My Dear General :--

I have just received your letter in reply to mine of the 5th inst., and regret very much that it is not possible for you to come here for the day. I know that you would have an enjoyable visit and that you could aid very materially in organizing the company for the promotion of the Morrell Cure.

As it seems impossible for you to come, have you any objection to writing me a letter giving your views regarding the Morrell Cure and the facts upon which your opinions are formed, that I may show it to those whom we are endeavoring to interest? Such a letter from you would be very valuable; and if, as I believe, great good will result from the establishment of that cure in this state, I think both of us may well use what influence we possess to bring about its speedy adoption.

I am,

Very truly yours,

Genl. O. O. Howard,
Dear Sir:

You may remember
my calling to see you at
your residence, on "Governor's
Island," one afternoon, about 3
years ago, with reference to
my supplying the "Allen St
Presb. Church" in N. York.

I preached there, afterward,
on one Sabb., and as they had
another man in view, the way
did not seem favorable to my
going again. Since then, I
have supplied different

Churches, - meeting with a number of calls, which for one reason or another, I have thought it best to decline, and I now feel very anxious to get regularly settled, - am willing to go anywhere, or do anything that is honorable or consistent, to realize a fair support for my family. I am an ordained Cong^l minister, - but have labored in Presbⁿ field, & have been in the Master's service, not without good fruits, for 25 years. - Rev. Dr. A. F. Schauffler, of the "Bible House," and Rev. Dr. Theo. L. Cuyler, of Brooklyn know me. -

Can you introduce me into some line of work, if not in a Pulpit, - yet, as an Assistant, or a Secretary, or in charge of

a Mission, - wherever the way is open for a live, earnest man, who is ready to spend & be spent, in a good cause.

I am sure that your widely honored name would carry great weight, in placing me in communication with some form of Christian usefulness, & I would esteem it a great favor. -

Hoping to hear from you,
Sorn,
Very Respectfully Yours

Dear Brother:- Our joy at the
Fifth Anniversary of my pastorate
would have been greater if you had
been represented in person or by
letter. In sending out the invita-
tions (like the enclosed) some mis-
takes were made by the Committee
and yours may not have reached
you in time for a reply.

For some time I have been
thinking of suggesting to you that
it is not too late yet. The very
high opinion I have had of you for
many years leads me to say that
I would regard it as a great favor
if you would send us a few kind words.

Our Church officers have decided to have the proceedings of the Anniversary published in a handsome volume. It will include all the letters in full, and I hope one from you will be among them.

Extracts from some of the letters received have been printed. This pamphlet, a copy of which I mail you today, has not been circulated - the forthcoming book superseding it.

Ex-Governor Beaver and other friends did not write till after the Anniversary owing to their absence from home at the time.

Whatever you may write will be much appreciated even though it should be in the briefest form possible. However, you cannot write too much for us. Your letter

may be addressed to our senior elder, Mr. Samuel Fulton, 728 S. 20th St., Philadelphia, or to myself.

I do not like to trouble you, but I have reason to believe that you will do me this favor.

Very sincerely yours,

Dear General:-

I received your note in relation to the letter from Col. Barber. I also received yesterday the enclosed letter. I wish you would read it and tell me what you think of it. He seems to think that our Society made a great fuss about this, which is not the case, for it never was mentioned in one of our meetings. The trouble originated with the Omaha Committee, who had suggested him and who got hold of the letters and published the proceedings. The Executive Committee at Council Bluffs or the Society had no part in that. The people who were most indignant about it were the Regular Army officers. I never knew or heard of it until it was shown to me in the paper on the morning of the 4th or 5th, I forget which. I want to be very careful about this because I do not want to give any opportunity for criticism of our Society in the treatment of such a case, especially as you know our army, above all others, was friendly to the Regular Army. Kindly return the enclosed letter when you have read it. I am,

Truly and cordially yours,

the Regular Army officers. I never knew or heard of it until it
was shown to me in the paper on the morning of the 4th or 5th. I
forgot which. I want to be very careful about this because I do
not want to give any opportunity for criticism of our Society in
the treatment of such a case, especially as you know our army, above
all others, was friendly to the Regular Army. Kindly return the

enclosed letter when you have read it. I am,
Truly and cordially yours,
