My Dear General - Enclosed I return the letter of 18th inst from Genl. Schofield, relative to my occupancy of quarters at Fort McPherson. I thank you heartily for your interest and prompt action in the matter - I had noticed the order referred to and recognized the fact that all the quarters would probably be needed for the officers of the 5th Infantry - I value your kindness just as highly however and am satisfied. With kind regards

Yours truly

My Dear Sir - Enclosed please find the
letter of 18th inst. from Genl. Schuyler, relative
to my occupancy of quarters at Fort Mifflin.
I thank you greatly for your interest and
prompt action in the matter - I had intended
the same reference to some designing the fact
that all the quarters would probably be used
for the officers of the 5th Infantry - I value
your kindness first as highly as ever and
am satisfied with the result.

Dear Brother:--

A neighbor of mine, Mr. Kehr of Lakeside, asked me to write you a preliminary line with reference to a lecture bureau that he proposes to run for California and Oregon this Winter or Spring, starting perhaps with Kansas City, Denver and Salt Lake. He proposes to arrange a tour, ^{with} ~~and~~ about five lectures or entertainments at each town visited, and would like to contract with you as one of the five. I have promised to mention the matter to you, so that you would not engage yourself to any other bureau until you hear from him. It struck me rather favorably, as I imagine people on the Pacific Coast would all feel friendly towards

Dear Brother:-

A neighbor of mine, Mr. Kahr of Iolanda,
asked me to write you a preliminary line with reference to a
lecture bureau that he proposes to run for California and Oregon
this winter or spring, starting perhaps with Kansas City,
Denver and Salt Lake. He proposes to arrange a tour, ~~the~~ about
five lectures or entertainments at each town visited, and would

to mention the matter to you, so that you would not engage
yourself to any other bureau until you hear from him. He
proposes to go out to California and visit different places and
make his arrangements for the fall and entertainments, etc., etc.
Of course, the matter of transportation in going so far is a
great thing with me, and I thought it probable you would be willing
to cooperate in securing passes over the California lines,
that is for yourself, if you should on some evening finally
decide to go in with him. It struck me rather favorably, as I
thought you is on the Pacific coast would all feel intensely

--:2:--

you, and like to hear you lecture. His idea is to have three or four lectures of yours to offer at each place, and let them select which one they will take.

He would like to have you write a lecture on "Wars of the Future," and I thought perhaps that would be an interesting subject for you, and in the line of your thought. There is much that is new to the people in the great advance which has been made in war implements, some of which were shown in the World's Fair at the Krupp Gun Exhibit, for example. You will know much better than I the novelties that have been introduced, such as the use of bicycles, balloons, telegraph and telephone, and electricity in many forms. Of course, it might embrace the great advance in the way of naval architecture and naval war implements. The recent success of Japan in contending with the old foggy Army and Navy of China would help to illustrate.

Another matter: I have a letter addressed to Capt. Sladen apparently from your office, which has been here two or three weeks. Have you reason to expect Sladen will visit Chicago, or can you explain why the letter was addressed in my care?

I suppose Mac will be with you by the time this letter

reaches you. We received a letter from him from Philadelphia written Friday. He is to canvass that city for advertising, and will then stop a few days with you, and look around New York on the same business. He is to be at East Hartford on the 27th, and so will not have much time in New York, unless he returns thither.

Affectionately yours,

C. H. Howan
