Gen. O. O. Howard,

Gov's Island, N.Y. Harbor, New York.

My Dear Sir:-

In reference to our conversation on my request of you on Sunday morning, allow me to say; our evening classes meet for organization on Monday evening, October 1st, 1894, in Association Hall, and we have always had some one to address our young men on this occasion. The purpose of the address is to inspire enthusiasm and encourage young men to enter into the advantages which this institution is offering to young men along educational lines. It seems to me that you could give just such an address, and it would please ~~me and~~ our Educational Committee, who have this work in charge, if you could be with us on that occasion. The address would be <sup>not</sup> necessarily ~~a~~ longer than one half hour, as we shall have some music and the teachers will be present and make some explanations of their work. Will you kindly consider this matter and let me know as soon as possible.

Thanking you for past favors and the kindly interest in our work, I remain

Yours very truly,

*Waldo H. Sherman*

Educational Secretary.

Dear General Howard-

It does not  
seem like Sunday now-a  
days when you do  
not come to luncheon.

I hope that you have  
made no engagement  
for this Sunday & that  
you will come in after  
Church. Rev. Dr. Owen,  
Pres<sup>t</sup> of the Roger Williams  
University, is spending <sup>74</sup>

a week with us & he  
will be so glad to see  
you, as will Mr Upham  
& myself.

I cannot give you  
a very good report of  
Mr Upham this week  
for he has had a  
return of those nervous  
pains that he had last  
Summer. They have  
been better today & I

think Mr O'Connor, who  
seems to understand  
the case so perfectly, will  
soon relieve the dear  
patient.

I am writing with  
constant interruptions  
so please not notice  
the untidy appearance  
of my note.

Very sincerely yours

My dear General:-

I am instructed by the Executive Committee of the State Sunday-school Association to invite you to deliver an address at the annual meeting, either on the evening of the 13th or 14th of November, in the city of Grand Rapids. The Committee is very desirous that you shall come. Michigan will give you a very warm welcome. An audience of four thousand Sunday-school workers from every part of the commonwealth will extend you greeting. Whatever compensation you may see fit to ask will be cheerfully given.

As one who served in the 4th corps while you were commander, personally I hope you will come. You were the last General, save Harker, that I saw before going into action at Resaca where I was severely wounded.

We very much want you to come to Michigan on the occasion of which we speak. May we not hear from you early?

Sincerely yours,

Dear Brother:-

I was pleased to receive your letter and to have the few items of news you are kind enough to give relating to the family, and note that you referred my letter addressed to Mr. Depew with an accompanying line from yourself, without waiting his return from Europe. I observe, however, by this morning's papers that he has reached New York. At any rate, that is the impression received from the extracts from interviews with him which have been printed in our Chicago dailies. I like so much Mr. Depew's cheerful way of looking upon public affairs and the business interests of the country that I have quoted a short extract as a kind of text, and will enclose a proof herewith, which you may hand to him or forward, if you are not likely to see him, and if you see fit to do so. I did not write it with a view to his seeing it of course, but would like to know if he thinks I have represented him justly. My own view with reference to tariff legislation is that it would be much better if the country could be assured that there would be no tariff tinkering whatever for some years to come. On behalf of the farmers I am deeply disappointed that Congress should have
