My dear Sir: I heard have you any objection to the publication of this extract from your letter, etc.
Is the biography of Mr. Blanii?
With best wishes

Always truly yours,

Dear Sir:

Your letter of recent date kindly invited me to meet you at Palace Hotel, March 4th. I accepted the invitation but learned that you were not there and still later learned that you will be at the "Colonial" on Wednesday (tomorrow). I have written a letter which may not reach you stating:

First, that our people would like, very much, to have you occupy our pulpit next Sunday evening; and,

Second, our young people may be very glad to have you deliver a lecture under their auspices in our Church later.

Hoping for the pleasure of meeting you, I am,

Very Respectfully yours,

W. D. Williams
To Mr. O. H. Wood

I am pleased to hear from you and to have the opportunity to express my gratitude for your kind words. Your visit to the laboratory was a pleasure and I am grateful for the time spent in discussion.

I trust that your trip to the west coast was a success and that you found the conditions there to your liking. I shall be interested in hearing more about your experiences.

Thank you for your warm hospitality and for your kind words. I shall be happy to visit you again if the opportunity arises.

Yours sincerely,

Sir, C.O., New York City,

Dear Colonel:

The undersigned, once a member of the 15th Neb. Vol. Inf., would, on behalf of our local folks, ask you if you could arrange to give us an address about the time of your appointment in St. Paul, which I understand is on April 19th, 1895. This whole region was settled by old soldiers, many of them from the Army of the Tennessee, and they would give their Col. Commander, and the worthy successor of Johnson, as warm welcome. The place is on the Omaha R.R. 250 miles N.W. of St. Paul and 75 N.W. of Sioux City.

I hope to receive an early and favorable reply. I remain, Colonel,

Yours very truly,
H. Neill

Mr. Postmaster:

I am writing to inquire about the possibility of starting a mail route between Oklahoma City and the post office in your town. As you know, Oklahoma City is rapidly growing, and there is a great need for improved mail services for our residents.

I understand that there has been a lot of interest in establishing such a route, but I have not been able to find any information about it. Could you please provide me with any details you might have? I would be very grateful for any assistance you can offer.

Thank you in advance for your help.

Sincerely,

Dear Emil,

I have made an arrangement with Mr. Stehr for a lecture here at Plymouth Church on the 19th of April. I have chosen as the subject "Warfare of the Future" and would prefer it to any other at the present time.
Will this subject be agreeable to you? Please let me know as soon as possible.

Will Mr. Howard and accompany you on the trip. At what time do you start? I ask because I am very much interested in communicating directly with you in regard to communication here at the mission or by the ladies of Plymouth Church.

I am looking forward,

Dear General:—

Your very kind and welcome letter of the 27th has just reached me, and I thank you most kindly for it. I wrote Major Barrett last week, asking where I could address you, so as to be able to keep track of yourself and family. A man in this life does not often meet up with such good and kind friends as yourself, and appreciating the fact as I do, I am opposed to their being lost sight of. Please remember me kindly to Mrs. Howard, Miss Bessie and Harry, and I hope during the summer that I shall have the pleasure of seeing you all in Vermont. You will notice from the heading of this paper that I have charge of the Canada Atlantic and Plant Steamship Line, which runs from Boston to Halifax, and Boston to Charlottestown, so that I shall be east frequently during the summer. When writing to Mrs. Lee, please remember me to her. I have been hoping to stop over in Washington, so as to have the pleasure of calling on her.

With kind regards,

I am,

Sincerely yours,

B. W. Wrenn

Dear General:

Your very kind and welcome letter of the 21st inst.

Your kindness will always be duly noted. I note your letter.

Next time I shall not again meet your request.

A man in this life does not often meet with such good and kind treatment as you have been so kind as to give me. Please remember me.

I have a friend who will be able to see you at next week.

You will notice from the beginning of this paper that I have devoted to the cause of the Union and Plant Steamship Line, which I have been fortunate with the means of and have beenIB to the Free List, and with the means of and have been fortunate with the means of

Dear Sir:

We are very glad to know that you are willing to write the introduction for our new book on "Grant & Lee." In response to your request to send advance sheets as fast as they were out for you to review, we have this day forwarded to you a letter-press copy of the manuscript. We have not as yet been able to get far enough along so as to send any advance sheets from the printers hands, and having this copy of manuscript we know that you will like to look it over in writing the introduction. Mr. Odell, the author, has attached some notes to the manuscript in regard to its being an imperfect copy. We are sorry to put anything that is at all imperfect in your hands, as of course you would get a better impression from the corrected text, as it will finally be published, than from this, but under the circumstances we judge that sending you this will be the best thing we can do. If you will kindly return this to us at our expense when you are through with it, we shall esteem it a favor, and shall be glad to give you any further information or aid that you may desire.

Yours very truly,

ROBERT W. PATTON

P.S. I have been a little tardy, but I will return this after reading it with interest at Burlington, Vt.
Dear Sir—

We are very glad to know that you are willing to write the introduction for our new book on "Great Art." In response to your request, we are sending you a copy of the manuscript for your perusal. We have not yet been able to send you the corrected proofs, but we are working on it as fast as possible. We have revised the text and made some changes to the contents. If you have any suggestions or comments, please let us know. We are eager to receive your feedback.

Yours very truly,

My dear General Howard;

I beg to acknowledge yours of the 2d instant, accompanying the communication sent by Secretary Curtis of the Oregon Home Missionary Society.

We have for some time been burdened with the consciousness that Oregon needs a larger amount of money than we have been able to apportion it thus far; but I beg to assure you that the communication will receive full consideration here, and if it is possible, our Committee, I know, will be glad to increase the amount that has been designated for Oregon, in order that the needy points in that state may be supplied with the gospel.

Sincerely yours,

Washington Choate.

Dear Mr. Clark,

I am an accomplished lawyer and a member of the American Bar Association. I believe the community of our city is in need of legal services. I have been approached by several individuals who have expressed interest in establishing a legal aid clinic in our community. I am writing to inquire if you would be willing to provide guidance and support in this endeavor.

I have experience in various legal fields, including corporate law, intellectual property, and international law. I am committed to serving the needs of the community and believe that my experience could be beneficial to the establishment of a legal aid clinic.

Please let me know if you have any questions or concerns. I look forward to hearing from you soon.
