My Dear General,

I called on Mr. Bullman today. He said he could not find any Department named "Cocli" - There was a river of that name some 40 miles long - in Panama - I asked his assistance to get a copy of the law passed Oct 26/59 - probably by the State of Panama - to which our title (in 1868) referred - He said there might be something in our title or grant which exempted the property from taxation but that "page 5" was passed in 1888, relating to Coal - previous to that & since 1829, the Mexican law prevailed down there - He feared that our title may have lapsed & it should be re-denounced if of value - but could not tell positively in the absence of the original papers - Is it safe for me to submit copies to him? If you think so, or wd prefer submitting them to the Colombian Consul here - will you permit Col. Cox to copy your translation?

Truly Yours,

J. J. Gemph

 he undertakes to get a copy of the

My dear General:

When I wrote you in response to your letter of Sept 30th I fully expected to be en route to New York tonight, but I find myself delayed and will be for a few days - As it looks now I may get away about Friday 26th. This will bring me to N.Y. about Nov 1st.

Those brethren to whom I have made known of this work opening for me all seem delighted, especially Rev Dr. Warren who for ~~the~~ ^{many} years has been Superintendent of the A. S. M. Soc. for this State. He spoke to me with great enthusiasm concerning my going. So also Dr. Williams of Plymouth Church in San Francisco. The brethren of the Baptist and Christian and M. E. Churches with whom I have fellowshiped and labored all give me their warmest cheer and blessing.

My enthusiasm for the work is

growing as the time draws near for me to engage
in it. I feel as if it is to be the very best work
in the best years of my life. I believe that
we shall have a great blessing from our
Father, in the work, - that we shall have a
great harvest of souls - a constant ingathering
and also, - up-building in Christian Character⁽⁴⁾
life - I believe in a constant presence of the
Holy Ghost regenerating and reconstructing
wandering and rebellious children of God.

I hope now that I may not
be delayed beyond the time set, so that I
can certainly be with you on the first Sunday
in November. In connection with this work

I have often thought of Psalms 37: 5, 4 & 5.

May our Father abundantly
bless and prosper you and give you the
blessing of v. 6. Psalm 37, and Psalm 91 to your

Dear General Howard,-

I am sending to you to-day copies of "The Chautauquan" for November just issuing from the press containing our interview and your portrait, and I trust you will find it fairly well represented along the lines which we talked.

I regret exceedingly that it was not possible for you to correct the proof, and I hope the critical revision which Captain Witherspoon made in your absence from home had the effect of removing all possible errors that might have crept in.

With very cordial regards, you will permit me to remain,

Dear General Howard:

I am sending to you to-day copies of "The Chautauque" for November, just issued from the press containing our letter and your portrait, and I trust you will find it fairly well represented along the lines which we talked.

I request especially that it was not possible for you to correct the proof, and I hope the editorial revision which Captain Witherspoon made in your absence from home had the effect of removing all possible errors that might have crept in.

With very cordial regards, you will permit me to remain,

Yours very sincerely,

My dear Sir:-

The National Temperance Society is <sup>organized</sup> ~~authorized~~ expressly to do a non-sectarian and non-partisan Missionary service throughout the whole country. During the twenty nine years of our existence, many thousands of dollars have been expended in carrying forward this work.

The officers of the Society are now urged to greatly enlarge their <sup>Work and</sup> Missionary gifts of publications and find themselves unable to meet this demand.

As we have the oldest and strongest strictly educational temperance organization, and have an almost unlimited field before us for Missionary effort, will you not enclose your check payable to Wm D. Trustees of the C. C. B. S.,

Dear Brethren:-

At the last meeting, toward its close, when there was no proper time to consider the matter, the enclosed letter with endorsements from honored and trusted brethren on the Pacific Coast was presented to the Board. Their experience with Mr. Kimball was not encouraging. This is an entirely different matter. Mr. Wikoff and Mr. Kimball are two as different men as could easily be found. I should not for one moment consider an application from Mr. Kimball or any of his friends to be put in the employ of this Society.

The Pacific Coast has <sup>not</sup> been worked, except during the time that Mr. and Mrs. Williams visited the churches and endeavored to inform them in regard to our work. There are a few men who are in prominent positions who want nothing taken from our churches on the Pacific Coast, and are ready and willing to endorse an application for aid to any amount. There are scores of churches in California, Washington and Oregon who know almost nothing of our work, who have no system of benevolence, and never will have until they are carefully instructed and the national work pressed on their attention.

I do not believe that the appointment of any man would pay in cash immediately, but do most thoroughly believe that it would pay in a reasonably short time. At first in this way: we have a num-

Dear Sirs:  
At the last meeting, toward its close, when there was no proper time to consider the matter, the enclosed letter with arrangements from donors and friends prepared on the Pacific Coast was presented to the board. Their experience with Mr. Kimball was not encouraging. This is an entirely different matter. Mr. Wikoff and Mr. Kimball are two as different men as could easily be found. I should not for one moment consider an application from Mr. Kimball or any of his friends to be put in the employ of this Society. There are a few men who are in prominent positions who want nothing taken from our churches on the Pacific Coast, and are ready and willing to endorse an application for aid to any amount. There are scores of churches in California, Oregon and Oregon who know almost nothing of our work, who have never heard of benevolence, and never will have until they are carefully instructed and the national work pressed on their attention. I do not believe that the appointment of any man would give us any immediate help, but do most emphatically believe that it would win a responsible agent. At first in this way we have a number

er of churches that ought to be disposed of. The money we put in is almost certain to be lost. Any amount of correspondence from this office has been sent to the best known parties, but the results have not been encouraging. There are delinquents on loans, both parsonage and church building.

You see what the brethren say of Mr. Wikoff. A man of good address, warm sympathy, level-headed, with power on the platform and at the pulpit. I verily believe that such a man would be of immense advantage to our work on that coast. I am not going to urge the matter. I know it is not a good time to make additional expense. On the contrary it is not a good time to lose funds already invested. They never needed looking after more carefully than now. I simply give my judgment that it would be wise to appoint Mr. Wikoff. I shall most cordially acquiesce in any decision, even though it be adverse to my judgment, that the Board may see fit to make.

I think he could be obtained for the first year for \$1800. travelling expenses. That is \$700. less than Mr. Kimball was offered. We have had no correspondence directly with Mr. Wikoff, for a good reason that I had no authority to write him. I submit the correspondence which has been sent to me without any solicitation on my part and without any solicitation on Mr. Wikoff's part, and will leave you to consider it at the next meeting of the Board. I should be very glad if the Finance Committee could give it special thought, so as to give their judgment to the Board at our next meeting.

Very sincerely yours,

Rev. L. and the al Charge

and

Recd

Office of First Congregational Church  
Oakland, Cal., September 27th, 1894.

To  
Rev. L. M. Cobb, D. D., Secretary,  
and the Directors of the Congregation-  
al Church Building Society of New York.

Dear brethren: -

From boyhood I have known our Church Building Society, loyally regarded its Directors and personally known and loved its Secretaries. Special regard for its success has been deepened both by advocacy of its interests on this Pacific Coast as Field Secretary, and fresh experience as a pastor receiving aid from it in the very trying work of building the Mayflower Church at Pacific Grove, during the recent panicky times.

I now believe that I am doing the best service I ever rendered it in commending you to appoint a new field Secretary for this Coast---Rev. H. M. Wikoff, the present pastor of the Fourth Congregational Church of San Francisco.

This is no spasmodic impulse. I have always felt that the interests of the Kingdom, of this coast line of churches, and of your useful agency for Christ's cause would be served by pushing the work I was compelled to lay down to prosecute the round-the-world journey.

When brother Wikoff presided with such force and dignity at our last State Annual Association at the First Congregational Church in San Francisco, and especially when he so vigorously and successfully raised a sufficient sum in the open meeting to secure the building of the church at Adin, California, I felt strongly impressed that he was the man for you. This impression has been deepened by his genuine missionary interest in our needy churches in northern California, and his wise and sympathetic visits to them. Meanwhile his own church has steadily prospered and was never in such good condition as now. Not until recent inquiry on my part, self-moved, did I learn that he could now perhaps leave it, without damage, to another pastor; and if called of God and his brethren, devote all of his time to helping the Congregational Church build fit temples for the worship of God.

Office of the Secretary  
Oakland, Cal., September 27th, 1894

Recd  
OCT 28 1894

To Rev. J. W. Cook, D. D., Secretary,  
and the Directors of the Convention  
of the United Methodist Society of New York

Dear Brethren:

From boyhood I have known my Father  
belonging to the Society, joyfully regarded the Directors and personally known  
and loved the Secretaries. Special regard for Isaacson has been  
expressed from my father's side of the family on this Pacific Coast as  
well as from my mother's, and from my own experience as a pastor receiving aid from  
it in the very trying work of building the Mayflower Church at Pacific  
Grove, during the recent panic years.

I now believe that I am doing the best service I ever rendered  
in my life in connection with the appointment of a new Field Secretary for the  
Central--Rev. W. W. Wilcott, the present pastor of the Fourth Congrega-  
tional Church of San Francisco.

This is no spontaneous impulse. I have always felt that the  
interests of the Kingdom of God are of paramount importance, and of your  
great agency for Christ's cause would be served by having the work  
I was compelled to lay down to prosecute the world-wide work  
then proposed Wilcott provided with good force and dignity as  
our last State Annual Association at the First Congregational Church  
in San Francisco, and especially when he so voluntarily and generously  
offered a withdrawal from the open meeting to secure the building  
of the church at San Francisco, California, I felt strongly impressed that he  
was the man for you. This impression has been deepened by his kind  
and generous interest in our work during his residence in Northern California, and

his wise and sympathetic visits to them. Meanwhile his own church  
has steadily prospered and was never in such good condition as now.  
Not only so, but in my own self-moved, did I learn that he  
could now perhaps leave it, without damage, to another pastor; and  
it called on God and his presence, devote all of his time to helping  
the Congregational Church build its temples for the worship of God.

Indeed he feels he must give more time or less.

In Washington, Oregon and Southern California, I know there are problems always arising where a wise steward would both make and save for the material interests of church buildings.

In this part of the field, the work of our beloved Superintendents in both the A. M. S. and the C. S. S. & P. S. make the appointment of a wise church builder specially important. There remains yet much land to be possessed and that with wisdom and vigor. That you will immediately reap great financial reward from new service, I dare not say: but that you will be rejoiced in seeing genuine progress and sharing increasingly in the triumphs which your sister societies are making, I devoutly believe. If you want legacies in the decades to come, it will be wise to instruct the givers now. Our brother Wikoff is as far on the so-called sunny side of fifty--as I am on the real sunny side--the side toward Heaven. He has fine presence, a good voice, and the hearty regard of his brethren. His family is such that he can travel without wrong to them.

If the Spirit so move you, please call him to begin work January 1st, 1898.

Very sincerely yours,

Edwin Sidney Williams.

I very heartily endorse all that has been written in the foregoing by brother E. S. Williams.

Dear Dr. Cobb:\*

Rev. E. S. Williams has kindly asked me to write you a personal note in reference to the employment of Rev. M. N. Wikoff as your field agent, on regular salary, in California. He thinks that while the man who happens to be Supt. of Home Missions out here may not have much influence, his official position may add a little to the request that goes to you from several of the brethren. Most heartily do I endorse the idea of a Secretary for the Pacific Coast. It will be of vast importance to our home Missionary churches to have the help of such a man as brother Wikoff to push their claims before the churches as a representative of your society. If I were not a S. Supt. I would be tempted to apply for the position myself, so greatly do I feel the importance and value of it. I know of no better man for it than brother Wikoff.

Sincerely and respectfully,

J. A. Harrison.
