My Dear General;
Mr. Bogardus has just turned over to me your letter saying that you could not be present at the Neal Dow Reception on Sunday. Please be so kind as to reverse this decision if possible. I told the Committee of Arrangements after my interview with you that you thought it was very likely that you could be present and that we could make use of your name as presiding officer for Sunday. It is true that you intimated that there was a possibility of your not being present, but we could use your name, and you would have ready a substitute in case of your not being present. The Committee have announced you as the presiding officer for Sunday. I am sure that it will pain General Neal Dow to know that you will not be present, If any men in America represents Temperance education as well as Temperance igislation, that man surely is General Neal Dow. Education along Temperance lines has been one of his hobbies. He is the embodimen more than any other living man, in the minds of the Temperance people of both England and of this country, of the battle against the liquor traffic, moral as well as legal for the past sixty years.

We can easily drop your name as one of the Committee on the address, or that can be modified along the lines that you suggest, but do not say, No, to being present at the meetings. There will be hundreds of delegates there who will wish to take you by the hand. If you cannot be present for the morning session, say, Yes, for the afternoon session---pr if you cannot be present but a short time in the afternoon session, say, Yes, to that. It would be a profound satisfaction to the Temperance leaders representing Protestant and Catholic organisations, Good Termiars, Sons of Temperance, and every other Tamerance organizetimon and the various phases of Temperance thought.

Be so kind as to let me know by early mail, and greatly oblige

Dear General: I write to thank you for the delightful book you sent "Thoughts on the Holy Gospels*: I. shall read it more than once. You will be interested to know that I have organized a Boys Brigade Company of 44 members. And $I$ can say it is a success already. and will do something against the tobacco habit that is so prevalent here. I hope that you will not mistake my purpose in writing you about John Ryan of the Hospital Corps, he is giving my boys their tactics, and in that way I came to know him. He is very anxious to be free to go into business here, and so be able to give more time to the Boys Brigade. He tells me that he has served the foverment over seven years and unless he intended to stay in for years yet he thousht that his record would show that it was not a want of respect, or just a fit of ask for oweharge, dissatisfaction that prompted him. He feels rather sad that his Application met so many favorable recommends and now for want Tofill hisplace it.

Major General 0. 0. Howard, Go vernor's Island, New York.

Dear Gener al Howard:
Our Treasurer, Mr. Howland, has been inquiring whether we are to have you with us on the special train that leaves New York City for Omaha on Monday evening, June 4th. If so, he would like to know, in order to reserve a sleeping berth, or sleep ing berths, according to your necessity. Also,we would like to know whether you are expecting to put up with us at the Millard House which will be the official headquarters where the speakers and guests of the society will be entertained. We thought it barely possible that you might have friends in Omaha with whom you prefer to stay but if you are to be at the Millard, which I hope you are, we would like to know in order to preser ve good rooms for you. Will you kindly s end me a very brief note, in answer to the above questions, in the enclosed en vel ope?

Everything is progressing favorably in the way of
preparations and we expect a large and enthusiastic meeting. I enclose our itinerary.

## The First American Flag.

This was made in Philadelphia in 1779, and adopted by the Continental Congress as our National colors. Paul Jones first floated it on a small boat on the Schuylkill, and when he took command of the "Bon Homne Richard" flew this flag from her mast-head. During her engagement with the British ship "Serapis", it was shot away. A young officer, Lieut. Stafford, jumped into the sea, recovered it, and nailed it to the mast, being syverely wounded while so engaged. It was the first flag bearing the "Stars and Stripes" ever hoisted over an Anerican vessel, and the first to be saluted by a foreign naval power,--the French. It was given to Lieut. James Bayard Stafford by Congress for his meritorious services during the Revolutionary War, and by direct inheritance came into possession of its present owner, Mrs. Harriet R. P. Stafford, who will be present at Music Hall, on Memorial Day, with the flag.
