My dear Howard

There have been
various rumors, some
apparently from sources
giving probability of
good foundation, that
you intend to take
a leave of absence
before retirement and
relinquish thereby the
Command of the
Department of the
East. If such is the
case there will of

Course be some
changes in department
Commands, and I
should in such case
be somewhat interested.
I have been here three
years and have had
about all the experience
and seen about all
of "this Coast" that
is especially desirable
or likely to be beneficial
and think if opportunity
offers that I will like
a larger Command
than the Dept of

If you have definitely
made up your mind
to relinquish Command
some months before
you retire I will be
much obliged if
you will give me
an intimation to such
effect, as it would
make some difference
to me in my plans

My dear General,

For a week I have been trying to get over to Governor's Island to see you about a little matter regarding West Point, but court engagements are tying me down so that I almost despair of seeing you in season.

I am Superintendent of the Sunday School of Calvary Presbyterian Church and for the Summer vacation I want to give the children a trip to West Point and back. We can make very satisfactory arrangements with the Steamboat Co. but I am not acquainted with the Commandant at the Point and should not want to suggest anything that might not be in order. A Mr. Minot C. Morgan, my wife's class teacher, is on special committee and desires to call on the Commandant at West Point & confer with him. Could you please at my service any kind of a note that would tend to make his call an agreeable one

Yours sincerely

Dear Sir:-

I am in receipt of communication of Anti-Saloon Army to you asking your "ideas as to the feasibility of the plan of organization" with the printed circulars attached. I do not see as it is a Total Abstinence organization, and do not believe that the Temperance people generally will fall into this mode of organization, and yet it is only one of the many indications of a desire to meet and counteract the inroads of the great saloon army of America.

I have before me now, a few of the many circular communications which I have received the last few months. One is the "Patriotic Temperance Union," to "unite all labors of law and sobriety in practical Temperance work, and to place the control of public affairs in the hands of men who will not ~~allow~~ the liquor traffic." They have a home office in New York, and propose to cover the nation. Then I have a circular of the "Men's Prohibition Union of which Rev. Dr. Charles Rhodes of Philadelphia is the President, who proposes to organize the people of America against the liquor traffic. They have offices in New York and Philadelphia. Then comes the "Christian Men's Union for Total Abstinence which has organizations in several States, and is making very active canvass to organize circles in all the different denominations of the country." Then comes a "Christian Federation" organized in Chicago last February, pushing their circulars and organization over the country." I have a lot of printed documents on the "True Solution of the liquor traffic, which proposes an organization to limit saloons by vote of the people, &c." Another organization in Buffalo representing all organizations desires a convention "to remove political caucuses from the saloon."

These are only specimens of many of these new organizations that are coming up all the time over the country. It is an evidence of the unrest of the people, and a desire to do something to stay the great curse of intemperance. My course has been not to antagonize any of these, but I believe that most of them are started to give place and position to a few men who seek notoriety. I do not believe much will come from any of them except an agitation which will help along the good cause undoubtedly. More and more it seems to me that we must bend our efforts on the Moral, Educational, Scientific and Gospel line of Total Abstinence. While

we must maintain eternal hostility to the liquor traffic, yet I do not suppose much good can be accomplished at present by concentrating on our efforts on a political line. The position of the general Conference of the Methodist Church is intrinsically right, "it cannot be legalized without Sin," ~~and~~ *much* money has been spent the last ten years on the political line without yielding but very little fruit. If the same amount of money and of time and of effort had been spent for Total Abstinence, pure and simple, we should have been infinitely further along on our march to victory. "With malice towards none and charity for all," I propose to follow on this line as long as the Lord lets me work, antagonizing nobody, but not being misled into side tracks by these ephemeral organizations.

Dear Sir,

I take the liberty of sending you this communication & asking for the following information, and in connection with same I would say in advance that I am the Corresponding Secretary of the Uniform Company of the Exempt Firemen's Association of this City, our Company will participate in the State Firemen's Convention to be held in Oswego this State on or about the 16th of August next. At a Meeting of the Company held on last Monday Evening, & in connection with arrangements in advance for the expected trip I raised the point that probably we could secure some U. S. Military Band, & from some Post near, or perhaps in close proximity to Oswego. Would you be kind enough to get your Secretary or Orderly to give me the name of some branch of our service who may be located in the section in question, if we can get permission to engage any Band attached to the service for which we will be only too willing to pay well for it would please our old Exempts, we being regulars in the line of Fire Extinguishers it follows as a matter of course we would like to have a U. S. Band. The City Authorities of Oswego have asked our Company to lead the procession on the day of the parade. You name came up before our Company, & as you are a gentleman who is well thought of by all Veterans & the general public as well we thought it would not be obtruding to seek through

you the desired information ⁴⁷⁵ I was at Police head Quarters
to day & several of my friends mentioned your name
in reference to matter, should such liberty be given
us to engage a Band a Committee would proceed
to any point designated by you. I had the great pleasure

My Dear General Howard-

Mrs Langdon and I have learned that we can engage a nice public hall on or about the 10th or 11th of May. If either of these dates will suit you will you kindly let me know as soon as convenient - so that we can engage the large hall at Bay Ridge for either of those

days? If neither of those
dates suit you, and
you will let me know
as soon as convenient,
I will arrange for
a day that will suit.

And now General
will you kindly let
me know the title

Of course, something

But as most of our

is chosen it would
be better to call it

But of course,

Dear Sir,-

I have just received yours without date, with the Military Record of Major Gen. O. Howard. Please accept thanks. I will send to Sarony Union Square, New York City for a photograph of the General.

If I prepare a biographical sketch of the General for the instruction and inspiration of the children and of our 20,000 readers, it would be very important that I should know something about his boyhood days and early life. May I be permitted to inquire where I can get some facts in regard to his early life? This record gives me only the date of his birth. Then begins with his cadetship. As we are caring for children who are struggling with adverse circumstances especially the orphan and homeless ones, it would be very important indeed if I may know if the General in his boyhood days had any similar experiences to these multitudes of boys and girls for whom we are caring. Again with thanks and trusting I am not asking too great a favor.

Very respectfully,

Geo. K. Hoover

Dear Sir:-

I have just received your letter with the Military Record of Major Gen. G. Howard. Please accept thanks. I will send to Sarony Union Square, New York City a photograph of the General.

If I propose a biographical sketch of the General for the instruction and inspiration of the children and of our 20,000 readers, it would be very important that I should know something about his boyhood days and early life. May I be permitted to inquire where I can get some facts to report to his early life? The record gives me only the date of his birth. The connection with his cadetship. As we are caring for children who are suffering with adverse circumstances especially the orphaned boys, it would be very important indeed if I may know if the General in his boyhood days had any similar experiences to the hundreds of boys and girls for whom we are caring. Again with thanks and trusting I am not asking too great a favor. Very respectfully,

My dear General

The papers reached
me in safety (thank you
so much for your promptness
in sending them) and also
the letter from your young
friend in Panama -

This I send back at
once, at your request, knowing
well it demands a speedy
answer -

I feel a little more
encouraged, do not you, in
regard to the Mines? It
is pleasant to find that
after all, they have not
quite paid out of my

100

hands and that Mr Muller, as your
agent, holds them in security.

But something will be done -
have to be done at once, to make
the possession still more secure -
As the responsibility rests
with you what do you think of
doing? How much would it cost

And you to make a tower of masonry
or if you did not go, to send
a competent man? Care must
be in their guard to send for
the right man for such an

undertaking and the
urgency seems great.

Please let me
hear from you as
soon as possible what
you intend doing -

O for my dear
husband's sake, what
joy it would be, to see
some result in my life -
(thine if God so wills,
of the faith - the courage
which failed not even
in the darkest hour -

Hoping to hear from
you soon, with kind regards
to Mrs Howard and
Ansel

I remain yours sincerely
Mary W. Temple
