Dear Friend:

I write you as a friend of the Indian asking your careful attention to the special opportunity which is before us for the extension of practical Christianity among the Indians. Eight years ago, Capt. Pratt, of the Carlisle Indian School, in requesting me to organize a Young Men's Christian Association among his students, remarked, "The Indians have received a great deal of help but they have been largely passive. It seems to me that the spirit of the Young Men's Christian Association is to get men to work for themselves and for others."

The experiment was in the highest degree successful. About the same time Associations were formed, almost spontaneously, among the Indian young men on the reservation in So. Dakota and Nebraska. Now, over 30 of these Associations are in existence, and at their Convention at Pine Ridge last September, at which over 300 members were present, they passed a unanimous resolution requesting the International Committee to place an Indian Traveling Secretary in the field to organize, supervise and develop this growing work, and subscribed \$200. in cash towards the expenses

If the proposed work meets with your approval, will you not kindly send me the names of such persons of your acquaintance who, in your judgment, would be likely to give financial help, if a letter with information were sent to them? Concerning Dr. Chas. A. Eastman, as traveling secretary for  
Young Men's Christian Association work among the American Indians  
under the International Committee.

(1) From Mr. Eastman.

My Dear Mr. Ober:- Since our conversation entirely unexpected by me, I have sought God's help to see the way clear and understand myself fully in connection with this proposed work in a new field,. I have had a great deal of thought and prayed often in behalf of my people, especially in behalf of the young people. Now I did not have in mind the Young Men's Christian Association in connection with my prayers, hence I feel somewhat singular that you should have brought this new idea to me, although I understand that it is not official and that the committee may not find it possible to undertake the work. However, I am convinced that God has called me to this special work, and I feel how inefficient I am to undertake it, and if I was unmindful of how God chooses people out of the apparently unfit and makes them fitted exactly to the work to which He has appointed them, I would have said "No", firmly. I am aware that I will have to sacrifice my profession, and my wife's greatest objection is that I shall have to be absent from home a great deal of the time; yet I feel this is the way we must do God's work, viz:- Give up all else. I simply say that I am ready to enter the work, and yet, if you should find a man more fitted for the undertaking do not hesitate to choose him.

I am, yours in Christ,

(Signed) Chas. A. Eastman,

(2) From Rev. Alfred L. Riggs, D. D., Santee Agency, Neb.

I believe that Dr. Chas. A. Eastman will be a very good man for the work. My son, Frederick Riggs, and Mr. Garvie, (an Indian Pastor at Santee greatly interested in Association work among the Indians) agree with me, and are much rejoiced that he will go into the work. Mr. Garvie is very hearty in endorsing him.

(Signed) Alfred L. Riggs,

(3) From Rev. John Williamson, D. D., Greenwood, S. D.,

I believe that Dr. Eastman would make, all things considered, the best man you could secure for the place. He is certainly the best educated Indian you can get. He is wide awake and has unusual energy and has his full share of tact and shrewdness. He has good sound sense and fair judgment. He has a large share of enthusiasm for an Indian, and if the work once took control of him he would impart it, as he has a good deal of magnetic power. The Y. M. C. A. work among the Indians is very hopeful and I trust this new venture will add to its usefulness in the service of Christ.

Young Men's Christian Association.

I knew Mr. Eastman in College at Dartmouth eight or  
nine years ago, and at that time he was a manly, earnest Christian,  
respected by all the College men. He always impressed me as hav-  
ing more than ordinary natural capacity.

Yours sincerely,

My Dear Mr. Ober :-

In relation to Dr. Eastman I consider him in  
all the points you mention the equal of any man I ever knew, and  
superior to ninety nine out of every hundred. He is a natural  
leader and has always exerted great influence wherever he has been  
and has been a most popular fellow in school, college and church  
wherever he has lived. He is the highest type of Christian char-  
acter, on the whole, that I ever met, and always a gentleman, and  
I think a better man for your purpose could not be found. At  
Pine Ridge Agency his personal popularity was so great that the  
Indians in their interviews with the military always insisted  
that he should be their interpreter. He has a great deal of self  
control: in the four years he lived in my home I never knew him to  
lose his temper or say an ungentlemanly word. I agree with you  
that his education as a physician will give him additional qual-  
ifications for his proposed work. His wife would be a great help  
to him also in this work. They both thoroughly understand the  
Sioux - their language - customs, character, weaknesses and needs.  
I think the suggestion to have such a travelling secretary is an  
excellent one, and if Eastman is selected I will give \$50.00 toward  
the expenses.

Yours truly,

(Signed ) Frank Wood,

I was well acquainted with Dr. C. A. Eastman and his  
work at the Pine Ridge Agency for about eighteen months and I  
thoroughly like him as physician and man; his character is as  
nearly without spot as any one I can think of. His stability is  
clearly set forth in his successful resistance of the downward  
trend of the Indian life, and the more difficult task of steering  
clear of the evils of our civilization. His consecration is pos-  
itive, but quiet and entirely free from cant. His patience is  
phenomenal, as shown in his starting at fifteen years of age,  
not knowing one letter of English, and reaching his present status  
of scholar and gentleman, but most of all in the fiery trial of  
bitter persecution at Pine Ridge. His humility and self-control  
are prominent, and he was fast becoming a leader among the  
Indians. He was very wise and prudent in his opposition to their

(6) From Rev. J. H. Metzer, U. S. Indian Service.

I was well acquainted with Dr. G. A. Eastman and his work at the Pine Ridge Agency for about eighteen months and I thoroughly like him as a physician and man; his character is as nearly without spot as any one I can think of. His stability is clearly set forth in his successful resistance of the downward trend of the Indian life, and the more difficult task of steering clear of the evils of our civilization. His conversion is positive, but quiet and entirely free from cant. His patience is phenomenal, as shown in his starting at fifteen years of age, not knowing one letter of English, and reaching his present status of scholar and gentleman, but most of all in his fiery trial of bitter persecution at Pine Ridge. His humility and self-control are prominent, and he was last becoming a leader among the Indians. He was very wise and prudent in his opposition to their

old Indian ways, . He often met medicine men and witnessed their incantations over the sick; having a good vein of humor he usually showed up their folly and held their confidence,. In our school and in the Catholic school he was very successful with both pupils and pupils, and his gentlemanly and genial manner made him a most welcome guest.

As to the field for Association work among the Indians I consider it a promising one. Some excellent work has been done. The idea of organization suits the Northern Indians,. Among them are many youths returning from the Training Schools who could be very powerful for good if banded together as you propose.

Sincerely yours,

(Signed) J. H. Meter,

American Baptist Home Missionary Society, New York.

Already a large and increasing number of Indians, especially the younger ones who have had the privilege of attending Christian schools, have embraced Christianity and are desirous of living Godly lives. In their ignorance and weakness, however, thousands of these young Christians returning from school to their Reservations are confronted with the most overwhelming atmosphere of Paganism, which stuns, blinds, and confuses them. The Christian Associations ought to send helpers out among them to extend to these young people the hand of fellowship, of sympathy and encouragement, recognizing in them fellow-Christians who have a claim upon us as their elder brethren for encouragement and support. This is one of the pressing claims that rests upon the Christians of America today and ought to find speedy, liberal and generous response.

I have no doubt that if you find the right man, he would accomplish very valuable work in the line of work proposed.

Dr. Eastman was a member of our Medical School for three years. I cannot speak too strongly in his favor. He commanded the confidence as well as the friendship of every member of the faculty, and I think I can safely say of every student in the school. He is thoroughly earnest, painstaking, conscientious, persistent and unyielding in anything which he believes to be just and right; at the same time his manners are agreeable, persuasive and tactful. If he felt himself fitted for the duties which you require, and is willing to accept them, I do not believe it would be possible for you to find any person who would perform them better or more faithfully.

Dear Comrade & General Howard  
Hoping you are well and enjoying  
much of the comforting Spirit of  
God in Christ I wish to write you  
these few lines hoping you will  
give me your favourable consider-  
ation. as I am about to introduce  
something to every Comrade who wore  
the blue General and as it is a work  
of merit and one that has not heretofore  
been produced in form as this showing  
things in real condition as they were in  
1864 and 1865 - these things can no  
more be seen with out this my work  
as the natural works are destroyed  
and the Country either overgrown  
with brush wood or under cultiva-  
tion and as I am a great sufferer  
with chronic Cystitis & Shavel trouble  
for years and poor. And only getting  
a small Pension under the new  
Law and as this is an effort of my  
life only completed last November  
having taken sketches during the war  
of these things And as all efforts of  
a poor man are hard to get introdu-  
ced I should the more feel under  
great obligations to you for your  
aid in ordering one at \$5.00 each and  
after you have it I know you will  
not hesitate to send me a few lines  
of endorsement as to the merits of  
this work and the value of it. I am  
giving this to you is.

My dear General Howard:

We have been a long while in getting at your article, but it seems to us on reading it in type that it is just as good as when first written. We expect now to publish it in our issue of next week, May 24, which issue, by the way, is to be adorned by your picture on the cover. We thought it appropriate to present your countenance to our readers in the issue just before the meeting of the Home Missionary Society, over which you will preside. The fact also that Memorial Day is so near makes it appropriate to bring forward a veteran like yourself.

You are at liberty to make what changes you please; and we should be glad to have the proof back not later than Saturday of this week.

Yours very truly,

BROOKLYN, N. Y. May 16th, 1894. 189

My dear General:-

A beautiful shaft 65 feet high has been erected in the Cemetery at the Soldier's Home at Bath, N.Y., which is yet undedicated. At our Trustees meeting last week, by a unanimous vote, I was instructed to invite you to dedicate it and if convenient some-time in the latter part of June - a week after the meeting of the Army of the Potomac - say June 26. The ride is an easy one, by the D. L. & W. leaving at 9 P.M. and arriving next morning at 8 or a day ride if you prefer. This will be a delightful outing for you and Mrs Howard: *all expenses paid.*

It will be a marked occasion for Steuben Co - and there will be a large turn-out, including the Loyal Legion of Western N.Y., who at a dinner in Syracuse last week, voted to attend. After the dedication, it is proposed to drive to Lake Cayuga and have a sail there.

I wanted to see you personally about this, but find it hard to get away. If you have any doubt about it, let me have a talk with you. The Bath Home is a delightful spot to visit and you will have a grand welcome.

Sincerely yours,

*Horatio C. King*

Dear Sir: A Council is to be called to meet at Prohibition Park on May 31 to consider the question of receiving the Union Congregational Church of Prohibition Park to the fellowship of Congregational Churches. You will be invited by letter naming to take part in this Council. In behalf of the Church I respectfully ask this further favor at your hands; In case the council votes to receive the Church to fellowship, will you, in the recognition services in the evening, give the welcome to fellowship, technically called "the right hand of fellowship"? This would mean, I suppose, grasping the hands of some of the officers of the Church and making a little speech in behalf of the Council and the Churches and ministers represented by it. It would give us much pleasure if you can do this.

Respectfully Yours

Leemos W. Bliss,  
Chairman Prohibition Committee of Churches

My dear General:

I enclose herewith the mortgage from Frame and Stowell to yourself, mentioned in the letter to you of Friday last. It has been duly recorded in Yamhill county, where the property is situated, and was received from the recorder to-day.

I received this morning your telegram enquiring about the matter, and answered same as follows: "New note and remittance one hundred and fifty-six dollars to you by mail last Friday, with letter. Mortgage mailed you to-day. C. E. S. WOOD."

I trust you will receive the note and remittance to-morrow or the next day.

*I have not seen Erace or Gray for some time but believe they are well. Mrs Wood is at El Paso coming north slowly from Mexico. I hear you breveted Throckmorton but don't believe it. Hope you are all well.*
