Your letter of the 10th in regard to Madison Barracks is at hand. I have referred it to my son who will reply.

While the things stated are true, there is a little delicacy about the matter which I presume will be observed.

Yours Respectfully

My dear General,

A few days since I was advised of your action in escorting the remains of my brother, Gen. Thomas S. Crittenden, through the city of New York. I, and the sole surviving child of my father, write to assure you of my sincere appreciation of your friendly action. God grant that health & happiness may abide with you & yours, always.

Yours very,

Dear father:—

Your letter enclosing power-of-Attorney and letter to J. H. Black I received Saturday and the House-plan came Sunday morning after all. I have come to very good verbal agreement with Mr. Russell about house. He will put in hot-water heating, gas fixtures, and wire house for electricity. I agreed to pay the difference between ordinary gas-fixtures and combined ones for electric lights which Guy said would not be much and would be such an addition. He will put in servants bathroom and rooms in attic. I agreed to lease house for two years from Next April (1895) as that is the time such contracts are made here; if he would agree to let us occupy the house the beginning of the first month after it is completed, that is, if it is not finished until just after Dec. 1st. we need not occupy until Jan 1st. But, his building it for us requires our taking it right after completion with the foregoing understanding. They will probably count it done by Dec. 1st. I would like to know exactly the size of Mother's parlor rugs, right away. Any changes in the house I will have to make this week on the plan.

Dear [Name]:

Your letter spotting power of Averton and Fetter to H. Fisk I received Saturday and the house-plan came Sunday morning and after all I have come to very good agreement with Mr. Russell about house. He will put in hot-water heating as fixtures and write house for electrical wires. I see no objection to pay difference for between electric fixtures and combining ones for electric lights.

With any good money not be much and would be such an addition.

He will put in separate bathroom and room in attic. I need to see house for two years from next April (1888) as that is the time leases house for two years from the time contracts are made here. It will be three months after lease is completed the time the beginning of the first month after it is completed.

I occupy until your letter. But the policy was to have us reside on farm and not live on farm until after December we need not occupy until new tract. The only matter with the foregoing and the fact that after December I would like to know exactly the size of Motter's Barton. Have you fixed the plan.

In the house I will have to make the week on the plan.
Guy and I worked over plan yesterday and about arranged everything.

The builders want me here just before they plaster to arrange gas-fixture and other details.

I enclose letter from Boston Agency arranging date for you at Wakefield for Oct. 25.

I suppose you have remembered to get passes for mother, Bessie and me from Lake Placid to New York over N.Y. Central Ry.

All are well here. I will take Bessie to Plattsburgh on Thursday. We have written the Boyles that we want to come and see them that day.

What are you going to do from the 25th to 28th, from the time the rifle contest is over and the time you set for us to meet you at Lake Placid?

With love to mother and Chancey aff.

P.S. Tell Chancey I will answer his letter. I think with the Prudential that he is on the wrong side of the fence. As to cost of Life Ins. I have an example which shows that from the large dividends paid by the Conn. Mutual the cost per year per 1000 was only $8.18. This necessitates of course paying at first for the value in such a good company.
Guy and I worked over play yesterday and spent an hour or two watching exhibit.

The pictures were here just before they Digest to stage.

Details may be found in "An Encyclopedia of Modern Architecture" by G. H. St. J. C. Wrench.

I enclose letter from Boston. Am very sorry they were not able to send their first boy. They are working on it. I am glad to hear you are getting along well and that you are in good health.

We're really looking forward to New York and N.Y. Central Railway. I suppose you are both busy with your preparations.

All the best. I will take care of the boy's letters that we want to come and see them for you.

What are you going to do from New York to San Francisco? I must get back from the Convention as soon as possible. I am looking forward to the convention, and we need you to meet you at the hotel.

With love to mother and grandma.

P.S. Tell Grandma I will write you a letter. I think with the bridge.

The first picture is on the wrong side of the frame. As to cost of life insurance, I have an example which shows that from the large dividends paid by the company, the cost per year is only 3.18.

The necessities of course drive us first for the name in such a company.

General O. C. Howard, U.S. Army.

My dear General:

Mrs. Sladen and myself, at this late day, are going off on a frolic all by ourselves, leaving all children, grandchildren, and other impediments away in the rear, and so renew our youth by making believe we are young again, and off on a sort of a wedding tour. We feel as if we were going everywhere, and among the many other places, we have traced our route through, is Governor's Island, not that we care a pica-yune about Governor's Island, but we want to see you.

We are going to Omaha, Chicago, and leaving Mrs. S. in the latter place for a day or two, I shall attend the G.A.R. Encampment at Pittsburgh, from there to Philadelphia and Washington, and then we are going to stop and see you if you want us to, and we assume that you do, for we want to see you. We expect to reach New York somewhere along about the 16th or 17th of next month.

If you should be likely to be away about that time, please drop me a line here at once, or if written later, address me care of Edwin Osborne, 2200 Chestnut St, Philadelphia, Pa.

We hope you are all well and happy, and Mrs. S. joins me in love to yourself and Mrs. Howard.

Very truly yours,
I am in London now and have been for over a month of your letter dated 15th. I am still here and hope to stay for a few more weeks. I have been visiting various places around the city and enjoying the culture. I am also working on a new project that I am excited about. Please let me know if you have any updates or news. I am looking forward to hearing from you soon.

Best regards,

Latenight Ramblings

Meet us tonight at

[Handwritten note]
AMONG THE CHURCHES.

Methodist Episcopal.

The young men of the Linden Avenue M.E. Church have organized an excellent company of the Boys' Brigade. The organization, which is known as the General O. O. Howard Guard, Eighth Company B.B., already has a membership of thirty-five and is increasing in numbers at every meeting. The organization of the company was brought about by the pastor of the church, Rev. C. F. Hull, who is deeply interested in all things military, having served his country in the late war as a Zouave and as a seaman on board a man-of-war. The company is equipped with dark blue coats and cloth caps, and in a few weeks the members hope to secure the trousers and rifles. Drills are held every Friday night, the first in each month being open to visitors, in the basement of the church. Although the company has had but few drills, it can execute the marching movements in a manner that defies criticism. Under the able instruction of Private John Riley of the Gun Detachment of the Fourth Regiment the young soldiers are improving rapidly. The officers are:—Captain, F. B. Hull; First Lieutenant, George Lamberson; Second Lieutenant, William Feree; First Sergeant, Frederick Pullman; Second Sergeant, William Creville; Third Sergeant, Edward Wilson; First Corporal, Frederick Pitzer; Second Corporal, James Kay; Third Corporal, Walter Saybolt. The privates are:—Hermann Annum, Percy Braden, George Harris, George Coverly, John Cox, William Charlock, James Doedar, B. Franklin, H. Hampton, Charles Jachne, Harry Kiefer, Charles Kohler, William Livingston, Adolph Luck, Alfred Mellet, Charles Polster, W. Robinson, N. Robinson, George Schmalze, John Schmalze, Edward Schrader W. Storrer, K. Thomas, Norris Vreeland and Willard Lewis. The civil officers are:—President, Rev. C. F. Hull; Vice President, Arthur B. McIntyre; Secretary, S. Waterbury, and Treasurer, T. D. Riley.

The interior of Emory Church is being reno-
woman, and enjoyed the honor of being the only lady on board the Valkyrie in her first intended race against the Vigi-
lant in British waters. It was the in-
tention of Lord Lennox and his wife to participate in all the races along the
different British coasts in the Valkyrie,
and both were fitted out in the way of
clothing and valuables for a month's
cruise. Lady Lennox brought with her
valuables of great worth, many being
priceless on account of being family
laces.

When the Valkyrie went down Lord
and Lady Lennox lost all the valuables
they had with them, and they have
not yet been recompensed for them.

Mr. Clarke, the owner of the Satanita,
offered to pay them full value for all
they lost, but he would do it only on
the terms "without prejudice." That is,
he was quite willing to recoup his Lord-
ship in full for all loss, but he insisted
that such settlement should not be in
any way taken as "buying his peace,"
or being used as evidence against him
in case of suit either by Lord Dunraven
or anyone else. Lord Lennox refused to
accept this proposition, and the result
is that bad blood has been engendered in
first society circles, Lord and Lady
Lennox being on the one side, with the
owner of the Satanita on the other.

Lord Dunraven, in part, agreed with
Mr. Clarke, but he thought the "without
prejudice" clause hardly proper, as in
the case of the loss of the Valkyrie.

Dear Sir:

I trust you will please find the newspaper cut which we would be glad to have you read as we thought you might be interested in things that are military.

We are young now but hope to be soldiers some future day.

Hoping you will favor us with this request and we give you an invitation to visit us which we hope you might accept.

General:

Enclosed please find testimonials from General T. H. Sherman and other officers of the Army. I was discharged in New Orleans, La., June 12, 1865, and came to Texas, and married. I am now the 8th St. S. G. B. & S. P. P. of Texas, the salary is too small.
to support my family, $5 per month.

The letter from Gen. A. S. Stone states my wish. I employed as Gen. Service Park, or anything else I could do through your kindness. I might do something else for the cause of Christ, my Master, among the soldiers.

In that appeal to you General, as a gallant soldier from the beginning to the end of the war, I deem myself fortunate.

Very respectfully,
Your obedient servant,

Dear Sir,

My brother-in-law, Mr. C. F. Havemeyer, being in Europe has left his affairs in my charge. I opened your letter to him today. I regret that in his absence I can not subscribe to your fund.

Mr. C. F. Havemeyer is the son of Mr. T. A. Havemeyer & nephew of Mr. A. C. Havemeyer. Is it not one of these gentlemen you intended to communicate with?

Yours truly,

W. B. Duncan Jr.
Dear Mr. F. F. Howard,

I am writing to express my gratitude for your assistance in my recent expenditure. Your kind offer to lend me your services has been much appreciated.

I regret that I have not been able to communicate more promptly. However, I have been occupied with other matters, and I hope to be able to attend to your request soon.

Thank you once again for your generous help.

Yours truly,

Dear Mr. D. O. Howard,

New York.

Mr. Howard,

We are planning a series of Special Song Services for men beginning the first Sunday in Oct. It is our purpose to secure speakers from out of town and also furnish good musical attractions. We are aiming to reach a large number of our young men and feel that if we get good men to come and speak for us it will help us to gain this object. I know that you as a busy man and have many calls upon your time, but I also feel that under God you will be a great blessing to us if you will come to Clinton. Can you give us either the last Sunday in Oct or first Sunday in Nov? We want to win young men to Jesus Christ and I know that the strong words which you would speak to them would have some effect. You may choose your own topic. Hoping for a favorable reply, I am yours sincerely,

Thomas Johnson, Gen'l Sec.
If it will be more convenient for you, Nov. 11th or 25th will suit us in addition to dates already mentioned.

My Dear Sir & Commander

At the meeting of the National Encampment of the Grand Army of the Republic next month in this city, we hope to make our camp fire a matter of especial interest.

It will afford the committee and all our comrades especial pleasure to have you present and make a short camp fire address on the evening of September 11th.

In short, I may have your only and dearest wife home, I am

Dear Sir:

I have just started collecting autographs, and as you are my favorite Civil War General, I have decided to get your autograph as soon as possible. I have noticed among my companions that, after they have become acquainted with the Civil War Leaders, you have been the prevailing favorite.

If you can consistently send me your autograph you will greatly oblige a Minnesota Boy.

Dear General,

Your favor of the 15th inclosing letter of Secy. Ingraham came acorss in time. For once in my life I must confess I don't know what to do, or what to advise. Our relief force is not making any headway at this season, hence I cannot send the others. My feelings have been very much agitated of late, and I am anxious to hear from the other division U.S. One case in particular of one of the men who went down in the Ford's Theatre disaster, and for months hanging between life and death, is now a total failure with wife and children, and yet he was without anything desiring, what I see, been daily, it is one up worse the suffering of those people that had a Mid Southampton Valley in 1863 and 4, and that was enough to drive them from a marble statue (as one person said). I wish sometimes that I did not live in Washington where I see...
to much suffering, with so little means at
my command to give aid. But I suppose I
need the discipline, is not that it? If house
available, if so it seems as if the women
help her or a servant. I will keep your letter
before me, and if anything turns up I'll think
it over to see if I can do anything I certainly will.

Sincerely yours,

We hope everything is improving a little, but it
is very slow.
