No. 31. Cherry St.
New York, N.Y.
June 20th/84.

Respectfully To,
Major Gen. O. O. Howard U.S.A.
Com'dg. Dept. Of The East.
Governors Island N.Y. Harbor
General.

I am an old Soldier, Late of Co. F,
6th Vt. Vols. Inf'ty Reg't. and lost my left
Arm at the battle of the Wilderness Va.
May 5th/1864. Was also previously wounded
badly in the left breast July 10th 1863,
in a Skirmish. Was part of the Old
Vermont Brigade, 2nd Div. Division, 6th Corps.

I am now 49 Years Old,
Enlisted at the age of 17, in 1862, as a
Recruit, at Burlington Vt. - where I was
brought-up, and was my home before the
War. Father and Mother are both dead and
buried there, The former in 5-7, & the latter
shortly after the war, which broke my
home and scattered the family. In 1865 I
was sent from the Burlington Gen'l. Hosp't-
here to get an artificial arm, was in Cen-
tral Park Hosp't. was sent from there
to Davids Island, & discharged from there
Oct. 21st 1865. And have never been to my
Home "Burlington" since. I got Married here
in 1872: My Wife is Sickly, which makes

it-More difficult to get along on my pension
\$30. per. Month.

Now General I have presumed
to address you, "Without any recommendations
or personal acquaintance" I hope that
you might aid me in procuring a situation
of some kind. I have an application on
file in the Brooklyn Navy Yard for a
Watchmanship, or anything that a one-armed
Man can do. with recommendations from
two business Men, But-they are not prominent
politicians, so I guess my application will
remain there till dooms-day.

But-General I know you
could help me, if you would, by giving me
^{a letter} in person "If you wish to see me," or send
me one enclosed to Admiral Gherardi
of the Yard. asking him to give me employ-
ment: and I assure you it would be grate-
fully remembered & appreciated ^{by} myself
and wife. I have not drank any intoxicating
beverages in nearly two years, and so whatever
called upon to do I would faithfully perform
it-duties. Respectfully

Your Obedt. Servt. &c.

John B. Egan

To Major Gen O. O. Stoward,

My dear Sir,

Please

permit me to suggest that
you give Mr. N. H. Camp a book
with which to solicit donations for
our ch. I asked him for a donation
as since. He then said "If I have
a book of my own I shall want
to put my name down here.
Last time I got about \$1000."

Dr. Virgin thinks he can do
something at his ch. for us in
the Fall. I got two of his deacons
down as "Children's Day" to
address our children. They
were much pleased. I took
them into the rear and ex-

Plainis an scheme.

The enclosed is a letter from
Dear Bro William Swain.

I have not yet caught Mr. Switzer
I go again tomorrow.

I think Mr. Boufils and Mr.
Alexander will give later on.

I wrote Bro. McQueen a week
ago Tuesday asking her to meet
me at Welch. or here, or anywhere
a place where I could see her.
I have had no reply. Perhaps she
is out of town.

If there are any other gentlemen
whom you would like me to
call in particular I shall be
glad to do so.

I was much pleased with your

The recommenda-

will of itself always
be to mine an honor

have a little money

On May 20th at the yearly
meeting the church owed
me about 52 or 53 -

Mr Camp & self were appointed
a Committee to raise it

As yet I have only been able
to get only \$43 of it

Everyone is trying to get

Dear General:-

We have requested our Secretary, Mr. Johnson, to make formal request for your permission, to present our Association to the forces in the various U. S. Army Stations in this vicinity. Having been an Officer of the Association since its organization in 1889, I feel warranted in stating that its management has been conservative and honest, and that the plan is as liberal as safe management will permit.

To my personal knowledge, we have assisted many poor, but deserving people, to secure homes, which they are paying for, in small monthly instalments, only a trifle more than the usual rental. I believe, it would be a safe and profitable channel for the savings of the men under you, and trust you will grant our request.

Very truly yours,

Dear father:-

Your letter of the 18th., dictated to Mr. Treat, came this morning, and I am glad to see that you are at home again and that all is well there. I just read your letter to Guy, he and I have just walked down to the office together, from our respective houses viz-a-viz to each other. We are glad to hear what you say about Chancey's position and pay but only mentioned enough to arouse our curiosity. What "time" does he keep and who does he work for? Is it a permanent position and who is Mr Truesdale? Isn't that the name of the new Pension Agent? I am now more satisfied about myself that Chancey has good employment. I dont seem to find any business here yet, though I get some typewriting now and then.

I wrote mother that I had left \$15, which I will pay for our board up to next Monday, and that I would write you for money to cover expenses beyond that date. The following is my estimate up to July 2nd.

Bessie and my board for one week from June 25 to July 2,	\$15.00
Bessie's washing for one month	up to " 3.

I am hoping a Mr. Auld who is starting a new evening paper here will take

on in some capacity. He says he wants to run it himself as much as possible to keep expenses down and then if it develops as he expects, he will need some one to help him. Socially, Bessie and I are having a fine time. Yesterday afternoon she and Florence Allen went to call using the pony-cart of Guy's, after which they came around to the tennis-court where I was looking on with others and watching the play. Last evening I spent talking with Miss Platt who knows our friends the Turners and Hattie and Med Brown, she having been at College with them. This afternoon we have an afternoon reception at Col Smalley's, he is the democratic collector of customs. We had two hot nights only, but the last two we have needed blankets again. Bessie is out driving this morning to take Miss Lyman on some errands. Old Mr. Cannon is back again. I see him driving about town.

You did not mention about John and Emily. How did you find them? How is John getting along in his studies? You must give our love to Cousin Lizzie and to the Merricks when they come.

As we expect to have fun in housekeeping and the expense will not be much more than staying ^{at} home we will probably stay through August and come down to Gov. Island in September, then we can talk definitely when we want to move. Two houses here might suit, Dr. Willard's if he will rent, and Mr. Brook's if steam heat can be put in the bedrooms up stairs and his furniture taken out. Mother has seen how difficult it is to find a house which suits in all respects. We are all well here. Helen had a hard bunchy growth taked out of her arm by Dr. Wheeler the other day but she is all right again and playing out doors again only in bed one day with it.

Give much love to mother. You and she must plan to visit us when we are keeping house after July 1st.

unable to do as you wish.

The fact is that the
burden I have had thrown
upon me this last year
has been more than I

Owing to the giving

I am very sorry to

My dear Sir:-

We have thought the Association platform would be a suitable place from which to discuss the various phases of the sociological and economic questions which are now giving so much concern to all thinking men, and I take the liberty of writing to you for your opinion in the matter. Our idea is to have addresses by prominent specialists, followed by general discussion, on Sunday afternoons (the time when working men are most at leisure), and to discuss everything but politics and religion. If we can carry out such a plan, may we have your interest and cooperation, and, if you can help us with any suggestions as to subjects, speakers, and ways and means of making the gatherings successful, will you please favor us with them. They will be of inestimable value, I am sure.

Yours sincerely,

H. L. Simmons

OFFICE OF
FOURTH ASSISTANT POSTMASTER GENERAL.

349 Washington, D.C. June 21 1894

Dear General:

Is there any probability of your being in Washington this month? If so I desire most earnestly to see you.

Rumors are rife that a big discharge will take place in the P. O. at the end of this month. And I greatly fear that I, as a Republican, will be one of the victims unless something is done in my behalf to stave it off. I firmly believe that five minutes talk with our Supt., Mr. Goode, would do the business. Should you come

to Wash. I can give you a few
pointers that will help my case.

Love to all.

Affectionately,
W. F. Cuddip,

Hoping you will do us

about the way it is with everything
if he would only stop worrying
about things he cannot keep,
and put all his mind on his
studies he would stand well up
towards the head. I can see that
the little rest he has already
had is doing him good. The class
are off full day on horseback,
leaving at half past seven. They
have been out scouting once before
in the practical work, and John
does enjoy it so much. One of
the instructors told him that
it was not always the brightest
man in the class that was
the best in the field. Many of
the class seldom ride and after
a day like this you hear many
complaints of the hardness
of chairs that was not hard
before. In fact some of them
would say much prefer not to
sit down at all. One man de-
clared he was going on sick report
before the next stop. John gets
a good grade through Cavalry here-
lands. Some of them are so hard.

Dear Father,

I thought you
would like to know how John
came out in his examinations.
On his engineering he did
finely they say, and nicely in
Lat too. He thought surely he
would be found in that. Mil-
itary Art was too much for him
however. He has company there
however, and will pass it al-
right with plenty of study. He
also passed in Horse and Tactics.
The examinations have rather
mixed things up in the class.
The head man came out first
in engineering and that is

The river is very high, and still rising. There are several feet of water on the river road so we cannot go that way. Sanders army is shut up in the various county jails, working out their fingers. A troop of Cavalry from here went down to see them safely into town. Only 99 out of the original 452. They decanted very rapidly when they found they were to be shut up. Sanders is still in town, and looks anything but happy.

We have lost Gen Bell, and peace and quiet reign in the house. I can now sleep after 11 o'clock in the morning. Three of our neighbors had mentioned he was noisy in the morning but you could not stop him, but he went because he was caught telling a deliberate lie. John has suspected him many times, but never been able to prove it before. Now John has seen to see to watch him lately and he neglected cleaning the horses properly. He has

not been able to use Frank for a week. I drove him in his place, and day before yesterday we found that he had not been properly taken care of either. So Bell sent that night. It is too bad, for if he had had the right training, he would have made a good servant, but he is now too old. I have now thought from something he found out, that Bell has been riding the horse right to. That is what kept Frank so thin probably. You see John just allowed Bell to own him until I came, and I naturally objected to being owned by a dandy.

The weather continues very hot, and I long for a good cold breeze, but as John had that examination on July 6, it is better that I stay here. I did want to go home with you very much though. I think John will be quite himself by the time vacation is over.

I must now stop and go into town to do my marketing. I have to go in on the cars and you know what that means on hot days.

I will write further soon. The both send love to all the rest. Your daughter,
Brittie.
