Dear father:-

Your letter enclosing power-of-Attorney and letter to J.H. Black I received Saturday and the House-plan came Sunday morning after all. I have come to very good verbal agreement with Mr-Russell about house. He will put in hot-water heating, gas fixtures, and wire house for electricity. I agreed to pay the difference between ordinary gas-fixtures and combined ones for electric lights which Guy said would not be much and would be such an addition. He will put in servants bathroom and rooms in attic. I agreed to lease house for two years from Next April (1895) as that is the time such contracts are made here; if he would agree to let us occupy the house the beginning of the first month after it is completed, that is, if it is not finished until just after Dec. 1st. we need not occupy until Jan 1st. But, his building it for us requires our taking it right after completion with the foregoing understanding. They will probably count it done by Dec. 1st. I would like to know exactly the size of Mother's parlor rugs, right away. Any changes in the house I will have to make this week on the plan.

Guy and I worked over plan yesterday and about arranged everything.

The builders want me here just before they plaster to arrange gas-fixture and other details.

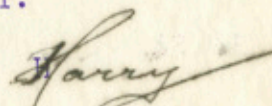

I enclose letter from Boston Agency arranging date for you at Wakefield for Oct. 25.

I suppose you have remembered to get passes for mother, Bessie and me from Lake Placid to New York over N.Y. Central Ry.

All are well here. I will take Bessie to Plattsburgh on Thursday. We have written the Boyles that we want to come and see them that day.

What are you going to do from the 25th to 28th, from the time the rifle contest is over and the time you set for us to meet you at Lake Placid?

With love to mother and Chancey, aff.

P.S. Tell Chancey I will answer his letter. I think with the Prudential that he is on the wrong side of the fence. As to cost of Life Ins. I have an example which shows that from the large dividends paid by the Conn. Mutual the cost per year per 1000 was only \$8.18 This necessitates of course paying at first for the value in such a good company.

My dear General:

Mrs. Sladen and myself, at this late day, are going off on a frolic all by ourselves, leaving all children, grandchildren, and other impedimenta away in the rear, and so renew our youth by making believe we are young again, and off on a sort of a wedding tour. We feel as if we were going everywhere, and among the many other places we have traced our route through, is Governor's Island, not that we care a picayune about Governor's Island, but we want to see you. We are going to Omaha, Chicago, and, leaving Mrs. S. in the latter place for a day or two, I shall attend the G.A.R. Encampment at Pittsburg, from there to Philadelphia and Washington, and then we are going to stop and see you if you want us to, and we assume that you do, for we want to see you. We expect to reach New York somewhere along about the 16th or 17th of next month.

If you should be likely to be away about that time, please drop me a line here at once, or if written later, address me care of Edwin Osborne, 2200 Chesnut St Philadelphia, Pa.

We hope you are all well and happy, and Mrs. S. joins me in love to yourself and Mrs. Howard.

AMONG THE CHURCHES.

Methodist Episcopal.

The young men of the Linden Avenue M.E. Church have organized an excellent company of the Boys' Brigade. The organization, which is known as the General O. O. Howard Guard, Eighth Company B.B., already has a membership of thirty-five and is increasing in numbers at every meeting. The organization of the company was brought about by the pastor of the church, Rev. C. F. Hull, who is deeply interested in all things military, having served his country in the late war as a Zouave and as a seaman on board a man-of-war. The company is equipped with dark blue coats and cloth caps, and in a few weeks the members hope to secure the trousers and rifles. Drills are held every Friday night, the first in each month being open to visitors, in the basement of the church. Although the company has had but few drills, it can execute the marching movements in a manner that defies criticism. Under the able instruction of Private John Riley of the Gun Detachment of the Fourth Regiment the young soldiers are improving rapidly. The officers are:—Captain, F. B. Hull; First Lieutenant, George Lambersohn; Second Lieutenant, William Feree; First Sergeant, Frederick Pullman; Second Sergeant, William Creville; Third Sergeant, Edward Wilson; First Corporal, Frederick Pitzer; Second Corporal, James Kay; Third Corporal, Walter Saybolt. The privates are:—Hermann Annman, Percy Braden, George Harris, George Coverly, John Cox, William Charlock, James Doedar, B. Franklin, H. Hampton, Charles Jachne, Harry Kiefer, Charles Kohler, William Livingston, Adolph Luck, Alfred Mellet, Charles Polster, W. Robinson, N. Robinson, George Schmalze, John Schmalze, Edward Schrader, W. Storrer, K. Thomas, Norris Vreeland and Willard Lewis. The civil officers are:—President, Rev. C. F. Hull; Vice President, Arthur B. McIntyre; Secretary, S. Waterbury, and Treasurer, T. D. Riley.

It was the intention of Lord Lennox and his wife to participate in all the races along the different British coasts in the Valkyrie, and both were fitted out in the way of clothing and valuables for a month's cruise. Lady Lennox brought with her valuables of great worth, many being priceless on account of being family relics.

When the Valkyrie went down Lord and Lady Lennox lost all the valuables they had with them, and they have not yet been recompensed for them.

Mr. Clarke, the owner of the Satanita, offered to pay them full value for all they lost, but he would do it only on the terms "without prejudice." That is, he was quite willing to recoup his Lordship in full for all loss, but he insisted that such settlement should not be in any way taken as "buying his peace," or being used as evidence against him in case of suit either by Lord Dunraven or anyone else. Lord Lennox refused to accept this proposition, and the result is that bad blood has been engendered in first society circles, Lord and Lady Lennox being on the one side, with the owner of the Satanita on the other.

Lord Dunraven, in part, agreed with Mr. Clarke, but he thought the "without prejudice" clause hardly proper, as in

General O. O. Howard,

New York Harbor,

General:

Enclosed please find testimonials from General J. M. Sherman and other officers of the Army. I was discharged in New Orleans, La., June 1st 1866, and came to Texas, and married.

I am now the Asst. Adjt. Genl. U. S. A., Dept. of Texas, the salary is too small

to support my family, \$25. per month.

The letter from Bro. J. A. McLean states my wish. If employed as Gen. Service Clerk, or anything else I could do through your kindness, I might do something also for the cause of Christ, my master, among the soldiers.

In thus appealing to you General, as a gallant soldier from the beginning to the end of the war, I deem myself fortunate.

Dear Sir:-

We are planning a series of Special Song Services for men beginning the first Sunday in Oct. It is our purpose to secure speakers from out of town and also furnish good musical attractions. We are aiming to reach a large number of our young men, and feel that if we get good men to come and speak for us, it will help us to gain this object. I know that you are a busy man and have many calls upon your time, but I also feel that under God you will be a great blessing to us if you will come to Clinton. Can you give us either the last Sunday in Oct or first Sunday in Nov? We want to win young men to Jesus Christ and I know that the strong words which you would speak to them would have some effect. You may choose your own topic. Hoping for a favorable reply soon I am Yours Sincerely

Your favor of the 17th enclosing letter of Lucy Ingraham came in due time. For once in my life I must Confess "I don't know what to do, or what to advise. Our relief Board is not running at this season, hence I cannot send her to them. My feelings have been very much wrought up over several cases where old soldiers with large families, have, without an hour warning been discharged from the R. & P. Division U.S.A. One case in particular of one of the men who went down in the Ford's Theatre disaster, and for months hung between life and death; is now a total wreck with a wife and 9 children, and yet he was discharged ^{without any notice} what I see her daily, stirs me up worse than the sufferings of those people that I fed in Lookout Valley in 1863 & 4. did, and that was enough to draw "tears from a marble statue" (as some one has said) I wish sometimes that I did not live in Washington where I see
