Burlington, Vt.

My dear General Howard:—

The article was printed in our last week's issue of THE INDEPENDENT, and I am very sorry to say that by a mistake the check has been sent to you at Portland, Ore., which happened to be the last address on the books. It was, I am afraid, careless in me that I did not call attention to the fact that you had returned as I had seen in the papers. I have written to the Portland postmaster to have the letter returned to you at Burlington.

Yours very sincerely,

Dear Mr. Huntington,

I feel that the article we printed in our last week's issue of THE INDEPENDENT and the very words of praise that you passed on to me are not new to you, let alone to those who have been there before on the paper.

I must make it clear that the piece was not written by me, and I am not responsible for it. However, I have been informed by those at the paper that you may have mentioned the article to the Portland postmaster to have it removed.

Yours very sincerely,

My dear General:—

I am glad to hear that you have returned from the Pacific Coast in good health, and I hope you have enjoyed your trip and vacation.

The only line over which I could pass your son's wife is the line from Superior to Sault Ste Marie. I gather from your letter that this would not supply your wants. The line from Chicago to the Soo is under the charge of Marvin Hughitt, President, and belongs to the Vanderbilt System of roads. You could also leave Chicago by the Michigan Central and Detroit, going by the Straits of Mackinaw, over lines controlled by President H. B. Ledyard of Detroit. Owing to his old army relations, it is possible you may have an opportunity to secure a pass by his assistance.

We are fortunately in good health, and will be glad to see you when you are visiting New York.

With kind regards,

Sincerely your friend,

My dear General,

I am glad to hear that you have returned from the Medical Board.

I hope you found the experience satisfactory. I am pleased to know that you have passed your fitness examination.

The only thing I wonder is how you keep your mind so clear to pass such a rigorous test.

I take great pride in the work you have done for the country. Your service to the nation has not gone unnoticed.

I am confident that you will continue to serve with distinction.

Yours sincerely,

Dear [Name],

When I called on you last Oct. at North Island, I was then anxious to have you as a guest of the Boston Club at the December meeting but as you were then getting ready to go to the Pacific Coast you could not be with us. You told me then that some time you would be pleased to meet the Boston Club and that if I would write you, perhaps you could come. Now lend the good
people of Boston would be very glad to see you. The last evening of the season (Cong. Club) will be on Monday evening May 27. We expect Profes. Harris of Andover and Prof. Fisher of New Haven to be here. How lovely! Can’t you and Mrs. Howard come to Boston and make me a visit and be here on the 27th? My mother who is a cousin of your mother’s is with me and it would give me a great pleasure to have you with me for a good visit. The Cong. Club will give me a warm reception.

Dear General Howard,

Will you kindly inform me whether to your knowledge any one has ever undertaken to write a history of the old 11th Army Corps. It occurs to me that after having read such a valuable contribution to history as is Walker's History of the Second Army Corps something similar should be prepared for the old 11th if nothing has already been done towards doing so. My interest centers in the fact that I am a son of a member of your old corps and of course am specially interested from that stand-point as well as the stand-point of a student of American History.

I will very much appreciate a reply at your convenience.

Very sincerely and very respectfully

Dear General Howe,

Will you kindly inform me where to send your knowledge and one page of your manuscript to write a pictorial of the old First Army Corps. It seems to me that after having read such a valuable contribution to history as its Water's History of the Second Army Corps containing similar services prepared for the Army by General Grover and others, I have not had the opportunity to see your manuscript. My interest is such that I am a son of a member of your old corps and of course my military interest is based on that branch of our Army. If the manuscript of a student of American History, I will with much appreciation a copy at your convenience.

Very sincerely and very respectfully,

Dear Sir:

The Annual Meeting of The National Temperance Society
was held in these Rooms on Tuesday of this week, when your letter
of declination as President was read. It was received with deep
regret by all the members, and the following resolution was passed
unanimously:

RESOLVED, That we have received the declination of Gen-
eral O. O. Howard with regret, and that we are only constrained
to accept his decision because he has put it in such an imperative
form.

Mr. Joshua L. Baily of Philadelphia was elected Presi-
dent. The Society felt that they could not part with your servi-
ces altogether, and have retained your name as member of the Board
of Managers for a term of three years. Due notices of all future
Meetings will be sent you, and it is hoped that when you are in
this vicinity and can be present, that you will aid the Board by
your presence and counsel in our deliberations. We feel sure that
you still retain a warm interest in the Society which is so sadly
afflicted by the death of Mr. Stearns as Corresponding Secretary
and Publishing Agent. No one was elected to fill his place. It
will be very hard to find in any one man the qualifications he had.
The loss to this Society and the Cause in general is irreparable.

Yours very truly,

Dear Sir:

The annual meeting of the National Temperance Society
will be held in those rooms on Tuesday of this week, when your letter
in which you mention that the resolution presented to the Board
as a resolution of the Board of Directors, and have been adopted as a
part of the Board of Directors' resolutions for a term of seven years,
the latter of both of which I am willing now to sign

In answer, I have resented the resolution of the Board
of Directors. I have also been one of the chief
members of the Board of Directors, and have had the honor of
being re-elected to the Board of Directors for a term of seven years,
and I am willing now to sign the resolution of the Board
of Directors. I have also been one of the chief

Dear Mr. Howard,

Huntington!

My dear sir,

It was a great disappointment to us to learn of your inability to preside at the Anniversary of the National Conference Society, but this disappointment was small, compared with the shock occasioned by your decisive declination to leave the Society as its President after the close of your term. From the tenor of your letter, which was read to the Board, we reluctantly concluded that we must accept this declination as final; but in order that you might feel that we were unwilling to lose your entire service, and desired your cooperation and counsels, your name is retained as one of the Managers; and it will give as great pleasure to all practicable to have you present at meetings of the Board.

The action of the Board will be sent to you by the Act.

Complying sincerely, meanwhile believe me to remain

Very sincerely yours,

Theophilus A. Brouwer,

Treasurer of Managers.
