Gen. O. Howard, or his Command;
KINDLY OBLIGE a stranger Command of 1864-5.

I was a member of Gen. J. O. Moore's Division of the 17th A. C. Army of the Potomac, and although Gen. Moore was in some respects a reckless man, he had many qualities which endeared him to the men in his command, and it would gratify me much to know more of his personal history. I wish, General, you would please tell me what you know of him, in addition to that, tell me to whom to apply for further particulars concerning him, for all of which I shall feel under many obligations. I am preparing a sketch for publication.
and if I may submit to this request upon your time the favor I feel sure will not be unconsiderable.

Your retirement, my dear general, marks the advance of time for both Commander I mean, believing also that it is the harbinger of better things for each every one of us. I salute you as of old!

Fraternally Yours,

New York City

Dear Sir, Kind General:

It is a long way and long time from Fair TR to New York and 1844.

I only want to say that I notice in the press that you have been retired, and that I have followed with interest and gratitude your career all the years from the time you occupied Howard University as Commissioner of the Freedmen's Bureau until the present.

I suppose you will recall the fact that you appointed me to a place in the Bureau in 1869.

I trust you will find in your retiring years the honors and comforts which you so well merit.

Respectfully yours,

Joseph Leuney

all the beautiful tributes into which the papers are full, especially about your retirement, and I am going to put them in a book for themselves. If they all I think I like the one in last week's Outlook best. Now that you can lay aside some of the cares of military life, I infer that you will have the pleasure of reading more books, which is of course tremendous. I am going to send you the two articles in the Naval Magazine, and it is the kind of book which I hope you will find interesting. I hope you and I will meet.

I know the Lord will bless you out there. I hope some day I may see that part of the country. Dear General, you make me think of my father because he looked so much like you. He was a soldier in the German Army for fifteen years. I did love my father very much, because he love his native land, and told me to love the country that I live in now. Well, I must close my letter now. I want to thank you for kindness to me in sending me these things. God Speed to you all, and may he bless you and forgive you from any danger. Remember me in your prayers.

From your dear young friend, Leo C.I.

My dear General Howard, I thought I would write to you and tell you that I received your gift and I am proud of it. They will do me so much good this winter. I do praise the Lord for his kindness to me. Dear General, I am getting along very nicely in my studies, but my legs are very sore, that I can't study in the evenings. I ought to have a pair of glasses, but I have to wait till Christmas comes that I can work for about three weeks and I shall buy me a pair. We have no school again for about three weeks.
I am sorry that you have gone away but I guess the Lord has some other work for you, I wish I could have been with you. I want to live as you did. I want to live and honor him and when I get my education I want to do some work for the Lord. I do thank the Lord that he lives open up the way for me to come here. I can look back when I was converted in Chicago in 1891 - Sep. 26. I am glad I took the step then, because I would have been richer now because I had no good home, and have no home on earth to go to, but I know there is a home for me above and I can look for that. And I know that will be a good home, were there are no trials, sorrows, tears or any other troubles will all be wise away. I am young now and I am going to make the best time as I can here. I love this place very much, but in winter it is kind of a trial for me, because I am not used to the weather, last winter I frozen my feet and fingers last winter. We have quite a lot of snow here now. I hope I will here you lecture down here some day. I do love to see you and here you speak, For I know that I got lot of good out of your talks in Chicago in 1893 during the Worlds Fair. I have got quite a hard trial to face now. But I know the Lord will deliver me from it. I hear that you was going west for the winter, I know you will have a nice time and a blessing.
My dear General Howard,

Your few words, written on the train, reached me this A.M., and I assure you of my appreciation.

When letters such as yours are received by me, I realize that I am not forgotten and that my good fortune is shared in by my friends.

Assuring you of my deep regard for you and yours, believe me to be,

Very sincerely yours,

The Executive Committee of the Evangelical Alliance for the United States of America has received with regret the resignation of Major General O. O. Howard, on account of his permanent departure from New York City, and desires to place on record its grateful appreciation of the wise counsel, devoted piety, and Christian charity which General Howard brought to the service of the Alliance. Punctual in his attention to all duties in the committee, genial and friendly in his association with its members, and heartily in sympathy with the objects of the Alliance, he will be greatly missed from our company, though we are glad to know that he still retains his connection with the Alliance as one of its Vice-Presidents.

His associates record their high esteem for General Howard's character and their personal affection for the man, and hope that his life in the new home to which he goes, may be long and his happiness constant.

Resolved, that this minute be engrossed upon the records of the Executive Committee, and that a copy be sent to General Howard.

Dear Uncle:

Since you left New York, I have made a change in my business relations, and have associated myself with the above well known house in this city. If any of your many good friends that you meet upon the Pacific coast, are wanting anything that I can furnish them, you will best know where I am.

Give my best regards to all the family, and take a large allowance for yourself.

Your affectionate nephew,

F. L. Howard.

As I have increased 10% on my crew.
Dear Mr. Howard,

Since you left New York, I have not had a chance to write to you. Fortunately, I have been operating a store with the same well-known house in the city. If any of your many good friends call you here, you may take this note, which I enclose, and give my best regards to all the family, and take a large show for yourself.

Your affectionate nephew,

Dear Howard, will you please oblige me with a statement of the genealogy of the Nevards. If a branch of them is related of The Nevards of Maryland it is named 5 June and of April 1392. The ancestors of Baltimore who were first settled by the brother of Henry King named Robert Calvert.

Baltimore. Also by Mrs. Amanda Colle upper Harwood. Francis is a relative of Senator Howard of Delaware as a connection, and in 1845 to Buck. This is in early connection in "Old Kentucky.

If you ever hear of the Calvert of Maryland and send you for me to some relatives. There who can give them of them. I knew there is a street in Baltimore named Howard near Eakins.

I found there 1876, I was entertained by a banker who was giving a playmate with my Mother, one of the Howard branch named Deborah Howard to Colleen Smith of 59 Arbor St.
