My dear General.

It is with profound sorrow that I notice the near approach of the day on which, in obedience to law, you will relinquish active command in the Army. Sad as the event will be to us who remain behind, we still have the gratification that your name will remain upon the Register and that you will still hold your place in our hearts & affections.

The general officers now standing at the head of the list have won their places by loyal devotion to duty in the field, and by conspicuous service in time of peace. We feel honored to recall this service, and <sup>are</sup> saddened by the thought that

There are none so fit adequately these  
places when they give up action command.  
In, general, if I may be pardoned for  
being personal, have done to the Army  
the invaluable service of presenting the  
example of a thorough practical  
Christian proving a thorough prac-  
tical soldier.

The young are apt to think lightly  
of such matters, but I feel that  
your brilliant record of Christian  
loyal duty will not be lost upon  
the younger generation of the Army.

I sincerely pray that you may be  
fruitfully blessed in your new  
work, and that you will continue  
to use your able pen for our in-  
struction & guidance.

Very faithfully  
G. L. Gillespie

Dear General:

At the beginning of the Administration of Ex President Harrison you were so kind as to obtain for me a position in the Geological Survey, although I used every legitimate means to get the "Powers that may be" to send me to the field, and thus put me in line of promotion, I was unable to do so, lacking the necessary political influence.

I came to the conclusion, sometime since, to get a position in the Pullman Car Service, intended to do so this summer but Father got run down so in his health he took a trip through New York State and while awaiting his return I was discharged, for political reasons, he has now returned, and I will have the benefit of his advice.

Mrs. John A. Logan, who resides here and has some interest in the Pullman Car Co. would assist me to get a conductor's position, if you would write me a letter asking her to do so, I trouble you again very reluctantly, and if I can get a position where merit counts would be able to help myself in future.

You have been here several times since you obtained for me my position, but I did not learn of your having been here until after your departure from the city or I would have done myself the honor of calling and thanking you in person for your great kindness to me.

Mother is not in very good health she complains of a severe pain in her head a hacking cough.

Dear General:-

I am in receipt of yours of Nov. 2nd. and it gives me pleasure to make you another pair of shoes like the last. It was very pleasing to me to find they had proved satisfactory to you and I assure you I have been well repaid for all the trouble that it caused me. I will charge you a moderate price for this pair, \$4.00, more for the reason of continuing your patronage than the value of the money as I want you to feel that I am pleased to make your shoes as long as you wish for them. I will make them on the same last, as I have a copy of the order as made out before, and trust they may reach you in good time and be satisfactory to you.

As a Christian man I feel honored to have a Christian soldier of your standing and reputation wear shoes of my manufacture. I was present at the meeting last winter when you accepted the office of President of the National Temperance Society in N. Y. City

In his last letter he deplored sadly his failure to reach here for Sunday Nov. 4, also his inability to meet you —

I understood Mr. Francesco that you had sent him the amount needful — Is that so? If not, our Home Miss. My Dear Sir, Pardon me kindly for taking the liberty of addressing these lines to you. You are perhaps aware that in many Christian churches all over our land at present the boys and lads are organized into Guards and Brigades somewhat after military style, for the purpose of benefiting them and holding them in the Church. In this city of Newark we have quite a few such organizations. Permit me to herewith ask you if it will be agreeable to you to come to Newark some evening suitable to you to address these Christian boy soldiers on some Christian subject to be selected by yourself, such as "Christian Warfare," or something kindred. We should be delighted <sup>with</sup> and indebted to you for such a service.

Kindly enclose reply in

Thanking you for  
your Courtesy, and earnestly  
hoping that you will be able

I sent you on the night of the Meeting which you attended at this office, a circular drawn by Dr. Lawson which if you approved could be used with your signiture for the raising of money, and asking you to make any additions or suggestions about it, but have not heard from you since.

I am informed to-day from an intimate friend of John I. Blair of Blairstown, N. J., who is I think about 80 years old, and is in clear intellect, and about making his final Will. He has no immediate relations to whom he will leave much money. He is worth from forty to fifty million dollars, and I think favorably inclined to our Society. I wish it were possible for you to see him or if you cannot, to write to him. He could give us a million of dollars for the erection of a building for a "Permanent Home" for Temperance in this city, and could leave us another million of dollars to be invested, the interest to be used in our Missionary work, and he would not feel it. It would give the Cause a wonderful impetus, and our Society a wonderful power in the community.

Dear General Howard

It gives me much pleasure to extend (for Nov. 8th) my hearty congratulations & best wishes to my distinguished fellow countryman upon the 64th anniversary of his birth.

Long before the year of my birth (1870) you began to defend my country with glorious flag & learn men to love & serve the Master.

Can I neglect to thank you for

234

all you have done - no. Often in my  
mission & G. M. C. A. work have I spoken of  
Nincoln Tarfield & Howard as God fearing  
men - men of noble characters.

God grant that you enjoy many  
more useful as well as happy years in a land  
you love & have served so well. With every  
good wish for your welfare believe me

Yours young & grateful

American friend  
George M. Geibel.

Dear Sir:

Mr. McElroy left for Chattanooga Tenn. yesterday and requested me to mail you a New York draft for \$106.50 which please find enclosed.

Mr. McElroy will not return until Thursday and so your letter cannot be answered.

Please inform us how many articles it would probably take to complete the work you refer to to the close of Sherman's campaigns.

Your articles we of course regard very highly, but

they run into pretty large figures  
for these times. The Soldiers  
are so poor just now, that  
they are not subscribing to the  
paper as they have heretofore.

For these reasons we would  
be pleased to have you state  
what would be the lowest, that  
you would be willing to con-  
tinue the articles for. You  
remember when you formerly  
wrote for us, you charged I think  
but 20. for each monograph.

Please let us have your reply  
in full by return mail and  
oblige.

Very truly yours

Honored Sir:-

As I am very desirous of possessing your own handwriting while still in command before your retirement from the U.S. Army, as a memento of the illustrious General whom I so greatly admire, would ask you to kindly confer this honor upon me, although perhaps you may consider my request very forward, yet I feel you will pardon me for my enthusiasm in the desire to possess the last writing while still in command of such a cherished General.

Most Sincerely

Dear Sir,

Dr. Abbott would  
be glad if, before you leave  
this region, you would consent  
to address the young men  
at Plymouth Church on  
a Sunday Evening. It was  
his purpose to have asked  
you last evening, and it  
was his hope that next

Sunday would suit your  
Convenience. He has gone  
out of town to-day, and so  
it falls due to ask you  
in his name.

Will you kindly answer  
by telegraph whether we may  
have the pleasure of announcing  
an address from you to young  
men for next Sunday eve-  
ning, 11<sup>th</sup>? or, if not for  
that evening, then for what other?

Both Dr. Abbott and  
myself would consider your  
compliance with this request  
a great favor, and earnestly  
hope that your engagements

will permit your answering yes.

You may possibly remember, you, I think,  
that I had the pleasure of meeting you some  
years ago in Santa Barbara, Calif. Personally  
it was a disappointment to me not to see you  
last evening. I hope, therefore, all the more, that  
you will be able to give an affirmative reply  
to Dr. Abbott's request.

Sincerely & respectfully

Yours,  
C. T. Briggs.

Dear General -

I enclose a photograph  
of my great uncle, President  
Taylor which I thought you  
might like to have as  
it is a copy of a very  
picture which my mother  
has.

Very sincerely,
