upon the organized national reserve, the militia of the States, backed by the love of country, loyalty and zeal of our people to assure them of the same great army of defence that we had in '65 before the surrender, invincible against all comers despite smokeless powder, Gatlings and rapid fire ordnance?

Trusting that you may favor the Journal, I am General,

Yours with Respect

Charles F. W. Archer

Dear Sir:

In reply to your favor of the 6th inst. we beg to inform you that we have received all proofs sent to you and have returned them to the printer. They are now setting up new matter and as soon as we receive the galleys proofs from them we will forward them to you.

In view of the importance of the map as stated by you, we have decided to have same prepared to make one page, which we think will be large enough. Our artist has disappointed us some, his text illustrations not being finished as rapidly as we had hoped; however, we expect to issue the book about May 10th, as the indications are that we will get finished by that time.

Yours very truly,

P.S. Just received some galleys, which we forwarded.

I am writing to your favor of the 28th instant: we got to know you had not been here for several years, so you may not have received my letter of instruction in the matter of raising your troops from paying them for all the previous years. My Dear General:

I was very glad to hear from our Pastor that you had accepted our invitation to speak with Dr. Cuyler in our Church on next Tuesday evening, and now enclose you transportation from New York to our City and back. When can you come over?

We should be very glad if you could reach Philadelphia on the train leaving New York not later than 8:30 o’clock, so that you can go to Germantown with me, take dinner with the Presbytery at the Church, and spend the afternoon with them, supper and lodging you are to have at my house, and you can go back to Governor’s Island whenever you get tired of our City.

Please let me know what your movements will be, so that I can meet you at this end of the line. If the hours indicated are not agreeable to you, kindly make your own timetable and let me know what you will be able to do.

Yours truly,

Gen. C.C. Howard,-

Dear Sir,-

I want to say that we have been unable to secure a sufficient guarantee of sale of tickets to warrant our carrying out the plan which we had made of securing you to speak to me. There was much enthusiasm in the matter, but
So many concerts and other entertainments had been arranged for this month in different sections of the town that we felt afraid to assume the risk lest we might not be able to pay the expenses.

We are still hoping that at some future time we may be able to hire the pleasure of listening to you.

Very respectfully,

Mrs. M. E. Hayes
Pres. P. Massachuets Circle of King's Daughters.

Gen. C. C. Howard,

Dear Sir,

I wish you could have stopped to the prayer meeting held at my house to-night. You would have seen your former bride Belle Cook, now the wife of Dr. Howard, who holds you in the highest esteem. She was invited to an entertainment to-night but she so rejoiced that she came here instead.

Our dear pastor Elder Persons showed us some of the precious things in Isa. 58 and somehow connected with it a portion of Matt. 24.

At the testimony meeting, every one in the double rooms had something to say. There was a tribute of praise to God for the rays of light he is giving...
as in his precious Word.

How can I keep these wonderful things to
myself? Impossible. I love to call
attention to those things that have so helped
me.

You were called South, and I
did not even meet you at the meeting of
Conference that convened at Jersey City last
month.

I wish very much that you
might meet with Elder E. E. Frankel
22 Oak St. Jersey City A. J. He has much
of the Spirit of God with him, and he is a felt
power wherever he goes. I think it is because
he relies wholly on the Lord. Then he is a close
student of the Word, and that means so
much; in these times when so many
ministers are pulling the Word to pieces, and
separating it from itself, so that one hardly
knows what to believe.
I shall hope and pray that somehow in some way you may meet Elder Franke and listen and read for yourself great light in these latter days.

Always your friend,
Mrs. Elizabeth W. Harris.

Dear Sir:

Since I saw you last, I have been employed on several places but have had no permanent position. Now I hope sure to obtain a situation by Capt. Alex. Wishard, 28th Inf. N.Y. I showed the Captain your card of introduction this morning, and if you kindly will still let me refer to you together with my friend, S. Woodard, Aire. I think it will get steady employment, because Capt. Wishard told me that he estimated you and your name very highly.

Asking you kindly to favor me with an answer at your earliest convenience.

I remain - Yours Respectfully,

Dear General,

I have your letter of the 9th inst.

It is most welcome, and you will be placed on the list for "The Campaign of the Carolinas" at our Dinner on the 2nd prox.

I wrote to Genl. Grant Smith yesterday inviting him to respond to "A Night in Lookout Valley," and hope he will do it.

I will write to him again this evening and try to arrange for transportation as you suggest. He will probably write to you.
