St. Paul Minn. April 15th, 195

General C. O. Howard My Dear Sir,

Nov. noticing through the public press that you would soon appear in Minneapolis and hearing certain information relative to some people I think it possible that you may know something I address you this brief letter. I remember that you came to visit our school in September, 1918. Since after the war, while the lecture was given under martial law, I was then a little boy about 6 or 7 years old, had just been emancipated from my boss and returned home. I was sent to a school and by the time we were the first I quit law to the Miss Davy, Mrs. Williams, Miss Annan, Drum? after leaving the family and I never have not heard of them again, I have always entertained the fondest reflections of those people and would like very much to hear from them. It has been such a great fortune to see you since that time, but from the description I have been given I thank you are the same "Mrs. She was then Captain Howard"
if you should meet with City Justice in this Section
I should be glad to call upon you.

Yours Truly,

R. E. Undergo,
Deputy Sheriff of Ramsey County.

Dear Sir:-

We extend to you a cordial invitation to deliver the Baccalaureate sermon here Sunday morning June 16th. As you know, this is one of the largest and most famous preparatory schools in the United States and has an Alumni association numbering over 40,000. Many of the generals who became famous in the Civil war received their preparatory education here. Gen. Hallock is prominent among this number.

The Baccalaureate sermons have been delivered from year to year by men eminent in their professions. We only carry out our established custom in extending to you this, the first invitation for the year 1895. Our Commandant Lieut. E. E. Hatch, 18th Infantry, U.S.A., joins with me in this invitation.

Trusting that we may hear from you promptly, I remain,

Yours truly,

Dear Sir,

Yours of March 29th received, and the same submitted to the whole committee at its meeting the 18th inst. While the comrades would be very much pleased to have you deliver the oration on memorial day, I was instructed to say to you that there was no appropriation for that purpose and that we had never been asked to pay other than the hotel and rail road expense.

Now if you will favor us with your presence under these conditions we would be pleased to have you come.

Let me hear from you by return mail.

Yours truly,

Dear General:---

Your kind letter of the 13th is at hand, also the introductory letters to the others which you were so kind as to write. The matter which you have prepared will be very satisfactory to put in the book, and if I succeed in getting contributions from the others, as I have no doubt I shall, the whole introduction of the book will be as satisfactory as I could ask. I think I will publish your letter just as it is, with the exception that I shall leave out the allusion which you make to having promised to write an introduction. I do not think it will be necessary to say anything about it. I shall also publish the Preface of which I spoke to you the other day in regard to relieving you and the others of any responsibility for the sentiments that may be expressed in the work.

After seeing you I had a letter from Mr. Odell, and he has decided that you are right as to the advisability of softening a good many of the expressions of which you complained. We have therefore called a halt on the composition of the work until the manuscript can be gone over with this object in view.

Kindly advise me what I shall send you as compensation for the article which you have written.

Yours very sincerely,

R O B E R T  W. PA T T O N

I did not know where to address this letter until to day.
Dear O. Howard,

Dear General:—

Your kind letter of Feb. 27th is before me, and I am pleased to hear from you. The manuscript which you have prepared will be very welcome. The matter about the book in my office, and if I succeed in getting any material to go into print, I shall use the introduction of the book and will pass it to you.

I am writing as I am not sure if I shall have time to get into the office to see you. I have been extremely busy, and I do not think I will be able to make a complete tour of the office. I am afraid that I shall not have time to write the letter, but I will do my best to get this done as soon as possible.

I hope to hear from you soon. I have been very busy, and I do not think I will be able to write the letter. I shall do my best to get this done as soon as possible.

Yours sincerely,

Dear Sir:

I received my check from the Collector of Customs yesterday. Enclosed please find money order of $1.50. The stand of Burbington & Southworth as corrected was a four line stand $10.00.

Regarding Burbank's Polish I have been unable to sell any or get agents to handle it. I have tried the wholesale trade who will not handle it without orders from retailers and the latter state they are fully stocked with Putz and other brands and at present are not selling any. The larger retailers insist Putz Pomade direct cost them $4.50 per gross line down for 1/2 the Putz Pomade while the latter I attempted to see at Smith's prices per 1000, which makes it $9.00 per gross C.O. B. New York quite a difference. Yours truly,

General O. O. Howard:

Dear Sir & Comrade,

The bearer of this, John Plesi, who was a private in Co. "A" 76th Minnesota Inf. Regt. Brave, requested me to write you, making some statements regarding his claim for a pension of pension. I know Comrade Plesi well, and know that he is almost wholly disabled, on account of age and other disabilities, from earning a livelihood for himself and family. He draws $10.00 per month, which is in my opinion entirely too low, for a man who spent some of the best years of his life in defense of his country. If anything can be done for the relief of this Comrade, it will be an act of justice as well as of benevolence.

Dear Sir:—As you will note from the enclosed copy of a letter from Dr. Clark the firm of which I am a member is publishing a history of the C. F. movement which Dr. Clark is now writing.

The manuscript of that part of the history giving an account of the Philadelphia Convention in 1889 your photograph is called for to use in Dr. Clark's new book. Therefore will you kindly forward to me by return mail a photograph of yourself in uniform, from which we can have a half-tone plate made. We will have to hold the manuscript until the photograph is received, and for that reason I trust you will give this request your immediate attention.

Yours very truly,

My dear General Howard:-

It is with very great pleasure that the Committee learns of your return, and that we and all the delegates to our International Convention at Springfield are to be favored with your presence.

I enclose indications of the progress we are making in our preparations. We hope for a very satisfactory meeting. You will be one of a group of veterans, including our old friend Matthew Hodder of the London Committee, and Mrs. William Chauncey Langdon and Theodore L. Cuyler, Thane Miller, Cephas Brainerd, Peter R. Neff, Joseph Hardie, all of the period before the war. Dr. Cuyler is to make the opening address on Wednesday afternoon. I hope you and the other veterans will be there to sustain him.

Your own address upon the topic "Christian work in the army" comes Friday evening. Are you going to be in the city between now and May 8th so that we could talk over the subject of some suggestions that have been made to us concerning the future of Christian work in the army? If you are not to be here are you to be anywhere nearer than Burlington? If not, could you name the dates during which you could be found in Burlington, for the subject is important enough for us to arrange for an interview, if it can be done, at your convenience.

Gen. O.O. Howard, Burlington, Vt.
Mr. President:

I am writing to extend my congratulations to you and your committee on the success of your meeting. I believe this will be a very important step in the development of our organization.

I hope you find the following information useful:

1. The need for increased membership
2. The importance of financial support
3. The potential for new projects

Please feel free to contact me for any further information.

Sincerely,

My Most General:

For a week or more I have been looking for a letter from you, but I presume you have been away from Portland and have not received my last letter. Since then we have taken another step forward at Camp Mustin. They have been wonderfully blessed. Last Sunday (Easter) we probably had the most unique and wonderful service in the country. I had the privilege of receiving 16 new members baptizing 15 of them. 8 of them were Hebrews who had found the Messiah in Jesus, and made public confession of their faith in Him, and were baptized. Such a privilege probably was not given to any other minister in the whole country. They were a December and three daughters aged 17 and 19. Splendid girls, all witnessing a good confession. Oh, how I wished you could have been with us. When I told Mr. Clapp this dear face shone and he said, "how happy it would make Paul Howard" their eyes brightened.
to press through brother Rudder. We had a real service and the after meeting we simply had a big slice of heaven.

Next Sunday we shall have almost another such service in which we believe at least six more of them will be a Converted Mahommedan. A splendid witness for Jesus and the power of the Gospel. All these we are receiving are living witnesses for Jesus. Men and women who are not ashamed of the Lord and His cause.

Our Sunday morning service is growing in numbers and power. Without doubt it is the most wonderful service in the state. Mr. Cofa spent a morning with us two Sundays ago and he was pleased very much. We enjoyed it all. The Class meeting included.

The outreach now is for a strong spiritual force in Camp Church. An aggressive force. New members for all such as to seek and find others and bring them into the Church. Only a few of these have we pleased at the risk of frostiness. I feel quite sure that all will remain steadfast.

I propose to admit members every service in Sunday service without waiting for Confirmation day.
I have had the Examining Committee enlarged by 2 additional members. Mr. Morgan, Mrs. Wilson
Mr. Camp and Alma Knapp are acting in earnest, and their efforts are being enthusiastically endorsed by Mr. Camp and his wife. Mr. Francisco seems to be the only one who cannot understand the turn of affairs. He is not in the divine plan.

Our work can now be praised. Any one may come and join, but who can foresee the future? I wish I could get Mr. Strunton interested, but I cannot get him to talk about it. Every time I approach him, I leave him with the resolve never to say Camp need to him again. When I came, you stated in your letter to me, that Pilgrim Church & the Broadway Tabernacle would continue to work in support. But neither one has extended its efforts to either a helping hand or word of sympathy.

Mr. Virgin of course gives me personally all his sympathy & encouragement. But in actual sympathy and help, this has not materialized. One evening I took the recent converts to the Virginia Founders' Meeting. They were very pleased and also the testimonies. So far they are our work. Camp Chapel is concerned for them. Their treatment by our Bishop is much to be desired.
Interested in no work like Pharaoh made Israel in Egypt - we have the same kind to make bricks without straw - M. have believed we will suffer to encourage us in our struggle. The Kernels was to turn inward to alın to help us come through. We failed - I do not think it is right - he have obtained every point among ourselves to meet our current expenses. We have almost kept abreast of them. But there are some things we ought to have to make our work effective - We have no old literature - there is printing - And yet in spite of this shortage of funds - if neglect & indifference as part of other Churches God has blessed us and we are now saved.

And then Mrs. Jacobs' work is now ready to amalgamate with us. We are practically together. If only he were in the building again it would be a great blessing - Our people all are ready to welcome the union and God will surely bring it about. When once again he is in the building the work will become the greatest spiritual force in N.Y. South of 13th St. Everybody is anxiously waiting for and looking for your return - We want to Pilgrimage.
The enlarged beautiful building in cannot do that successfully without you; it would not do. And then we want you to enjoy the wonderful change that has taken place since you have gone. Then you come you will find a welcome and a rally — that will cheer your heart. You will find an audience of lovers of fine music for you, and who will greet you with loyal enthusiasm for the Master and you when they admire them. So I must ask once more when about may be both for you — so that I can arrange for the dedication and the meeting of the board of trustees as I wrote to you in February? May God richly bless you now.

Yours in His name

H.G. Miller
