Dear Sir:-

We take pleasure in handing you the accompanying prospectus of Littell's Living Age, now approaching the close of its fifty-first year.

To demonstrate its value it is only necessary to say, that, originally commended by President Adams, Judge Story, Chancellor Kent, historians Sparks, Prescott, Ticknor, Bancroft, and many others, it has never ceased to receive the support of the best people and journals of the country.

Trusting that our special offer to new subscribers may meet your acceptance, we are

Dear Sir

Recalling the interest you manifested in Pacific University and its work sixteen or eighteen years ago, I wish, in the temporary absence of President McClelland, to express to you, in the name of our institution and of our community, our pleasure that you are to be again for a while in our neighborhood: and our hope that that your interest in our work still continues and that you will be able before long to visit Forest Grove again.

President McClelland is now at the East seeking additional endowment funds, and will probably return in January. The work of the school has made substantial progress lately in several directions, and has outgrown its former facilities. A new building, to cost about \$50,000, is well under way, and our present attendance (over 170) is the largest we have ever had, in spite of financial difficulties which interfere somewhat with our work. I send you a copy of our latest catalog and some other papers.

Yours respectfully

My Dear General:

Before I left Governor's Island I wrote and
sent additional lines for your article and turned them over to Mr
Dokal, he has gotten mixed up all the copy and now sends them
(the copies) back to me. I have concluded that as they are not
publishing your papers very fast there will be plenty of time for
you to look this over. Indeed I think it would be best for you to
do so as it touches a matter which might be delicate. If it
was a simple disagreement I would not hesitate about signing
it. The notes are pretty fully taken from General Sherman's
account and are accurate. Harry can read them to you and
put in type if it suits you.

I trust you have had a delightful trip and are enjoying your
well earned rest, and that Mr Howard and your family are helping
you have a good time.

I have heard of Treats safe arrival in San Francisco but
nothing from Macdonald as yet. I am still alone Mrs Northrup
not joining me until the end of next week. I shall then be settled
for a long quiet time.

I regret that we have not the necessary library here so that
I could continue my studies of your Western Campaign.

I should have found instruction and profit in it as well as been
of some possible help to you. Maybe later we will get the needed
books.

With kindest regards to your family and wishing you
a very merry and happy Christmas

I am yours very sincerely

My dear Sir,

You may not remember me, but I used to know you in Omaha. I am now in a similar position in this city.

We have in this region an organization known as the Puget Sound Congregational Club, a thing you understand very well and give your full sympathies. The next meeting will be the 19th instant, and will be a celebration of Forefather's Day. Dr. Thomas Cooper, pastor of the Cong'l Church in Plymouth England, will be present as the principal guest. It is suggested that you meet with us sometime and we would like to have you then. If at another time, that would please us. This December meeting will be held in Seattle. The next meeting, the second Wednesday in March, will be in this city. All we can offer you will be your expenses. Can you attend the Seattle meeting? Or which would suit us as well can you promise to come here in March?

Very truly yours, H. M. James.

May we hear from you without delay, H. M. James.

You will see by the "Advocate" for December that was sent you, that we are to have a severe fight on the sabbath question-opening of saloons on Sunday. I propose to fill the next "Advocate" full of the subject, and shall ask the Board at our meeting next Monday to pass a resolution requesting every Minister in this State to preach on the subject at some particular Sunday either the last of January or 1st of February, and then I want to raise money enough to send the "Advocate" to every Minister in the State, some eight or ten thousand. I wish we could have a ringing blast from you for the "Advocate" if you get this in season. I shall go to press by the 20th at least. I enclose you a circular we have just issued which was virtually the same we issued a year ago with some few changes. We must make a strong push at once for \$10,000, and I hope you may find somebody in Portland who will help us in that direction.
