My dear General Howard:-

The article was printed in our last week's issue of THE INDEPENDENT, and I am very sorry to say that by a mistake the check has been sent to you at Portland, Ore., which happened to be the last address on the books. It was, I am afraid, careless in me that I did not call attention to the fact that you had returned as I had seen in the papers. I have written to the Portland postmaster to have the letter returned to you at Burlington.

Yours very sincerely,

My dear General;-

I am glad to hear that you have returned from the Pacific Coast in good health, and I hope you have enjoyed your trip and vacation.

The only line over which I could pass your son's wife is the line from Superior to Sault Ste Marie. I gather from your letter that this would not supply your wants. The line from Chicago to the Soo is under the charge of Marvin Hughitt, President, and belongs to the Vanderbilt System of roads. You could also leave Chicago by the Michigan Central and Detroit, going by the Straits of Mackinaw, over lines controlled by President H. B. Ledyard of Detroit. Owing to his old army relations, it is possible you may have an opportunity to secure a pass by his assistance.

We are fortunately in good health, and will be glad to see you when you are visiting New York.

With kind regards,

Sincerely your friend,

Samuel Thomas

Dear General Howard,

Will you kindly inform me whether to your knowledge any one has ever undertaken to write a history of the old 11th Army Corps. It occurs to me that after having read such a valuable contribution to history as is Walker's History of the Second Army Corps something similar should be prepared for the old 11th if nothing has already been done towards doing so. My interest centers in the fact that I am a son of a member of your old corps and of course am specially interested from that stand-point as well as the stand-point of a student of American History.

I will very much appreciate a reply at your convenience.

Dear Sir:-

The Annual Meeting of The National Temperance Society was held in these Rooms on Tuesday of this week, when your letter of declination as President was read. It was received with deep regret by all the members, and the following resolution was passed unanimously:

RESOLVED, That we have received the declination of General O. O. Howard with regret, and that we are only constrained to accept his decision because he has put it in such an imperative form.

Mr. Joshua L. Baily of Philadelphia was elected President. The Society felt that they could not part with your services altogether, and have retained your name as member of the Board of Managers for a term of three years. Due notices of all future Meetings will be sent you, and it is hoped that when you are in this vicinity and can be present, that you will aid the Board by your presence and counsel in our deliberations. We feel sure that you still retain a warm interest in the Society which is so sadly afflicted by the death of Mr. Stearns as Corresponding Secretary and Publishing Agent. No one was elected to fill his place. It will be very hard to find in any one man the qualifications he had. The loss to this Society and the Cause in general is irreparable.

My Dear Sir

It was a great disappointment to us to learn of your inability to preside at the Anniversary of the National Temperance Society, but this disappointment was small, compared with the shock occasioned by your positive declination to serve the Society as its President after the close of your term. From the tenor of your letter, which was read to the Board, we reluctantly concluded that we must accept this declination as final; but in order that you might feel that we were unwilling to lose your entire services, and desired your cooperation and counsels, your name is retained as one of the Managers; and it will give us great pleasure whenever practicable to have you present at meetings of the Board.

The action of the Board will be sent to you by the Asst. Corresponding Secretary, meanwhile believe me my Dear Sir
