Dear Brother:-

I hope to start tonight for Cal. and to see you before many days. Kitty and little Katherine will go with me to Denver, where I will spend Sunday. They will make a little visit and then return home. I will probably go on early in the week to Sacramento, where I would like to meet you if you can find time to join me, and look over a tract of land in the immediate vicinity, near Orange Vale. If we take hold of that enterprise, we would substitute it for what was proposed in Tehama County and would like to consider the plan of having Capt. Gray represent us at that end; the same as was talked of in that upper region. We have reason to think that the land is better and that the settlers would be better satisfied there. We have been unable, thus far, to straighten out the title of the Cottonwood Park property, so as to handle it and I doubt if we can, but if Mr. Early can fix it for us so that we can give title promptly as we sell to settlers, we may include that also.

It seems that Mr. Schwearingen would be fully competent to take care of that tract unless we add something to it. After talking with you, I may conclude to go up and look at some of the other property,

Dear Brother:-

I hope to start tonight for Cal. and to see you be-
fore many days. My wife and little Katherine will go with me to Denver
where I will spend Sunday. They will take a little visit and then
return home. I will probably go on early in the week to Sacramento,
where I would like to meet you if you can find time to join me, and
look over a tract of land in the Stanislaus valley, near Orangevale.
If we take hold of that enterprise, we would substitute it for what
was proposed in Tehama County and would like to consider the plan of
having Capt. Gray represent us at that end, the same as was talked
of in that quarter. We have reason to think that the land is
better and that the settlers would be better satisfied there. We have
been unable, thus far, to straighten out the title of the Government
land property, so as to handle it and I doubt if we can, but if
they can fix it for us so that we can give title property and
to settlers, we may include that also.
It seems that Mr. Schweitzinger would be very competent to take
care of that tract unless we add something to it. After calling on
you, I may conclude to go up and look at some of the other property.

but the objection to it all in that upper country is that it is so heavily mortgaged.

Gen'l. Chipman has charge of some property belonging to Mr. Hatch, which appears to be more available because the former can give title at any time. If you can spend the time to go for a day or two with me to Red Bluff, I may conclude to go.

The enclosed transportation for yourself and family came to Glencoe and it seems to me better to enclose it to you than to keep it.

with reference

I at once made application to the Mich. Central and also the Mich. Southern but, as yet, with no success. The fact is, the General Pas. Agents have no liberty to grant free transportation and in the case of the Central, they did not like to include you on our contract because they thought that the Pres. had been accustomed to grant you passes and would find fault with them, thinking it belonged to his prerogative. On the other hand, Pres. Ledyard answered unfavorably to my application.

But another matter has come up which makes it desirable to change the route. Mr. Kerr has made an engagement for you to lecture to Pittsburg soon after the Chicago engagement. Now your B. & O. transportation can be taken by way of Pittsburg, as we usually have ours that way and you could all go that way, via. I take note that you would need something from New York City to Troy in lieu of this which I enclose, but you could easily return this and ask for the change, if you think best. Meanwhile, if I get anything more favorable from the Southern, it will be forwarded to us in Cal. and you could use that for your family, while you went by way of Pittsburg if you prefer that plan.

Hoping to see you and the family soon, I will not undertake to write more.

The party I am to do business with in Sacramento is a State Senator, by the name of Cox, Mr. Frederick Cox, Pres. of the Cal. State Bank of Sacramento. Any letter or telegram in his care, I would receive. I greatly hope you can meet me there; particularly with a view to the proposition relating to Capt. Gray. If we really take hold of any of these enterprises on satisfactory terms, I think we can pay Capt. Gray a satisfactory salary.

I have just received a letter from Capt. Sladen, enclosing copy of letter which you very kindly wrote, asking for a medal of honor for myself. This was quite unexpected and very thoughtful and kind of you and I shall value the letter even if nothing comes of it.

FORT MONROE VIRGINIA,

MAR. 4, 1845

Brigadier General Howard:

In 1843 you were kind enough to write a letter recommending me for the appointment of Brigadier General which is now on file with my other papers in the War Dept. Since the date of that letter two appointments have been made - Otis and Forsyth. In the appointment of the latter my name and one other were sent with Forsyth's to the President as the three most worthy of the promotion.

There is now a vacancy and an other will occur

in April. I hope to get the existing one, or if not that the one to occur in April. It is said that the present vacancy will not be filled until the one occurs in April, when both will be filled at the same time but this I think is only gossip; it may be filled at any time. Considering the time that has elapsed since the letter above mentioned was written, may I ask you to renew it and to make it as strong as possible. Your former letter was an excellent one but somewhat qualified and it has occurred to me that that was due to the known candidacy of

Otis, Forsythe, Langdon, and others who are no longer available. Looking over the entire list of ~~names~~ officers now available I think you will find none who, either by former service or present position and duties, are more entitled, ^{or} better qualified for the position of Brigadier General than myself. I believe there are necessary candidates for the vacancies mentioned and much influence is being used I desire therefore to make my paper as strong as possible.

We were quite surprised to learn that you had taken up your residence in Portland

Dear Genl

A few months before
you took Command of the Dept
and Army of the Tenn, by request
of Dr Moore the Medical Director
of said Dept & Army, I was detailed
from my Regt (43rd Ia O.V.V.S.) to act
as A. C. S. for the Hospitals of
said Dept & Army, in which capacity
I served to the entire satisfaction of
all concerned (as you may recollect)
until the breaking up of the Field Hospitals
and the Army started on "the March to the Sea"
At this time I was almost helpless
with Rheumatism and by orders from
your Head Quarters I was ordered back
to Louisville Ky to report to Col Clark

your Adjutant Genl in Charge
of branch Head Quarters at that
place

After settling up the affairs of
my office, being entirely unfit
for any kind of duty Col Clark
gave me a Sick Leave for thirty
Days, I immediately went home,
near the expiration of my leave
of absence I knowing that I was
still unfit to return to duty procured
a Surgeons Certificate and made
application for an extension of
my leave, in due time said
application was returned endorsed
by Coln John H. ^{Munroe} Monroe A A Genl in
Charge of Dept Head Qrs at Soinville
stating that in accordance with
Genl orders just issued no leaves of
absence could be extended,

as I at this time was hardly able to be out of bed, I procured a Surgeons Certificate of my Condition and immediately sent in ~~my~~ the resignation of my Commission as 1st Lieut of Co B 43 Regt O V I, and forwarded the same to Colm Monroe at Louisville Ky,

As the resignation was never returned disallowed and the war being protracted over I took it for granted that it had been accepted until recently I had occasion to write to the Sec of War and am informed that since March 1865 the records show me reported "Absent without Leave" and that they can find no record of my Resignation having been received.

Now I do not know what else

I have also seen several other
 specimens of this species
 and they are all very
 similar to the one
 which I have just
 described. The
 only difference
 is in the
 color of the
 wings. In
 some they are
 brown and in
 others they are
 black. This
 is a very
 common
 species and
 is found
 in all parts
 of the
 country.
