My dear General -
I am glad the photograph
reached you in safety.
It is I think a most
excellent likeness of my
dear husband and abundantly
more than fail to please those
in whose memory his pleasant
face still lingers -

I am sorry the Coal Mines
give you such anxiety. It
is strange, is it not, that
in all the years you have
been interested in them,
the difficulties I now speak
of, did not occur to you
before, or that my dear
husband never mentioned
to you the possibility of such?

But - if - is needless to hurry over the deal
past, to - act - in the living present, is
far better, is it not - ?

As to selling the Mines, in the
present financial state of the country
this no doubt, is next to an impossibility
still it will not do to give up hope.

And now I want to ask a
favor of you - that is, to lend me
for a short time, the Map, the
larger pamphlet - and all the papers
both - Spanish and English, relating to
the Mines which you have in your possession.

I would like to show them
to a friend - The original
papers are in the safe
deposit - And I do not
wish - like to take them
out. The papers will
have the best care and
be returned as soon as
possible -

Hoping you will not
fail to grant my request
at the earliest opportunity
With kind regards to
Mrs Howard and family

I remain Truly Yours

It has been the custom of the Globe, for many years to do this, as it secures greater accuracy and relieves the orator from embarrassment of calls from other papers.

Dear Sir -

In preparing for the Slater Fund a bulletin giving a historical review of efforts that have been made for the Education of the Negroes since 1860. I have sought in vain, in the War Department and in the Bureau of Education, for copies of your Reports when you were in charge of the Freedmen's Bureau - Only occasional reports have been found. I am very anxious to have a correct account of schools established and of moneys expended therefor under your Supervision. Can you give me the information?

Mr Wright, who, at my request, has written and published a sketch of Negro Education in Georgia says he is indebted to you for copies of the School Records of the Bureau. Copies of your Reports, loaned to me, if you have not duplicates, would answer my purpose -

I regret to trouble you but it is important to make an authentic statement in my paper -

With high respect

Dear General Howard:-

I was pained and surprised to hear of some remarks which you made in the Broadway Tabernacle meeting in relation to the Young Men's Christian Association. The Association never was instituted as an agency for tramps. It was originally instituted in London exclusively for the clerk class, but we have always widened it, and have carried on work for men as we had opportunity irrespective of their circumstances. The tramp is a peculiar character, and any Association attempting to reach tramps in the same building with self-respecting young men would soon have no self-respecting young men around.

The Association has made no "new departure", and has made no "advance". It is carrying on its work precisely as it always has done, but, I think, with more intelligence and with more satisfactory results. That is my experience, and I have been in the work as Secretary for thirty-two years, and have a pretty wide knowledge of the Association work the continent over. Let me add that I have never known a time when the Associations generally were instrumental in leading as many young men into the Christian life as to-day.

Very truly yours,

THE YOUNG MEN'S CHRISTIAN ASSOCIATION OF THE CITY OF NEW YORK completed its 40th year of activity in 1892. It is now one of the best-known benevolent agencies of our city. The object of the Association is the improvement of the spiritual, mental, social and physical condition of YOUNG MEN. All classes, creeds and nationalities are welcomed.

While chiefly an educational and preventive agency, rescue and relief are two of its important departments.

Membership fees are kept low, in order that young men of limited means can join; therefore the work is not self-supporting.

To meet the expenses of the Association, and the proportion of the expenses of the Branches for which the Board of Directors are responsible, there will be required in gifts from friends during 1893 the sum of \$25,250.

Contributions to current expenses and gifts for endowment are earnestly solicited.

Dear Sir:

Thinking, that as you probably
knew him, and others mentioned in
it, you may care to ^{read} Gen. Mc. Call's (W. P.

I forward you a copy of the Home

I inclose a clipping in regard to

The cadets of the Michigan Military Academy, have requested me as Editor-in-chief of the Annual of '94 to write and see if it were possible to procure an article from you for our Annual. I must admit that this request is somewhat forward, but in the event you see it in that light, we trust our motive, will plead for us. We are all of us deeply interested in military affairs, and an article from you, in this line, would be a debt we could not hope to pay. HEADQUARTERS

ANTI SALOON ARMY.

Incorporated Under the Laws of Missouri.

NOTICE.—ADDRESS ALL REPLIES THUS: "ANTI SALOON ARMY, CLINTON, MO."

Clinton, Mo., 189

DEAR

Here is the Whole Thing in a Nutshell.

THE EXPLANATION.

The ANTI SALOON ARMY was incorporated under the laws of Missouri, May 13, 1893. It has for its motto: "THE SALOON MUST GO"; for its field, THE WORLD.

The object of this organization or association is to promote Temperance and to overthrow and abolish the traffic in and manufacture of Intoxicating Liquors for beverage purposes, and to provide for the relief and aid of their members and families, widows and orphans or other dependent kindred of deceased members, and for assisting such as may be sick or disabled, from the proceeds of assessments upon the members of such society or association.

All persons who may be admitted to membership in the said Association, known as the Anti Saloon Army, in accordance with its Constitution and By-Laws, shall be members of this organization. The duties, rights, and liabilities of such members shall be as set forth in the Constitution and By-Laws of said organization, or as they may hereafter be altered, changed or amended.

This army is composed of men and women above the age of sixteen years who have been duly initiated and enlisted.

THE ORGANIZATION.

The Army shall consist of the usual army divisions, to-wit: Companies, Battalions, Regiments, Brigades, Divisions, Corps, Army; but for the present only the following three are organized, to-wit: Companies, embracing members of any given locality; Brigades, comprising all companies within any one State; and the Army, comprising all Brigades.

The officers of each company shall consist of Captain, Lieutenant, Sergeant, Quarter-Master, Chaplain, Picket, Sentinel and two Corporals.

The duties of the respective officers are as follows:

1. The Captain shall be in command and preside at all Company meetings, and discharge the usual duties of President or Chairman.

2. The Lieutenant shall, in the absence of the Captain, perform the duties of the office of the latter, and shall be the Captain's ranking aid.

3. The Sergeant shall be the Clerical Officer, and have charge of the books and papers, and discharge the usual duties of Clerk or Secretary.

4. The Quarter-Master shall have charge of the funds of the company, and on demand, make reports to the company, and perform the usual duties of a Treasurer.

5. The other officers shall perform the usual duties of officers of like rank in the Regular Army of the U. S. A., so far as compatible with the business of the organization.

A Brigade shall include all the members of the Army within any one State or Province, and shall have the above mentioned officers, save that the commanding officer shall be a Brigadier-General.

The Army shall comprise all members in the world, and in addition to the afore-mentioned officers shall have a General Commanding.

Whenever any five suitable persons signify a desire to organize a company and shall pay the required fee for a charter, the Army, by its proper officers shall grant the desired charter, and where convenient, depute some suitable party already a member of the Army, to institute said Company and install the officers thereof, but where not convenient so to do, one of the applicants shall be so deputized.

Whenever there are five Companies organized in any one county, and such Companies so desire, there shall be organized a Battalion, which shall include all the Companies in the county desiring such organization, and shall have a Major commanding.

In like manner, all Battalions within one Congressional district, shall be formed into a Regiment, with a Colonel commanding.

In like manner the Brigades hereinbefore provided for, shall include all regiments within any one State or Province.

In like manner as above, a Division shall be constituted of all brigades in any five adjoining States or Provinces as in the judgment of the Army shall seem best, with a Major-General commanding.

A Corps shall in like manner embrace all divisions in any one Nation or Country, and shall have a Lieutenant-General commanding.

As above provided, the Army shall include all corps in the world.

THE INITIATION.

Fees.—There shall be fees charged for initiation in each of the two ranks of this Army the sum of 25 cents,

making the total initiation fee for each recruit, 50 cents. Each Company shall regulate the dues according to its needs, but in no case shall they exceed One Dollar per Quarter, or Four dollars per Annum.

The fees for initiation shall accompany the Application, and the dues shall be payable quarterly, and no one who is in arrears for more than six months shall be considered in good standing, or allowed to take part in, or be present at the regular company meetings until such disability shall have been removed.

MEETINGS, COMMISSARIAT, Etc.

Regular meetings of each Company shall be held at least once each month, and when at all convenient, should be held every week.

The Captain or other presiding officer, together with the Lieutenant and Sergeant of each division or department of this Army, shall constitute the Executive Committee thereof, and shall have charge of the routine business thereof.

Besides the Executive Committee there shall be a Commissary Department of one or more members, (three being recommended) whose duty it shall be to present, at each regular meeting, such concise statements of the general work of the Army, or its enemies, as may, in the judgment of such Commissary Department seem best, and shall also provide for such public meetings, entertainments, etc., as may, in the judgment of the Company or other division of the Army, seem best, when not otherwise provided for.

For the first year, the Army, or any of its various divisions, shall meet at the call of the presiding officer, and shall then, sometime during the first year, provide for regular and stated meetings thereof.

Each Company, or other division of the Army may pass or adopt a Constitution and By-Laws which do not conflict with those of the general Army, but whenever any such conflict arises the subordinate shall give way to the superior.

INSURANCE AND BENEFICIARY.

Whenever the Executive Committee of the Army, or any subordinate thereof, shall deem it best, there may be instituted in such Army, or division thereof, a weekly benefit for sick or disabled recruits, of such amount as such Army or sub-division thereof thinks best, not exceeding \$3.00 per week.

The Executive Committee of this army shall arrange, as soon as possible, for an Insurance or Beneficiary Rank in connection therewith, wherein all Total Abstainers, who pass the required medical examination, and pay the required fees and dues of such rank, shall be insured, somewhat after the plan of the A. O. U. W., and like organizations, but it shall not be compulsory upon any member of this Army to join such Beneficiary rank.

IT EXPLAINS.

The foregoing Digest of the Plan of the A. S. A. gives you a fair explanation of what is proposed to be done, and how to do it. You are earnestly requested to co-operate. IF YOU CANNOT YOURSELF ENGAGE ACTIVELY AND PERSONALLY IN THIS WORK, WILL YOU PLEASE FURNISH US WITH THE NAMES OF THREE OR MORE RELIABLE AND ENERGETIC TEMPERANCE WORKERS IN YOUR NEIGHBORHOOD WITH WHOM WE CAN CORRESPOND?

The Anti Saloon Army movement is now recognized by prominent leaders in this kind of christian and humanitarian work as offering the best and most practical plan for the speedy and final overthrow of the Rum Power.

We do not seek to include or dominate other temperance organizations, but to become their faithful, generous, loyal allies. We shall sow the country knee-deep with Temperance literature, and push with vigor and discretion every department of labor covered by our Plan.

To agitate, to organize, and finally, to abolish the infernal Liquor Traffic entirely, is the grand mission of the A. S. A. Relying upon God and the fidelity to conscience of the christian ministers, and men and women of America to support this glorious movement when they make their final analysis of the complicated and confusing social problems with which scheming politicians and liquor manufacturers and sellers have contrived to invest this great urgent issue of the day—the Liquor Traffic in its relation to the State, we remain

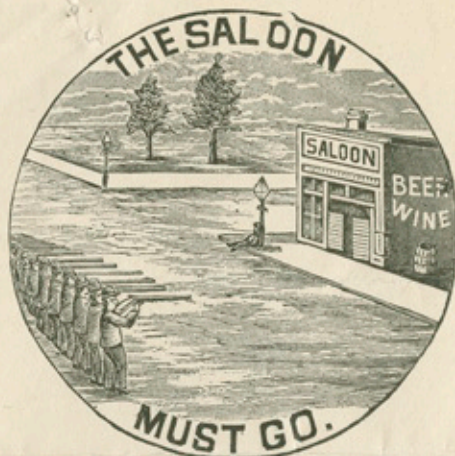

For God, and Home, and Humanity.

ANTI SALOON ARMY.

H. P. FARIS, General Commanding.

Attest: W. M. GODWIN, Sergeant. A. S. A.

Important Postscript.—Please do not throw this request into your waste basket. It deserves better treatment. Send us "In His Name," the names and addresses of at least three men or women who will respond to this "Cry From Macedonia."

NOTICE.—ADDRESS ALL REPLIES THUS: "ANTI SALOON ARMY, CLINTON, MO."

Clinton, Mo., April 8th, 1894.

DEAR FRIEND:

You have, we presume, noticed the call for a meeting of all Temperance Workers of Missouri at Sedalia on ~~25th~~ ^{26th} inst., and for all workers of the Nation at Prohibition Park on June 3rd to 5th next.

The calls for these meetings evidence the fact that the Temperance people are becoming alarmed at the terrible inroads made by the ORGANIZED LIQUOR TRAFFIC upon our body politic. No one doubts the fact that the abolishment of the Liquor Traffic is the *one great question* now demanding settlement by the American people; but HOW to settle same is the only ground for difference. These meetings are called for the express purpose of formulating some plan, whereby all opposers of this awful traffic may get together and, *united*, crush the monster. Organization must be met by organization. It was to fill this need that the Anti Saloon Army was organized, and now, after nearly a year's campaign, we are most thoroughly convinced that by a united, organized effort we can speedily put down this foe. We are also much pleased with the work thus far accomplished by the Army. It is well established locally and is constantly extending the work and broadening the field of its labors, and wherever introduced is met with the favor and confidence of the people.

We believe in "agitating" this question and "abolishing" the saloon. Knowing no difference as to sex, creed or politics, and not even asking a total-abstinence-pledge of those enlisting, we feel that the platform is broad enough to invite the co-operation of all opponents of this iniquitous traffic. We do, however, take a pledge from all who enlist, that they will wage a *relentless warfare* against the manufacture and sale of intoxicating liquors for beverage purposes. Our plan of work is to enforce all restrictive features of existing laws, withhold our support from license and license laws, and constantly work for the "passage of new and better laws to further restrict, hamper and make unprofitable such traffic" (this quotation being taken from one of the pledges provided in our ritual).

If this plan and form of organization meets with your approval, will you not kindly give same as much publicity as possible, and by your influence aid in bringing same more prominently before the people, and especially use your best endeavors to get the Anti Saloon Army plan endorsed and adopted by the two coming conventions above mentioned?

Soliciting your careful and prayerful consideration of the literature herewith enclosed, and hoping for a prompt and favorable response, we are

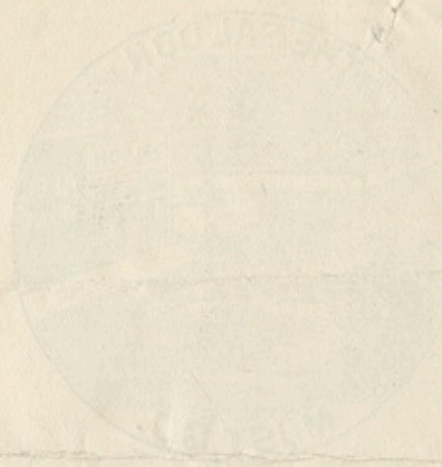

Respectfully yours,
