Gen. C. O. Howard,

My Dear Sir:

In reference to our conversation on my request of you on Sunday morning, allow me to say; our evening classes meet for organization on Monday evening, October 1st, 1894, in Association Hall, and we have always had some one to address our young men on this occasion. The purpose of the address is to inspire enthusiasm and encourage young men to enter into the advantages which this institution is offering to young men along educational lines.

It seems to me that you could give just such an address, and it would please our Educational Committee, who have this work in charge, if you could be with us on that occasion. The address would be necessarily longer than one half hour, as we shall have some music and the teachers will be present and make some explanations of their work. Will you kindly consider this matter and let me know as soon as possible.

Thanking you for past favors and the kindly interest in our work, I remain

Yours very truly,

To the President of the American Association of University Women,

Mr. President,

In reference to the committee of my Assembly of New York, who are acting as delegates to the American Association of University Women, I beg to state that we shall be unable to attend the meeting in New York on October 1st. I am writing to you in order to inform you of our absence and to ask your assistance in finding a substitute who can represent us.

I have been informed that there are many women who wish to attend the meeting, but who are unable to do so due to personal circumstances. I would be grateful if you could find someone who is available to attend on our behalf.

I am also aware that the purpose of the meeting is to address the various issues that have arisen in the past year. I believe that it is important for us to be present at this meeting in order to be able to contribute to the discussions.

I would be very grateful if you could find someone who is available to attend on our behalf. If you need more information or assistance, please do not hesitate to contact me.

Thank you for your understanding and the kindest interest in our work.

Yours truly,

Dear Sir:—

I am about to prepare an article for this syndicate, apropos of your retirement from active service; and would like to include therein a description of your home life, with pictures of yourself and family, your house, etc. If you would be so kind as to appoint an hour, any day when it may be convenient to you, when I may call upon you and secure such material for the article, the syndicate would be greatly indebted to you.

Very respectfully yours,

Dear General,

I sent a check for one hundred dollars from Mr. Huntington yesterday.

Will you please send him an acknowledgment of it. I will hand it to you on Sunday. I want to show it and try to get some more on Friday from others.

Very Truly Yours

Dear General Howard,

It does not seem like Sunday some days when you do not come to luncheon.

I hope that you have made an engagement for this Sunday that you will come in after Church. Rev. Dr. Owen, Pastor of the Prayer Williams University, is speaking.
a week with us. He will be so glad to see you, as will Dr. Upham and myself. I cannot give you a very good report, as Dr. Upham this week. He has had a return of the neuralgic pains that he had last summer. They have been better today.

The miss Dr. O'Connor, who seems to understand the case so perfectly, will soon relieve the dear patient. I am writing with constant interruptions, so please not notice the untidy appearance of my note.

Very sincerely yours,

Elizabeth Kendall Upham.

My dear General:—

I am instructed by the Executive Committee of the State Sunday-schol Association to invite you to deliver an address at the annual meeting, either on the evening of the 13th or 14th of November, in the city of Grand Rapids. The Committee is very desirous that you shall come. Michigan will give you a very warm welcome. An audience of four thousand Sunday-school workers from every part of the commonwealth will extend you greeting. Whatever compensation you may see fit to ask will be cheerfully given.

As one who served in the 4th corps while you were commander, personally I hope you will come. You were the last General, save Harker, that I saw before going into action at Resaca where I was severely wounded.

We very much want you to come to Michigan on the occasion of which we speak. May we not hear from you early?

Sincerely yours,

Dear Governor of New York:

With great concern,

I am interested in the Executive Committee of the State Essay-Reading Association to invite you to deliver an address at the annual meeting, which will be held on the 1st of April at the Hotel in the city of Bridgeport. The Committee is very enthusiastic that you will grace their meeting with your presence on that historic occasion. You will receive a hearty welcome from the essayists of your famous Society for Cooperate Work. You are cordially invited to be present.

We are most anxious to have you at the essay meeting and would be most grateful for your acceptance.

Yours sincerely,

Dear Brother:—

I was pleased to receive your letter and to have the few items of news you are kind enough to give relating to the family, and note that you referred my letter addressed to Mr. Depew with an accompanying line from yourself, without waiting his return from Europe. I observe, however, by this morning's papers that he has reached New York. At any rate, that is the impression received from the extracts from interviews with him which have been printed in our Chicago dailies. I like so much Mr. Depew's cheerful way of looking upon public affairs and the business interests of the country that I have quoted a short extract as a kind of text, and will enclose a proof herewith, which you may hand to him or forward, if you are not likely to see him, and if you see fit to do so.

I did not write it with a view to his seeing it of course, but would like to know if he thinks I have represented him justly.

My own view with reference to tariff legislation is that it would be much better if the country could be assured that there would be no tariff tinkering whatever for some years to come. On behalf of the farmers I am deeply disappointed that Congress should have
Dear Mr. Field:

I am pleased to receive your letter and to have the privilege of knowing you and your family. I hope you and your family are well and that all is going well for you.

I understand that you are interested in purchasing my farm located in the town of XYZ. I would be honored to discuss the details of the sale with you at your earliest convenience.

Please let me know if you would like to schedule a meeting to discuss further. I look forward to hearing from you soon.

Dear General and Brother,

Knowing your long and continued interest in our work for and among Young Men, we have decided to write to you to ask you to give an anniversary address, as early in October as will suit your convenience. We have reached a critical time in our work owing to many causes which I will not now enumerate here, but I mean to let you know with our book, believing that you can be of the most interest in arousing interest among our officers as to know the Master has need for them. And it will be for the behoof of our managers we have issued a most hearty and cordial invitation to come, assuring you that we shall endeavor to make your visit pleasant. From myself. Knowing it will be profitable to us. Our friend, J. Moore, through whose influence this invitation can inform you of the departure of our needs. The early reply which is long may be a favorable one will greatly rejoice with utmost regards.

To Major Law Howard,
my dear sir,

Very many thanks for your kind words yesterday. I greatly appreciated them.

In "The Congregationalist" of today I saw in the columns of "Notes from the church" the enclosed, as I presume it refers to the ch. you named to me yesterday. I would thank you if you would write me an introduction direct. They would surely have a click on perhaps your kind one member of the ch.
Again thanking you.

Yours with great respect,

My dear General:

I felt it necessary to ask for an advance of $500, as my expenses have exceeded my budget at your request. I also request that the $100 interest in January be paid in March. I will be happy to save the $100 in a bank so that it will be available as soon as you have the necessary funds. I have spent the $500 that was given to me in the New York area for the purchase of a similar instrument, and I am enclosing a receipt.
