My dear General Howard:

I want to thank you most sincerely for your kind and flattering letter. I am sure it can not fail to be of the greatest service to me.

But even if I should not succeed in securing the appointment for my son, your kindness and courtesy in the matter will always be gratefully remembered.

Mrs Kingman was delighted with the letter, and joins with me in thanking you.

I saw that the New York Herald has mentioned your name in connection with a very important Municipal office. Would you con-
sult to go back to hard public

work again?

Sincerely yours

Dear Sir:-

Your letter of the 9th inst has been received. You enclosed a four page printed account of your military career. Is this accurate as to dates and facts? If it is, I wish to lay it by for future reference. The circular which I sent to you contains a few errors for which your brother has given me corrections.

The engagement for Denver has been fixed for Tuesday, April 2. This will allow you to arrive at Denver, Saturday, March 30, and leave Monday, April 8, after having your visit of one week. I think I can get enough engagements after April 8 to allow you to sacrifice your ticket from Denver. In other words, I shall assume your transportation from Denver to the place of your last engagement. I shall try to fill the time from the 8th to the 15th. The first engagement after leaving Denver will be so timed that you can reach it by leaving Denver on the 8th. Kindly let me know whether this will be satisfactory.

Yours truly,

Cyrus Kehr.

Dear Sir:---

I take the liberty of addressing you on the suggestion of your brother, although I am personally a stranger to you. We are preparing for publication a book on "Grant & Lee" and we desire to have an introduction to it prepared by some well known leader in the War. I know of no one who would be more manifestly fitted for introducing such a work than yourself, and surely there is no one whom I would rather have do it. I suggested the matter to your brother here, and as he knows me well, he said that he thought you would be glad to undertake the work as a tribute to the two heroes of the War, both of whom you knew personally and esteemed highly. He said I might use his name too, in writing to you. As a matter of further introduction also, I would add, that my father was Rev. Wm. W. Patton, D.D. whom you knew so well and intimately as your successor in Howard University. I have no means of putting a copy of the work in your hands as yet, because we have it only in manuscript. The idea of the work is a comparison of the two great leaders in the Civil War in the same book. The aim has been to treat the subject impartially and I think this object has been successfully carried out. The work is divided into five parts. The first is termed "Preparation" and treats of the early life of the two men up to the time of the War. Each is spoken of in alternate paragraphs, taking up briefly their birth, parentage, their early education, their career at West Point, and in the army after graduating, the record of the two in the Mexican War, and so on. The aim is to bring out the strong and weak points of each, where they were alike and were unlike. The second book is entitled the "Rise of Grant" and treats of his history with the Western Armies, giving a brief outline of the different campaigns, and calling attention to where his strong points began to show themselves. The third book is entitled the "Rise of Lee" and treats of him in the same way in connection with the Eastern Armies. The fourth book is termed "The Conflict" and compares them when brought face to face in the last great struggle. The fifth book is entitled "Rest" and treats of the two similarly to the first book, in the course of events after the War. Perhaps this little outline will give you as good an idea of what the book will be as it is possible without putting it actually in your hands. We purpose issuing the book as a subscription work in good shape and well illustrated with both cuts and maps. The author of the book is a Mr. S. W. Odell of Moline, Ill. It is not likely that he is known to you. He expressed very great satisfaction when we suggested to him asking you to prepare an introduction, and said that he knew of no man whom he would rather have do it than yourself. We shall be pleased to compensate you for the work with whatever is right, if you are able to do it and will advise us what you think it is worth. We do not want a long introduction. Our idea would be from 1000 to 1500 words. We do not need to hurry you in its preparation, as we can get the rest of the book into shape and have the introduction

Major General, O. O. Howard
Portland, Ore.

My dear General:

I had already begun writing a letter to you to let you know of the progress and conditions at Camp Chapel, when your letter of the 8th was handed me. I was very glad to hear from you. In my letter of last week I told you of the action of the Board of Trustees, and of the dismissal of Lewis. We had a trying time with him during the whole of the week but he is gone now. I met him a few hours ago. And he asked me for a few lines of recommendation which I gladly will give him. Miss Beattie understands the situation fully and endorses the action of the Board. We have a man acting as janitor who comes recommended by S. H. Bailey of the old J. J. McTearney Mission. is a reformed and converted man. Whether or not he will stay with us cannot be determined yet. I

2
feel now fully at liberty to push on our good
work. I feel exceedingly hopeful that we shall
now save souls - and build up. Of course there
will be a little flutter among the young people
- or with some - such as Jackel & Annie & Lulu -
but not beyond that. Mr Francisco may not be
entirely pleased but he will be all right. Mr
Francisco endorses the removal. The trouble was
mainly, that no movement or meeting of any
kind could not be held without the sanction
of Mr Lewis. He acted too much in the spirit
of the boss - and as if he owned the building
and every one connected with it. Last Sunday
every body felt a spirit of liberty in the
place. And I certainly felt as if my hands
and feet had been unbound.

Next Sunday morning I began holding
morning services. In my notice I stated
that I did not expect the workers and people
to double up - but that I expected to have
people from the immediate neighborhood
to come and build up the service. I am
assured by Bro Jaeger that all of this

people will come - and a number of
his workers have given me the assurance
also. I hope this will be the beginning
of bringing this work to us again - I feel
very hopeful along this line - I think -
I know, I could work with Bro. Jaeger
and that we would have a glorious Soul
Saving work at Camp Chapel with him.

Our Y. P. S. C. E. is doing splendidly -
We have a Prayer Meeting now every Sunday
night half an hour before service - And
the Tuesday nights as I wrote to you. On
Monday night at the District Rally. we
had 20 present. 18 members & two visitors. 18
members out of a possible 20 - This was at
the 14th Presbyterian Church. We made
a spark for the Banner. but the Soc.
that took it had a full 100% present.
We shall try again at the next rally.

I am anxious about the Rededication
as soon as we have that, my hope and
purpose is, to open up meetings every
night. Rescue work - night after night.
And keep open as long as necessary.

I know that your heart is warm toward this
work and that you will do all you can to
establish it and place it on the road to success.
I do so wish you were here; I do want to have
a long talk and lay before you my plans. I am
quite sure the would result is the opening
up of a great work as Camp Chapel. Can
you give me an approximate date for the
rededication so that I can arrange for
it? -

I trust you had an enjoyable time
in California. That your heart is good and
that you have been richly prospered.

May our Heavenly Father bless
you abundantly. Keep and uphold you
and guide you.

In His name

Sincerely yours

"H" Troop was then posted on the
line of general defense -
soon came an urgent call for
water. For the wounded a hospital
attendant appeared on my line with
several canteens but took shelter,
private James Fowler of "H" Troop
told me of a spring and tho it was
under the fire of the enemy volunteered
to go and fetch water, which he
did tho shot at several times. For
this brave action I appointed him Corporal
he discovered the water and first supply
the needs of the wounded.

"H" Troop remained in position till the

Dear Sir

Your letter dated 8th inst. requesting me to
give details of work performed by my Troop
at battle of Clearwater, is duly received -
and in compliance therewith I take pleasure
in giving the following info. especially as I
desire the services of some selected men
of my Command to be made known to the
Comdr. and authorities.

On approaching the battle field my Troop
"H" 1st Co. Consisting of thirty men and three
Officers, was in advance and disposed
as follows. Two men as extreme advance
six men under my immediate command
fifty yds in rear. The balance of Troop
with Sgt Amell and Sr Knox. fifty yds.
further in rear. My advance of two men first
discovered the Indians driving flock over
the bluff reported to myself who immediately
sent report to Col Perry. the trail upon
which -

The Command was traveling, ran at this
time parallel to the river. as my Couriers
rode to the rear to report the presence of
the Indians. He notified those of the Command
he passed. I soon then rode out to the
bluffs and verified the reports. Among
them was Lieut Fletcher reported that
first discovered the Indians.

I proceeded on and was joined by Capt
Wilkinson A.D.C. The Command attacked
the Indians who seemed to be posted in
clusters on the field in my rear. Now
by my Extra-advance I was thrown out
of this first participation in the fight
and observing Indians crossing the river
as I gained the bluffs edge and hearing
the firing in my rear. I dispatched
my 2d Lt. Knox to report my situation
and ask for orders. I dismounted my men
and took up a post of observation. Capt
Wilkinson rode off to join the main Command
Lt Knox soon returned with an order for
me to join the Command, on moving in
that direction. I encountered Capt Rodney

who with his Co & 1st Artillery was guarding
the pack train. He rode forward
and told me he was isolated from
the Command, and without orders.
and considered his position unsafe
I told him that if he wished to move
the train to the vicinity of the main
Command. I would dismount my
troop and take the rear, which I
did deploying my Command on
approaching the vicinity of the fighting
the train was attacked and was
saved by the defense of the two Cos.
I believe Capt R had one man shot
A troop lost one killed and had
one wounded. Col Mason and Capt
Wilkinson appeared on the scene and
assisted in the deploying of the Command.
The I am sure the safety of the train
would have been secured without
their presence.

I encountered Col Wickes who was bearing
the order to Col Perry for the pursuit
of the Car. and asked him if the
Car were not to pursue. he replied "yes"
on passing down the bluffs I was
hailed by Col Perry who told me
to move cautiously as he had no
definite orders. on reaching the
bottom of the hill I immediately crossed
the river and deployed my Troop
to advance when a messenger from
Col Perry brought me an order to
place my men under the river bank
dismounted in defence as there was
a rumor that the Indians were returning
thus I did tho I saw no evidence
of an attack by the Indians. soon
all the Cavalry were disposed in like
manner. and I remained there till

Dr Sir,

I am constrained
to write you, in a spirit of thankfulness,
because, you seemed to condescend in
what I said; and to commend your
judgment, as believe that you were
the only one of the party that visited my
property. (Don't consider Capt Gray in the category
as was not in the line of business;) who really
appreciated the value of the land.

I think you did, freely expressed yourself
so; And I learned from Mr. Drury
a few days later in Red Bluff, that you felt
satisfied to purchase a section or more in
case that the firm of Howard & Wilson should
handle it, and that some of your friends
might do the same; I really think it very
kind of you; Now I'm not intending to
endeavor to sell you any land; But feel

that the two other gentlemen, came out
under a misapprehension; I didn't
expect to encounter a "Hill-Ranch";
Mr D informed me that Mr Hubbs
was much disappointed, that from a
description seen in Chicago, that there
was 10,000 acres of level-sediment land
at \$10 per acre; Now I contend, that
it is that character of soil, but, at some
time, if well level, would be worth from
\$50. to \$100. per acre; I think from what
Mr D said to me, (asking my opinion of
some tracts,) that that they will handle
some of our Co. lands, but likely, not
first bottom or sediment land; & I
shall not comment on them; I
think that they are seeking to find cheap
land on river, and soil-~~was~~, and when
they find it, and put on the market,
will be disappointed with results a few
years after; I tho't when you were
leaving the ranch, all parties seemed,
as Mr Hubbs said that Mr D and himself
would return in three or four days & look

the place over, and was accordingly
pained somewhat, when told what was
a few days later, for then saw, that they
did not intend to at all; I'm a matter
of fact sort of man, and don't do business
that way; I have farmed in this County
37 years, in different portions, and am
accordingly well posted in regard to the
fertility of the different kinds of soil;

I told Mr. D., that should send him
a description of the ranche, according
to my view, and write him at some
time; have done so, and would like
you when you go to Chicago to see that
letter; Will inclose a copy of same
description with this;

My Wife and Daughters, Son, and Nephew
tho't you all a really nice lot of gentlemen,
and wish to remembered to the Captain
and yourself;

They enjoyed the visit of your
party very much, and should you
and Captain Gray ever again come
to Reed Bluff would be glad to have

you drive out and see us.

My dear Sir:

I have your letter of Feb. 8. I know that I
have delayed in sending you cheque for your contributions. I really
cannot even send it now, but I hope to be able to do so in a few days.
We have had some big notes to get of late and it has been all we could
do to get money to pay them. Now I think things will go on smoothly
and we shall shortly send a cheque for both of your excellent articles.
Very truly yours,
S. S. McClure

Sir:-

In your letters of recommendation for a brevet for
1st Lieutenant (now captain) Frederick H. E. Ebstein, 21st
Infantry, for gallantry in action at Camas Meadows, Idaho, you
give August 17, 1877, as the date of the action. The records
of this office show that there was a fight at that place on
August 20th, but fail to show any action on August 17th.
Should you desire to make any change in the date given in
your recommendation please do so by telegraph.

Very respectfully,

Dear General

Knowing
how busy you are I regret taking
any of your time but feel I ought
to inasmuch as you were kind
enough to turn over the ac^t to
me I assume you have heard
through others of the change in
Mr Knevals as regards trustee
& interest in Camp W^d affairs
In accordance with the plan
adopted at the plow I wrote
him asking for assistance in
names & telling him of our
plan - also that all repairs
had been finished & paid for
It or something aroused him
He called a meeting of the

Trustees & had all minutes recorded so as to conform with the law in such cases I understood it made quite some changes in the records. He also says however that it must be recorded how much was paid & where the money came from. By the a/c you gave me there was raised 3551.73

since	"	33965
	total	3891.38
total repairs	²⁹⁷⁰ ⁵⁷⁵ ⁴² ⁴	3597.90
Balance		294.38

this balance you have shown me when it went to & all is right but as Mr K has had all notices read & elections duly recorded on the minutes of the Trustees I cannot see why any question should be brought in about what you have spent or raised or

given yourself for other things besides the real Estate or Building proper as contrasted with religious work. From your promptly sending me the items as if you did to make up the 294.38 I judge you equally have the receipts as well. Now what I suggest is you pick out enough names to reach the \$3597 so I can give to Mr Knevals for record & for ever after the records will show for themselves & will be a final a/c I already have from your a/c all the payments ⁵⁷⁵

Dear Sir & Bro.

Would it be possible for you to assist The C. C. Howard Guard, Co 8 Boys Brigade with an Address or Lecture during the month of May? We realize the many demands on your time but you can hardly understand how much we should appreciate the favor by helping our young men at this time -

C. C. Howard Guard although the youngest of the Companies in the Battalion has assumed front rank - We have 50 young Christian soldiers and have fully reformed and equipped them all as the result of ten months work without costing our heavily burdened Church a single penny. Should be pleased to hear from you at an early date. Fraternaly,
Chas R. Burger

Proceeds of Lecture would be used to
pay expenses of our Summer Camp at
Sewaran N.J. with First N.J. Battalion

HARVEY, ILLS., February 15., 1895.

General O.O. Howard.

Dear Sir : -- It was my privilege twenty years ago to hear you at a prayer-meeting of the Plymouth Congregational Church, San Francisco, Rev. T. K. Noble, pastor. I was a young printer at the time, a member of the church, and well remember much that you said. As a compositor on the big dailies, I saw and heard much of the private life of other young men, and found that next to drink, a certain class of women was the one greatest temptation of their lives. God graciously kept me from the great transgression.

Five years ago I embodied my earlier observations and experiences in a book for young men, entitled, "In Potiphar's House," a copy of which I herewith send you. The book is still having a fair run.

During the past two years I have been engaged upon a story setting forth the attainment of character under difficulties, with special reference to the power of true love, the whole based upon accurate psychological principles. It is the precise opposite of Breckenridgeism. The following is the table of contents: "This was a Man." Love stronger than Death. The Officers' Camp-Fire. The Recruiting Office. The Inner Battle Ground. A Modern St. Anthony. The Soldier Knighted." Following the Flag. The Shrine of the Strange Goddess. At Pistol's Point. Marching through Georgia. From War to Peace.. In Perpetual Adoration.

The title of the prospective book, is: (The Secret of His Perpetual Adoration: or, The Captain's Old Diary." The MS. is now in the hands of Mr. Chapman, of the Ram's Horn.

Now, General, may I ask a very great favor? Will you kindly send me a brief paper to be embodied in the book, giving some account of the distinctively religious forces operative in camp and field during the war? To what extent did the military environment influence the religious life of the enlisted men?

The object of the prospective book is to do good, and I hope the purpose in view will be accepted as an apology for my writing to one placed as you are.

Sincerely yours,

Joseph F. Flint,
Member of Chicago Presbytery.
