Dear Sir:

I start for California this evening with a party of people which I take to Cottonwood, Tehama County, and I will arrive at Cottonwood Sunday night or Monday. After I have sold these people that I have with me, I am going to look at a large tract of land for Mr. Howard and Wilson in Tehama County with a view to colonization, and they suggest that we try to induce you to come down and look at this tract of land with me, as we would like to have your judgement.

I will be ready to do this prospecting not before the 26th, nor later than the 1st of February. I, personally would consider it a special favor if you would come down to Red Bluff and make this investigation with me, as your judgement would be excellent, and I will do all in my power to make it pleasant for you while there.

I will enclose this in a letter by Mr. Howard.

Very sincerely yours,

Dear Brother:

I wrote you a long letter yesterday, and only write now to make the appointment a little more definite in regard to meeting Mr. C. A. Devereaux, who is the agent with whom we have been negotiating in regard to the land I mentioned to you yesterday.

It seems the proper town of departure from the railroad is Red Bluff, and the land lies off to the west about sixteen miles or so. Mr. Devereaux will ascertain whether there is a good road, and whether it would be better to go with a carriage, or on horseback. You have not been riding much on horseback of late years, and perhaps it would be irksome to go in that way.

I said to him that you would undoubtedly either bring Capt. Gray or Harry with you, if you concluded you could go. He will write or telegraph you in season, stating the exact day or days when he will wait for you at Red Bluff. His previous business at Cottonwood, which is some sixteen miles nearer to Oregon, will occupy for awhile his entire attention, and he cannot now say how much time it will take. It is for this reason
Dear Mr. Manager,

Dear Manager:

I write you a final letter regarding any salary increase to be made to the employees. The wage rate for the employees is 60 cents per hour. We have been negotiating to increase the wage to 75 cents per hour to your benefit.

of fierce interest, and perhaps it would be more appropriate to go in this way.

I want to know that you would be acceptable for a prize

that we cannot make the appointment more definite. Red Bluff
is a place of some three or four thousand inhabitants, and you
would find a comfortable hotel.

If practicable, we would prefer to have you bring Capt.
Gray, because we wish him to look over the ground with reference
to being our agent and representative at that point.

Until you meet Mr. Devereaux, if you are able to do so,
we will ask you not to say much about the enterprise, so at least
it should get into the papers in any way; because we have not
yet completed the trade, and for this and other reasons, any
publicity until we are ready for it would be injurious to our
proposed enterprise.

If all the impressions we have received from Mr. Dever-
eaux and others are confirmed, this will be a rare opportunity for
securing a tract, having superior qualities both as to soil and
climate; consequently great advantages for the purpose of settle-
ment; and if we can show this, and especially if we can obtain
the branch railroad, or are able to construct it for some sixteen
miles, we ought to be able to sell the land so as to bring in a
good profit to ourselves and all concerned.

This Mr. Devereaux is almost a stranger to us, but he
has the appearance of being a gentleman and a good business man.

(over)
You will bear in mind that he represents the parties who own the land, in some sense, but also is to act as our agent in the purchase. We would like from you and Capt. Gray, if you go, as it is critical and pull a report as you may be able to make.

Affectionately yours,

Dear Gen. Harvard,

I regret very much to say that we have found it impossible to sell enough tickets in Puyallup to secure your lecture.

I am therefore trying to arrange it so that the people here may enjoy one of your lectures. Adjt. Gen. O'Brien is to bring the matter up before the G. A. R. My dear General:

I have just received your confidential note about transportation East, which reaches me just as I am starting for Southern California.

You did not give the number of persons in your party or when you expect to start East. From the route you indicate, via Deming, I conclude that it is your purpose to travel by the Southern Pacific rather than the Atchison System.

As you have to pass over the Southern Pacific line in any event from San Francisco to Mojave, it would take you a long distance out of your way to reach Deming by our Atlantic & Pacific line via Albuquerque.

No one at the Eastern offices have blanks upon which transportation can be issued, as all such matters are attended to by Mr. D.B. Robinson, General Manager, at Chicago.

As I shall be absent for several weeks, and although your

letter is marked confidential, I do not see how I can make any effort to meet your wishes without sending it to Mr. Robinson, who is a discreet man, and will handle it carefully.

The Atchison officials have always been disposed to do whatever they could for Army people and if Mr. Robinson sees any way in which he can serve you, he will, I am sure, be glad to do so.

Please write him outlining the trip you propose to take and the business you wish to accomplish and if it is not prevented by the recent Pass Agreement executed by all the companies, Mr. Robinson will be disposed to meet your wishes, certainly as far as he can consistently do so.

With best wishes for your success in your new work, I am,

GREAT BARRINGTON, MASS., January 17, 1895.

Sirs: E. S. Faggart
Fort Thomas, Ky.

In reply to your of 13th inst.;

The note and mortgage of Mrs. Emily Mortlock is for $1,000, secured on land and buildings in the town of Monterey, about 10 miles east of this village.

The unpaid interest to the 1st of January, 1895, amounts to $112.70.

The place is occupied by one Mr. Blobb, who uses it as a summer boarding house. As I understand from him he pays $100 per year rent. He has expected some money is owing, and has from time to time requested me to see him (I suppose the balance of his expenditures) which we have applied to interest, taxes and encumbrances. His last payment to us...
which I suppose was the end, due for rent to Oct. 14th, of this amount $33.00
was applied to the taxes which we had
paid for the years 1893 & 1894 ($16 50 per year)
on $10 for renewal of insurance which
we had paid, the balance $700 was applied
towards interest on the note. There are now
no taxes due on the property.
I have never seen the property;
but I think its value is $1,400 or $1,500.
The house is of brick, and good,
Real estate is mounting as cheap and of
slow sale. And this, at a forced sale
would probably bring less than the insured
house home.
No foreclosure proceedings have
been instituted, through the matter has been
looked into by the officers of the bank.
We do not like to have our interest (which we
forgot Semi Annually) run behind.

Very Respectfully yours

It has been recently brought to our attention that a proposal has been made by the Hon. General Office to arrange for the recognition of Mr. G. 1929.

We are informed that this proposal is not in line with our current policy and we believe it is in the best interest of the company to reject this proposal.

Dear General:

I had no occasion to present your letter: as all the outside discussion of color line in which, of course, I did not participate, occasioned not a ripple in the Board. Our meeting was perfectly harmo-

Still, I thank you, sir, as much for your kindness. It is rather new for me to be charged with drawing the color line rest,
as Dr. Beard says, I am happy in my conclusion. For, Dr. E.
